YEAR IN REVIEW

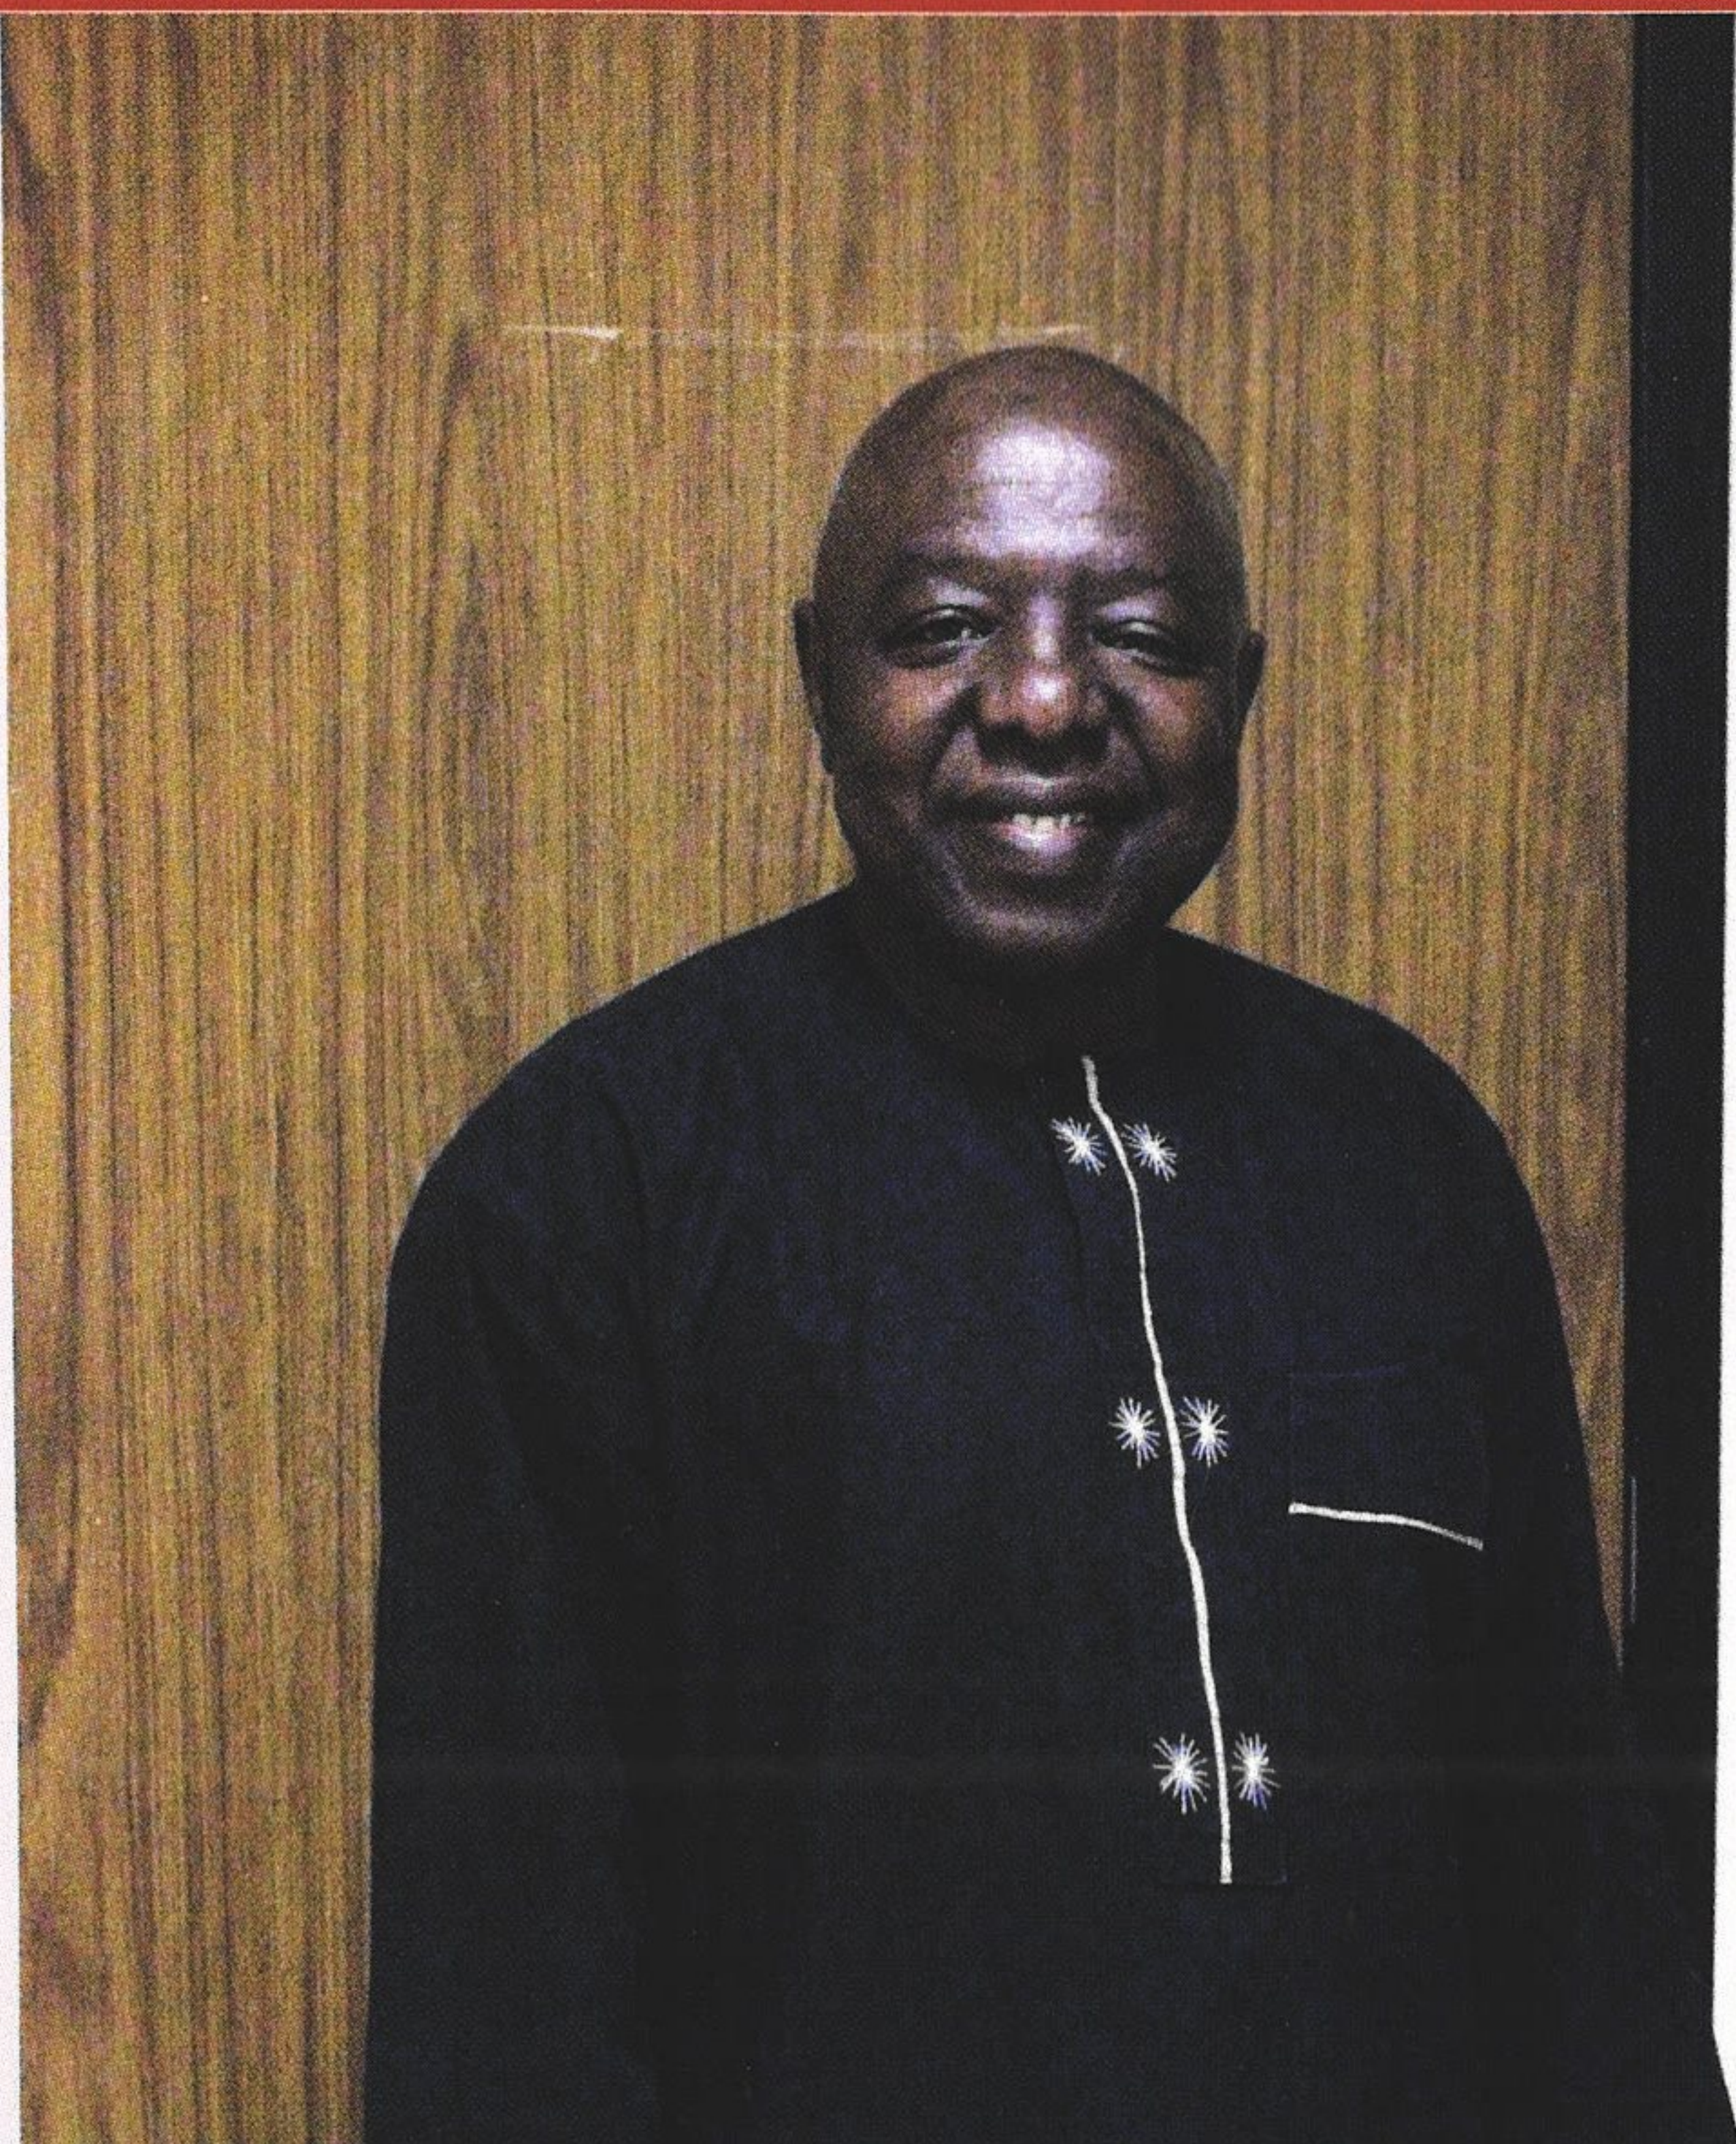

Administration

Monday Gala PhD Principal

I write this message with the greatest joy. My second year at our awesome school is going extremely well. Students are attending their classes and doing their best to achieve and build on our enormous successes of last year. Last year we saw significant improvement in our credit accumulation and double digit improvement in our pass rate on both the Ontario Secondary School Literacy Test (OSSLT) and the grade assessment of academic mathematics. We have put all efforts in place to ensure that we continue this excellent trend this school year. Overall, I can say with confidence that our school environment continues to be conducive to learning and there is a general aura of positivity in our school. We thank our staff and students for making this happen. Students' lives continue to be enriched by many extra- and co-curricular activities.

We thank our parents who have been very supportive of our collective efforts to nurture the academic, physical and socio-emotional growth of students. We will continue to count on your fantastic support in future as we continue to improve the achievement and wellbeing of our students.

Let me conclude by acknowledging the team of staff and students who work tirelessly to make the yearbook the enormous success that it is.

*Jeffrey Caton
Vice-Principal*

There is no other place I would wish to work, than at Westview. You, the students, make this school an exciting place of learning. Every year as our graduating students leave us and begin a new journey they make their mark on our community that echoes in our halls for years to come. As our incoming grade 9's start the school year, they create a growing dynamic that renews the school spirit. Each year I watch young minds flourish and feel comforted that our students are making a difference in the lives they touch. Congratulations to all Westview students and staff for a successful year of learning and fun. I look forward to the 2019-2020 school year and I wish everyone a happy summer break.

Nandanee Sawh
Vice - Principal

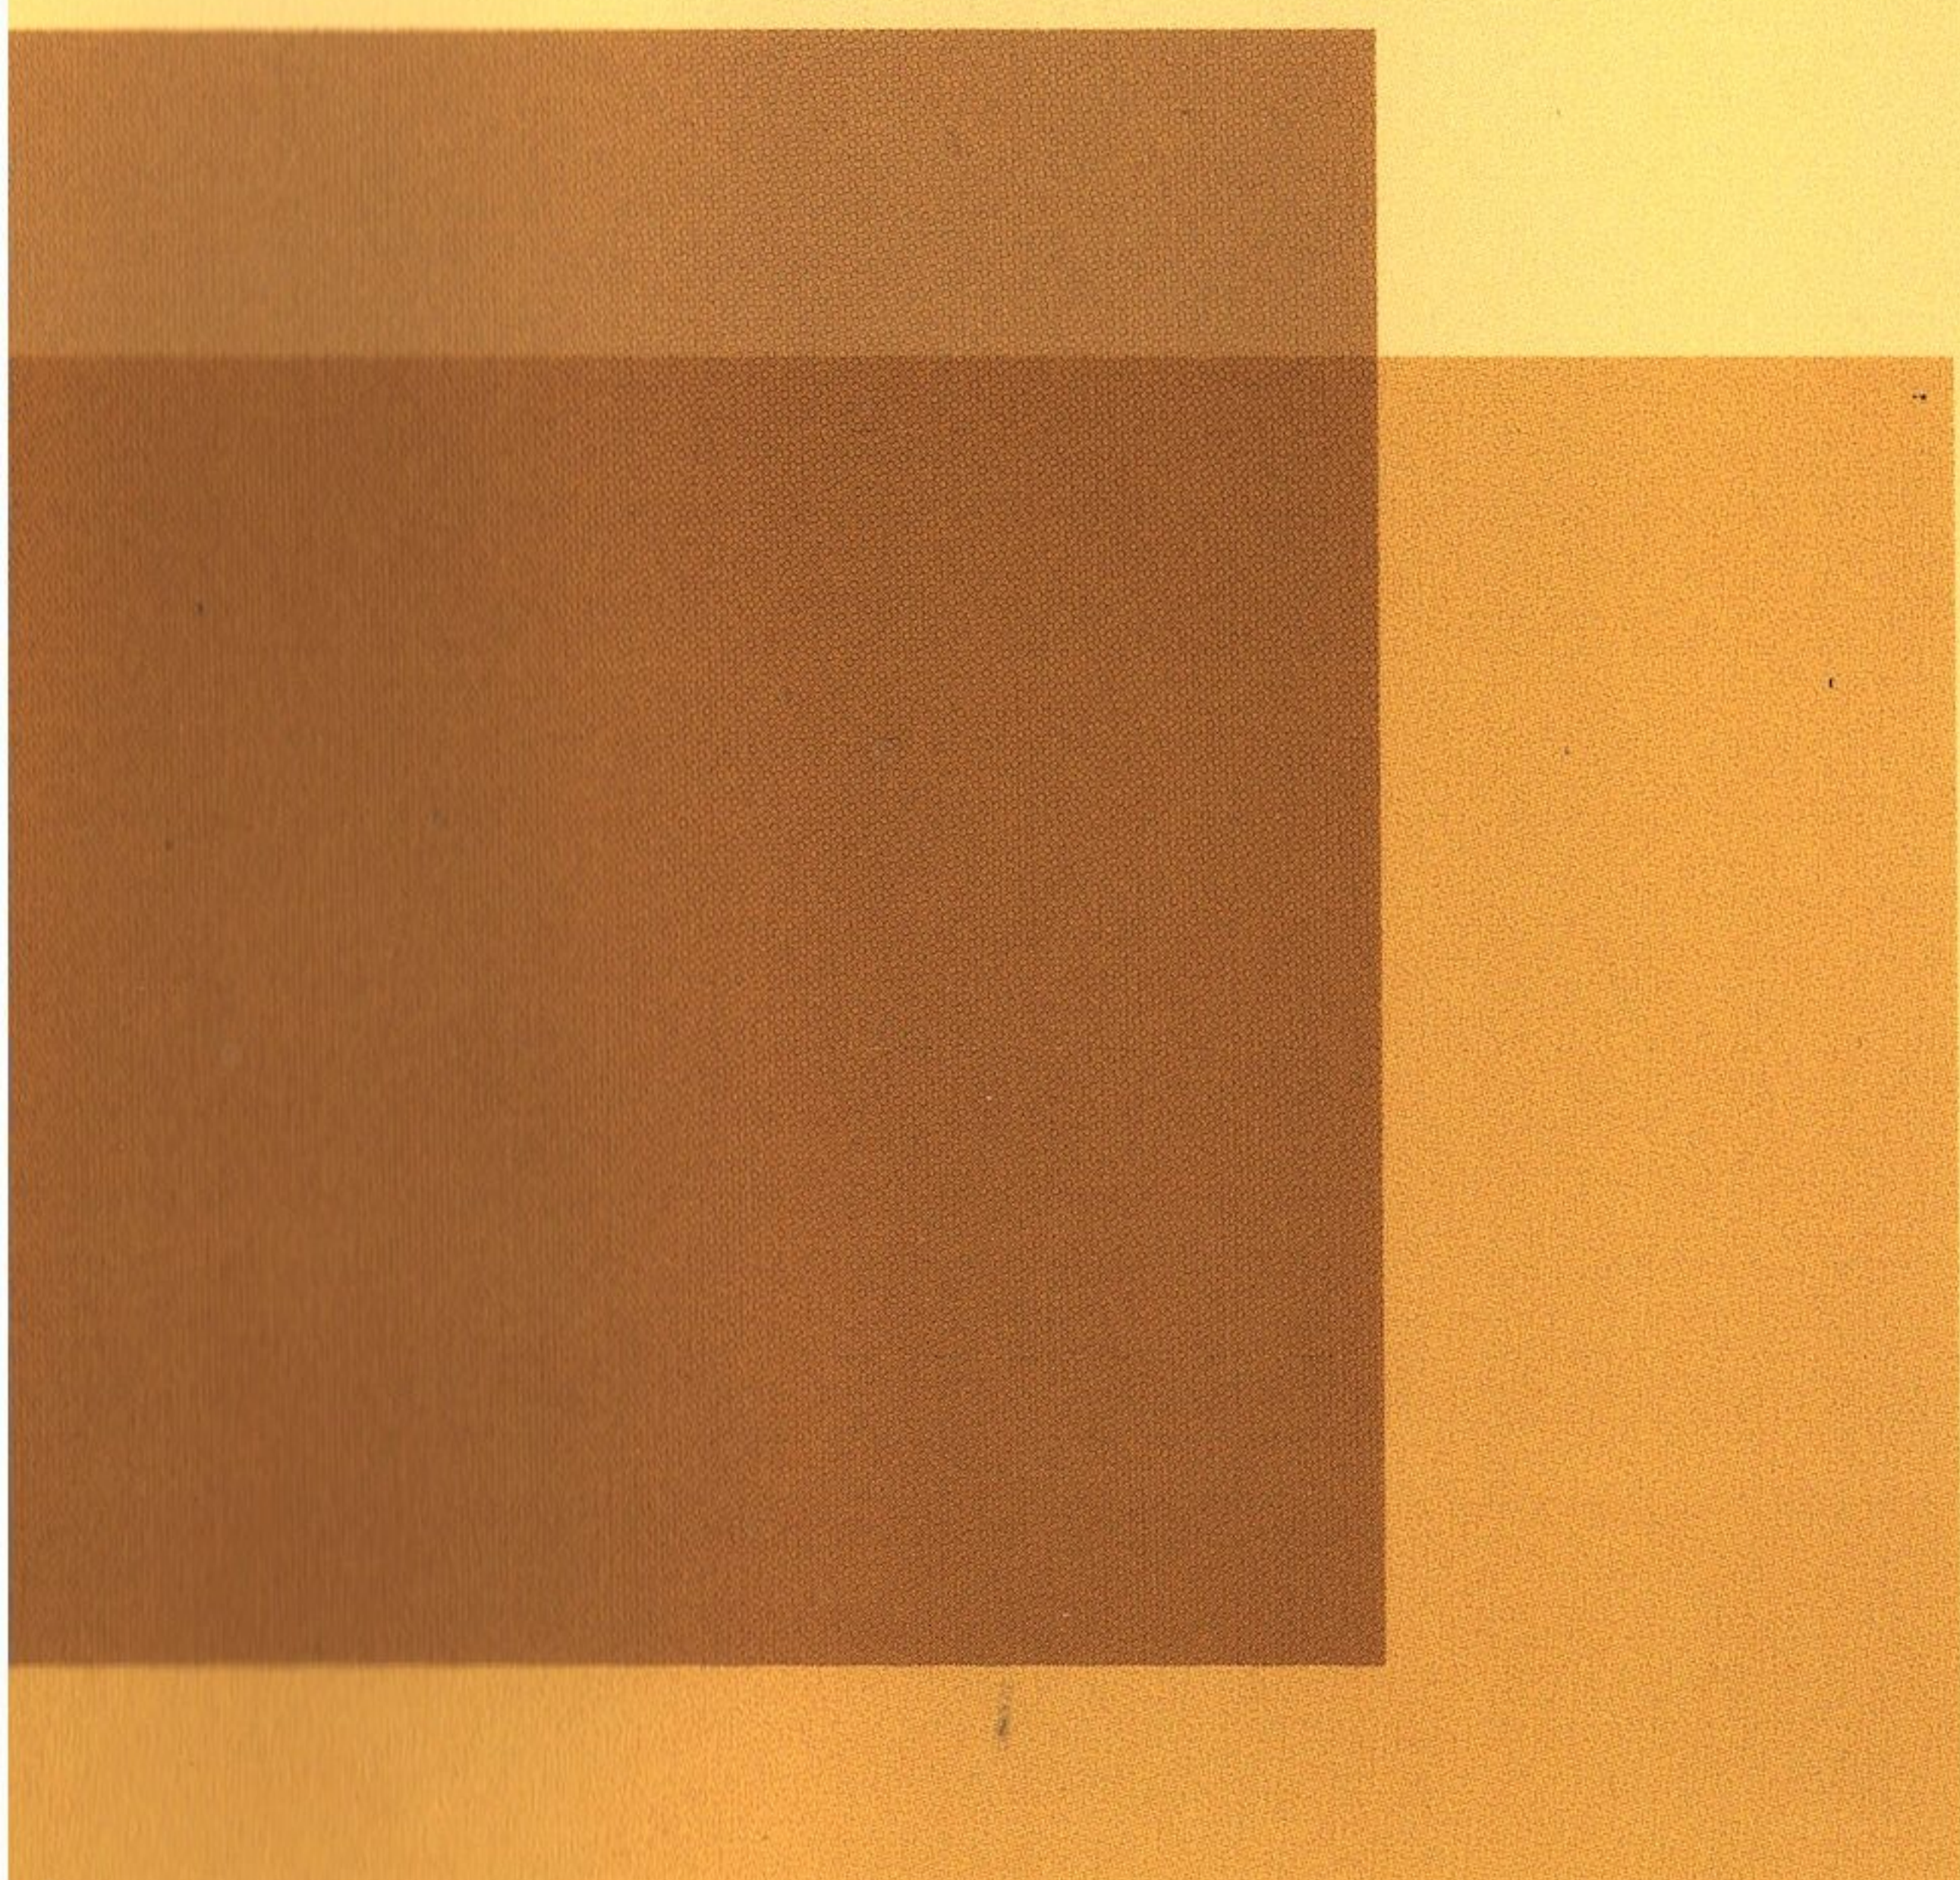

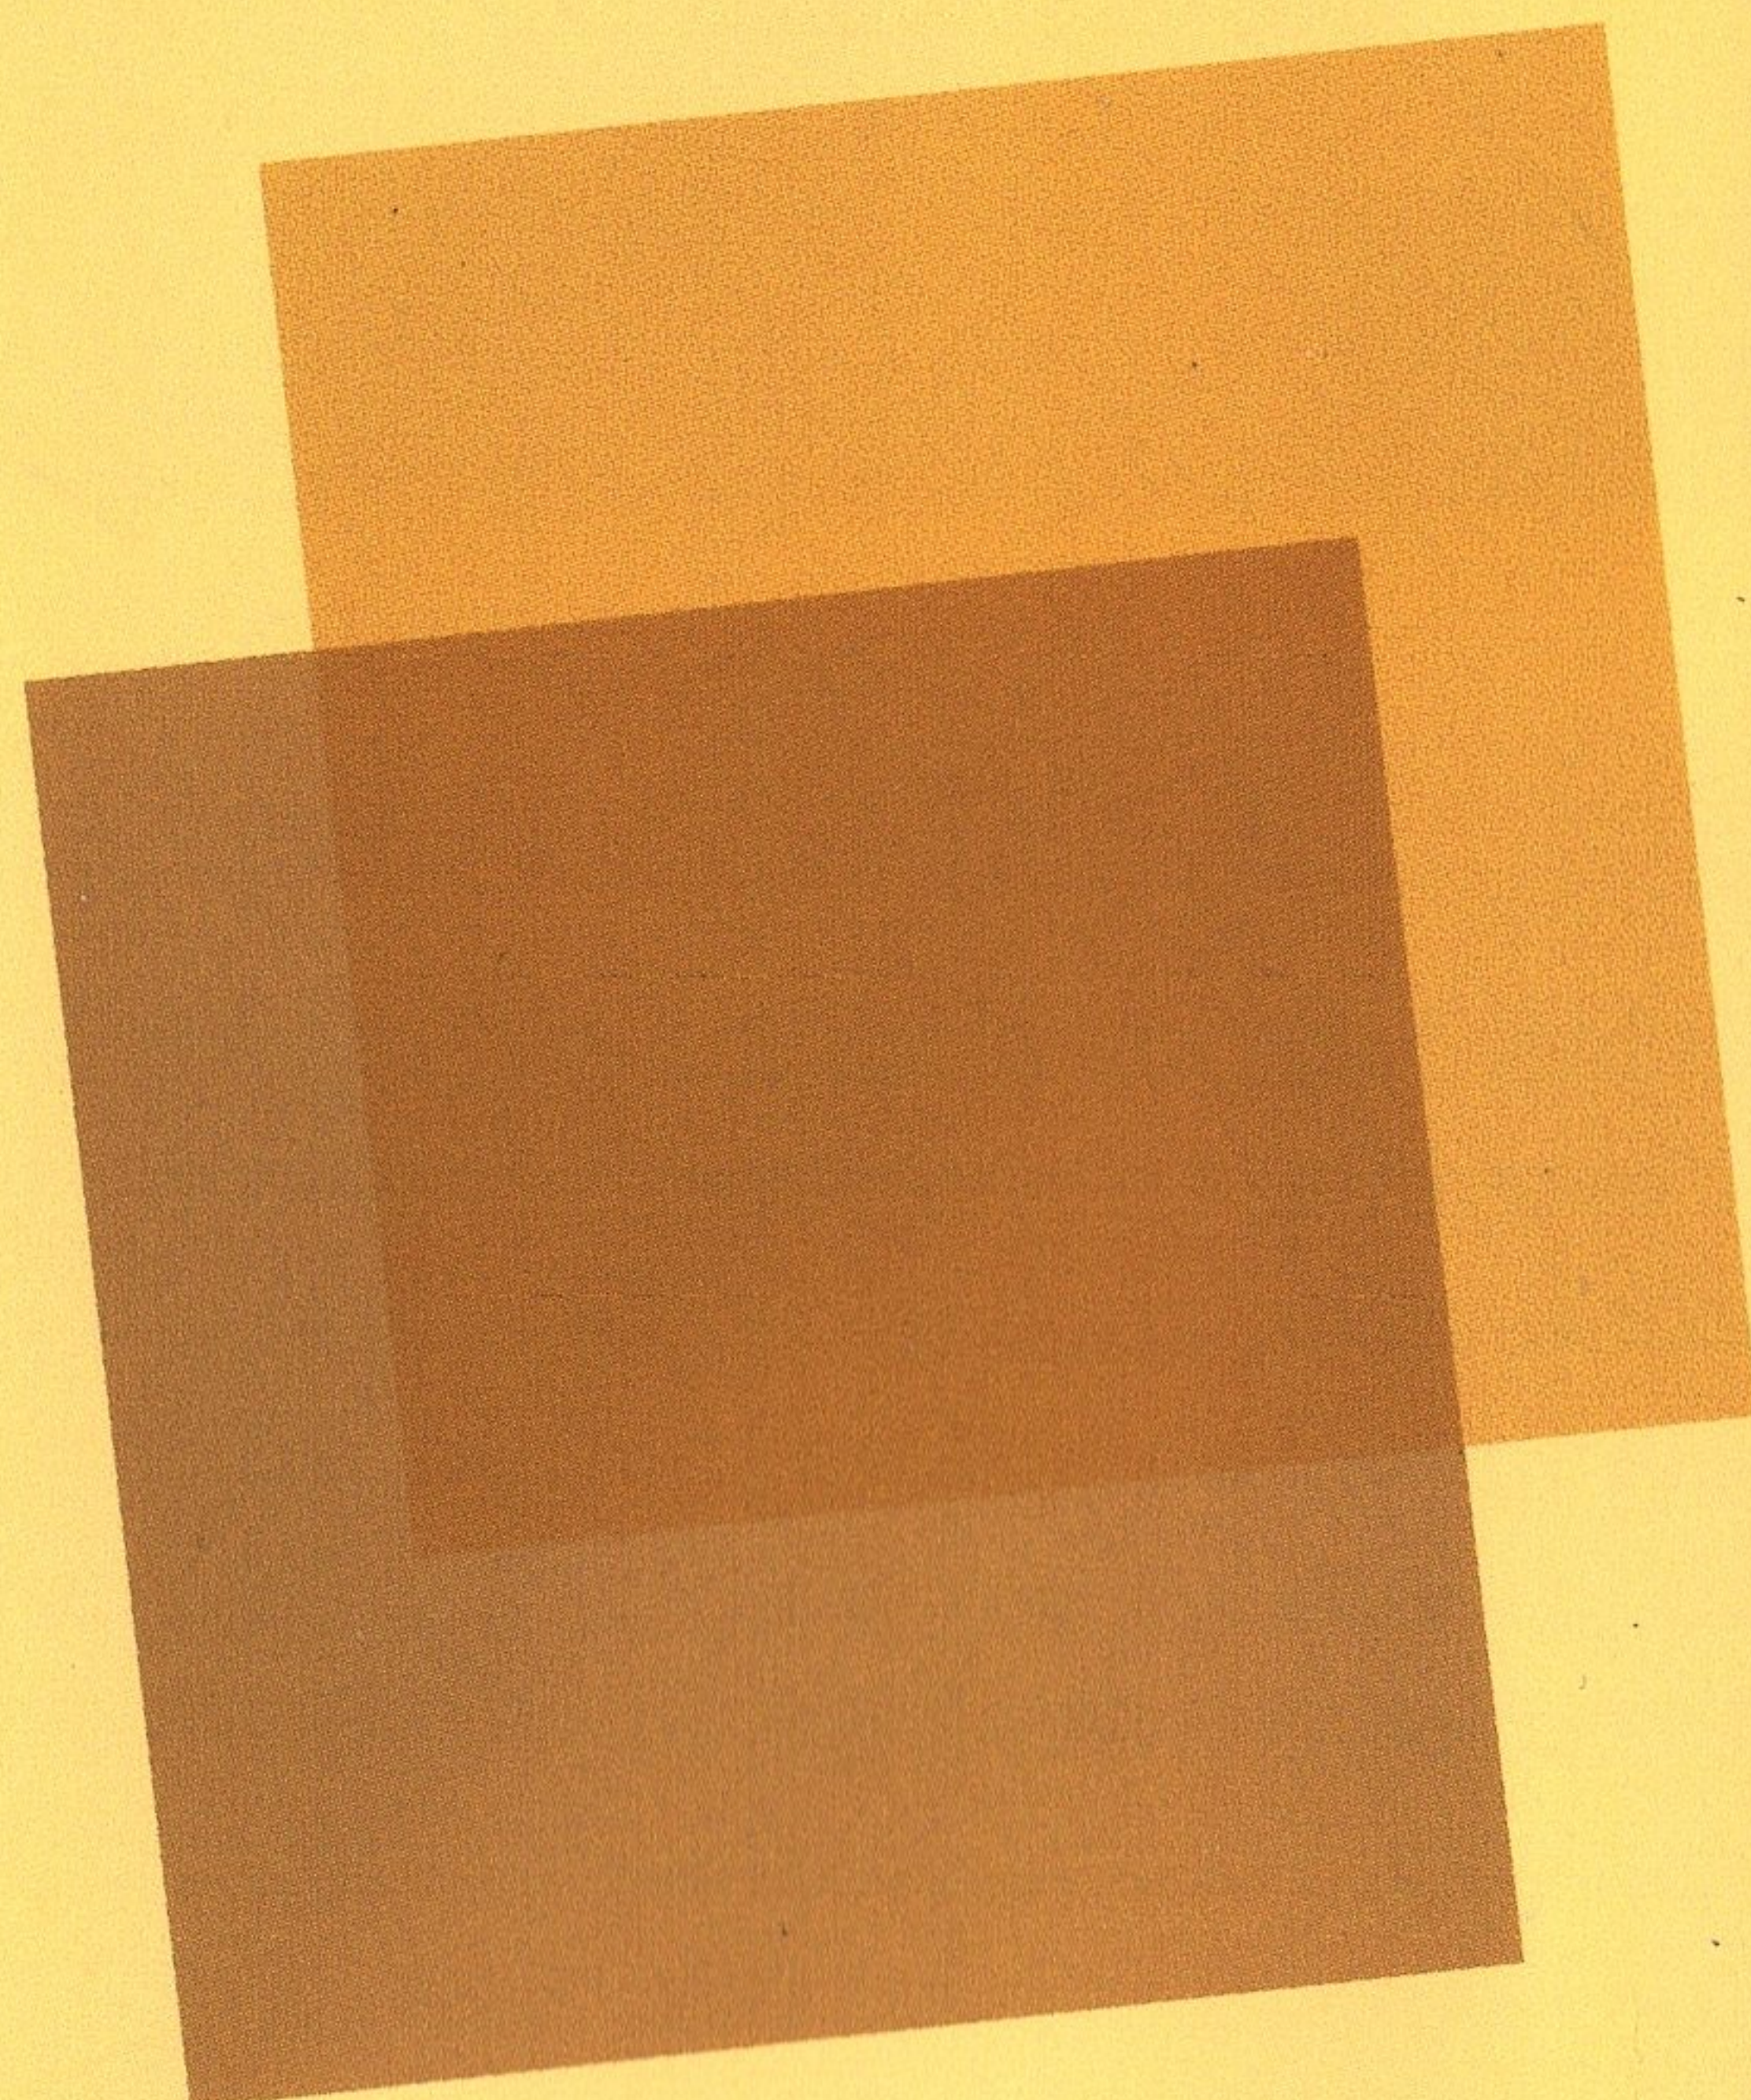

It has been my pleasure to serve the Westview Centennial's Secondary School community. I continue to co-learn with students, staff and families. This school year was filled with a number of assemblies, excursions, workshops and learning experiences. Students were able to experience learning from various perspectives, including theoretical and hands-on. Learning is best when students are able to transfer their learning from one context to another. Transferable skills including creativity, innovation, communication and collaboration are critical to promote life-long learners.

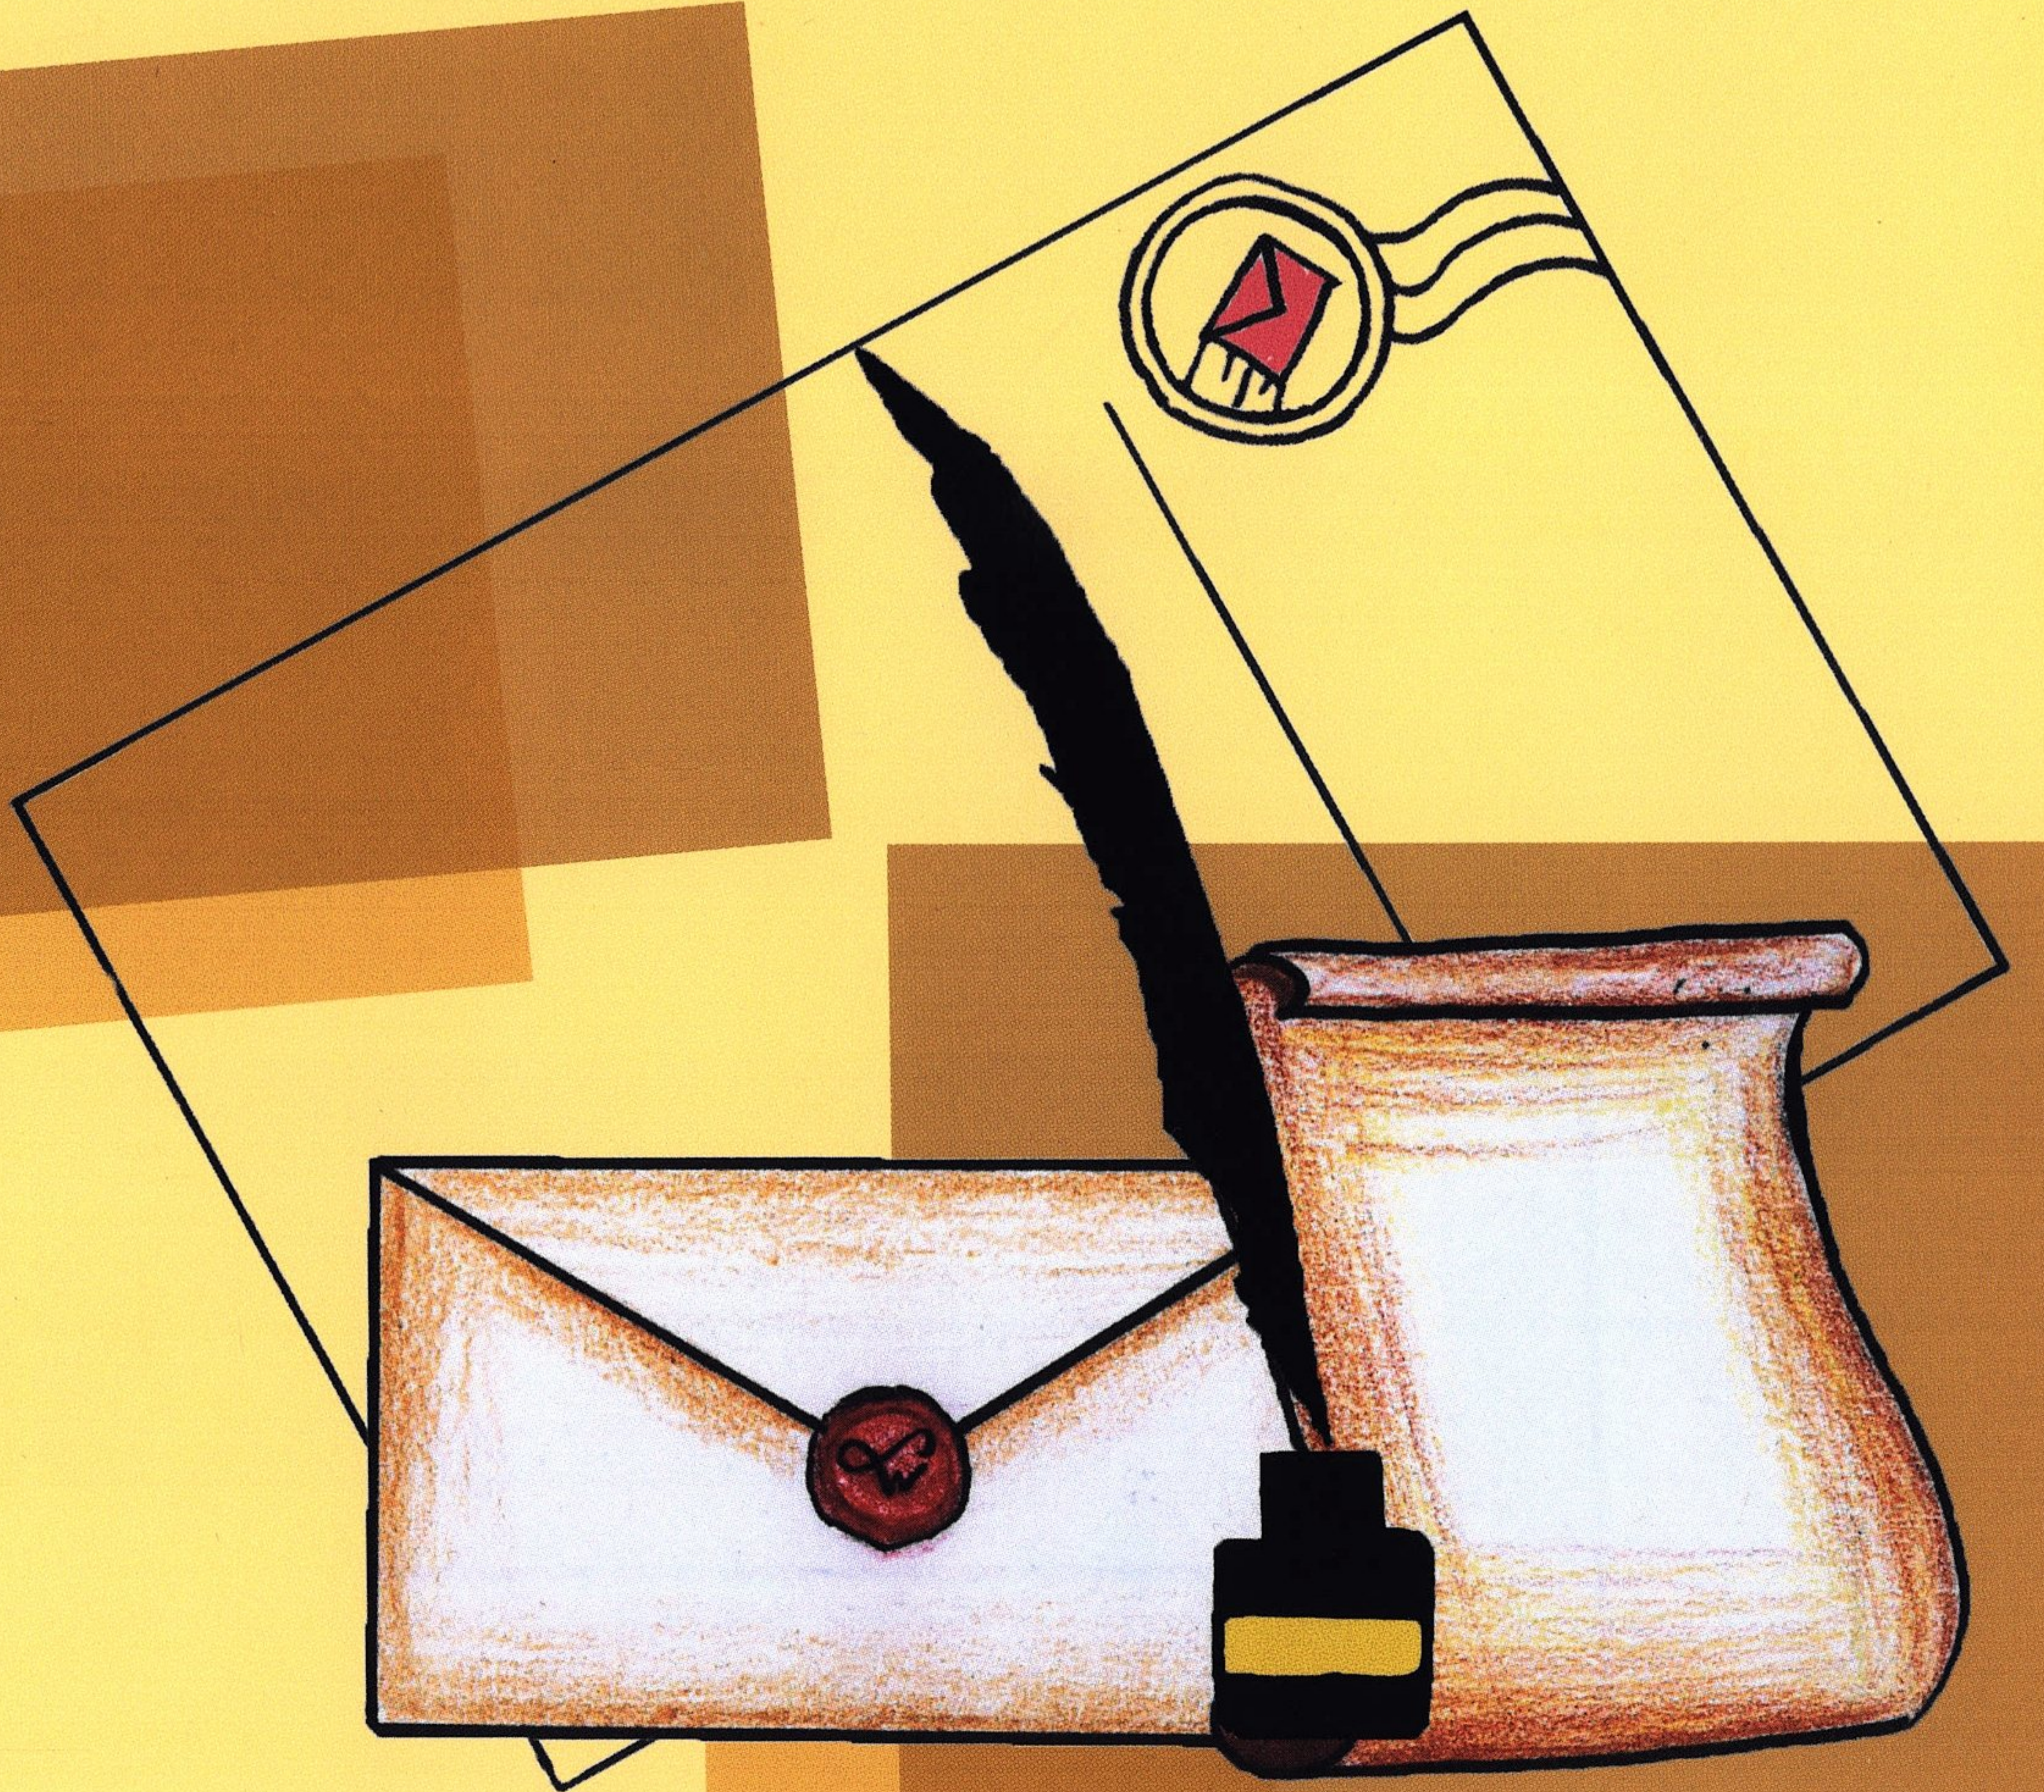

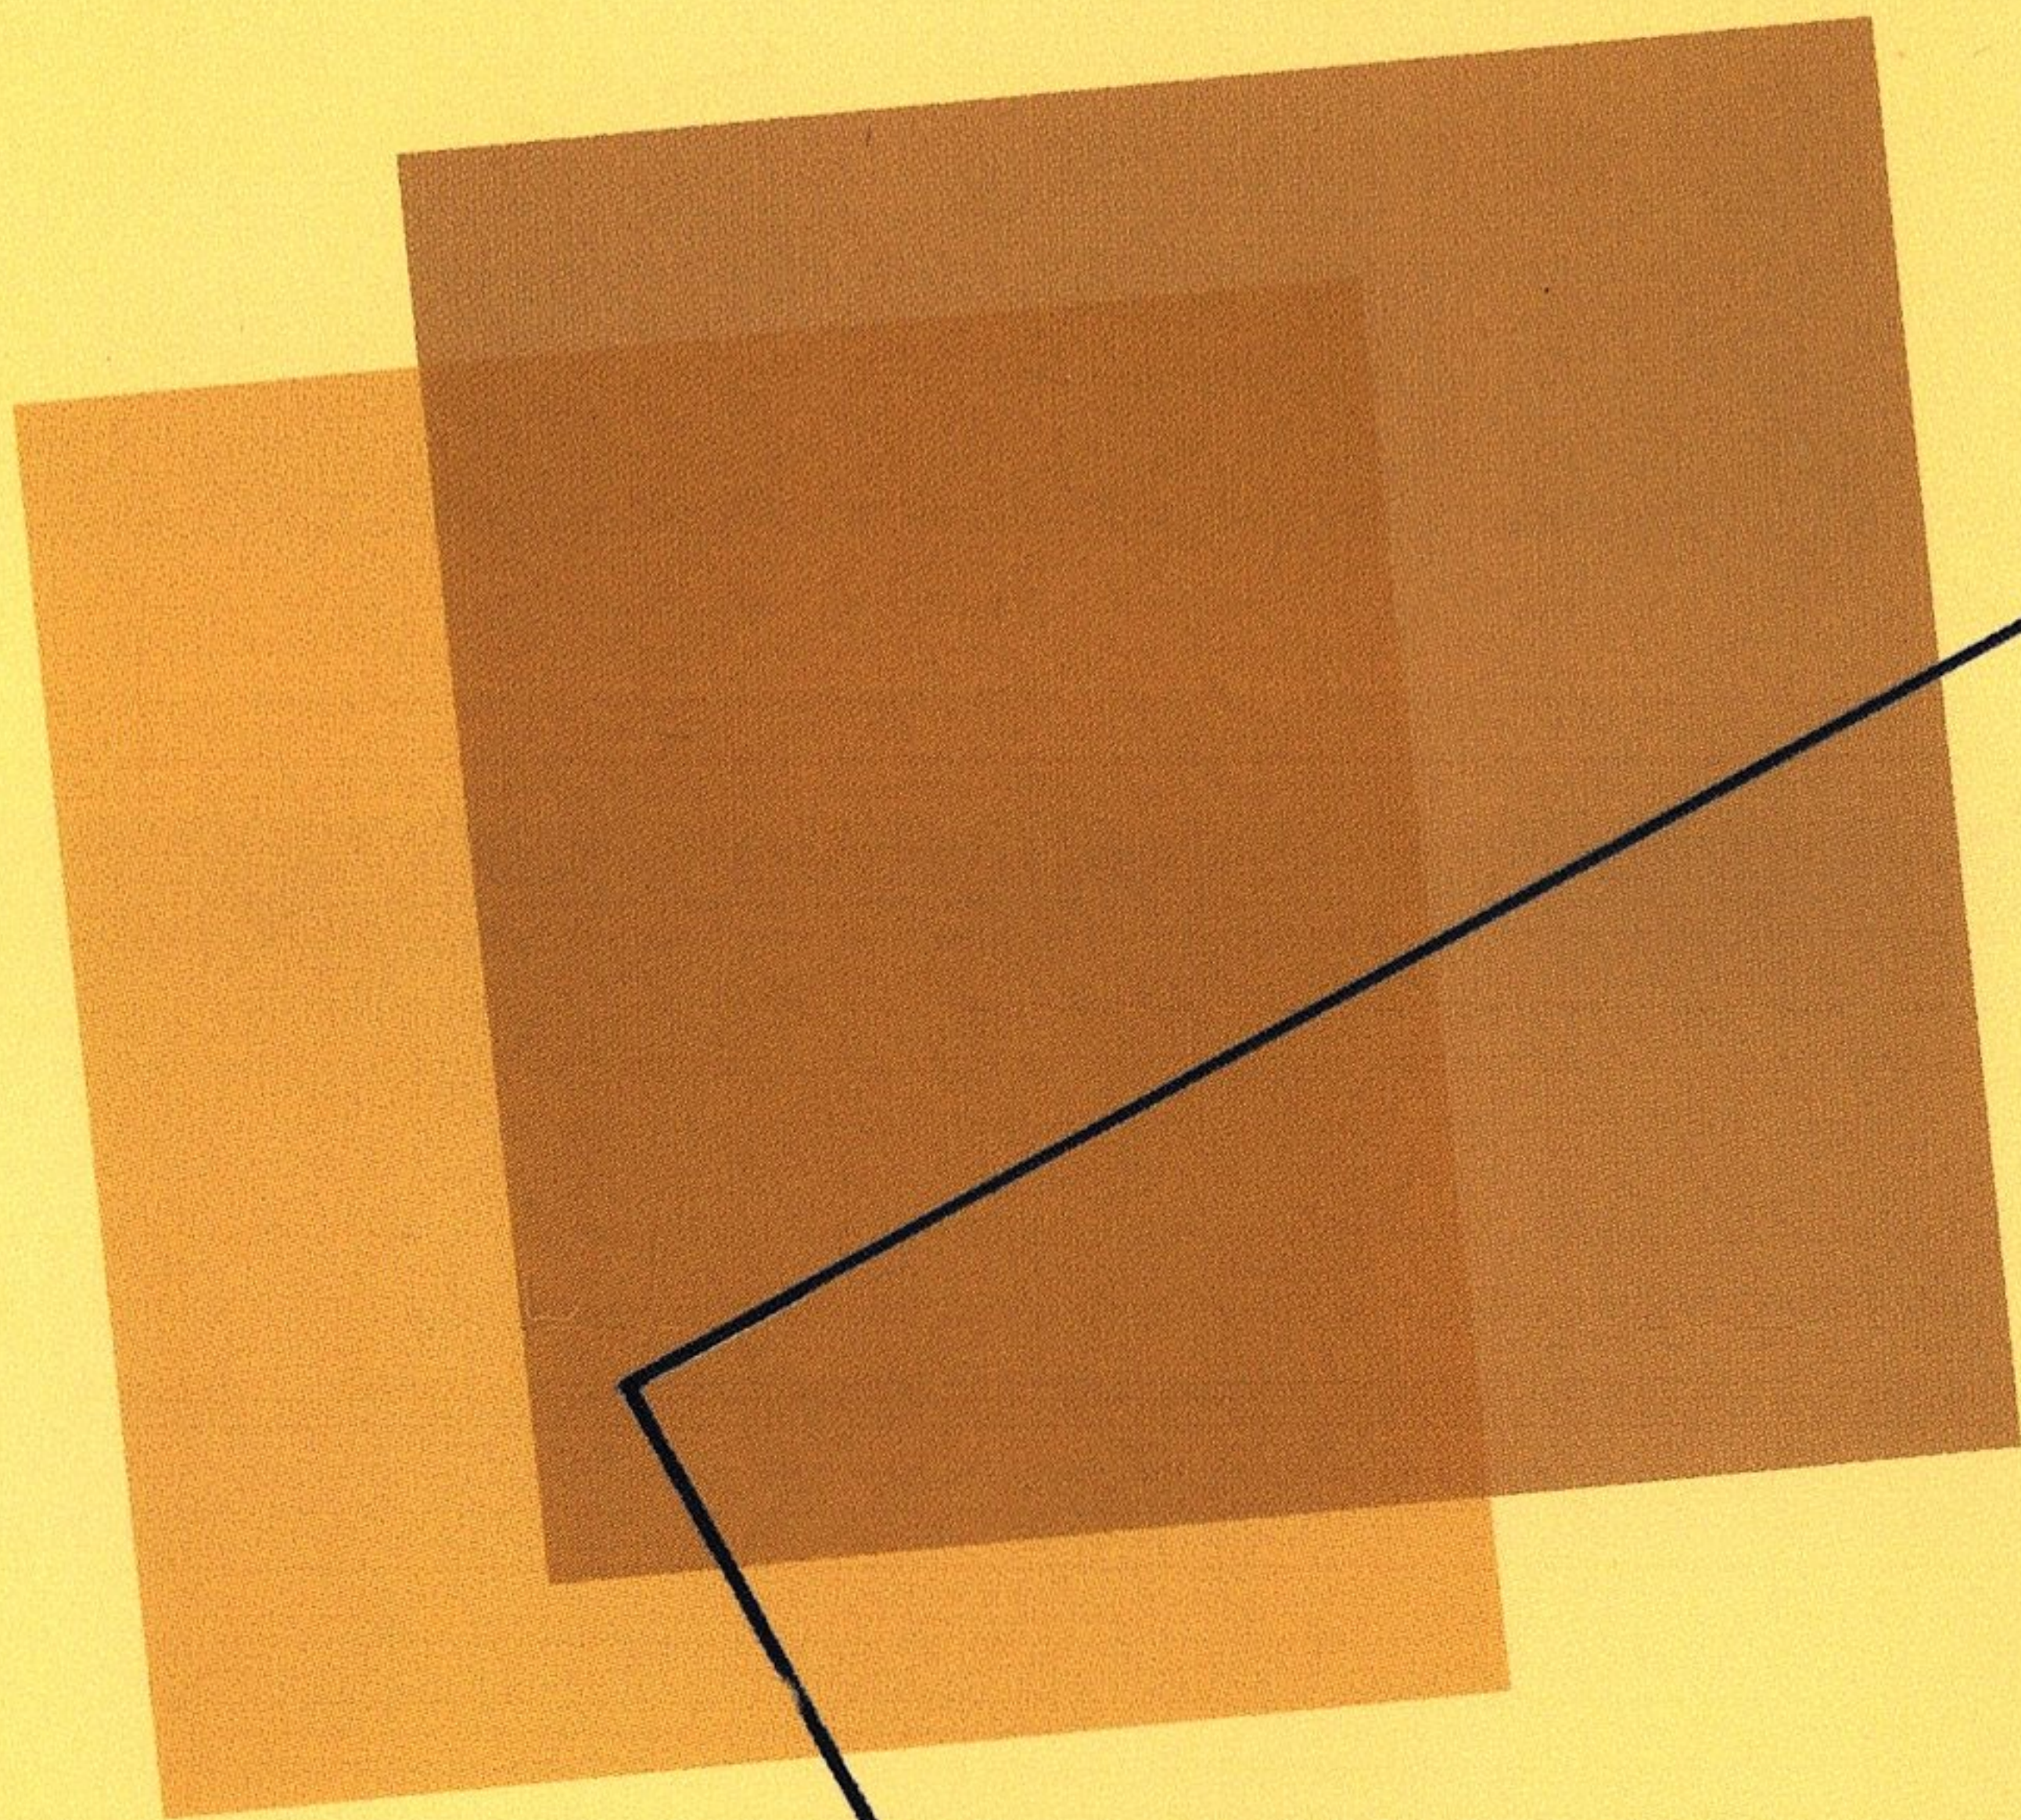

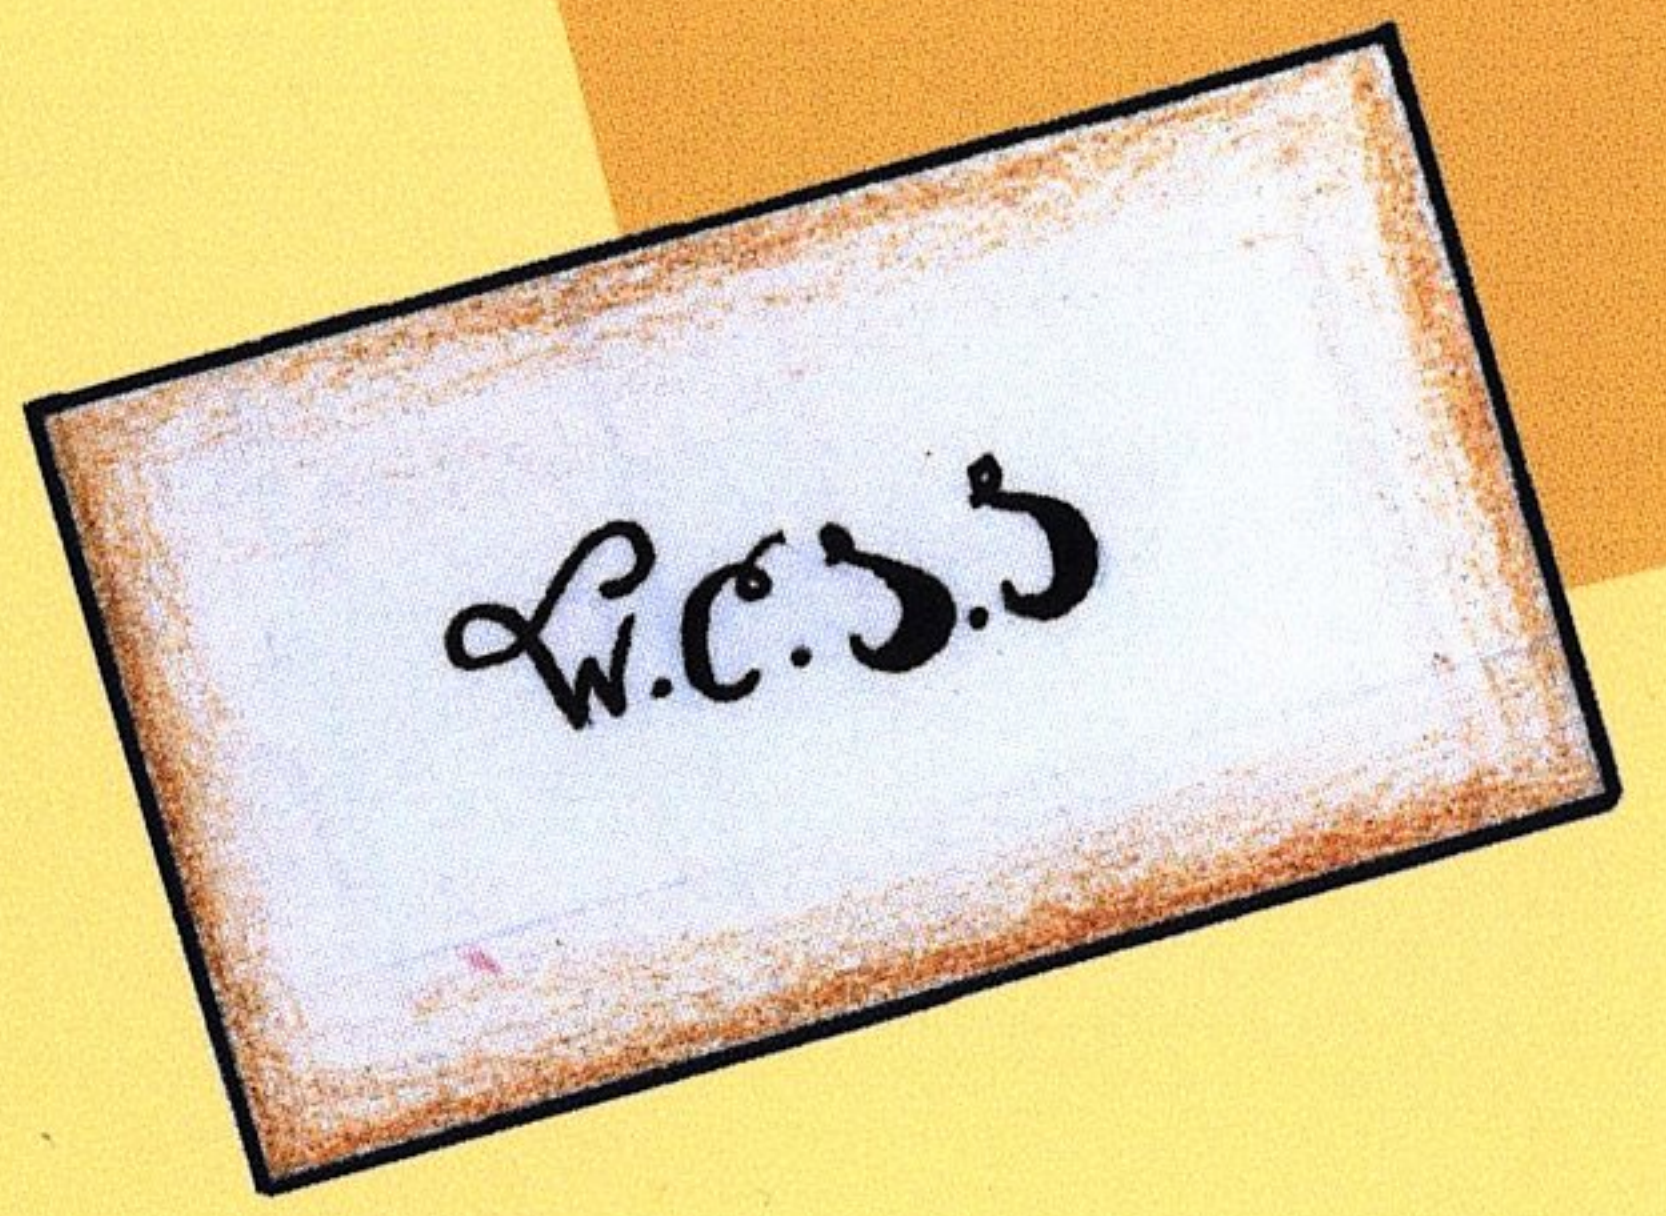

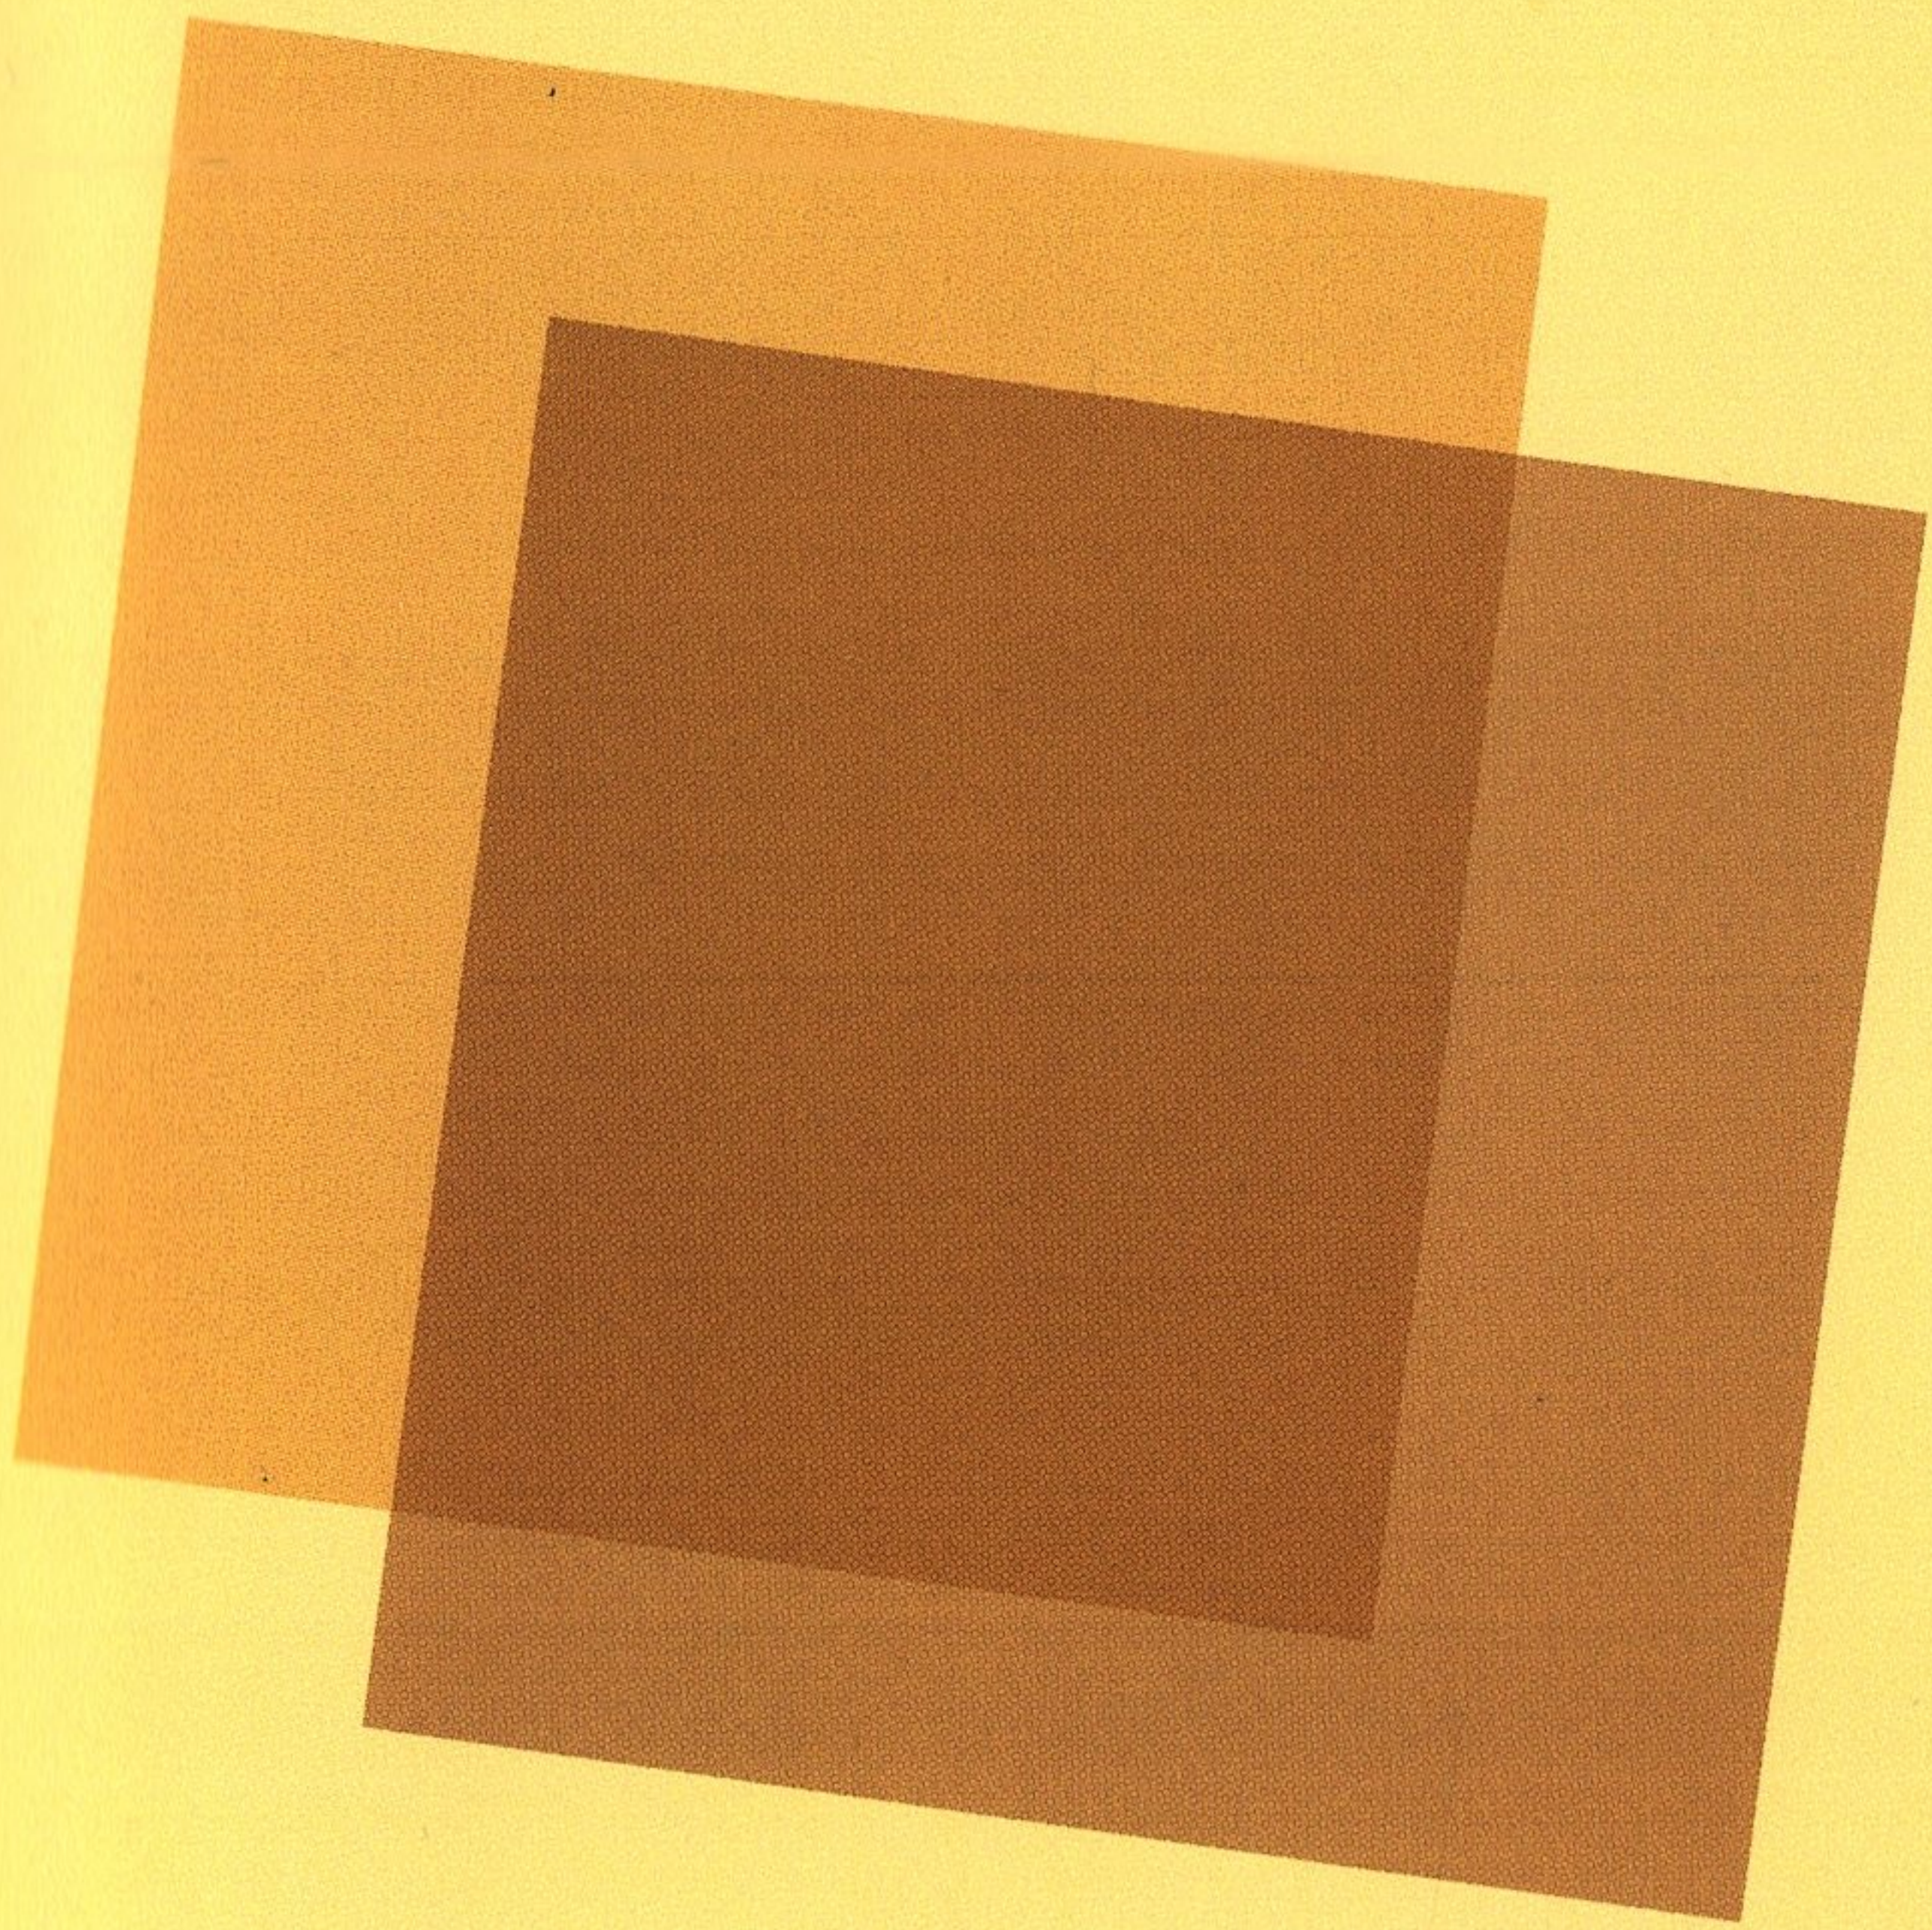

Karen Lorinczi
Vice-Principal

My first year at Westview Centennial has been an incredible journey and I am grateful for all of the students and staff that have welcomed me. I am truly thankful to work and learn alongside so many incredible people at Westview. To the students your unfaltering energy has inspired me! To the staff thank you for your continued commitment and dedication to our students both inside and outside of the classroom! Our Westview community is a truly unique and wonderful place and ALL of you make that possible!

Congratulations to the graduating class of 2018-2019 YOU DID IT!! Be proud of your accomplishments and keep reaching for the stars! I wish everyone a safe and restful summer you have all earned it! I look forward to seeing you all September!

TERRY FOX RUN

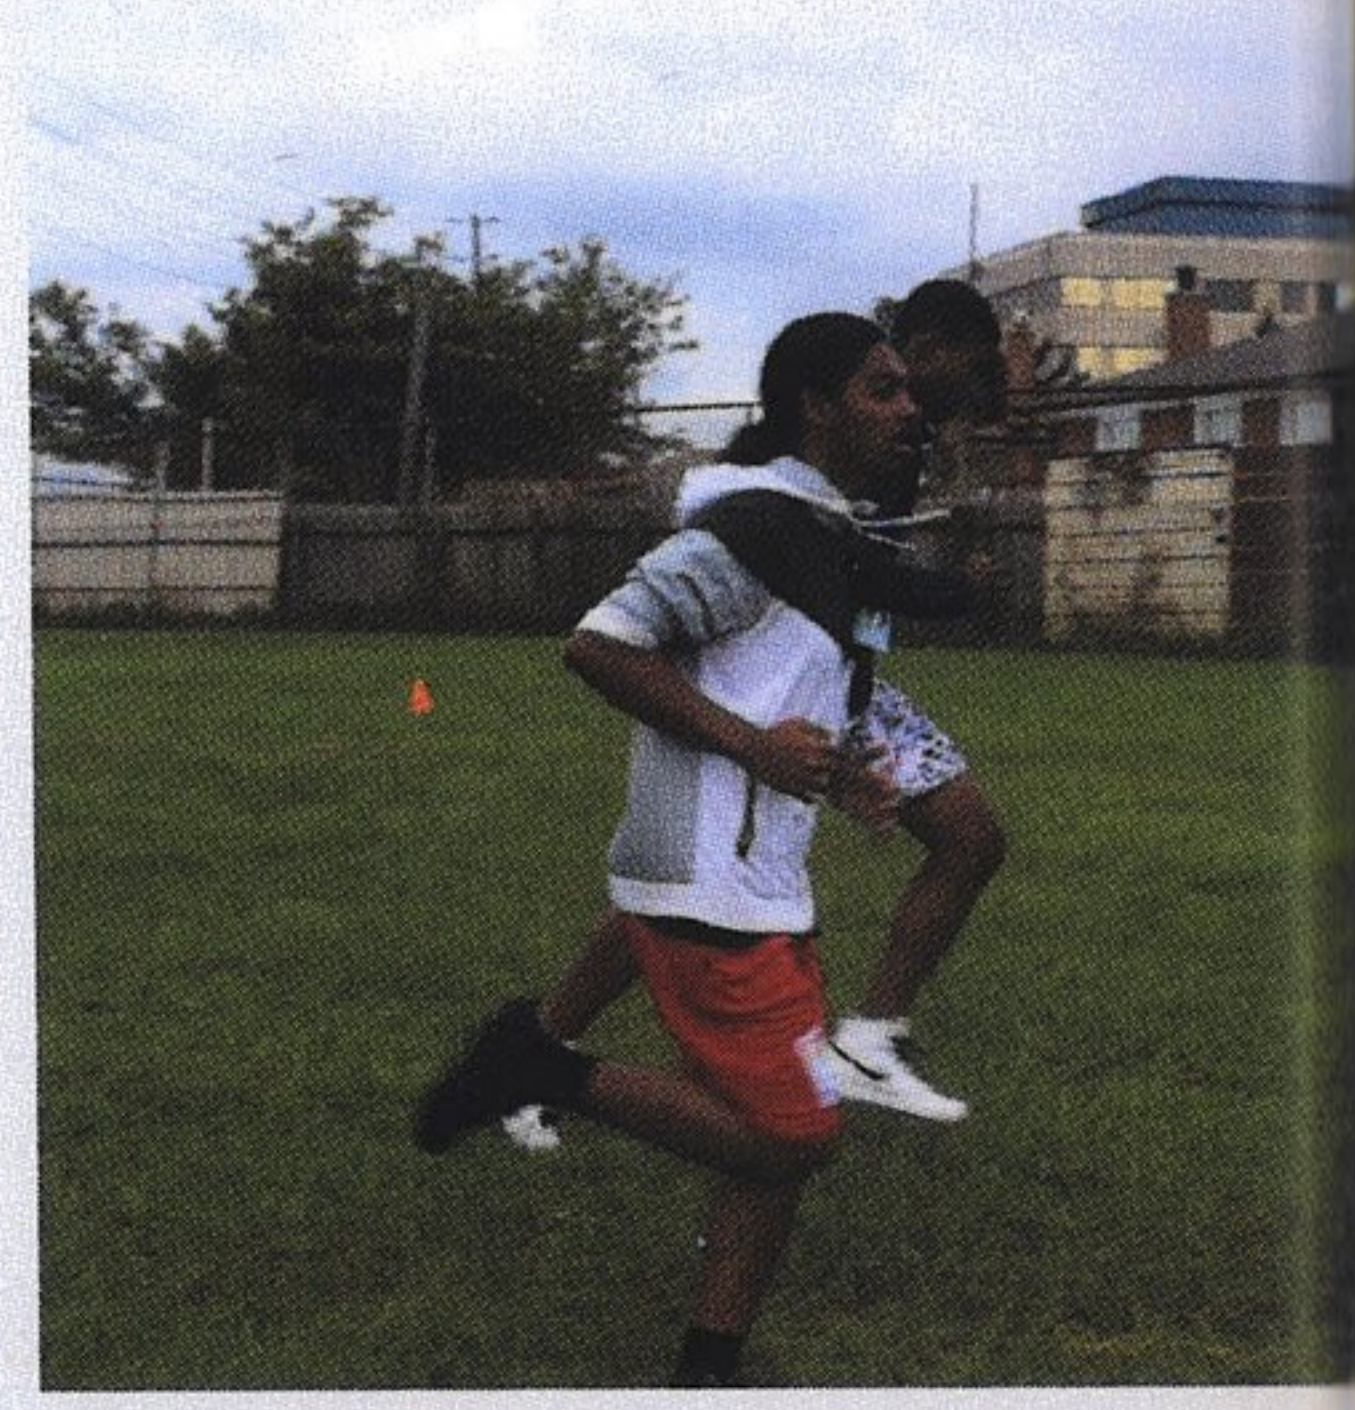

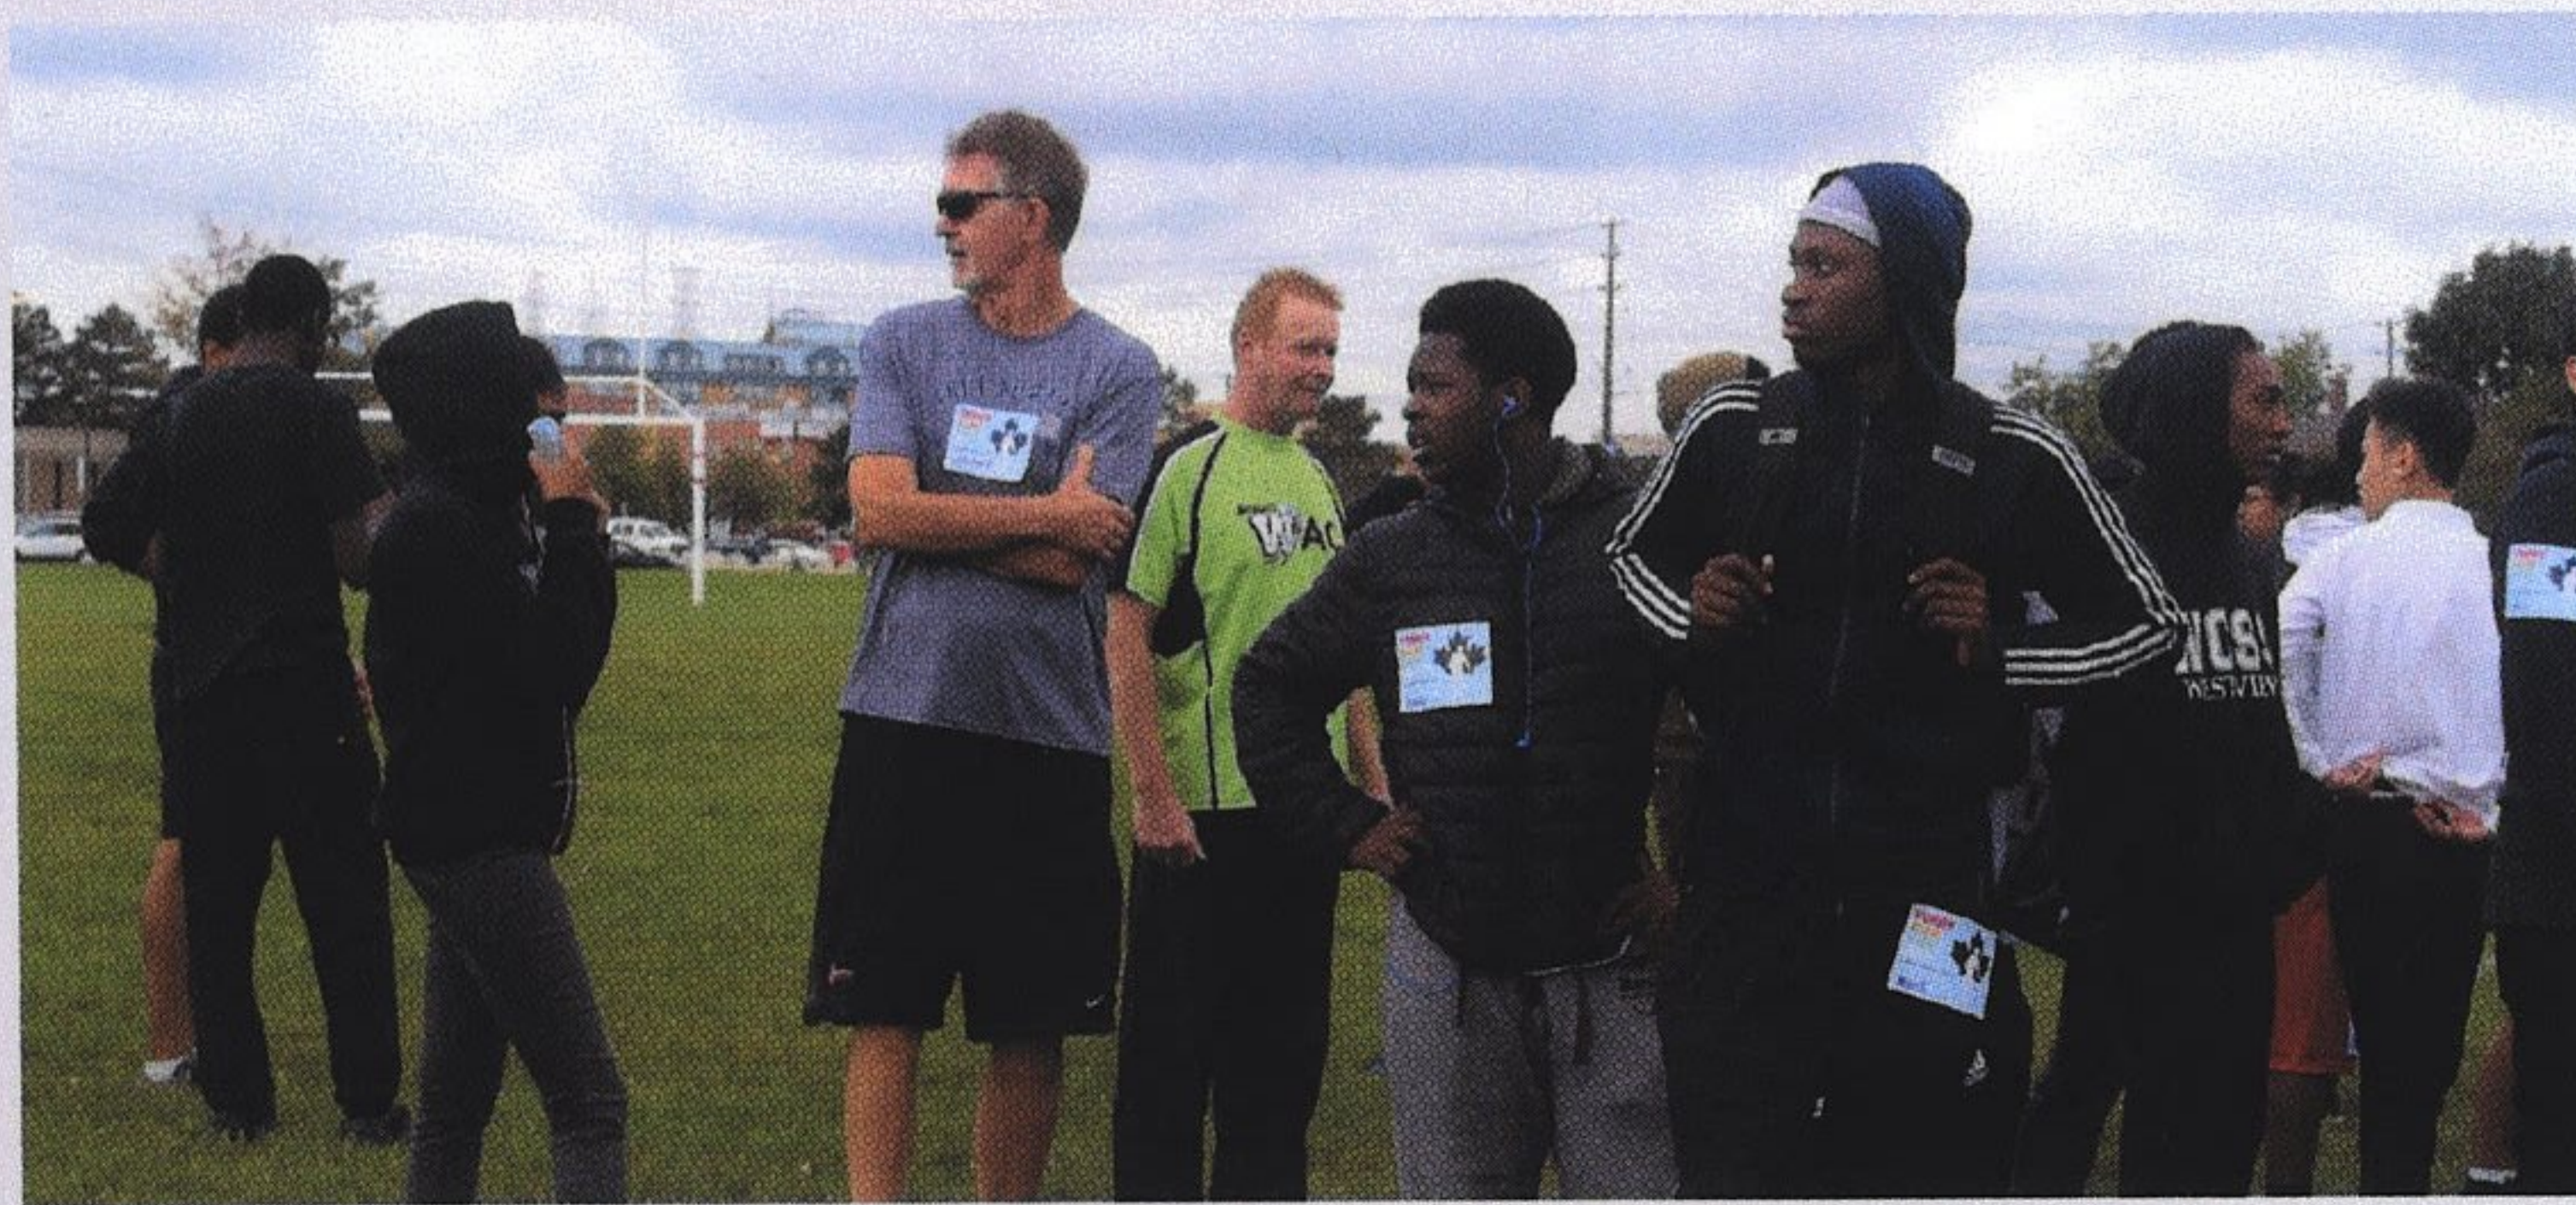

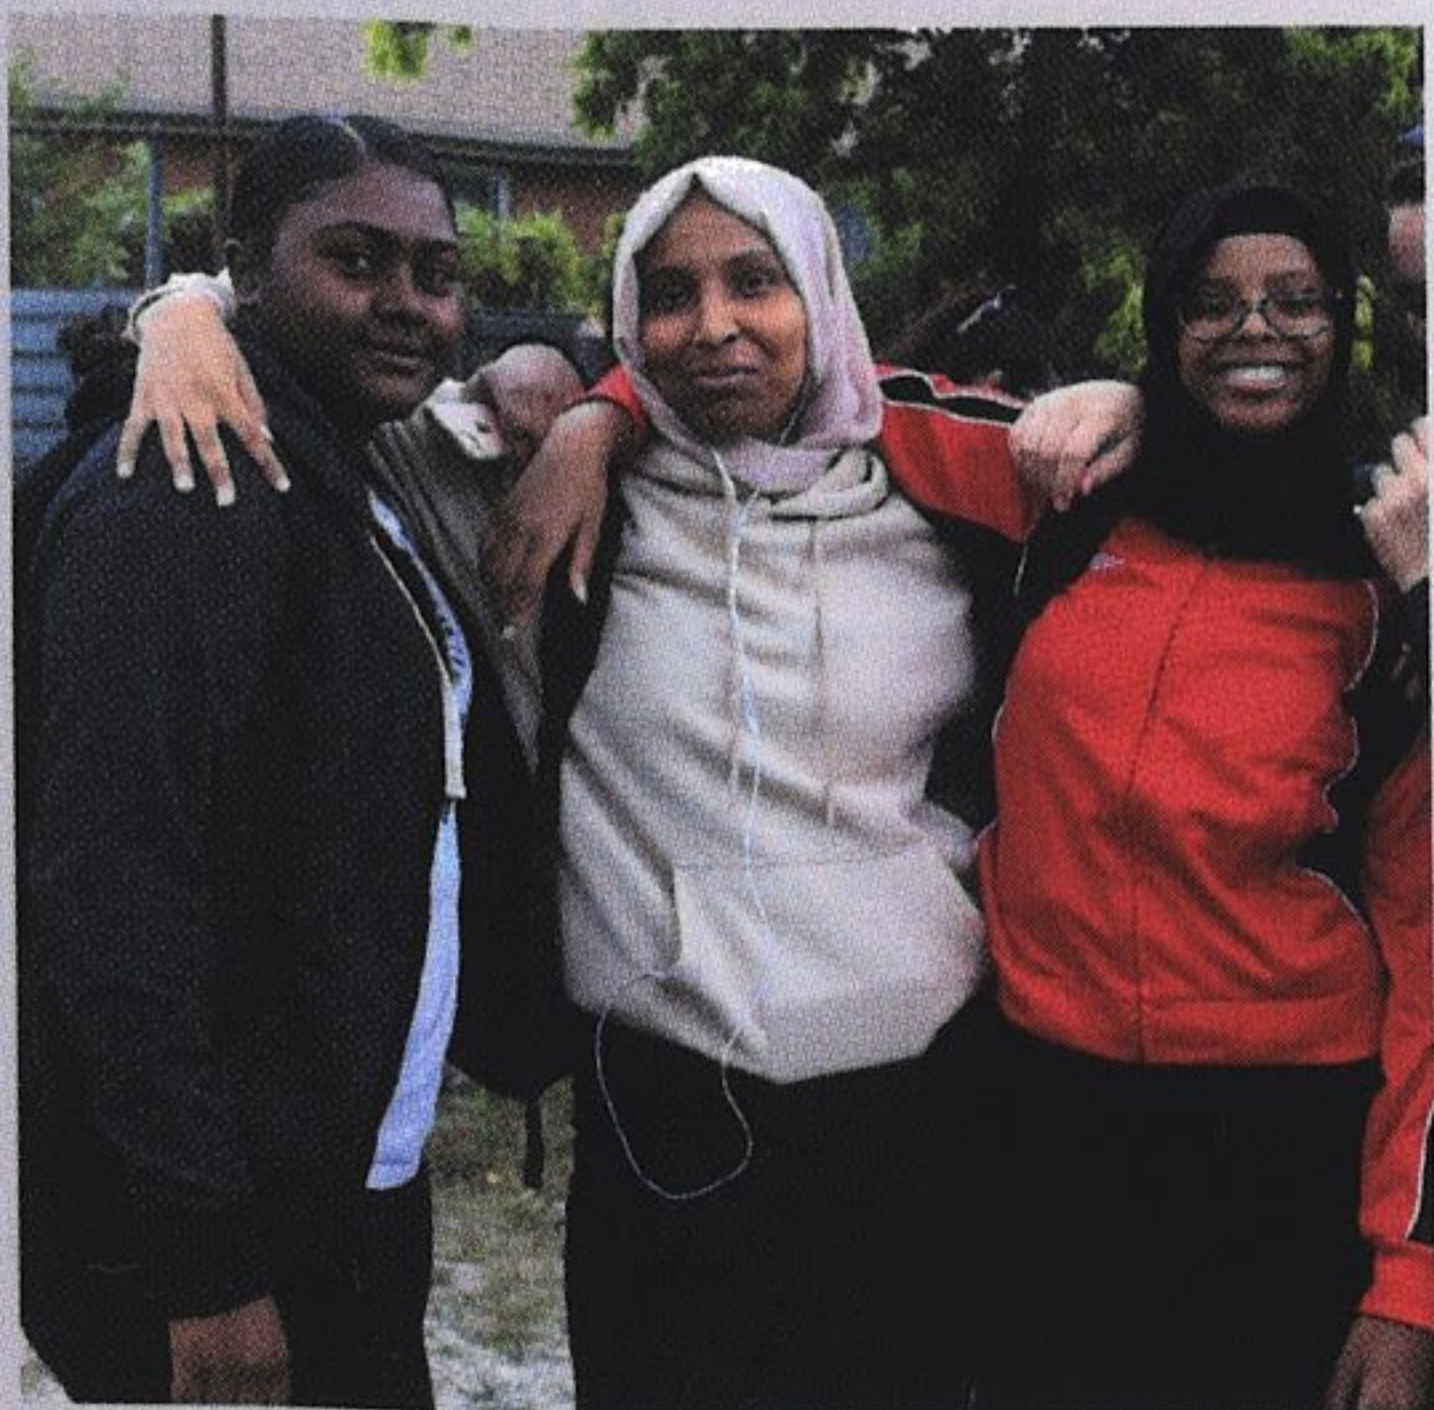

"Be Like Terry!" ★ ★ ★ ★ ★

The grade 12 Leadership Class held a Terry Fox event on September 20th. Students and teachers gathered in the cafeteria to learn how it all started. Then both students and teachers donated \$2 to participate in the run which was held during second period. After finishing the designated track run around the school, students were treated to frozen treats.

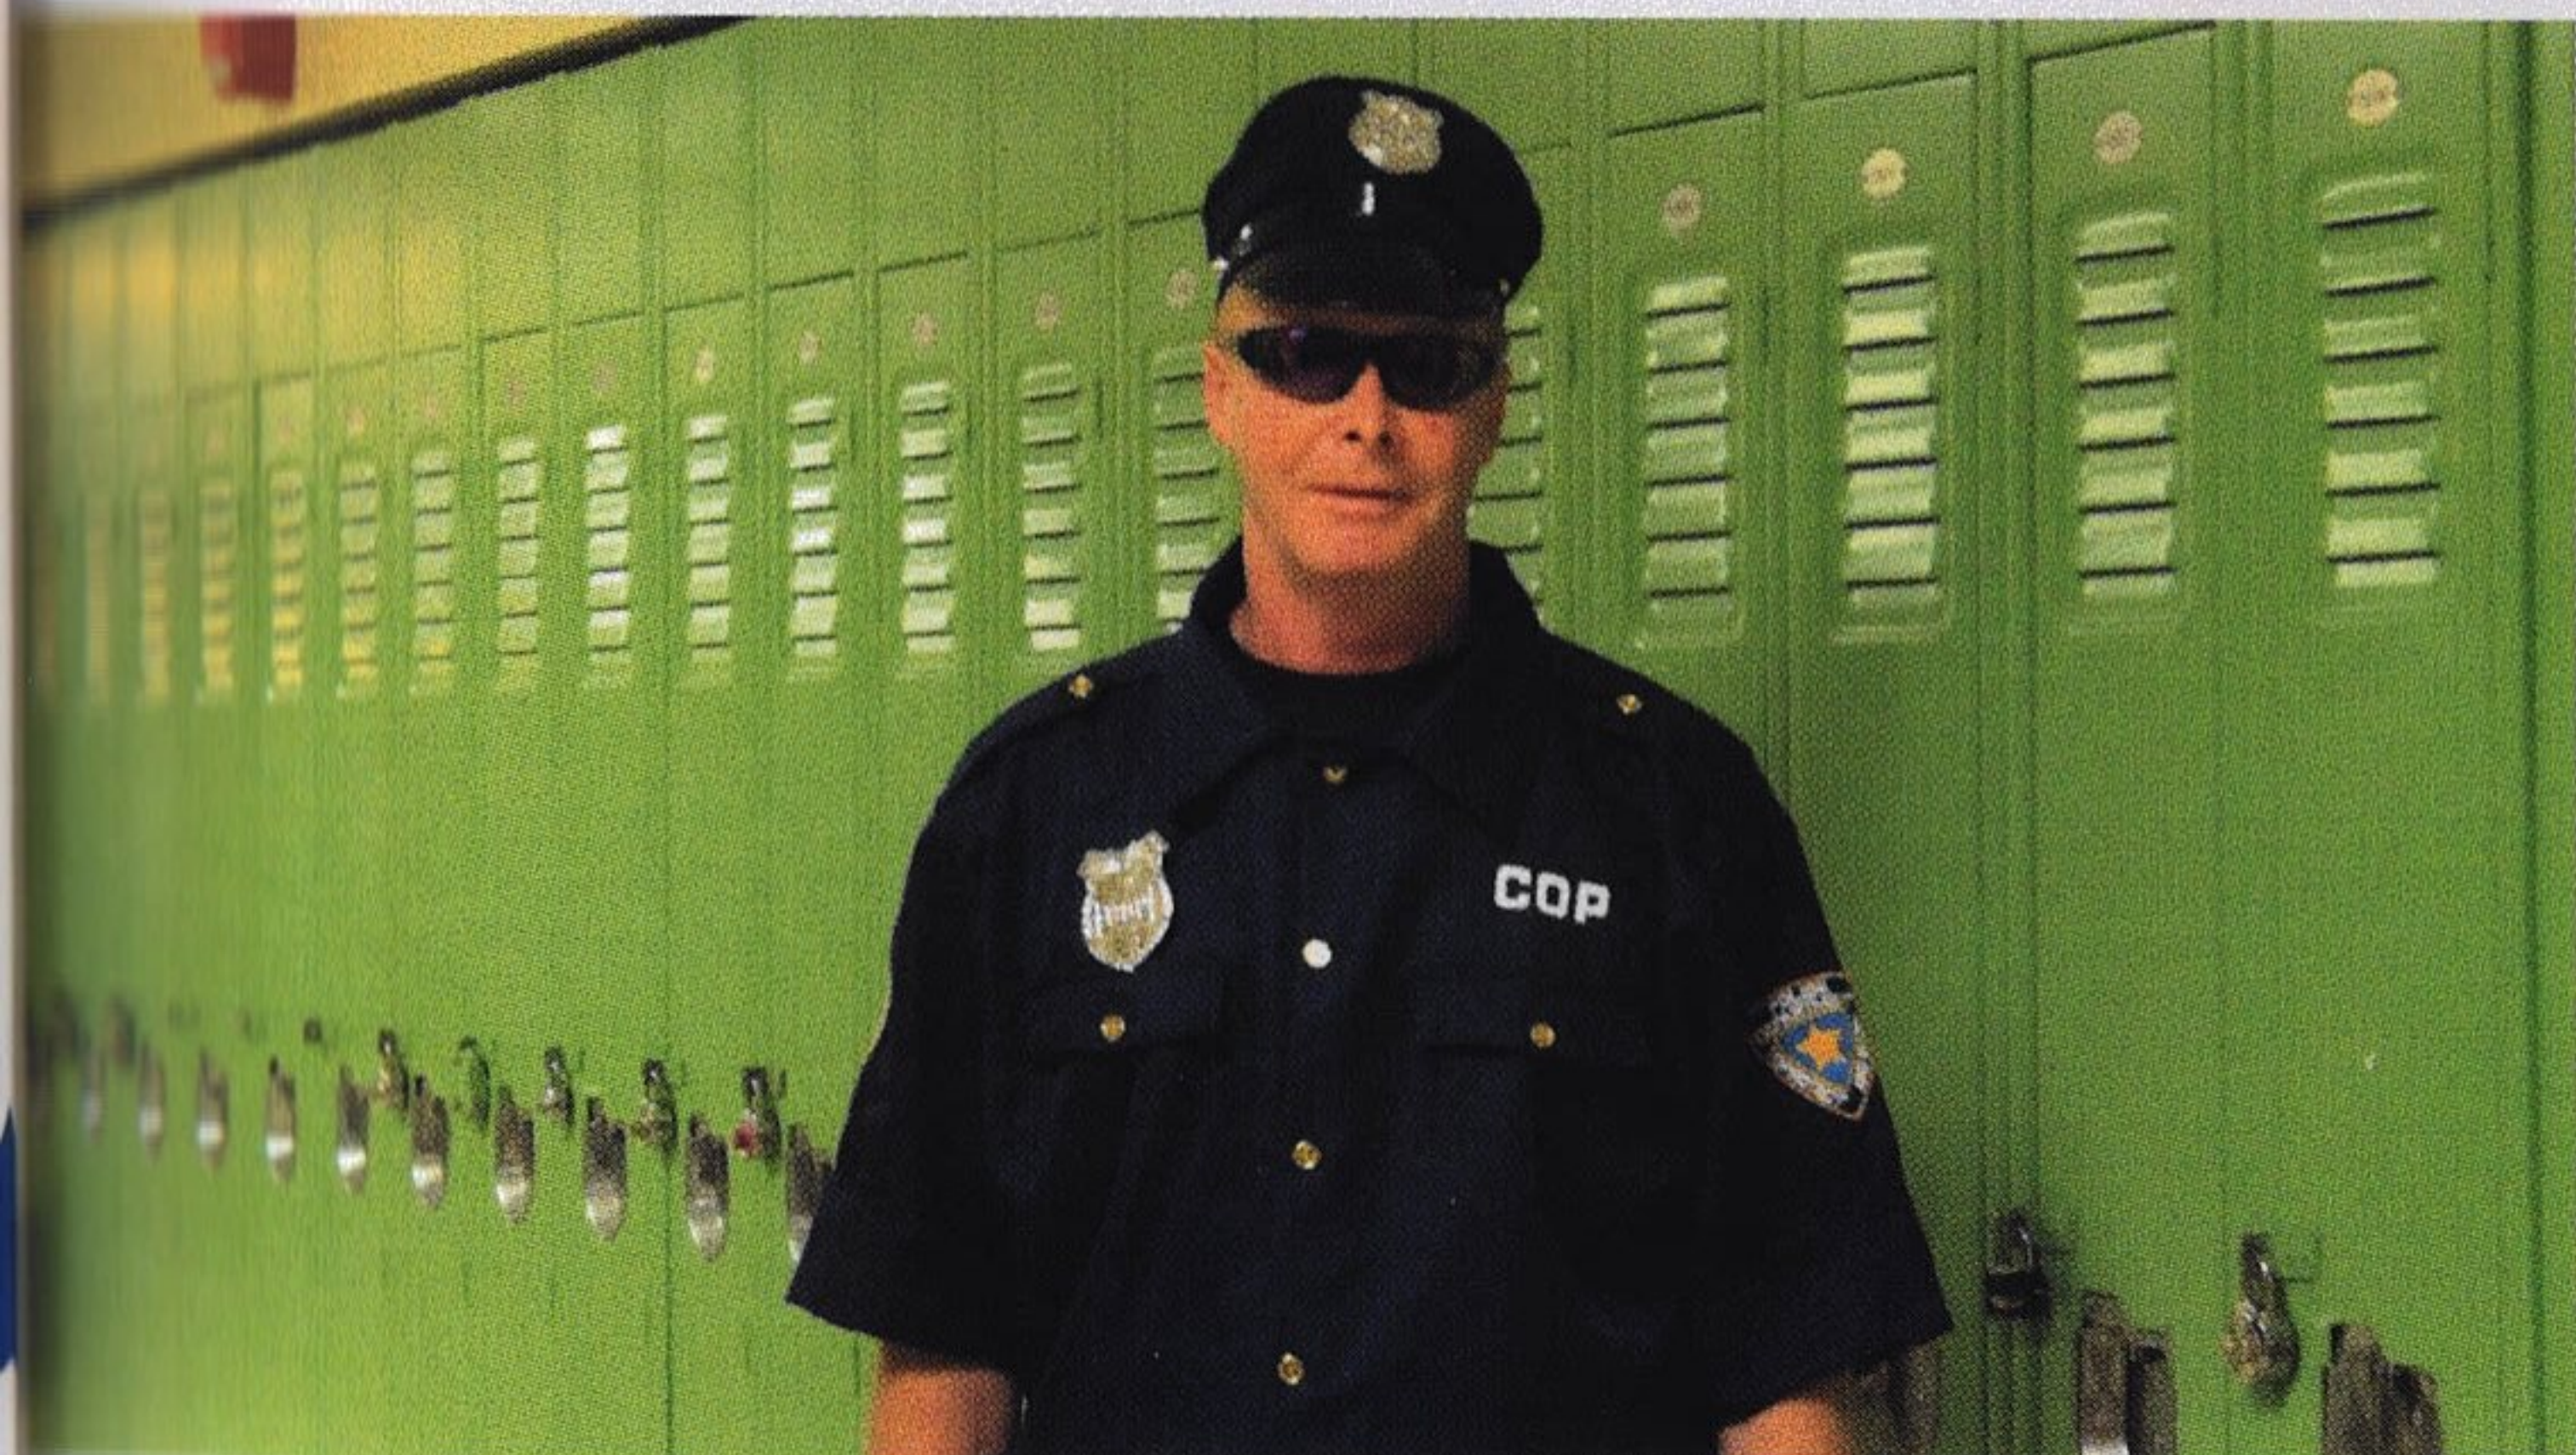

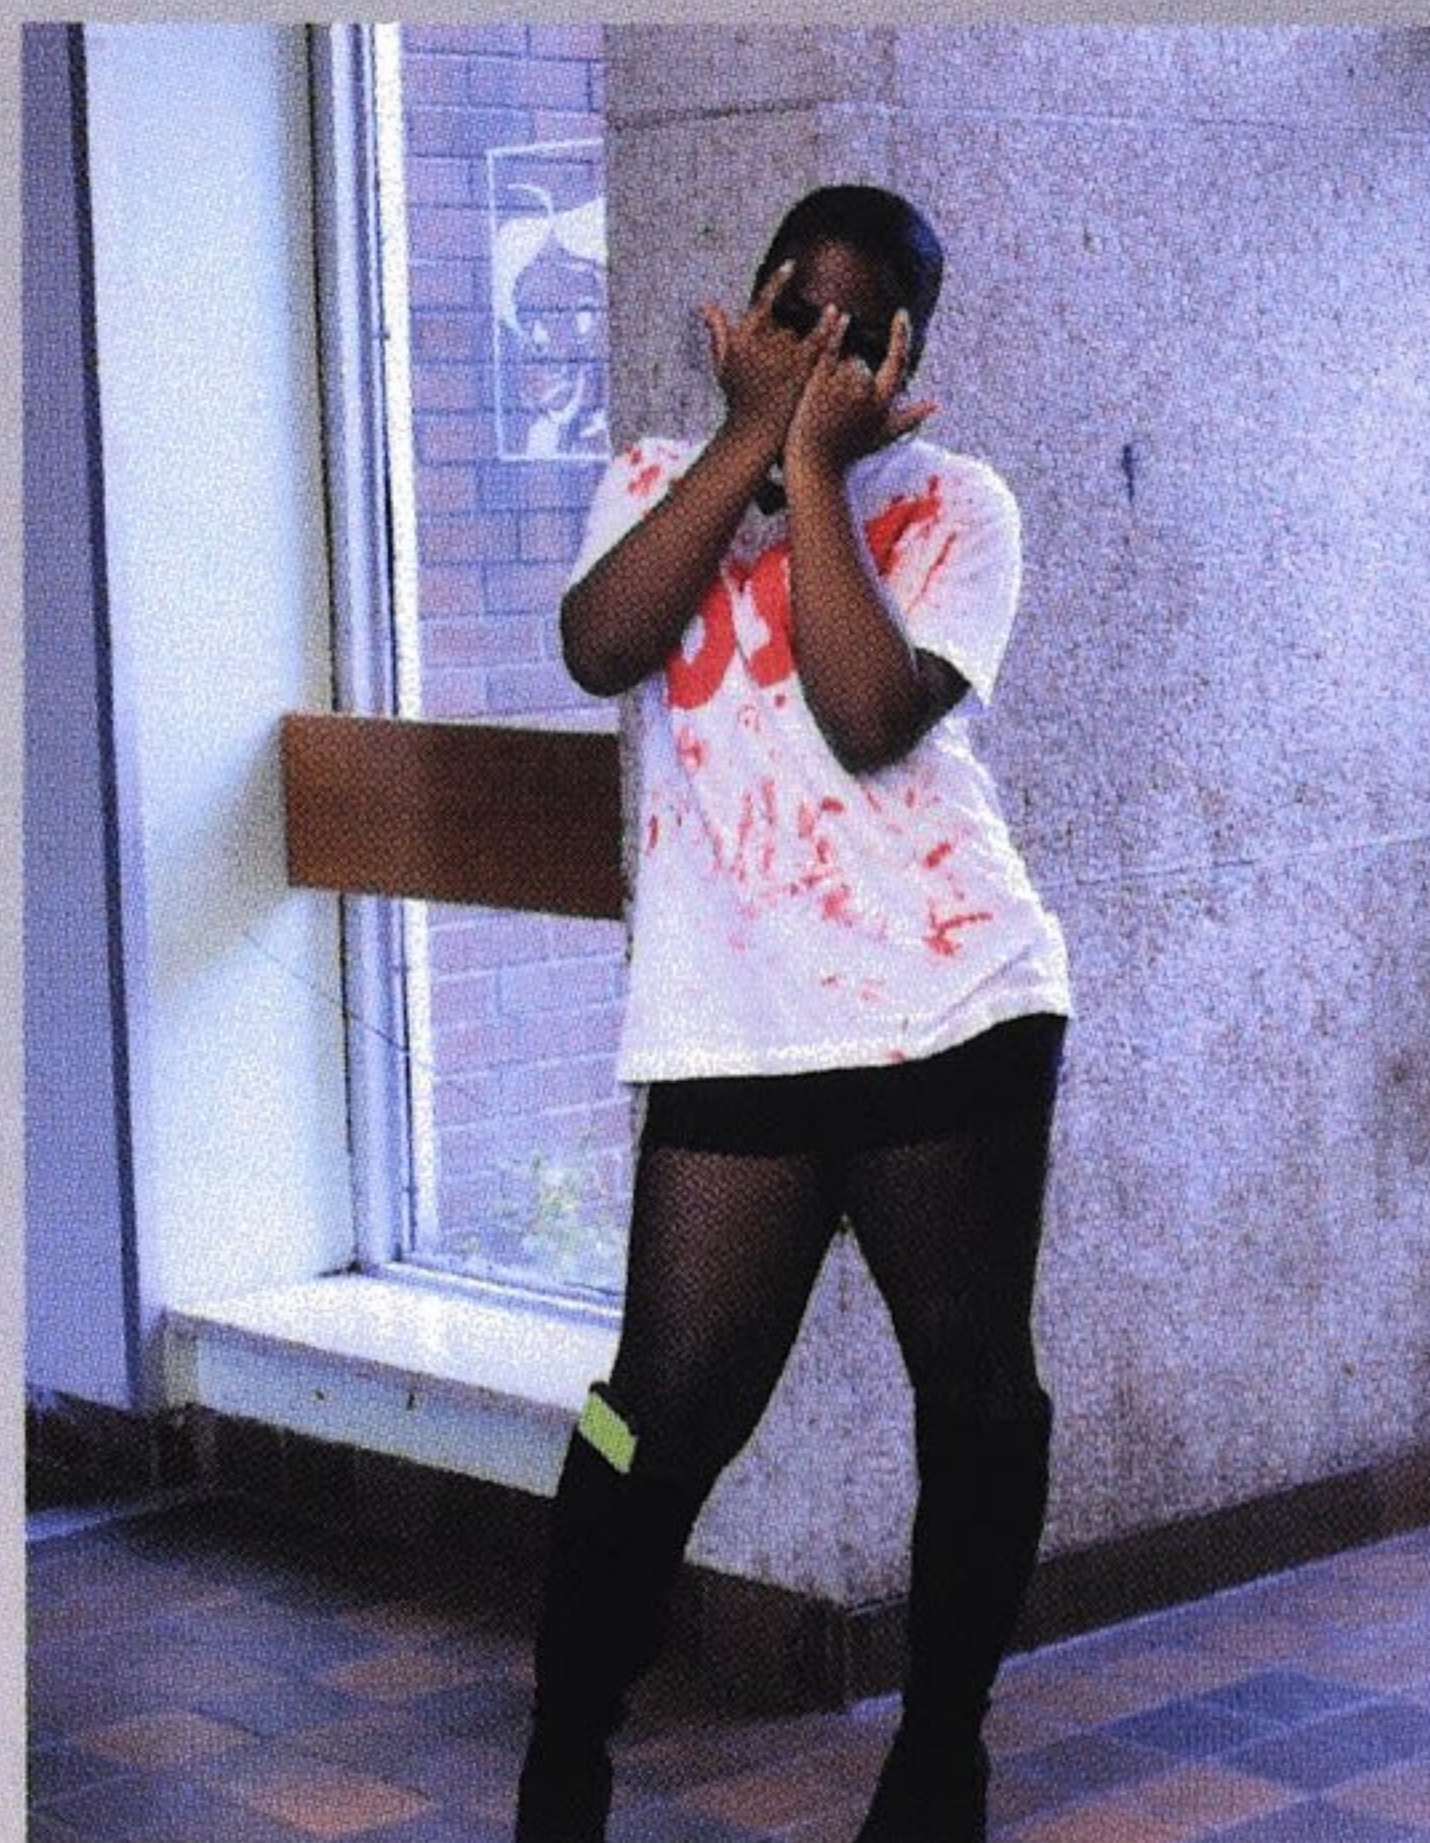

"I've said to people before that I'm going to do my very best to make it, I'm not going to give up. But I might not make it if I don't, the Marathon of Hope better continue."

Terry Fox

Pink Day

Wear Pink Day or Anti-Bullying Day is a day when people wear a pink shirt to symbolize a stand against bullying, an idea that originated in Canada. It is celebrated on various dates around the world. We take anti-bullying day or pink day seriously. At Westview there is a zero tolerance for bullying and put downs.

Muggy Monday

The prom committee raised money to reduce the cost of prom tickets. One of the most successful ideas was "Muggy Monday". On cold Mondays, at lunch, the prom committee sold hot chocolate and coffee; which was extremely successful. This idea was well received and supported by the entire school.

It all adds up at Math Homework Club

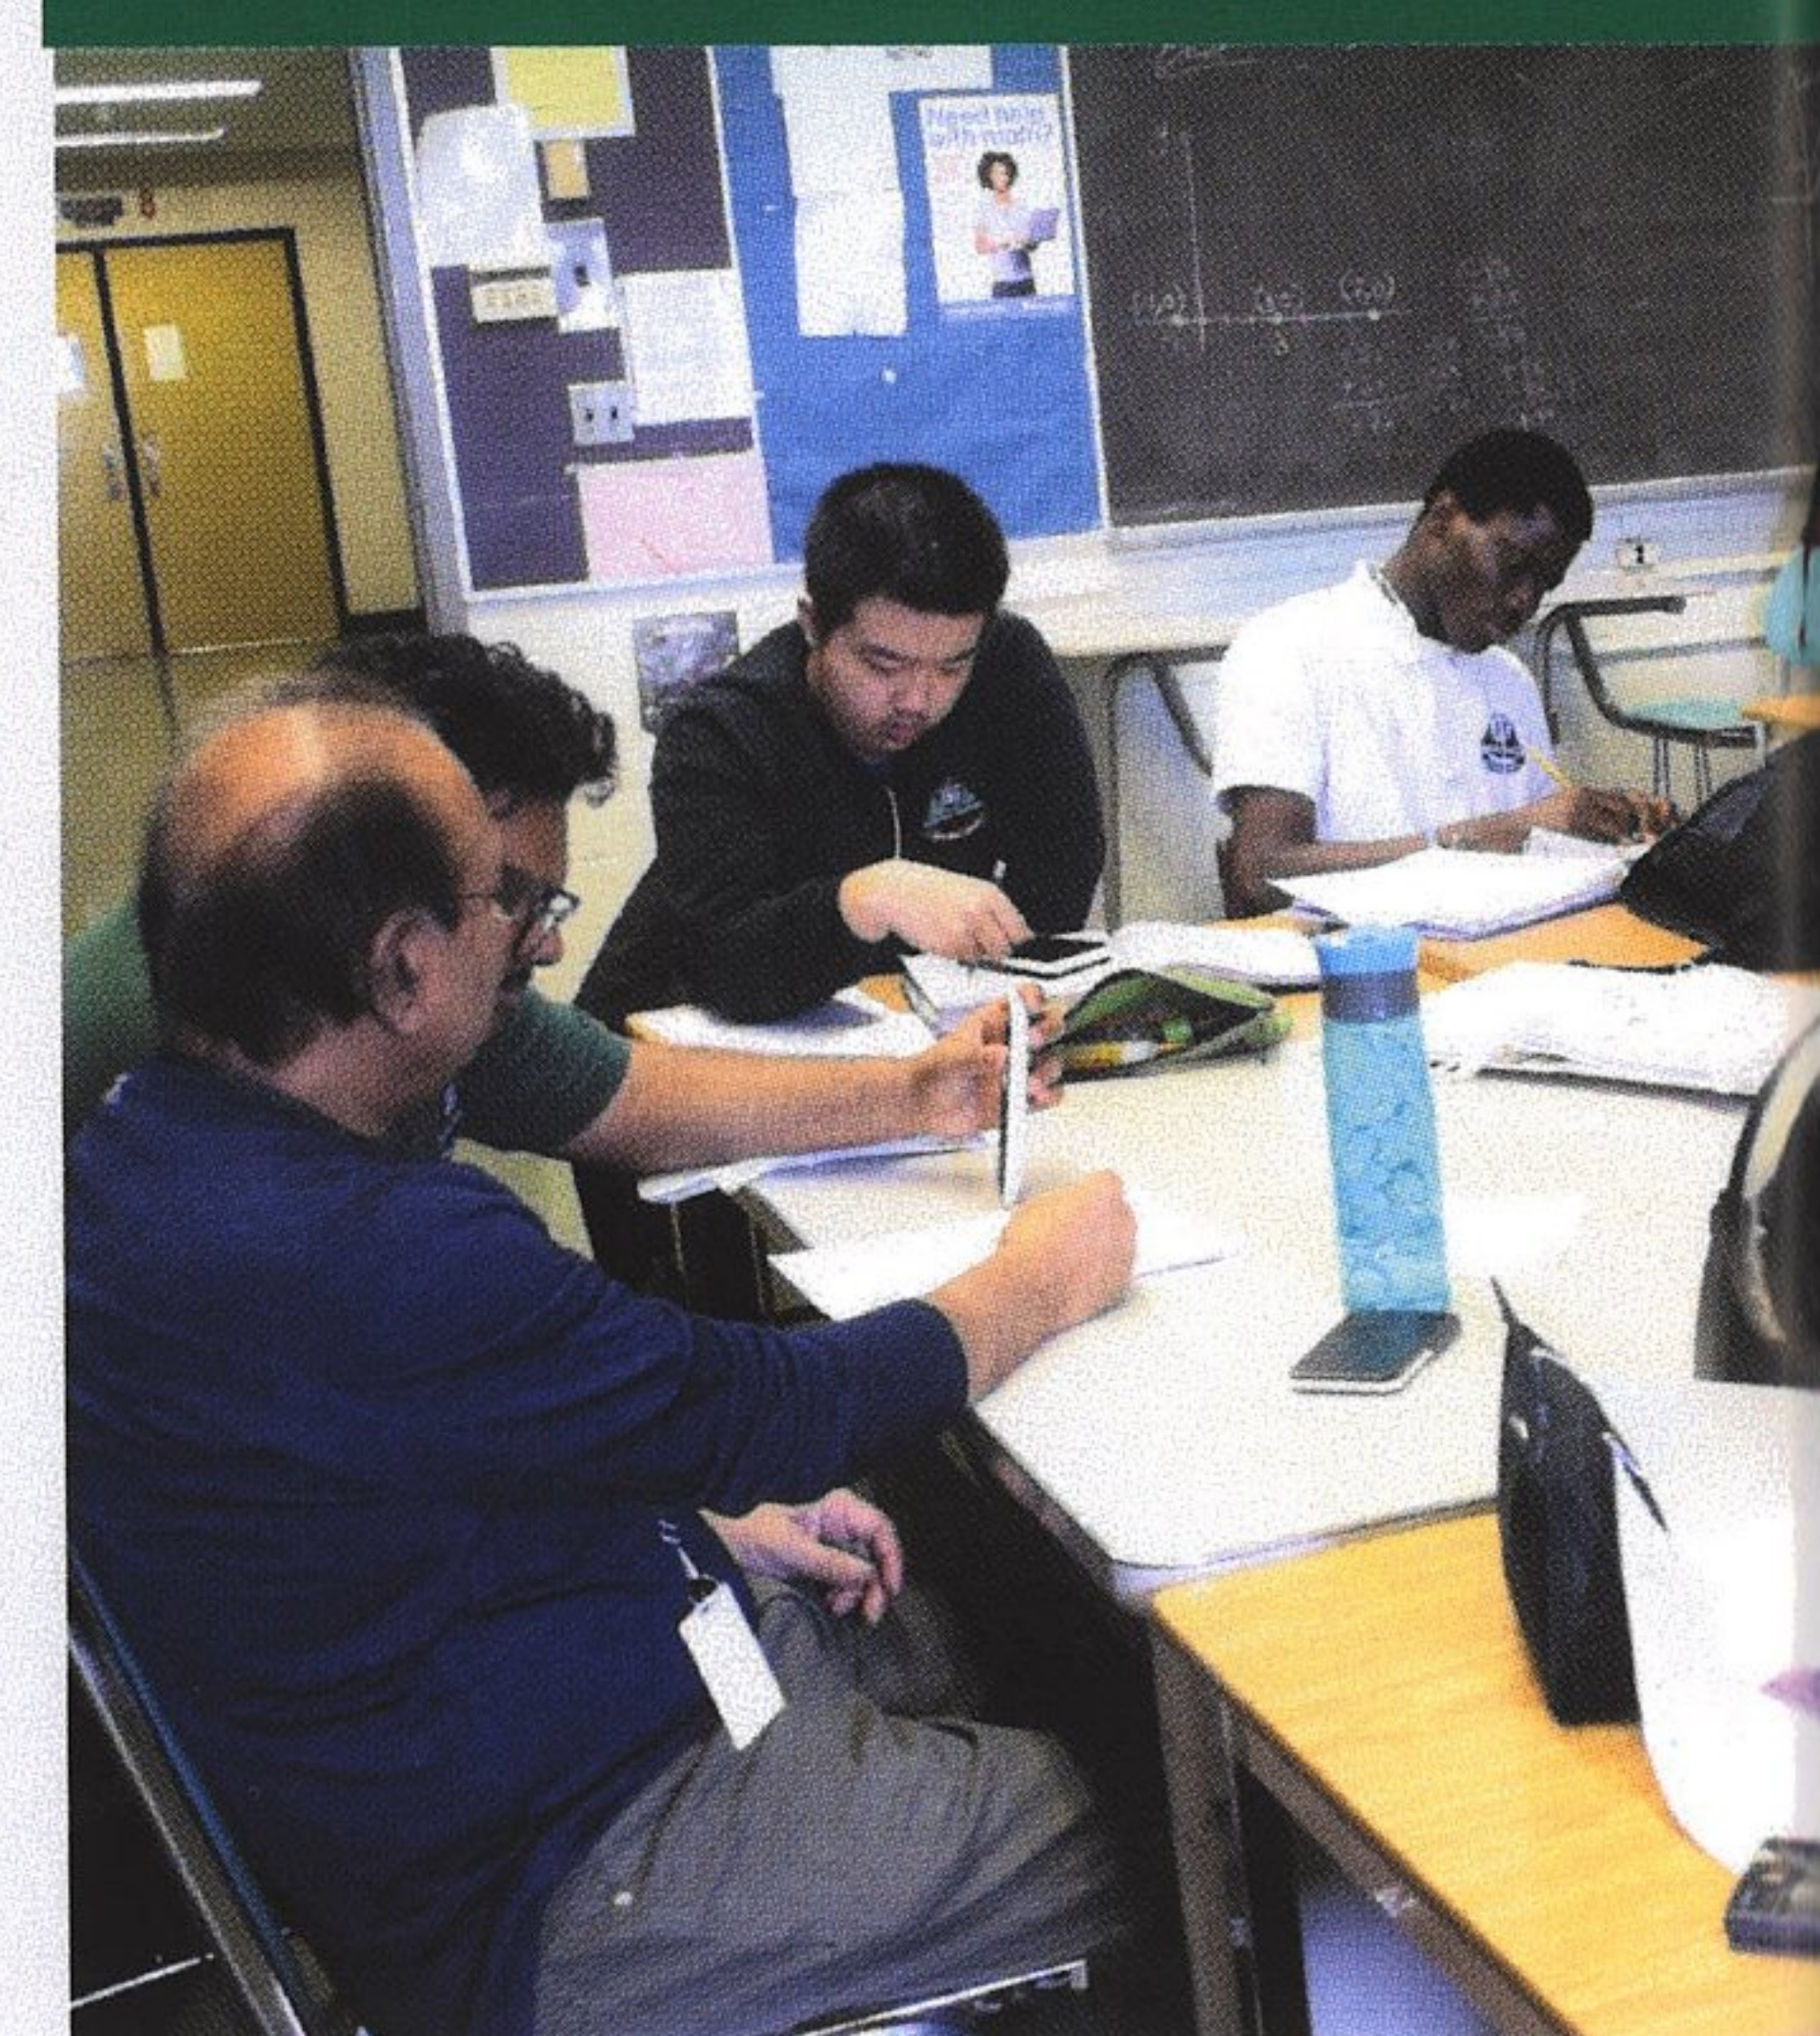

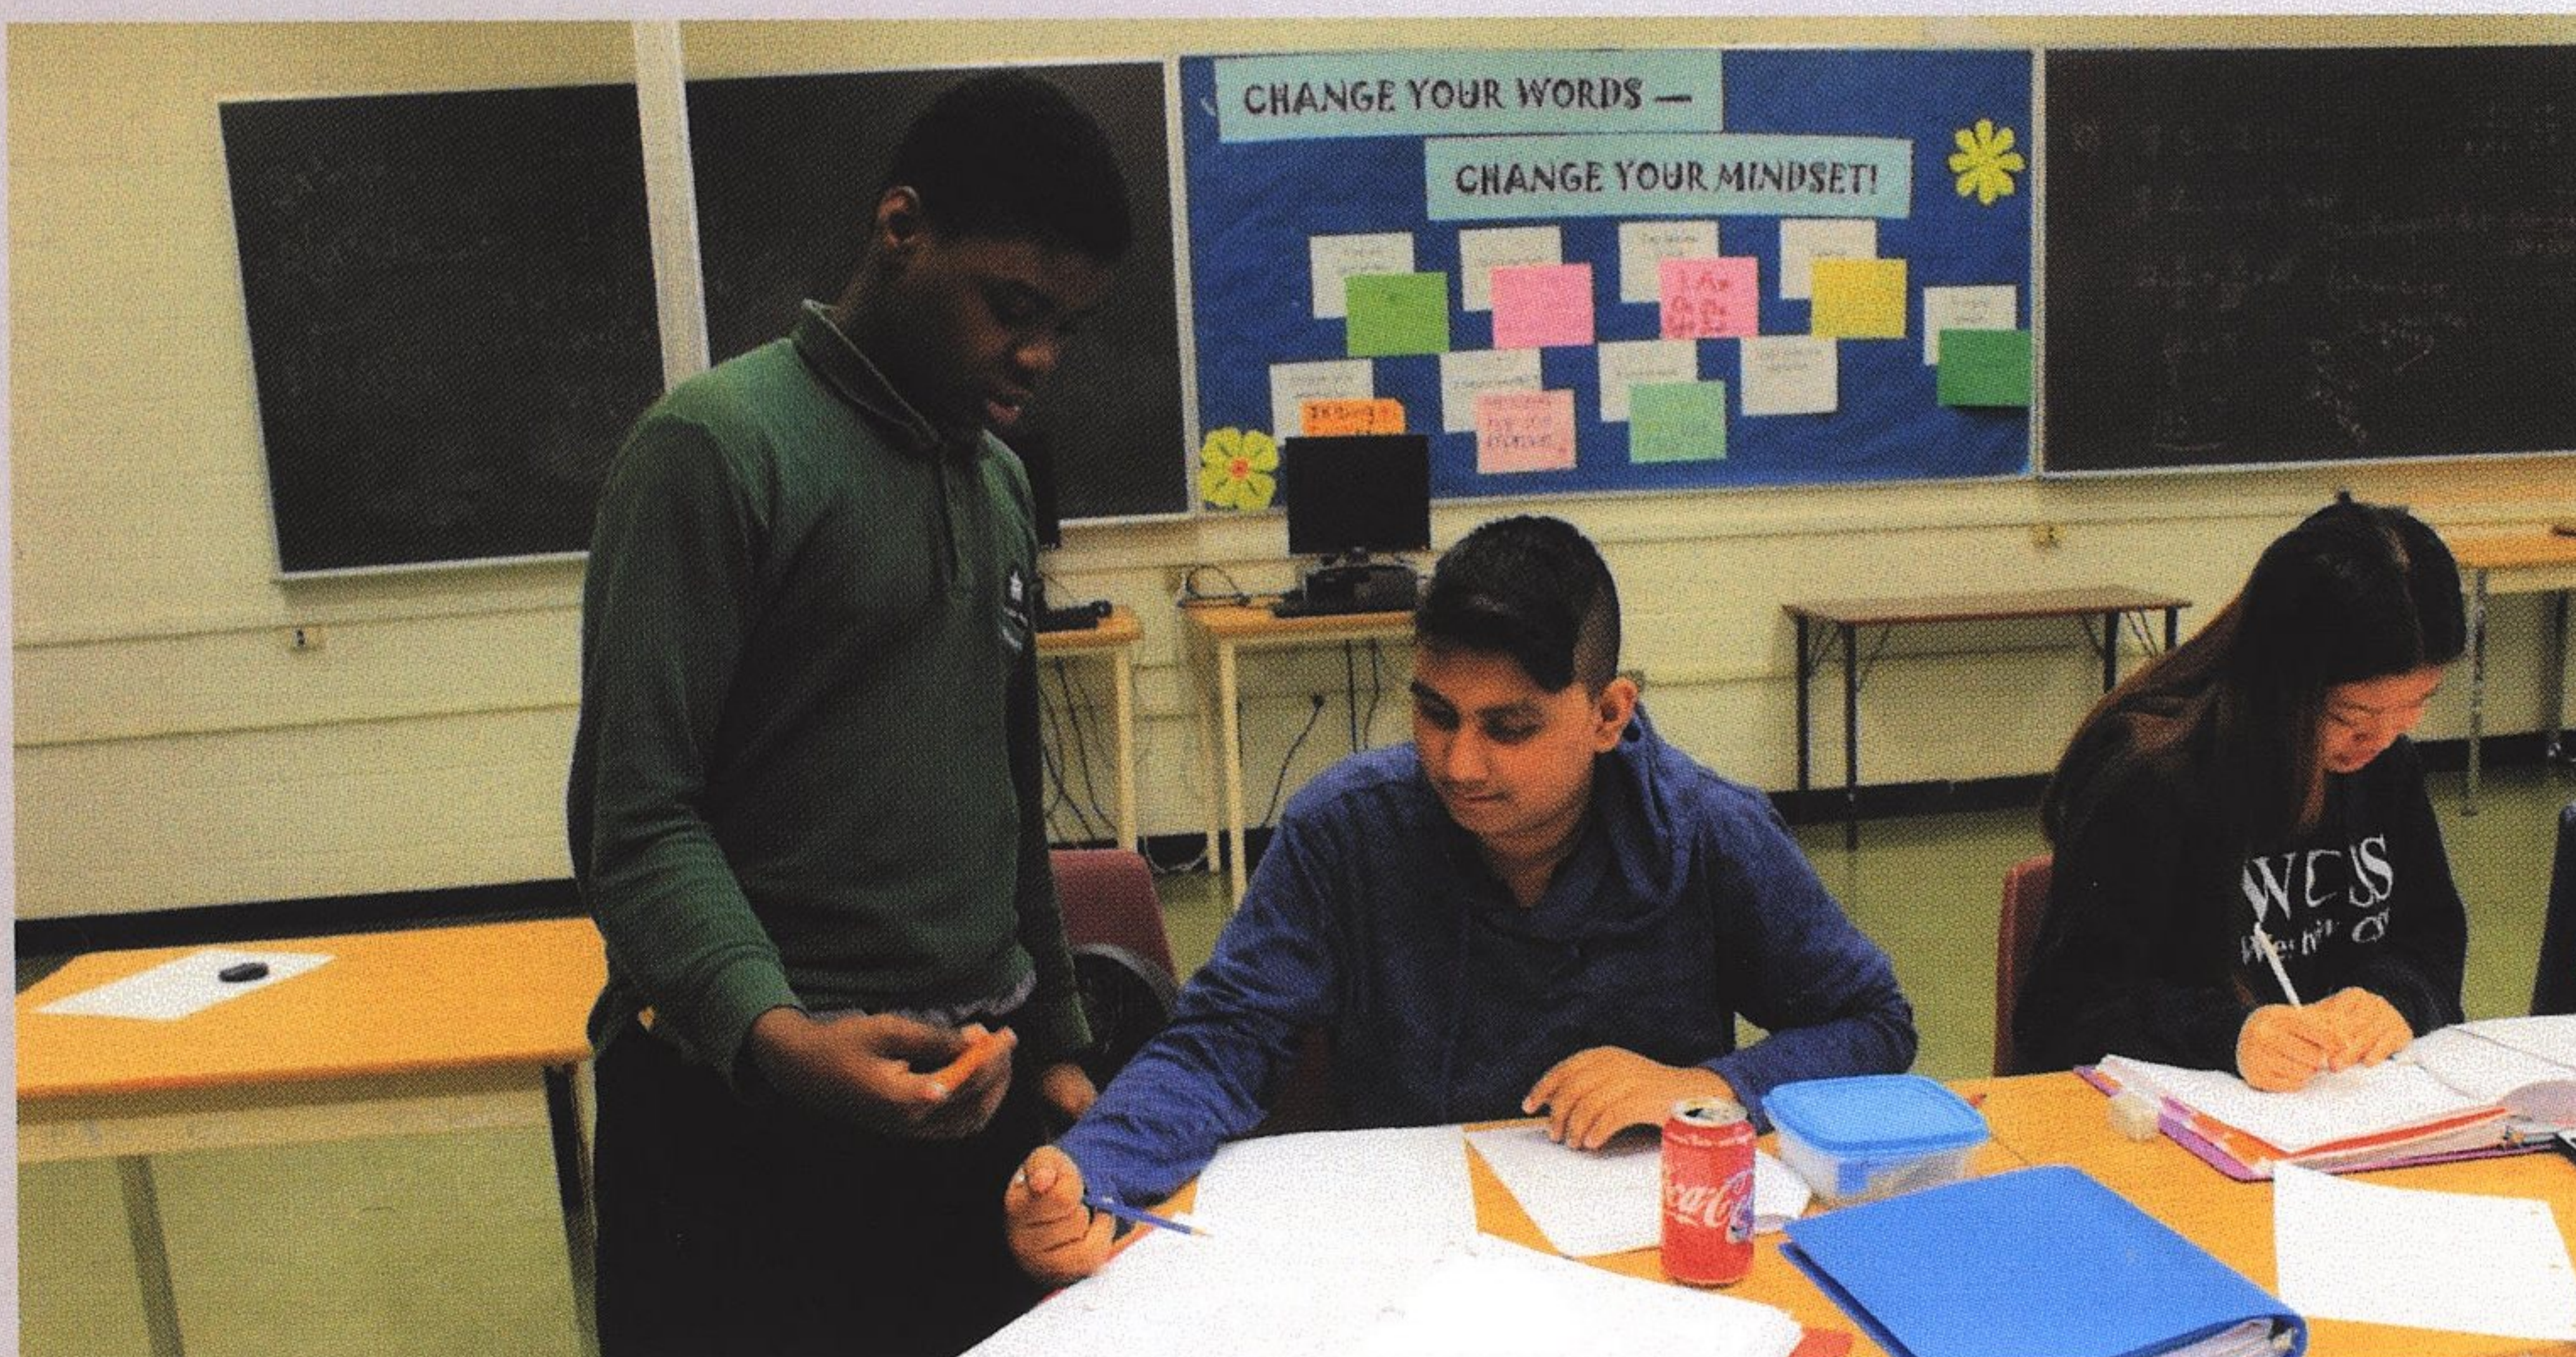

We are the Math Homework Club at Westview Centennial Secondary School! The math homework club located in room 319 has been a long standing club at Westview. It is run by our devoted educators from the Math and Science departments. Although the club has existed for a long time, we have just recently begun to do more advertising which inadvertently has increased our overall numbers in the club. For instance, did you know we are the most popular club in the school? It is no surprise to us because the numbers (pun intended-we specialize in math get it?) say it all! We have over 900 students attending our program annually with an average of 10 students per day.

Mr. Ferwerda and Harpreet Janday

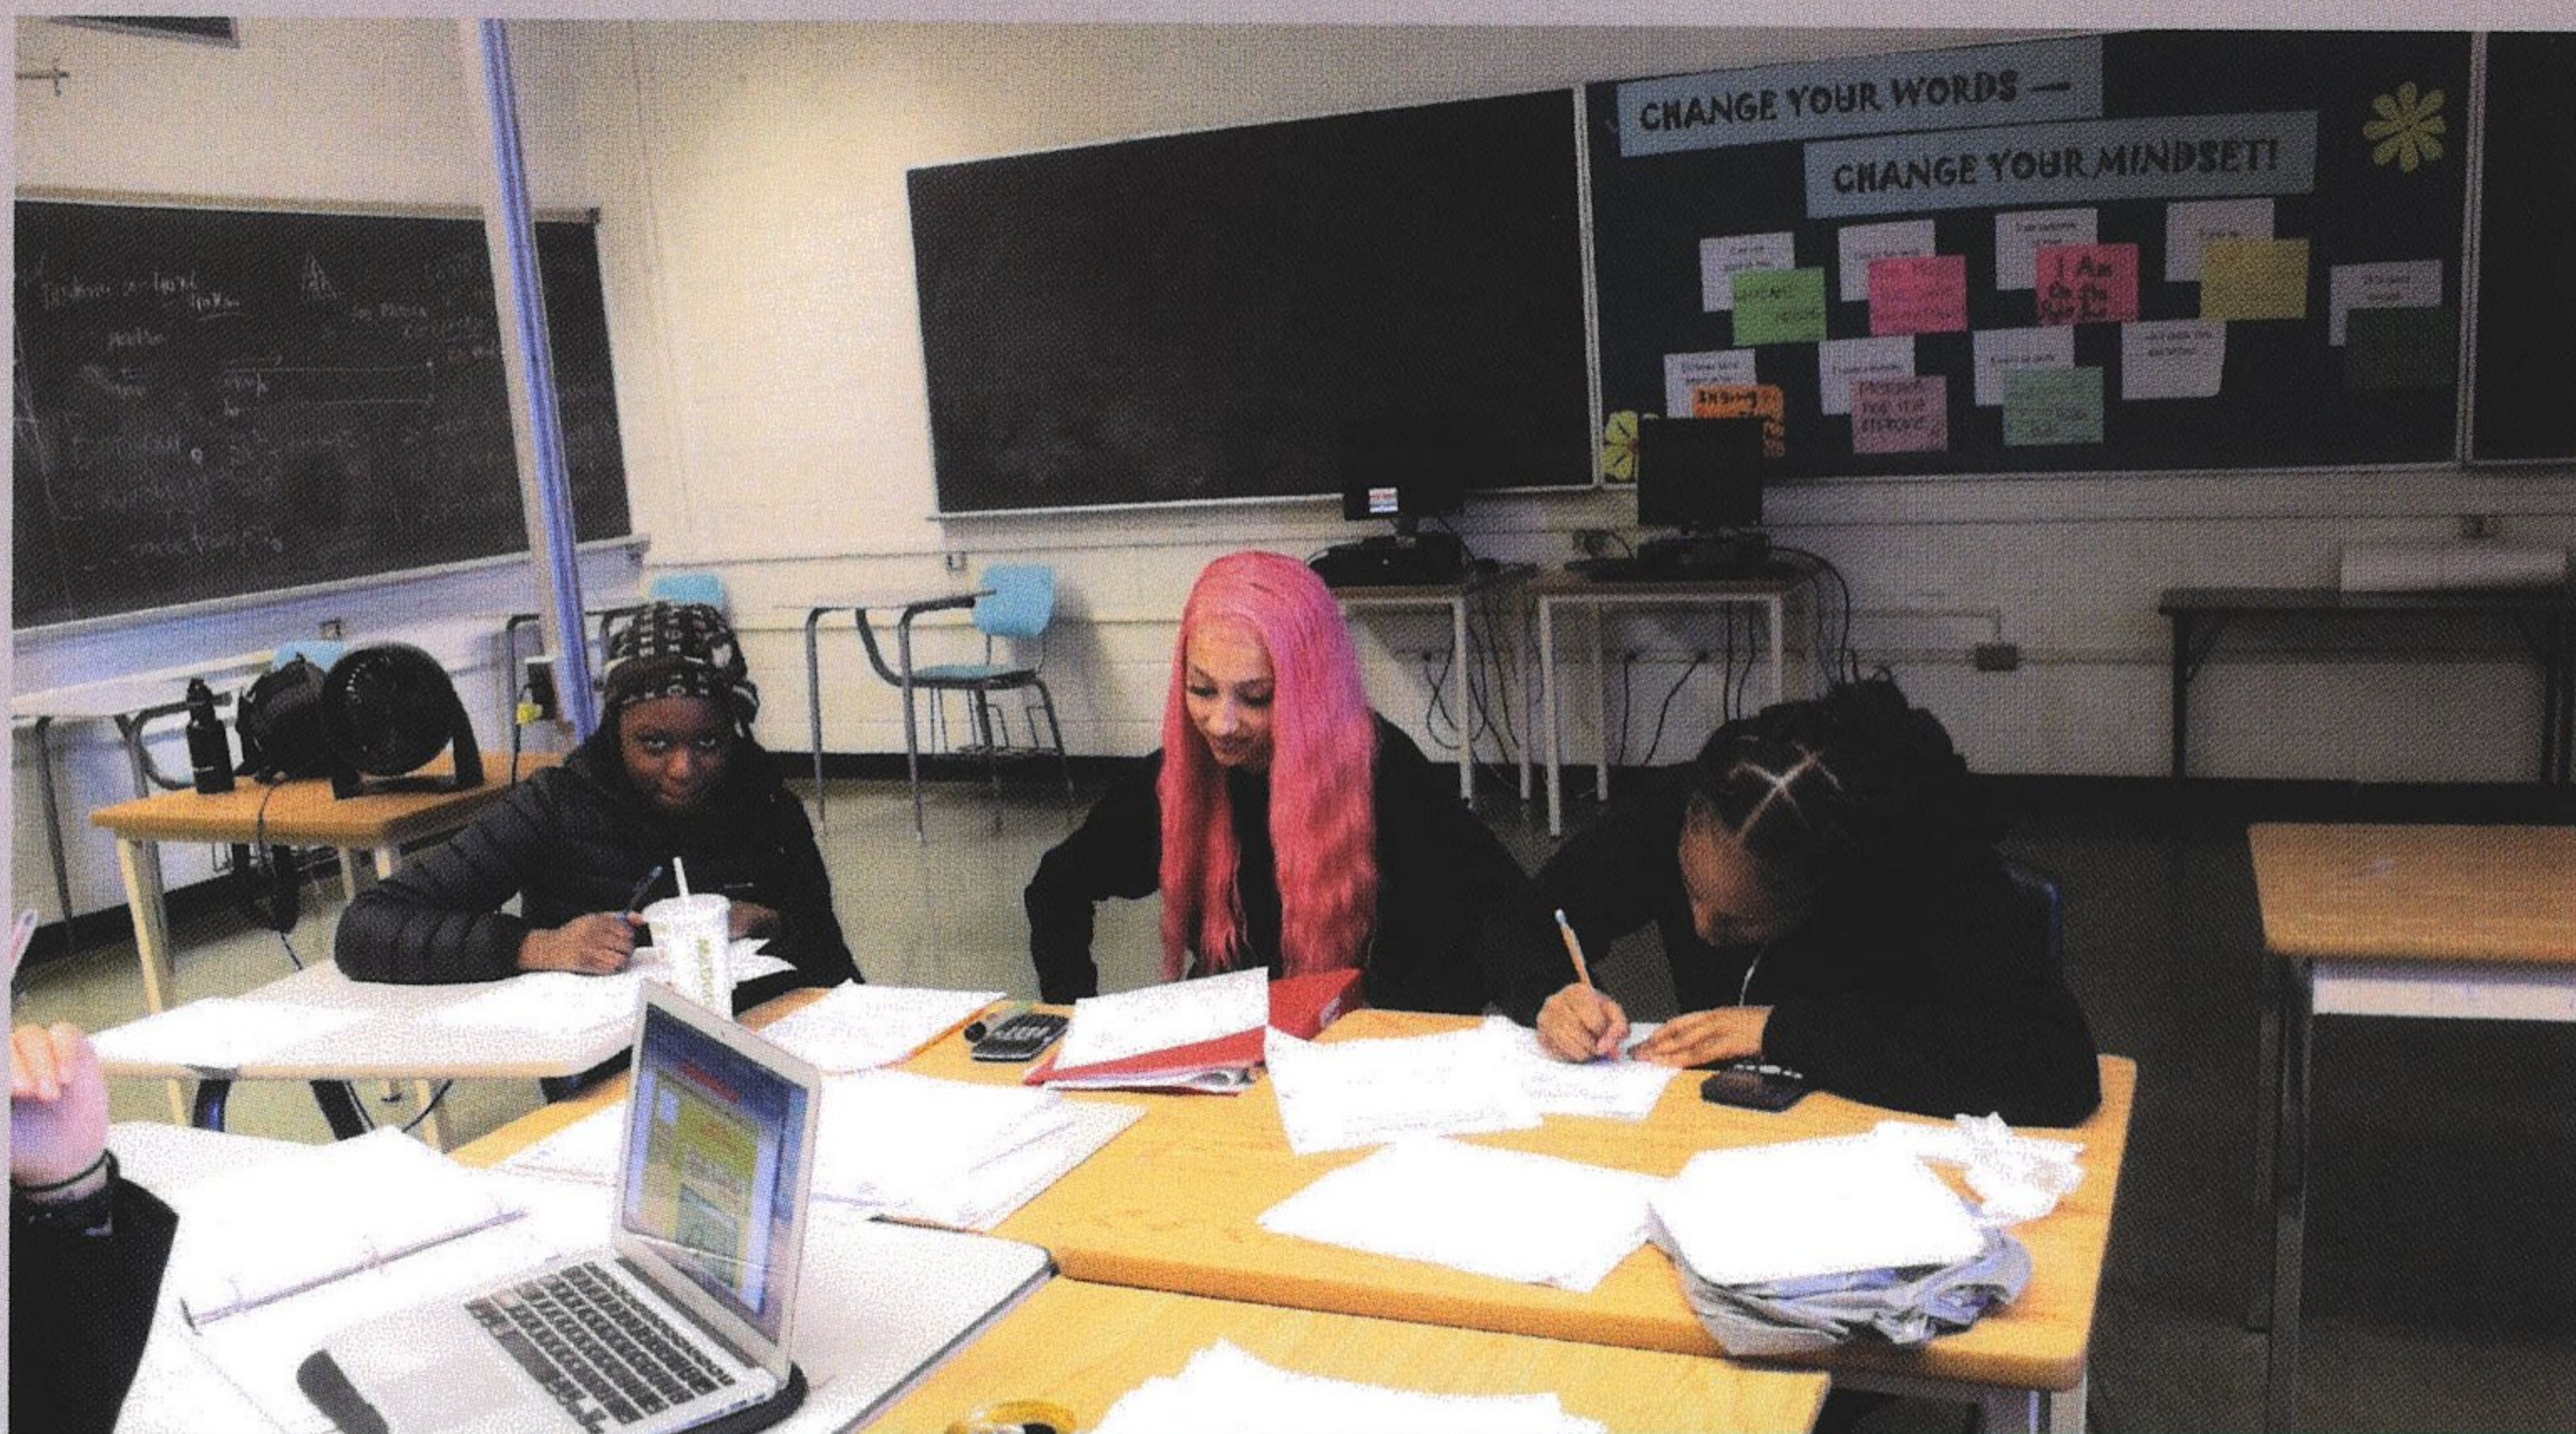

The homework club works every day at lunch and after school diligently as a tutoring program for all students. We are a well-organized and driven group of individuals whom passionately devote our time to ensure that all students are successful! The program is open for learners of all levels. Students that come to the program display big improvements in their learning and confidence in mathematics. We love math, and we hope to inspire that love in our students as well!

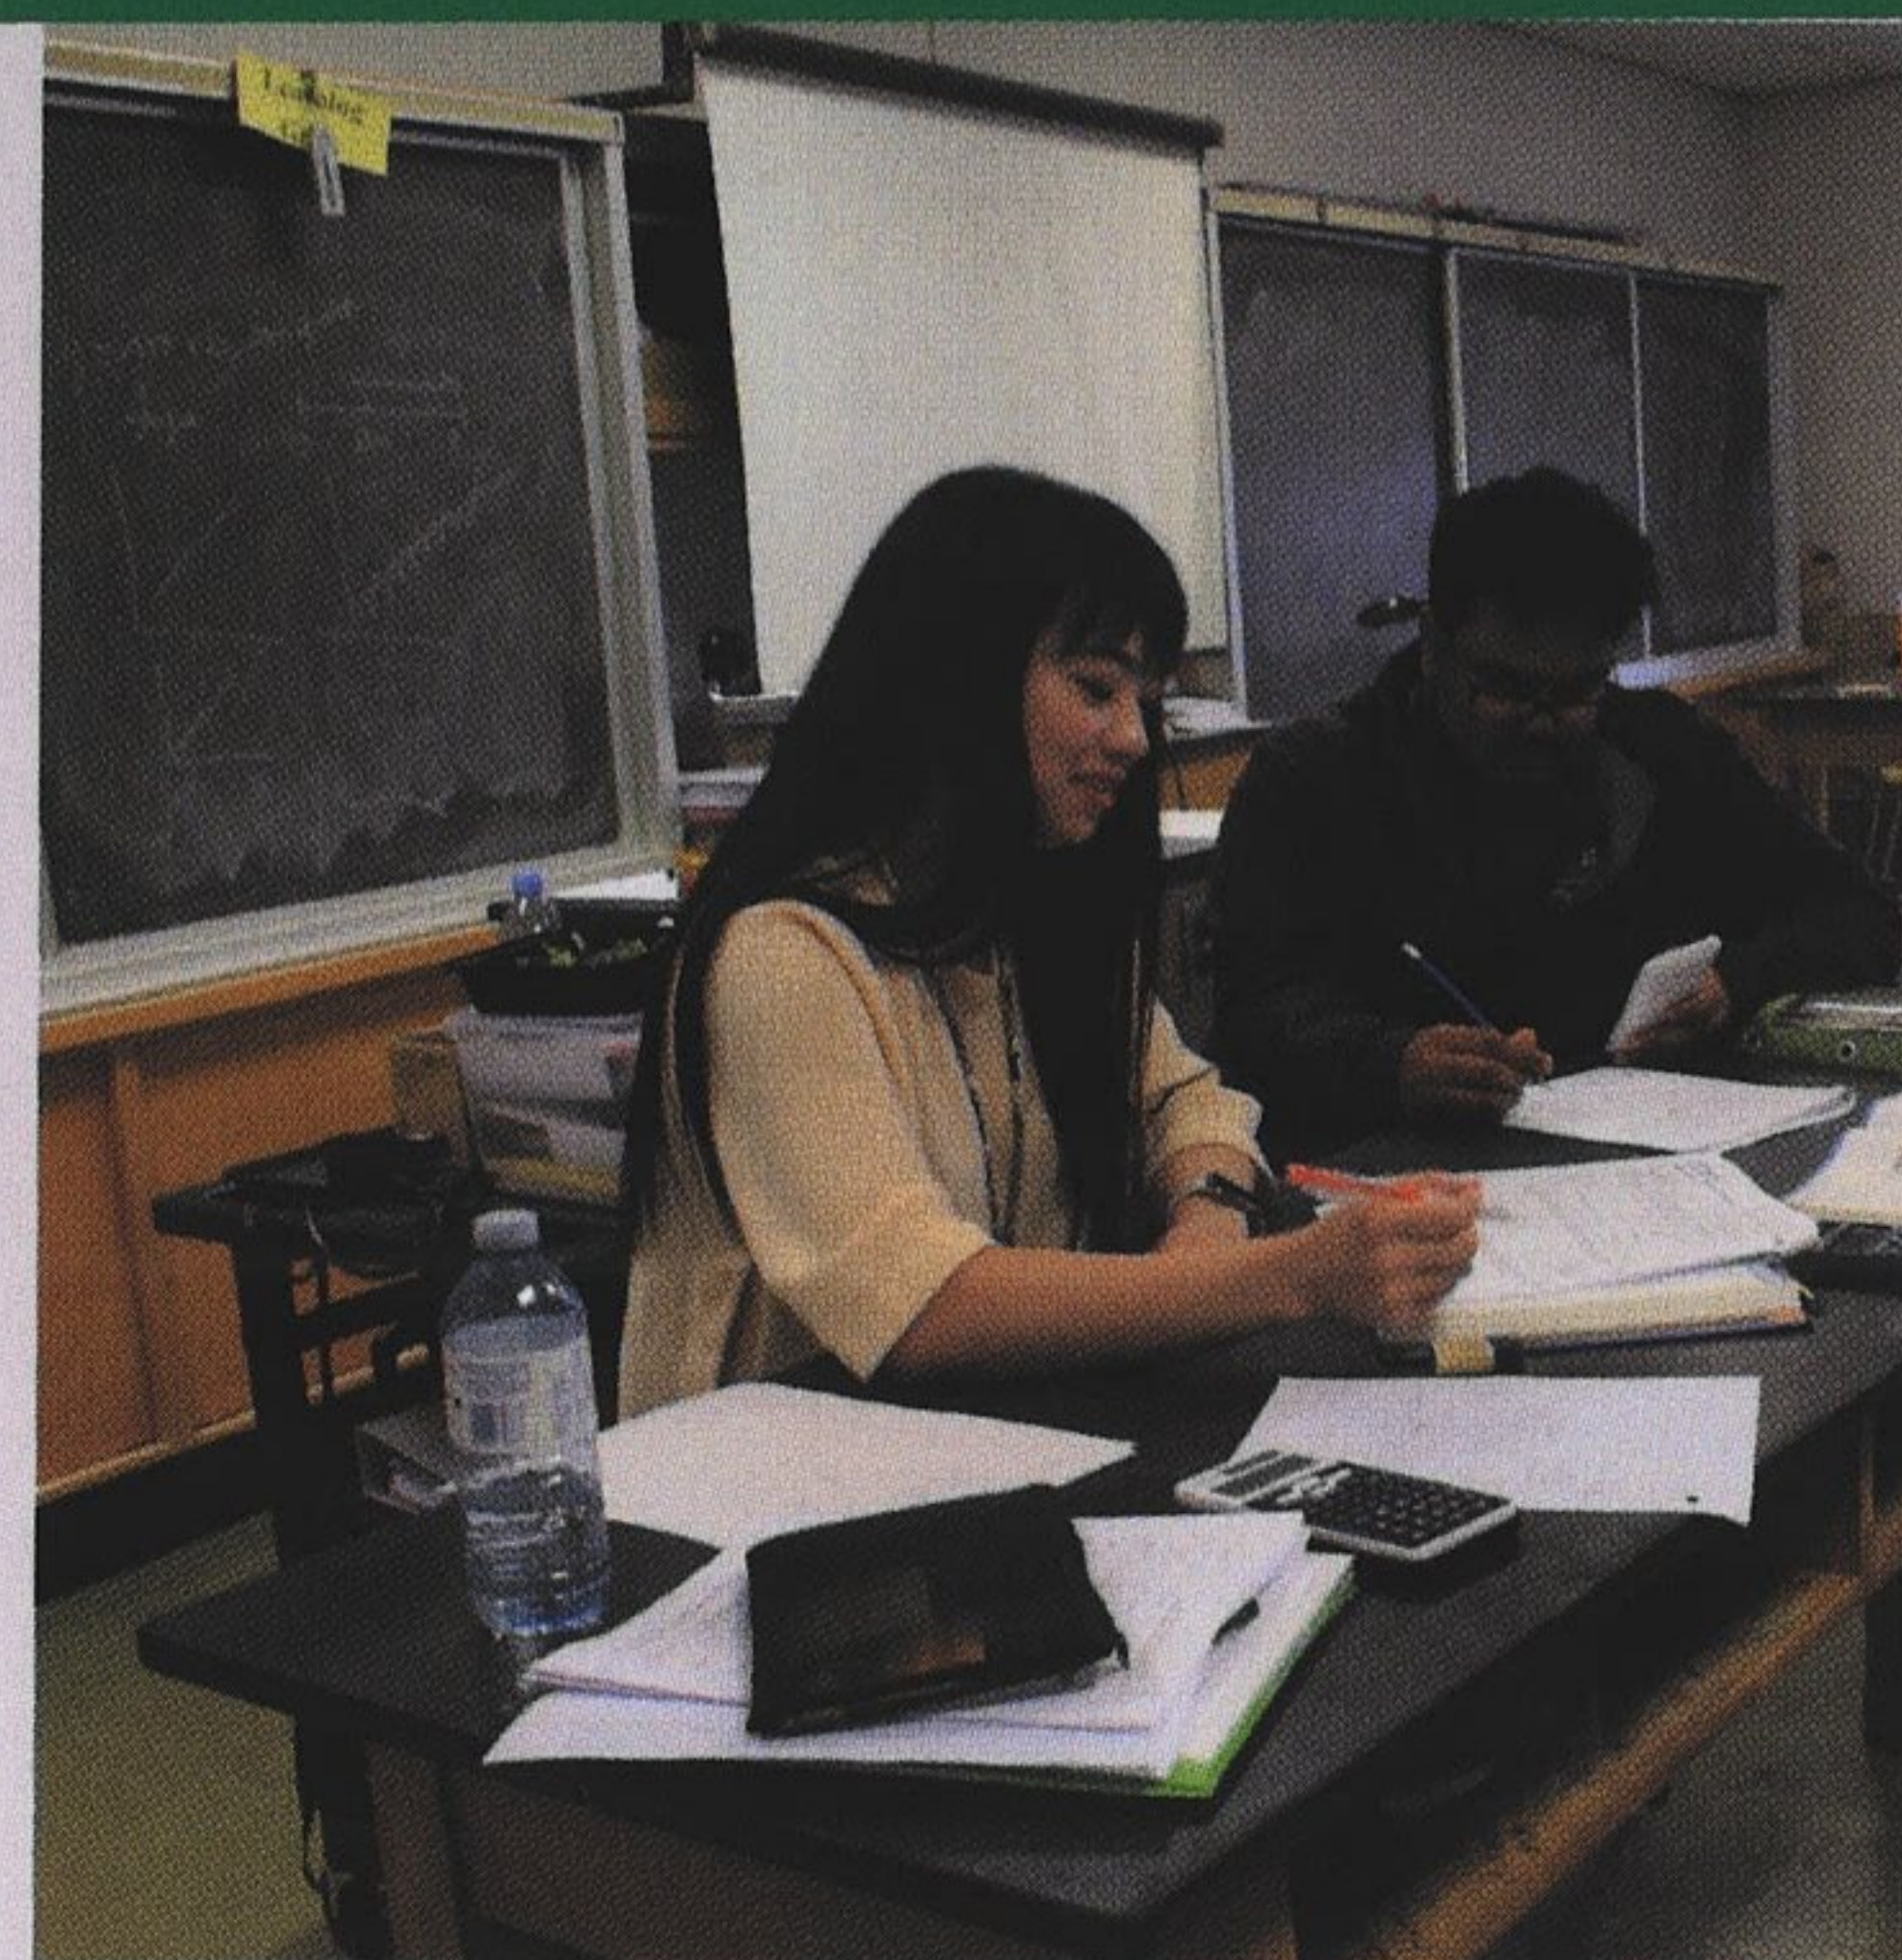

"Math H.W. Club is beneficial for those who have difficulties or want to achieve good marks in math. This club was very useful for me in different ways. First, most of the time I was able to finish my homework and had feedback on it right a way. I also got a lot of help with my assignments. So math HW Club made my life a lot simpler and easier. My assignments, and homework were done on time and at the end of the semester the result was very good. I achieved 85 % in grade 10 Academic Math. It's your turn now. Would you like to accomplish remarkable marks in math? Then, check it out."

-Safia Kakar

Ariel Farnel

Ms. Ngo and Richie Basdeo

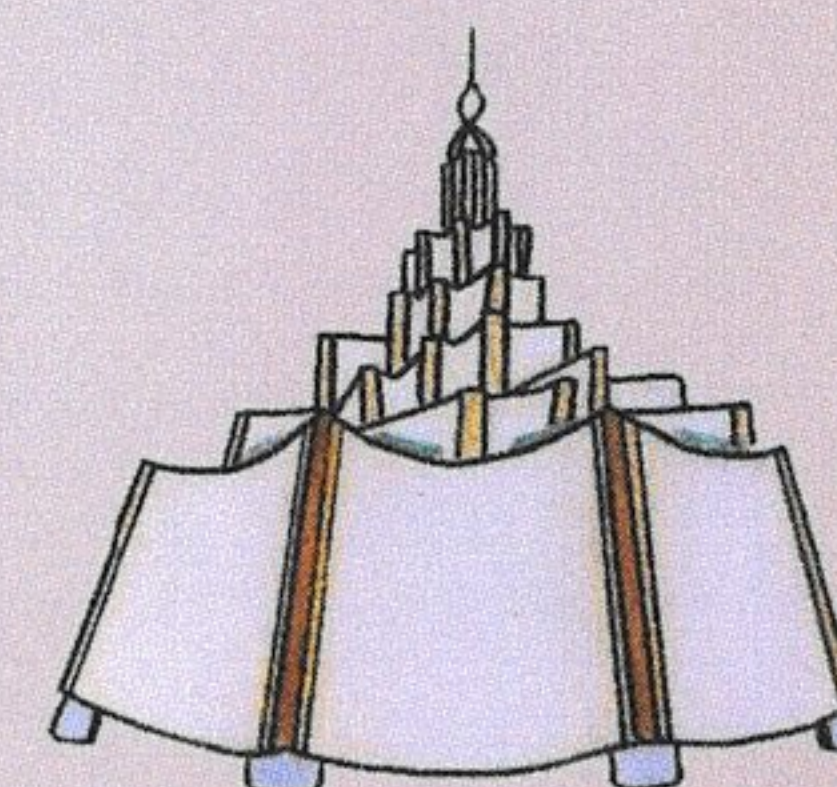

"When I started high school I was so worried about math. I knew I had a lot of gaps to fill. I was very happy when I first heard about Math Homework Club. I went there everyday after school and sometimes at lunch too. I got to work with teachers that had taught me before so I was very comfortable. They also noticed a huge improvement in me and that encouraged me even more to take advantage of this opportunity we have at Westview."

Indigenous culture makes its debut...

With November deemed Indigenous Culture Month at the Toronto District School Board, we hosted an interactive workshop in the Lecture Theatre. Melissa Campbell, Shauna Moore, and Jessica Sherk from The Canadian Roots Exchange (CRE) facilitated the workshop. The CRE's focus is to foster reconciliation and equitable relationships between indigenous and non-indigenous peoples. Students were educated on the history of Canadian treaties and colonization.

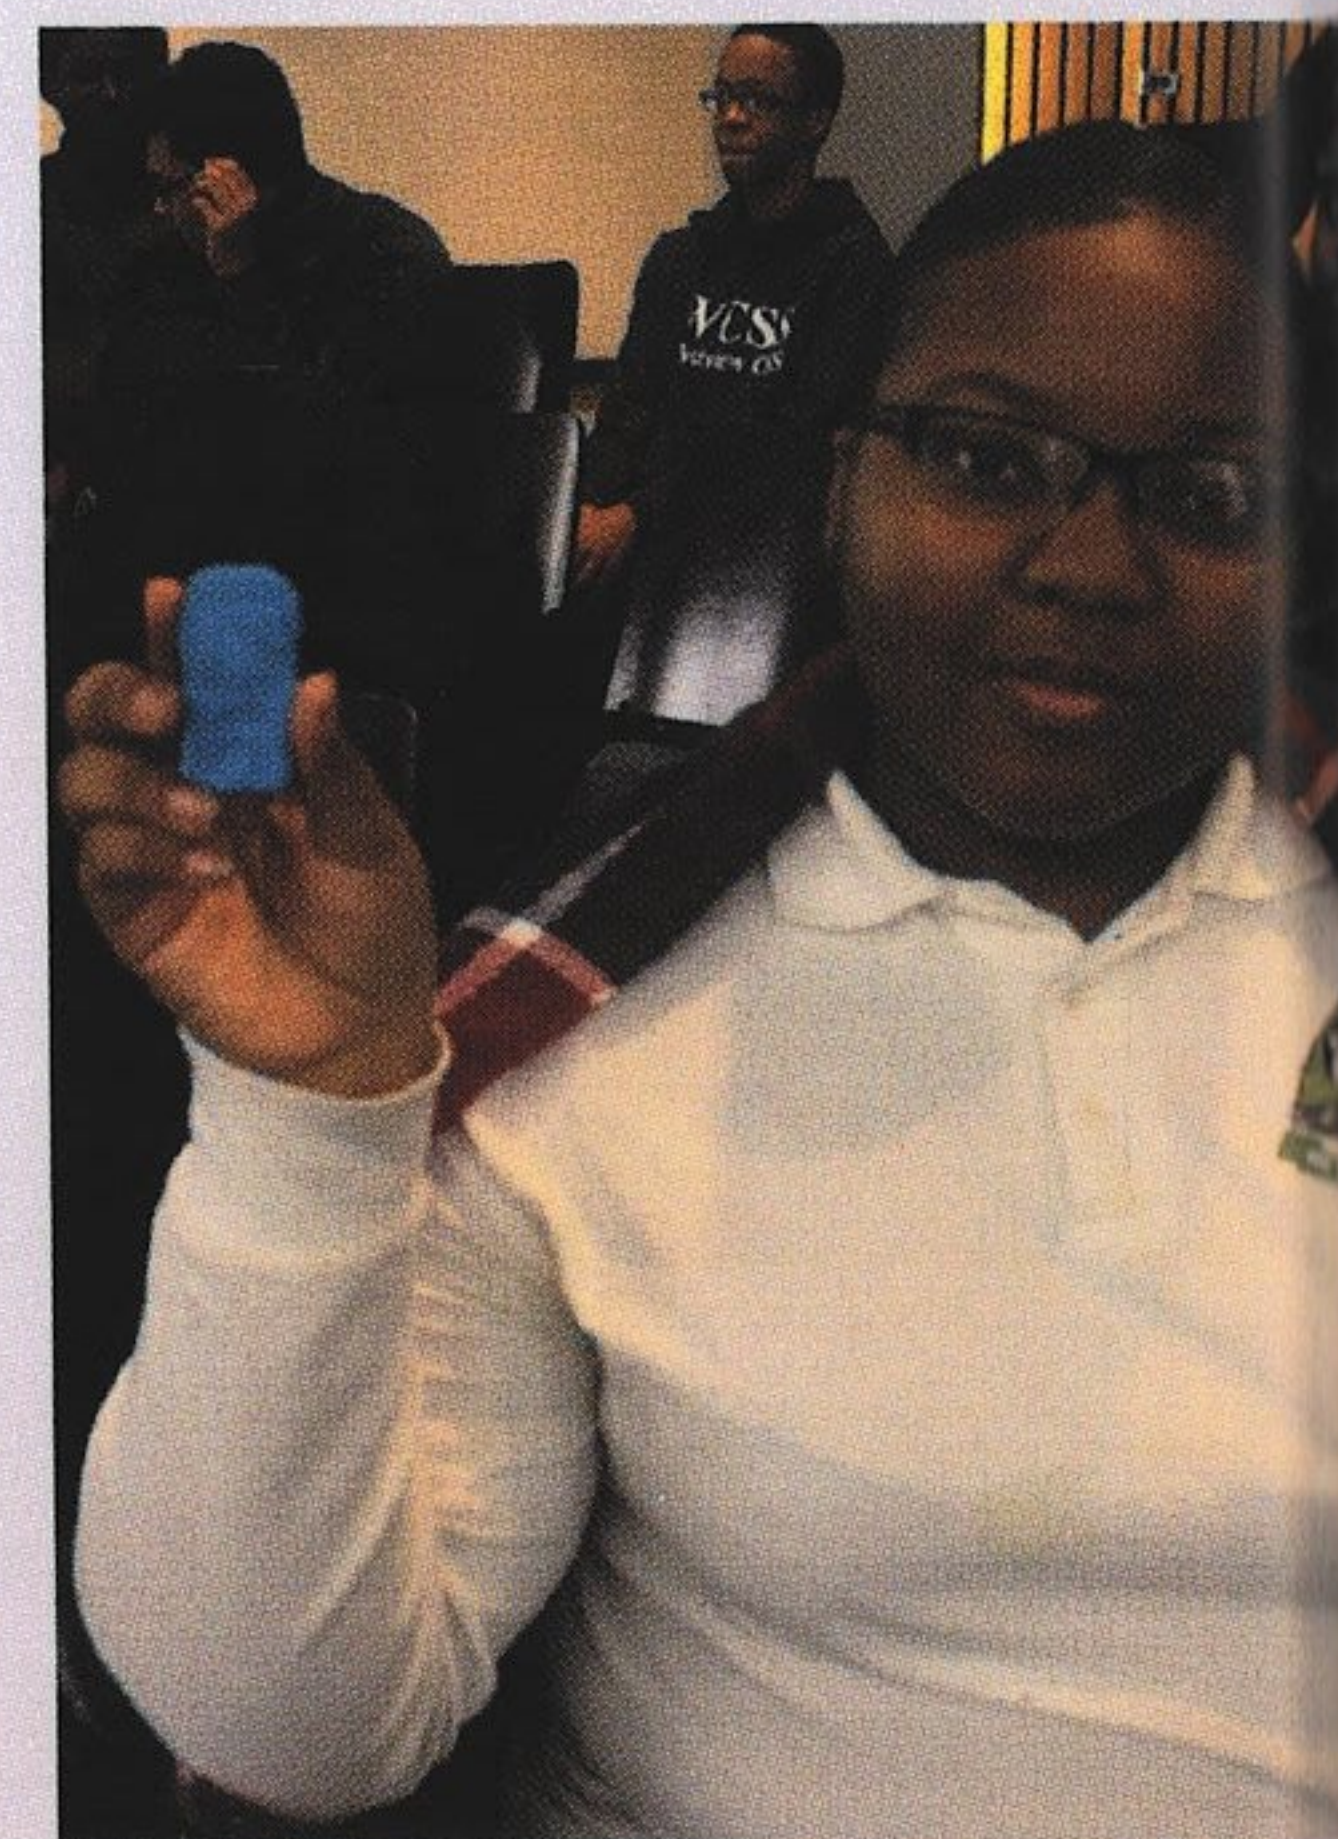

Students play-act negotiations with the guidance of Jessica Sherk from the Canadian Roots Exchange.

Haunted House

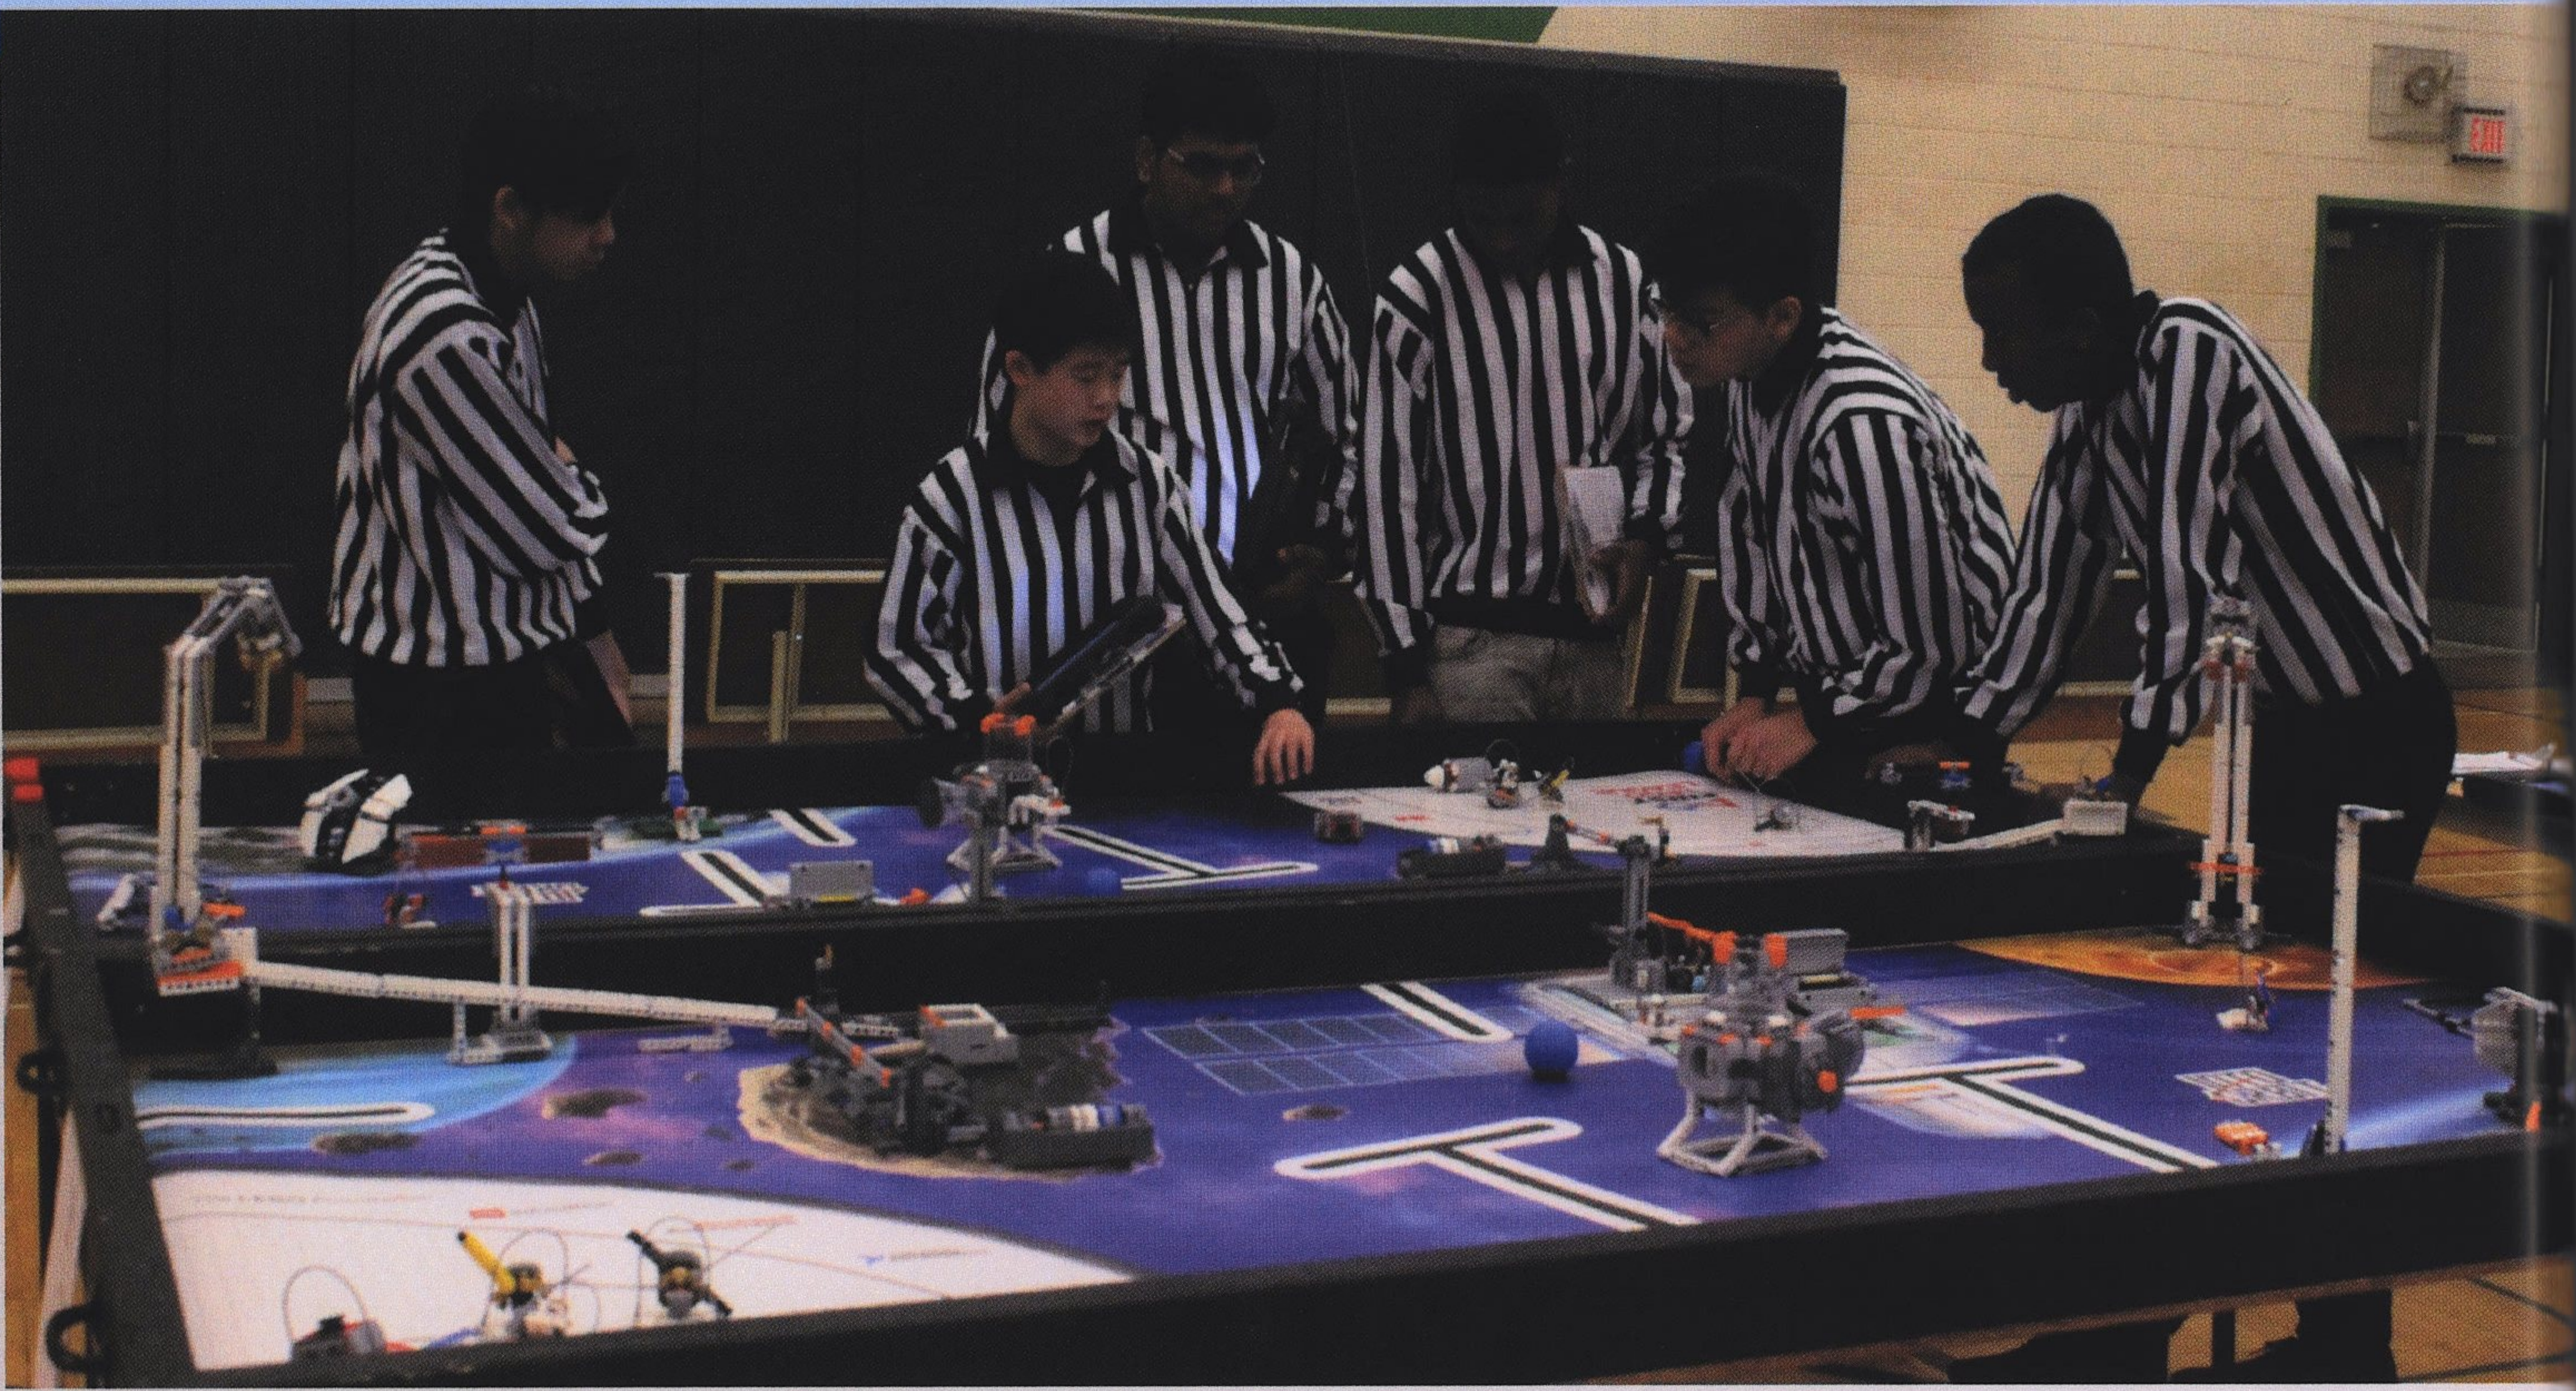

In a big dark house
Somewhere I don't want to be
Insects jumping all over me
Feeling scared and terrified
Wanting to leave and never go back
Ghosts, Monsters and Goblins everywhere
Tonight, they have a party
All the lights burning bright
But I will not go inside

Lego League Rolls On ...

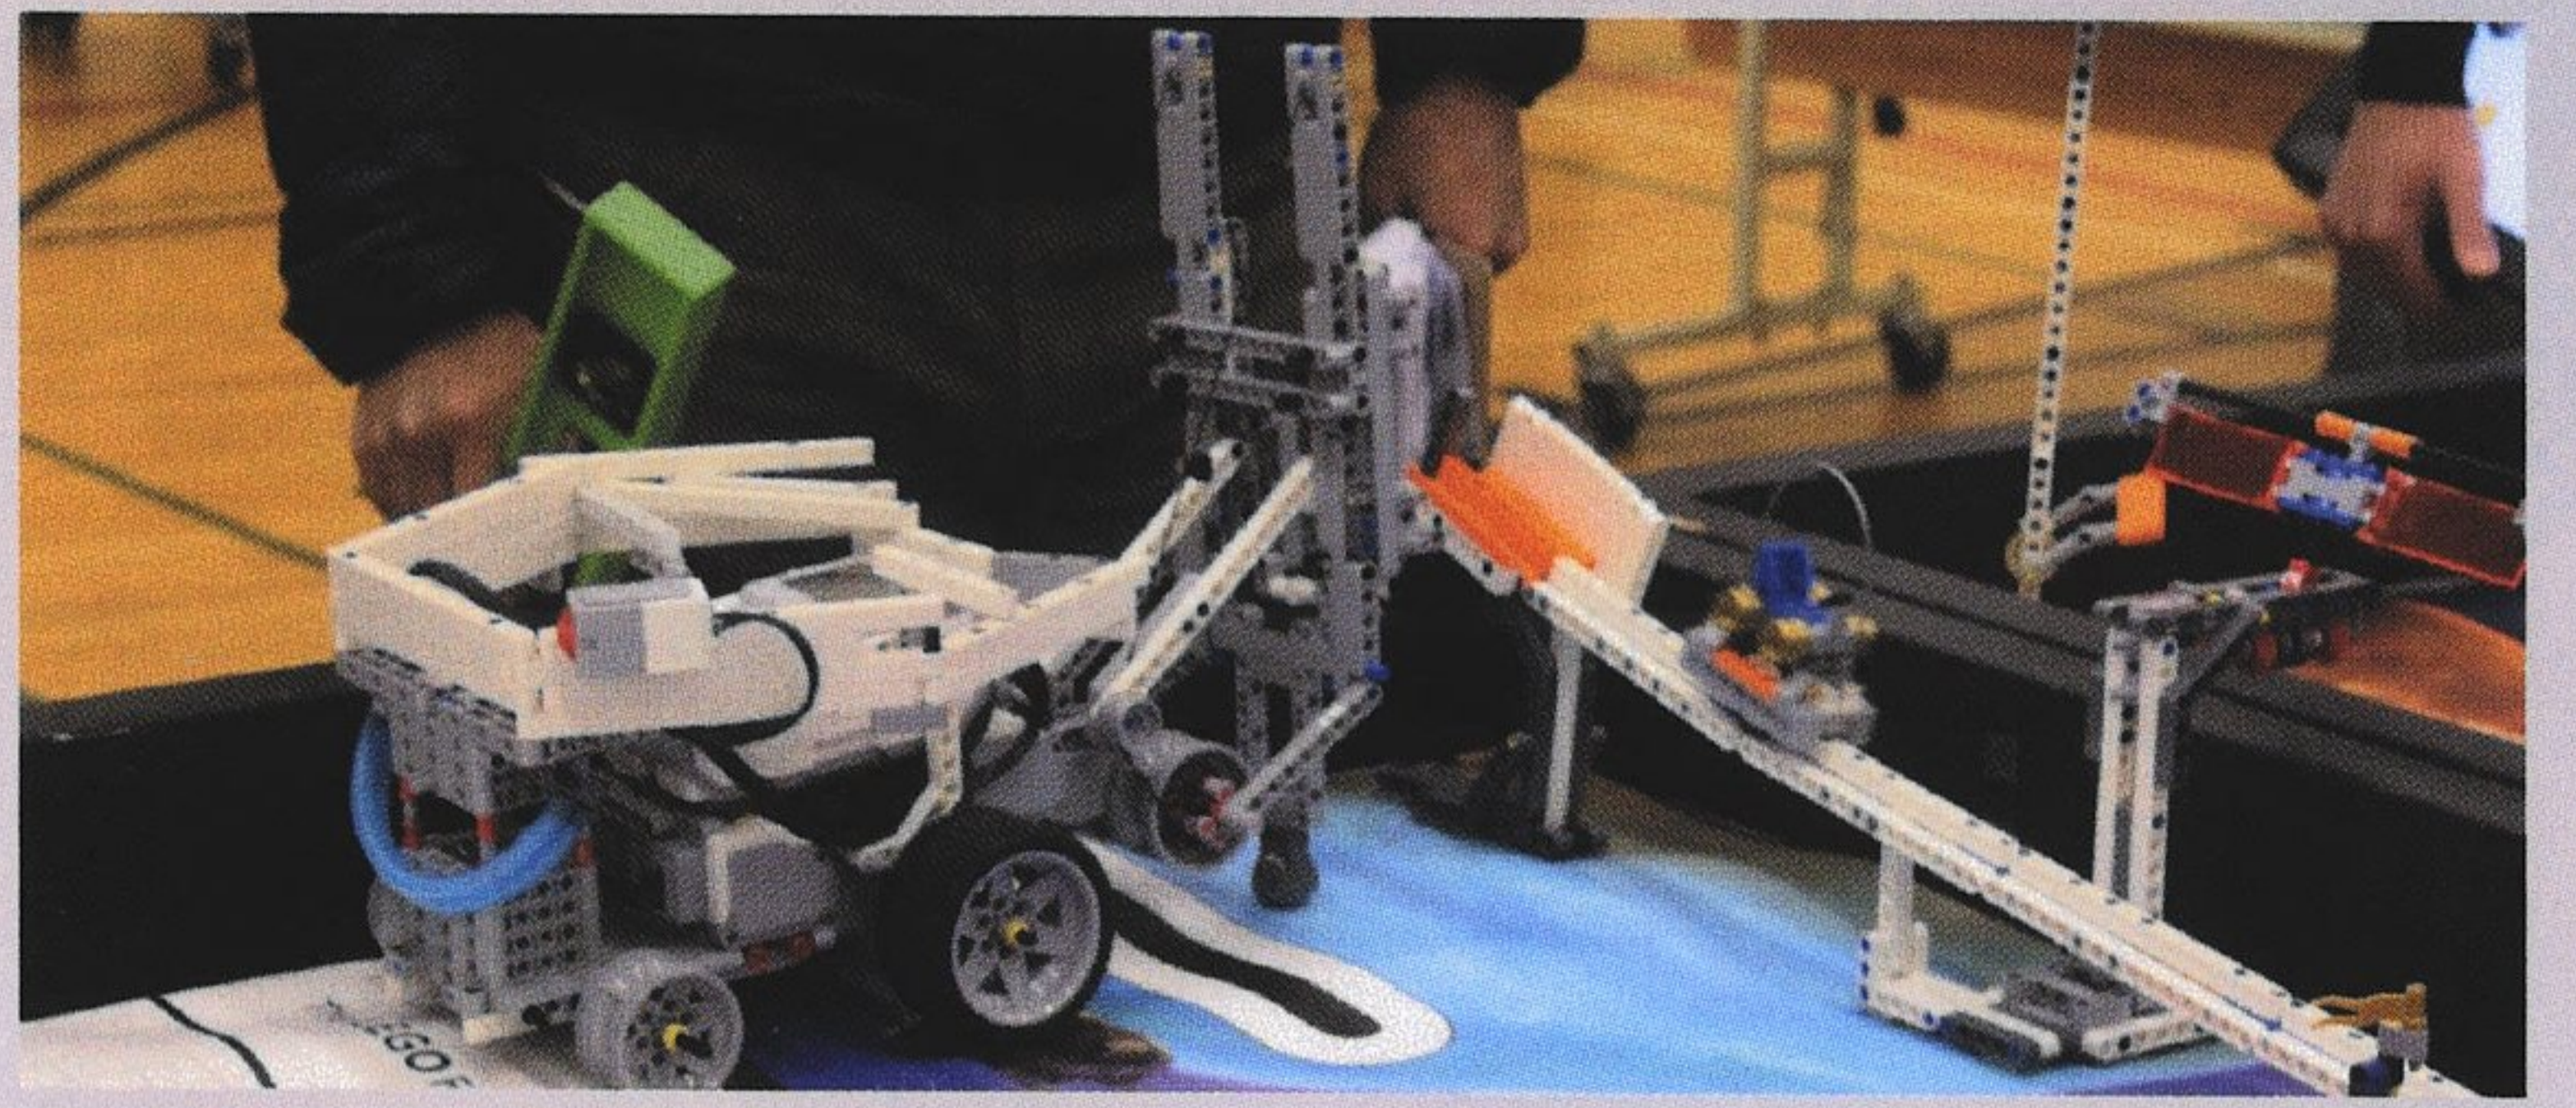

Westview Centennial hosts a FIRST Lego League Competition

Saturday's competition held on November 23rd was for the 18 Junior School Teams of the Toronto District School Board. The teams consisted of 10 students from grade four to eight and two teacher/mentors. The theme was *Into Orbit*. The teams chose a related topic, researched it, found a problem, came up with a solution and then presented their findings. "Missions" were performed on an 8ft by 4ft table using the Lego EV3 robots. The teams were scored on how many missions could be accomplished in 2.5 minutes. The teams also had to demonstrate core values and gracious professionalism when working on a given problem.

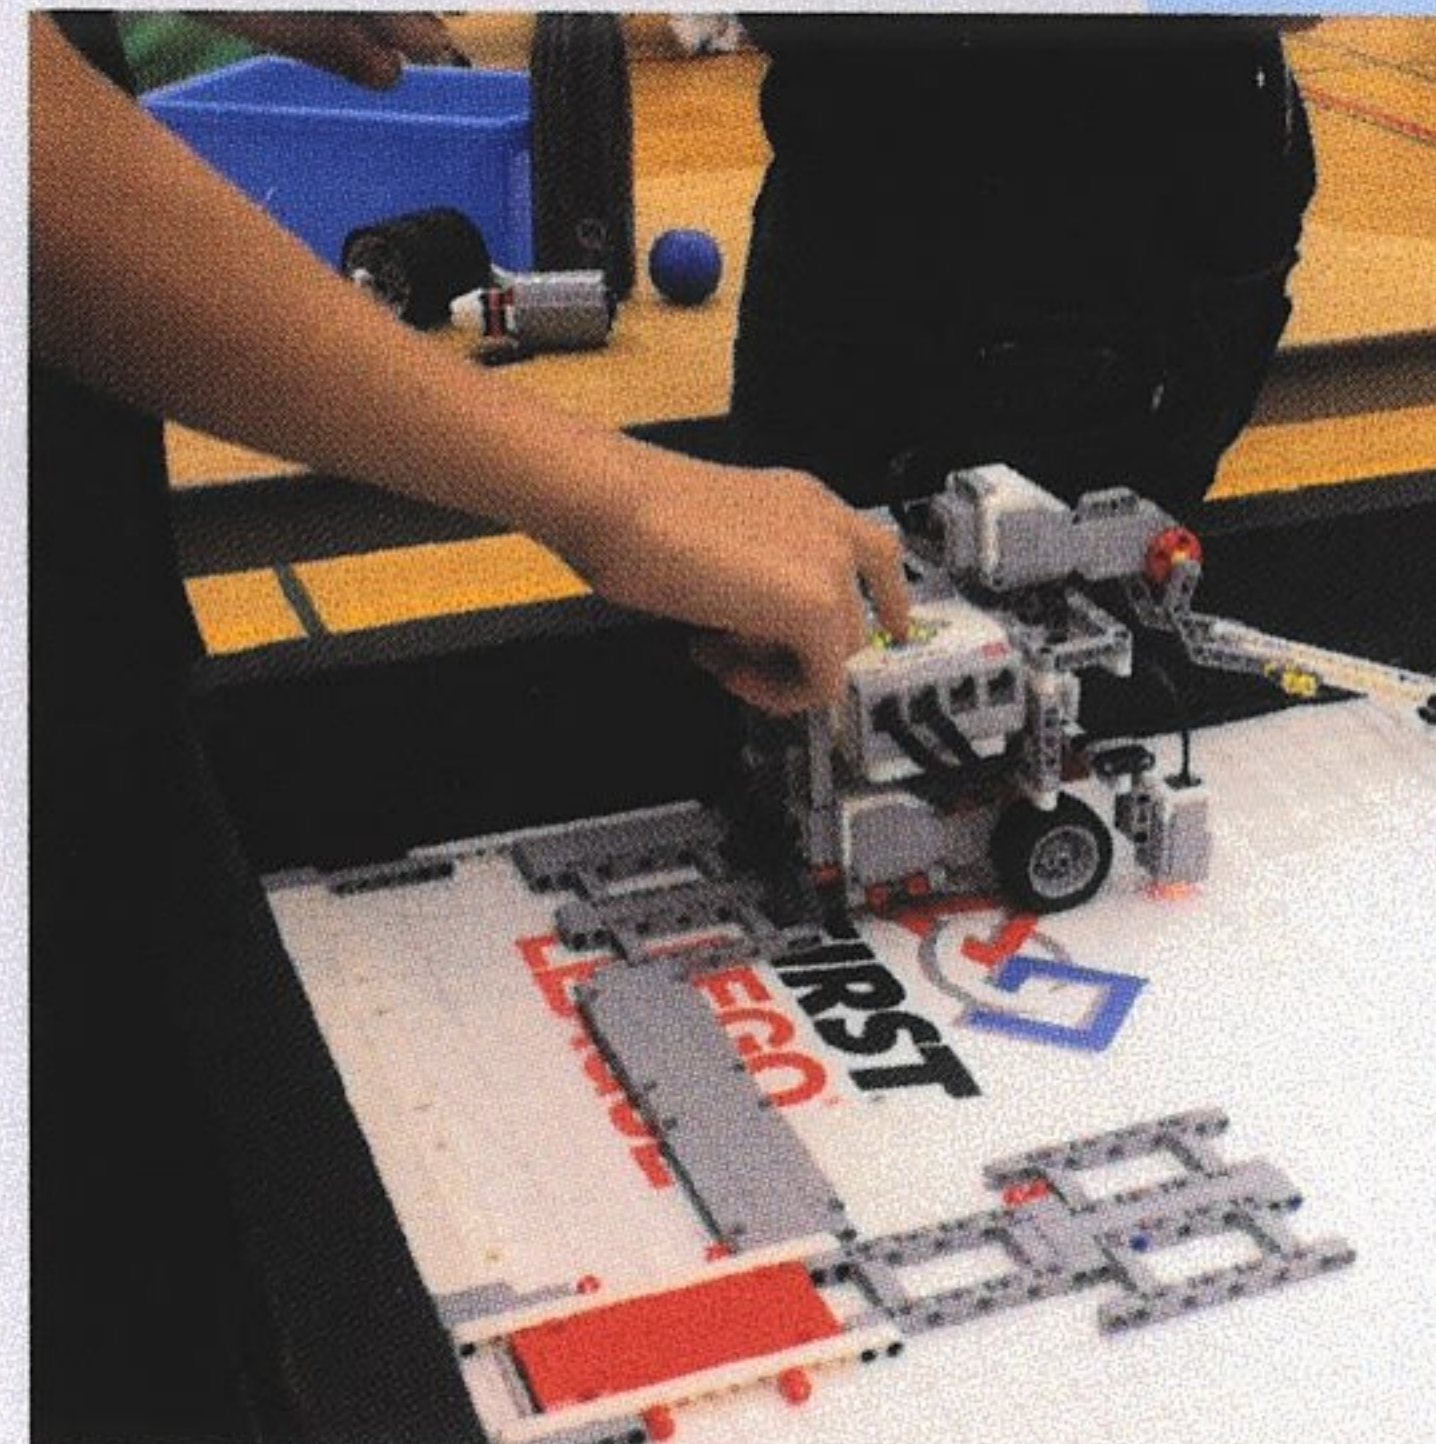

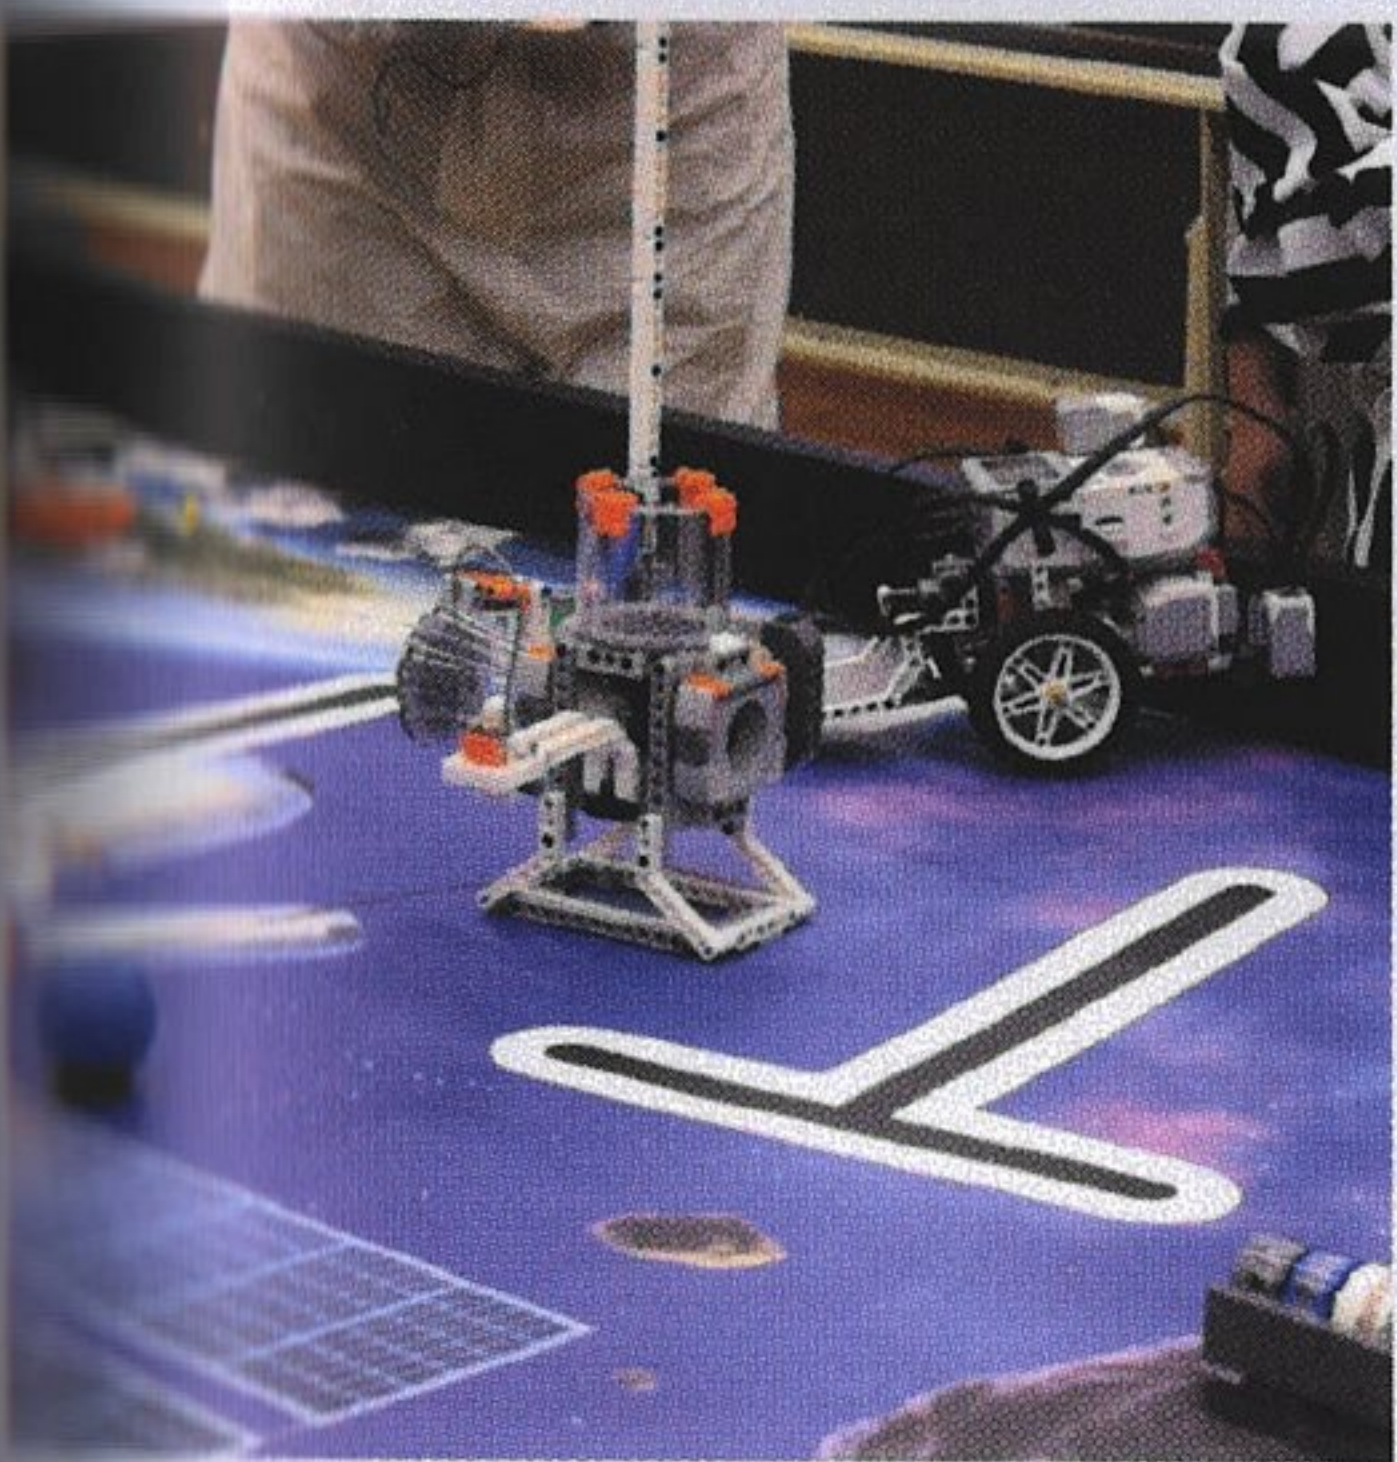

All the activity culminated in finding the winning teams. They will go on to the Provincial Championships that will be held at Durham College with the possibility of moving on to the World Championships in Detroit.

Westview is very proud to host these kinds of events and even more proud of all of our student volunteers that helped make it a fun event for all of the participants. A special thank you goes out Mr. Thorne for his tireless work with First Robotics and for doing all the "heavy lifting" required to organize and host this event. We would also like to acknowledge that these events cannot take place without the support of our Superintendent Mr. Salmon, our Principal, Mr. Gala, and our Vice Principal Ms. Sawh.

The FIRST Lego league had an amazing turn out. Spectators and teams alike listen to the rules and regulations with rapt attention.

Mixed Company Theatre Act it Up

Mixed Company Theatre and students discuss controversial issues...

"Hey, not to be offensive or anything but are you gay?"...

"...It's none of your business!"

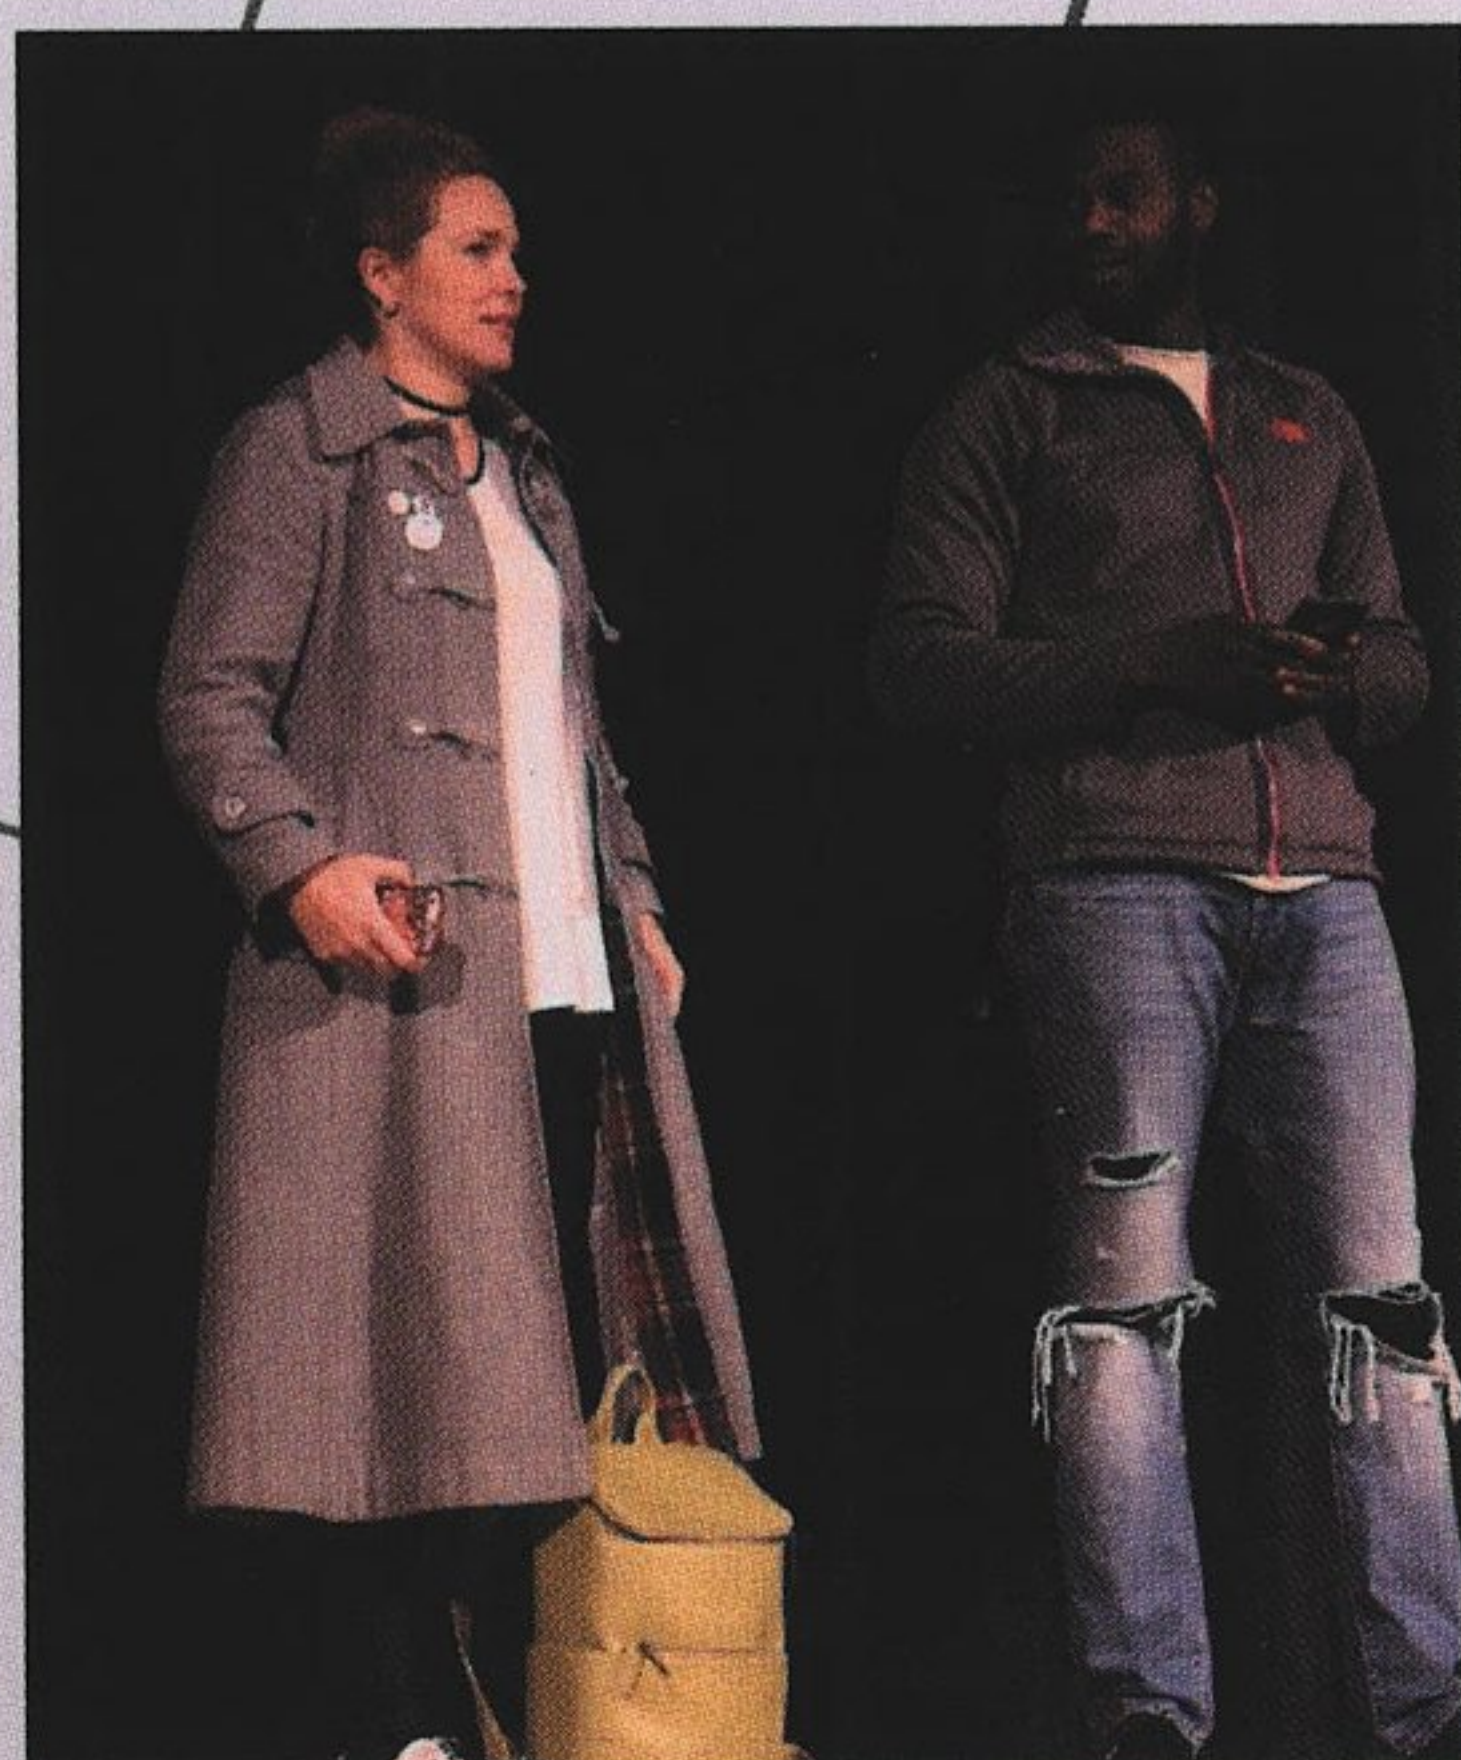

"Ha, I knew it! You are gay!"

Unfortunately this common form of bullying on social media takes place in many high schools so...

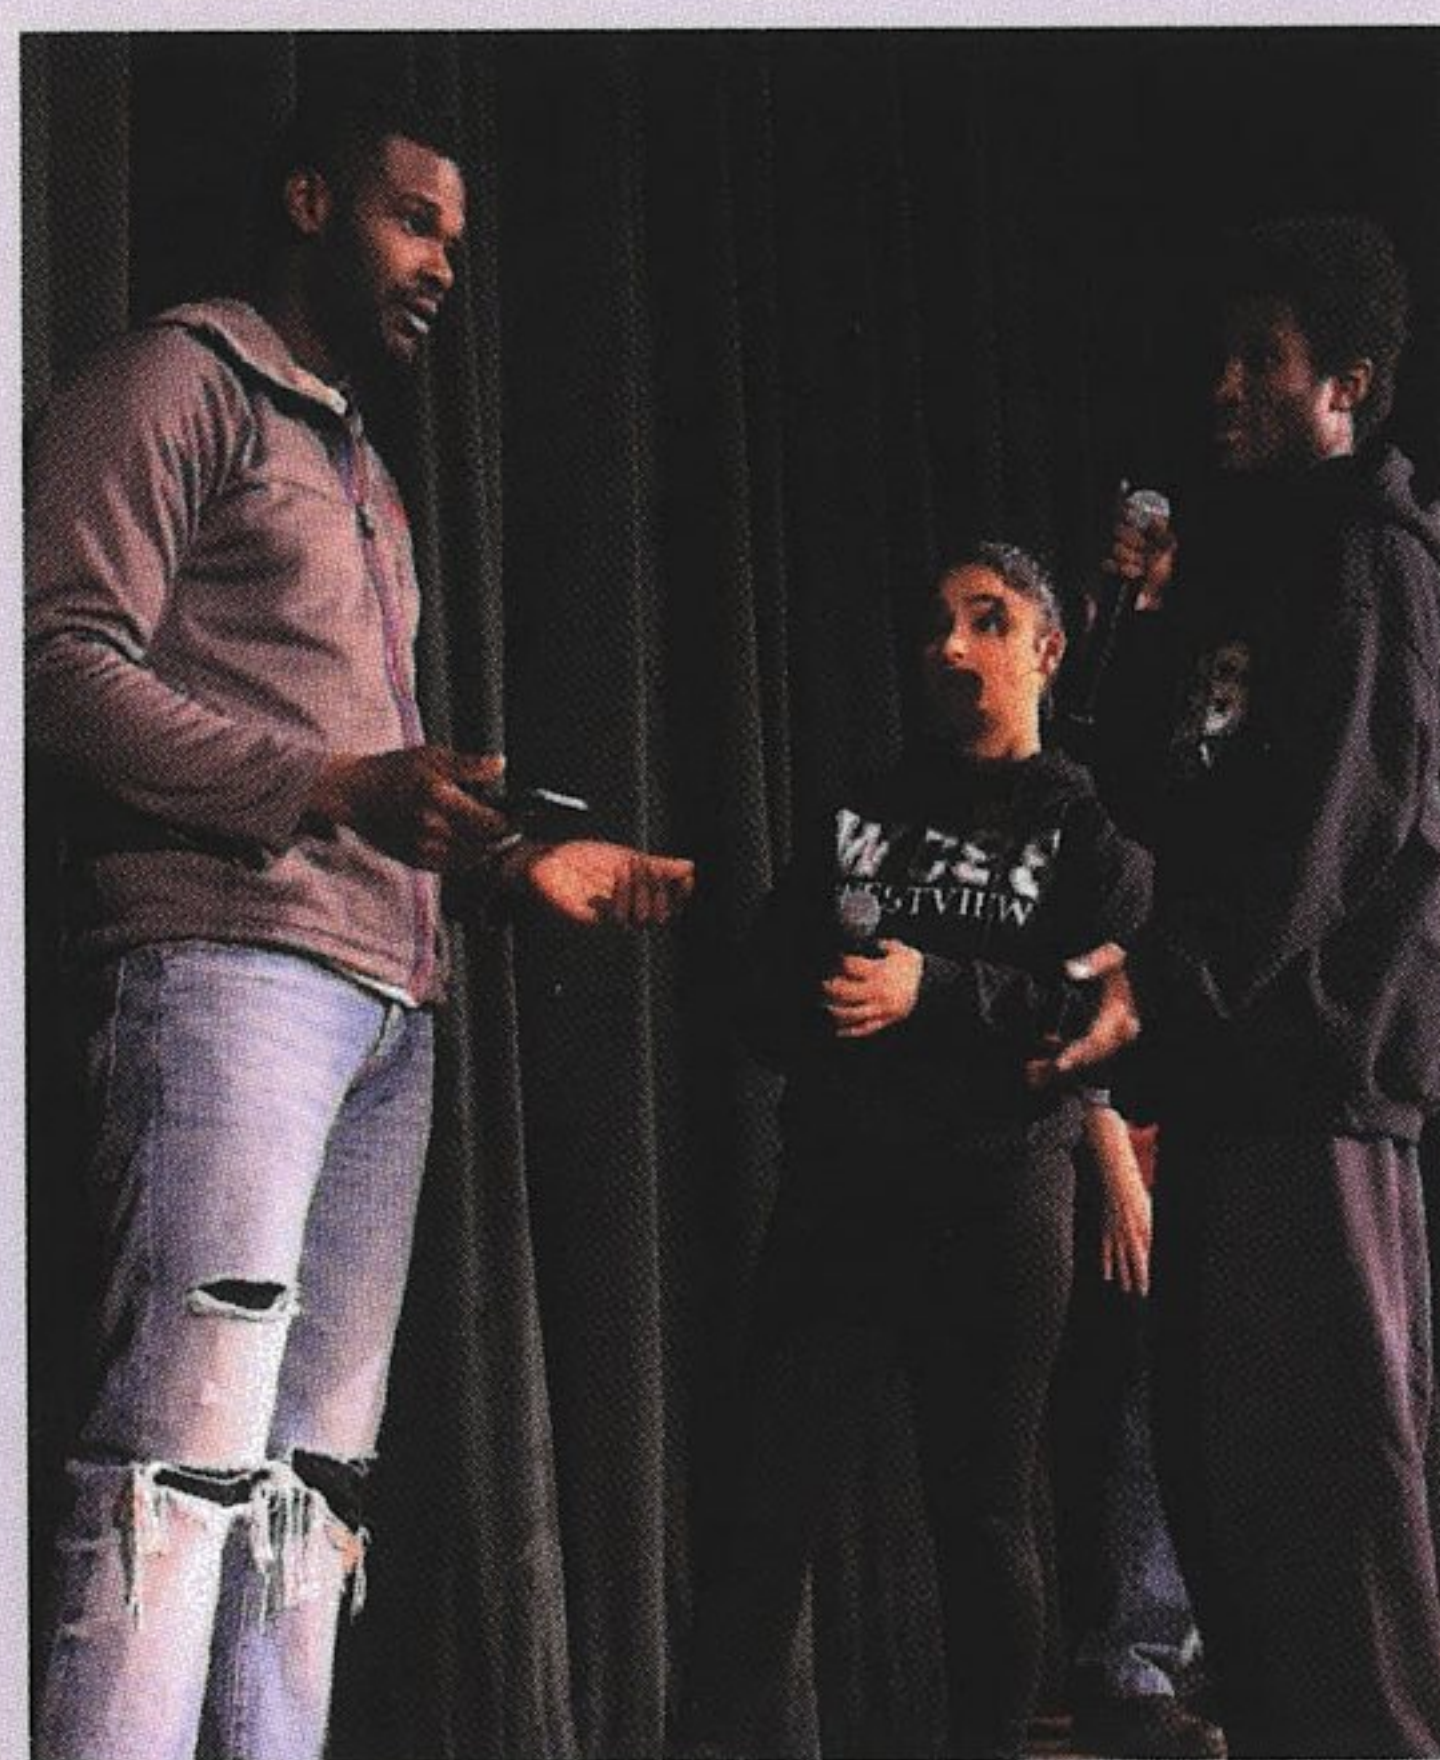

Anti Homophobia Lightning Forum got students INVOLVED.

Forum Theatre established in the 1960's by the Brazilian, Augusto Boal requires the audience to intervene to improve or offer alternate ways to correct the oppressive behavior in scenarios presented.

...on December 6th the National Day of Remembrance and Action on Violence Against Women, also known as White Ribbon Day, Westview held a workshop by Mixed Company Theatre. Homophobia, cyber-bullying, and dating were the topics addressed. Expertly moderated by artistic director Simon Malbogot and actors, Nicole Wilson, Sefton Jackson and Allan Wilson, students worked through ways to navigate the landscape of healthy relationships.

Big numbers mean big success

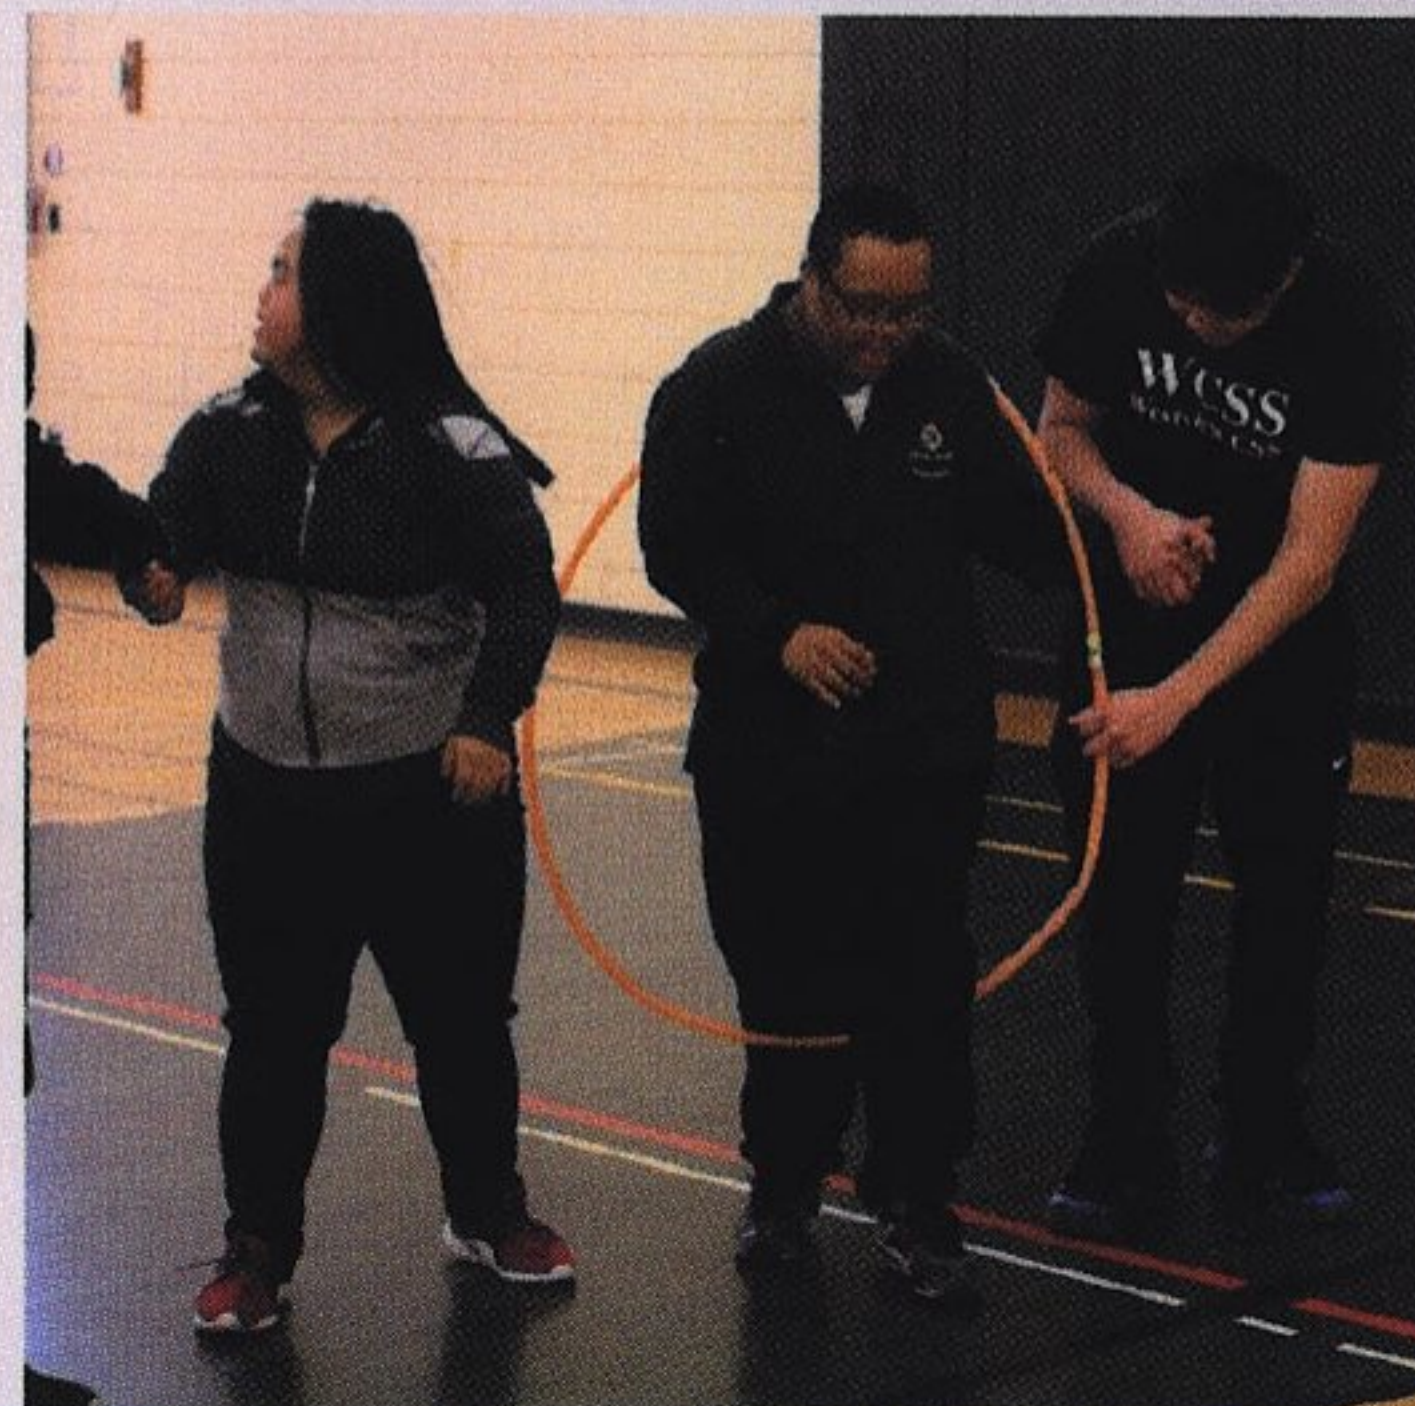

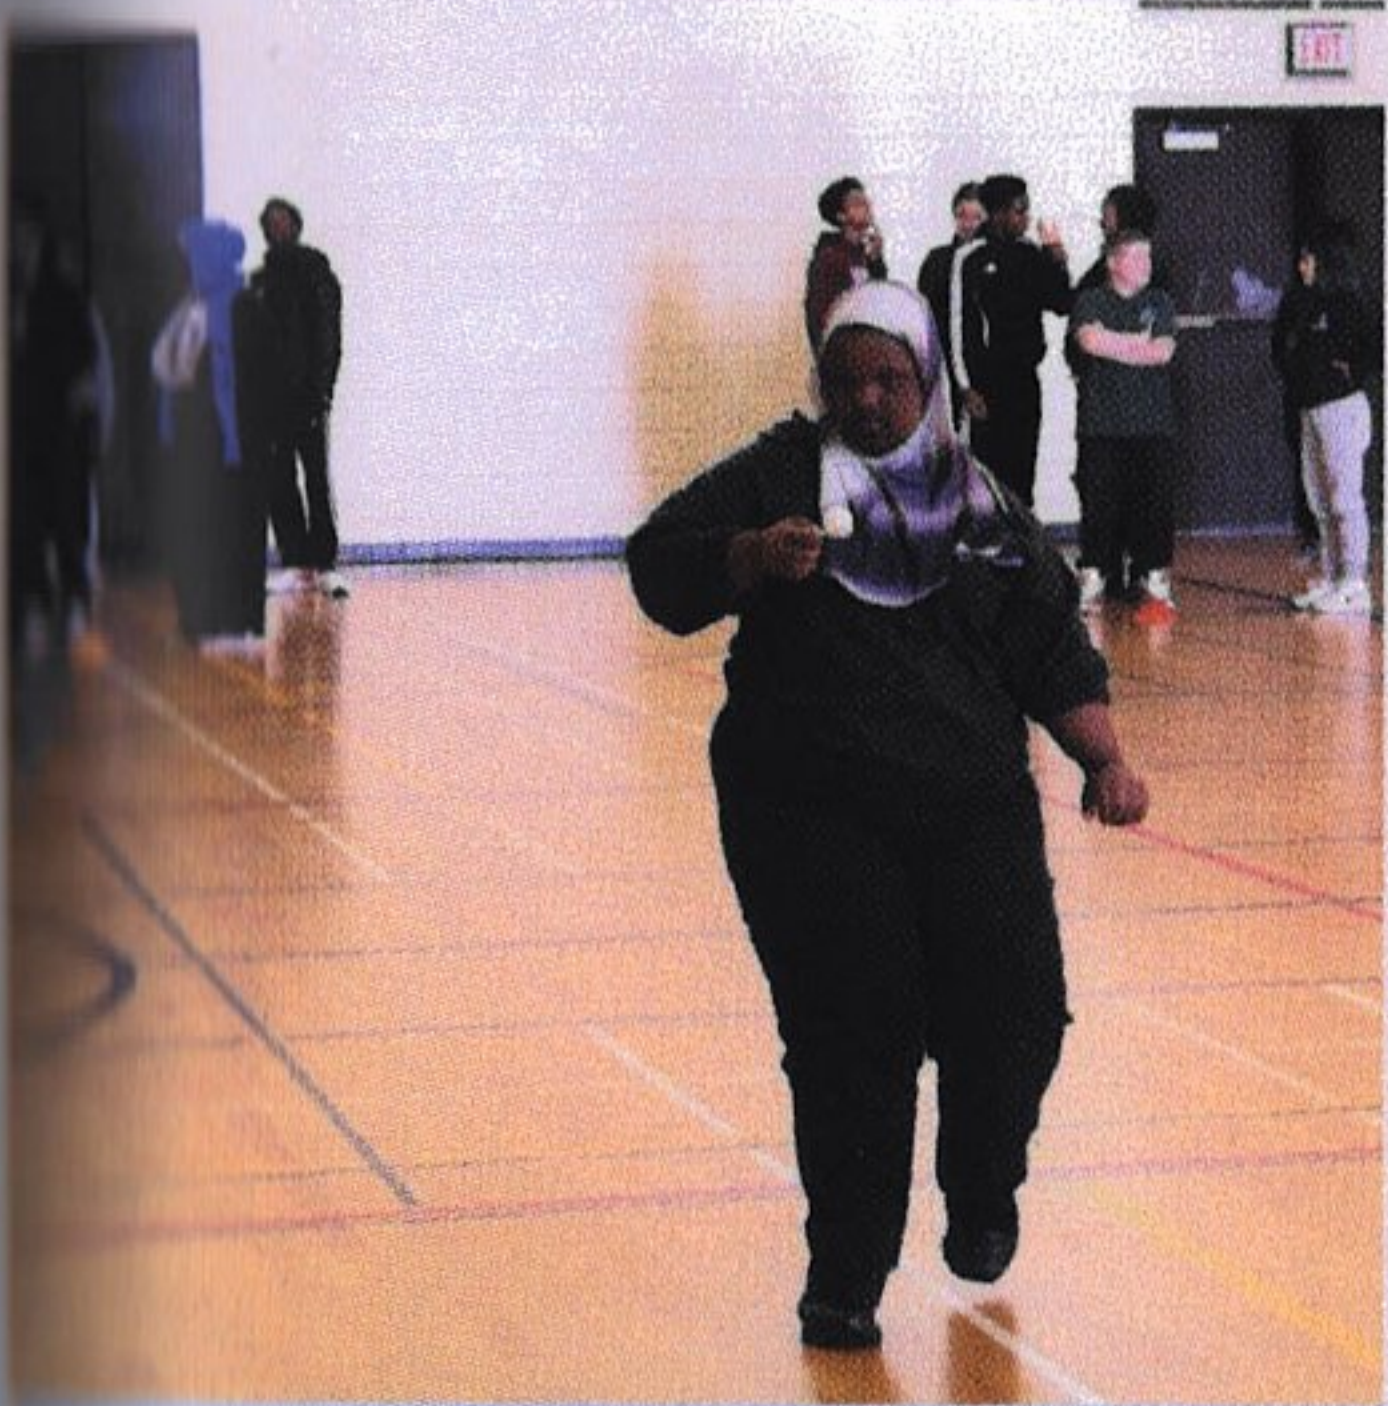

This Leadership Class of 37 students had a semester full of opportunities. It allowed them to focus on leadership qualities, reinforced collaboration throughout the school, provided opportunities to plan school wide events and implemented a *FUSE* program that worked with students from the developmental disability program.

The *FUSE* program took place on a weekly basis, where leadership students had a chance to create a learning environment that was inclusive to all. It allowed both groups of students to increase their socialization, enhance personal and group development while encouraging and fostering school leadership. Each *FUSE* session focused on the different elements of leadership such as communication, teamwork, trust, integration, socialization and empowerment of all. From building egg protector shelters to be later drop kicked or breaking into a random dance session in the middle of the gym, the *FUSE* program had something for every participant.

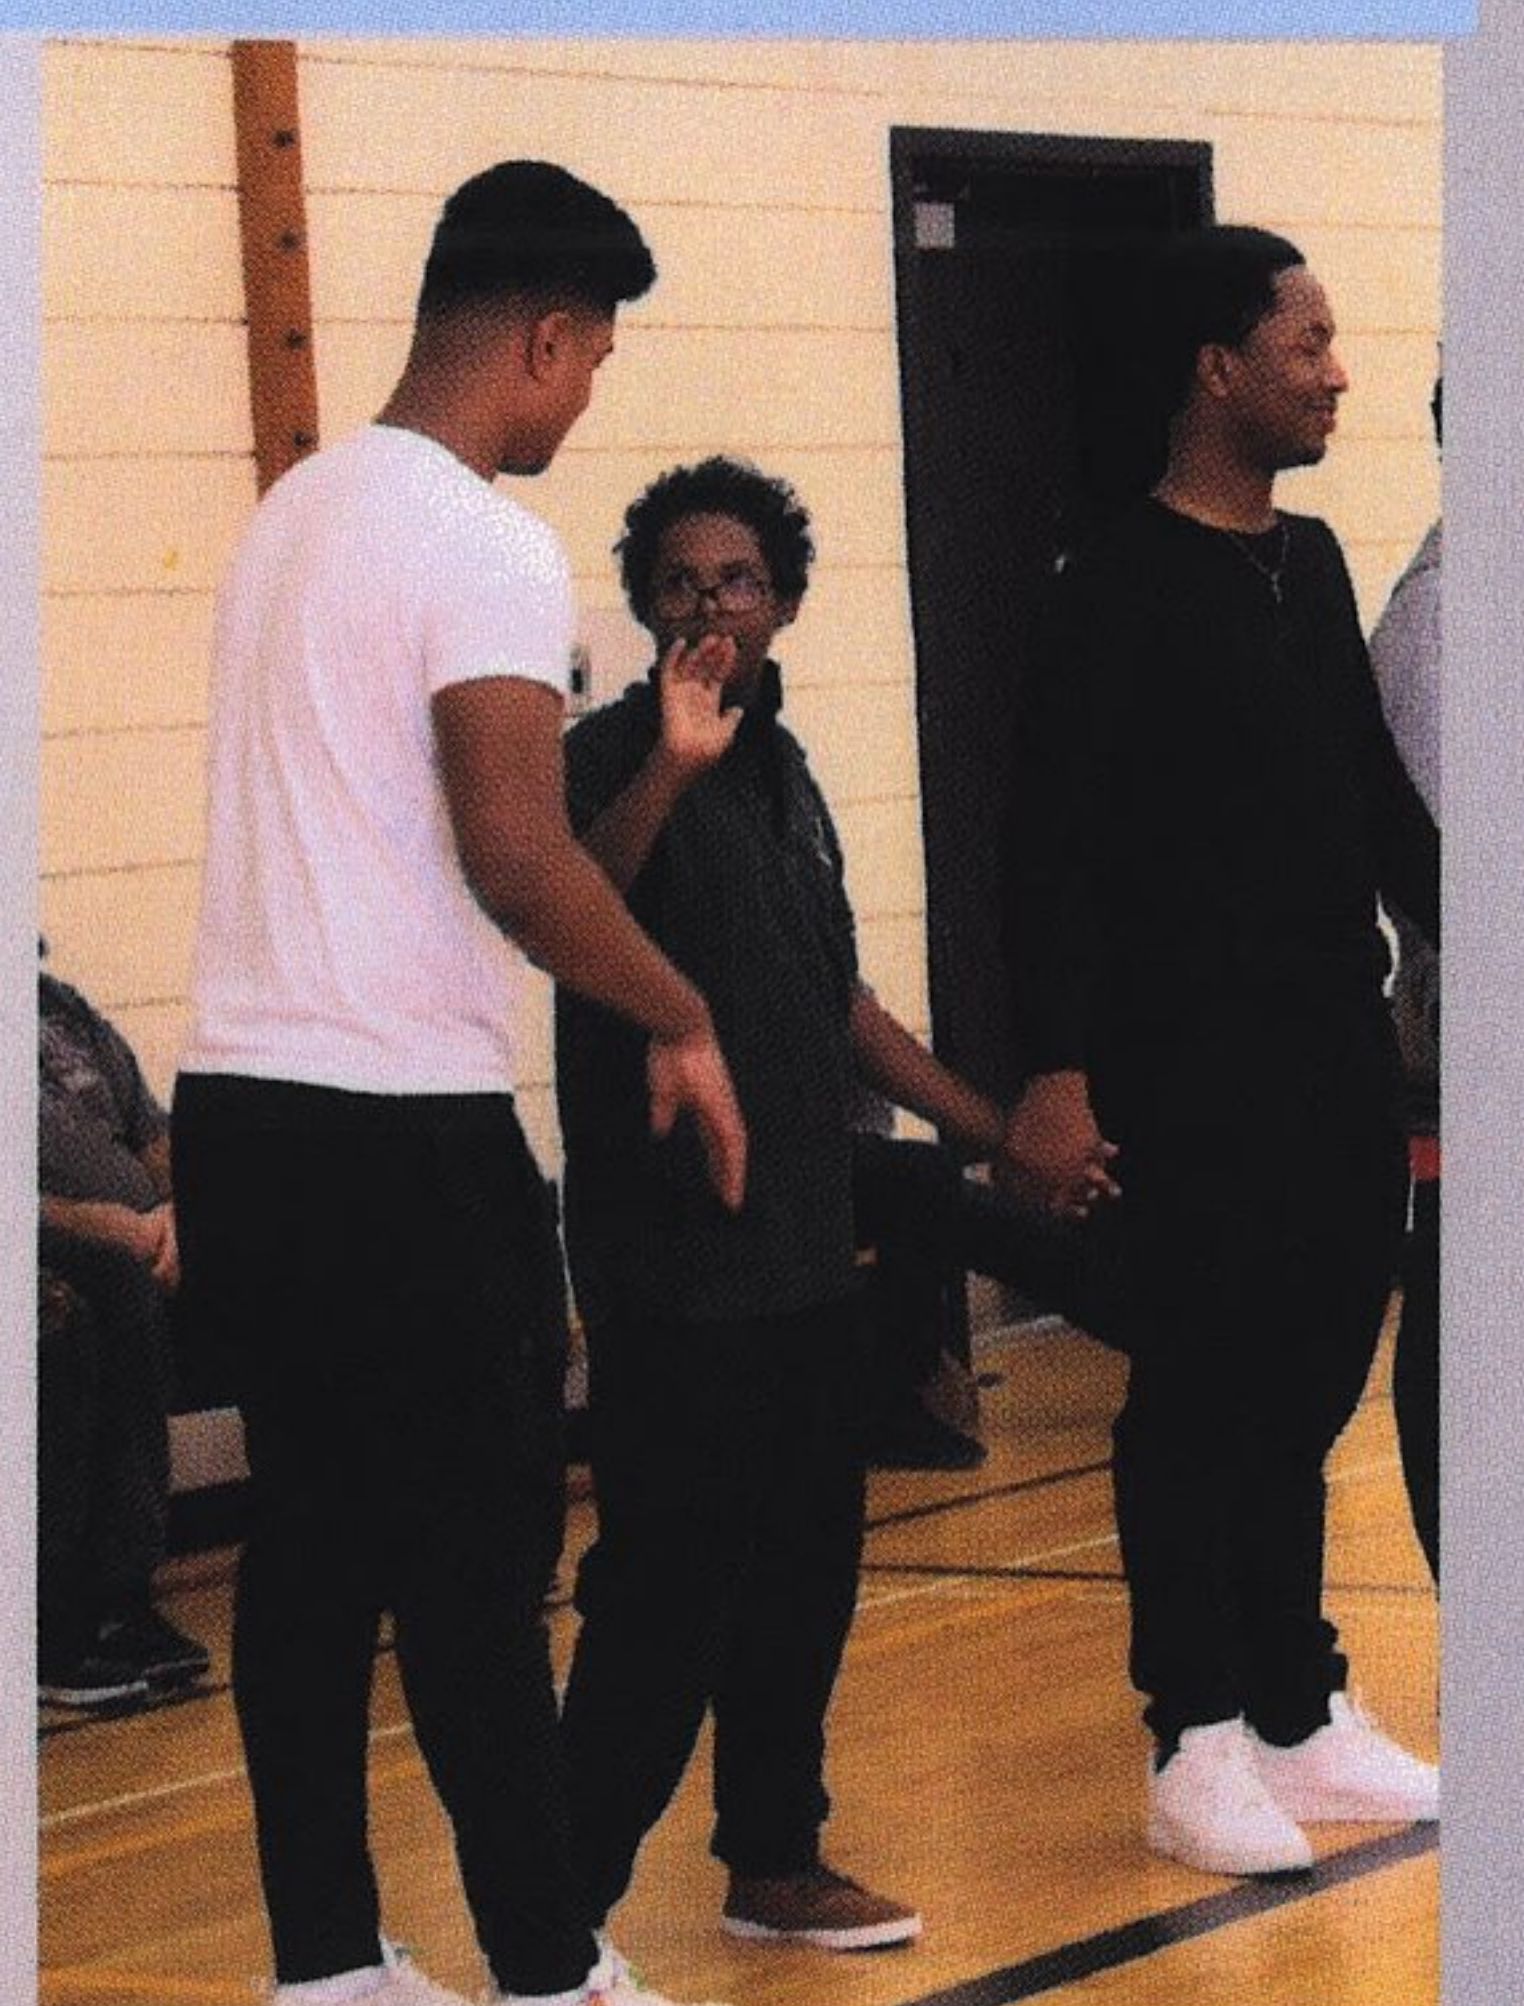

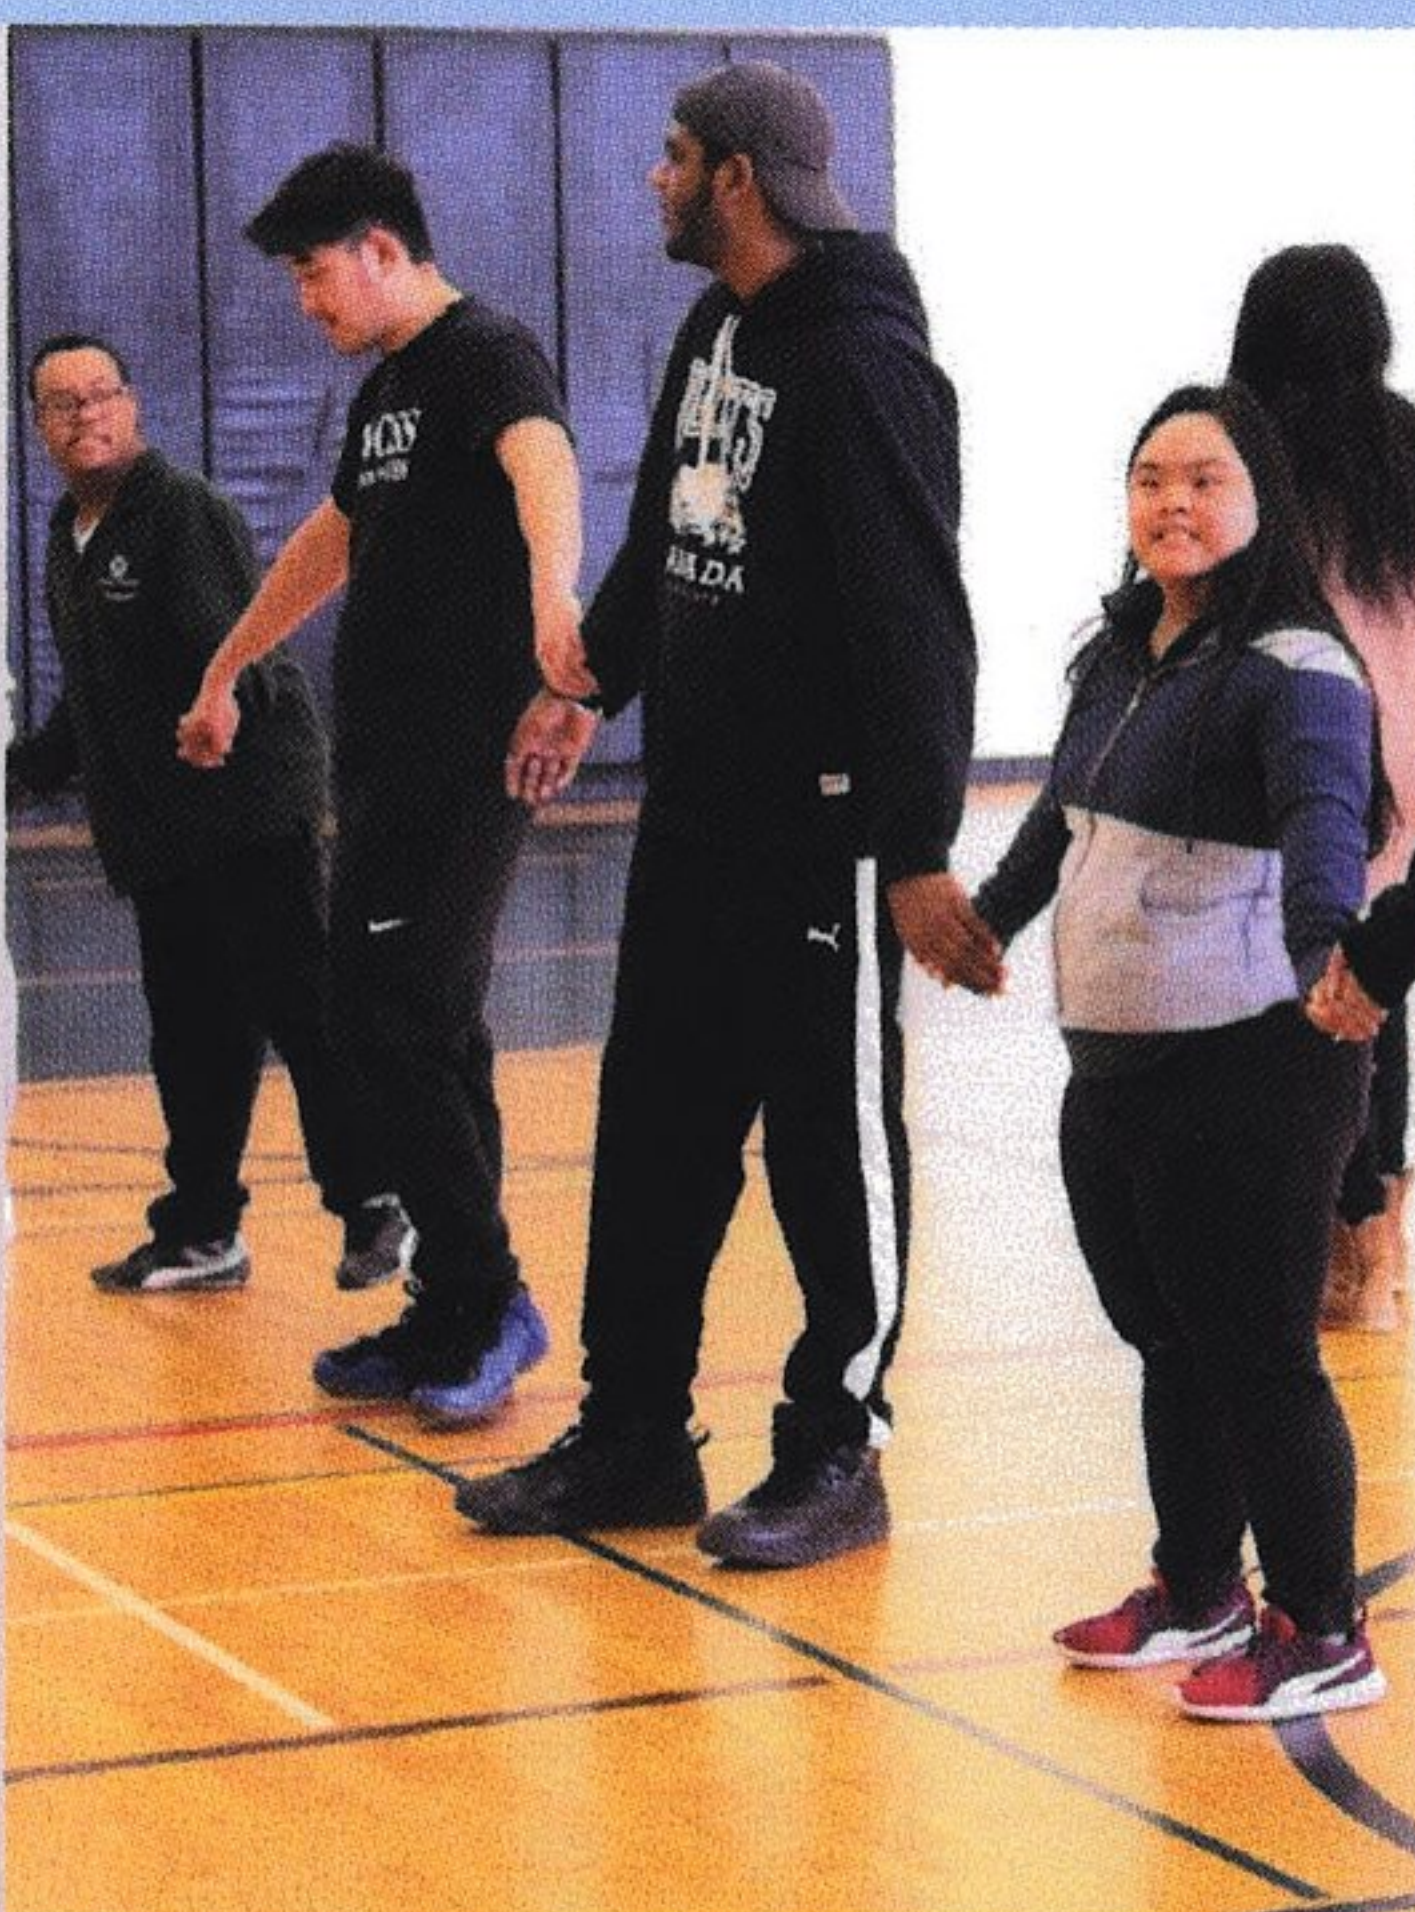

Participants all raved about how much fun they had each week and looked forward to these weekly gym sessions as they built phenomenal friendships.

We hope to see the *FUSE* program back in action next year!

Both classes join hands, while participating in leadership orientated games. The students have fun, while learning coordination skills.

African Heritage Month

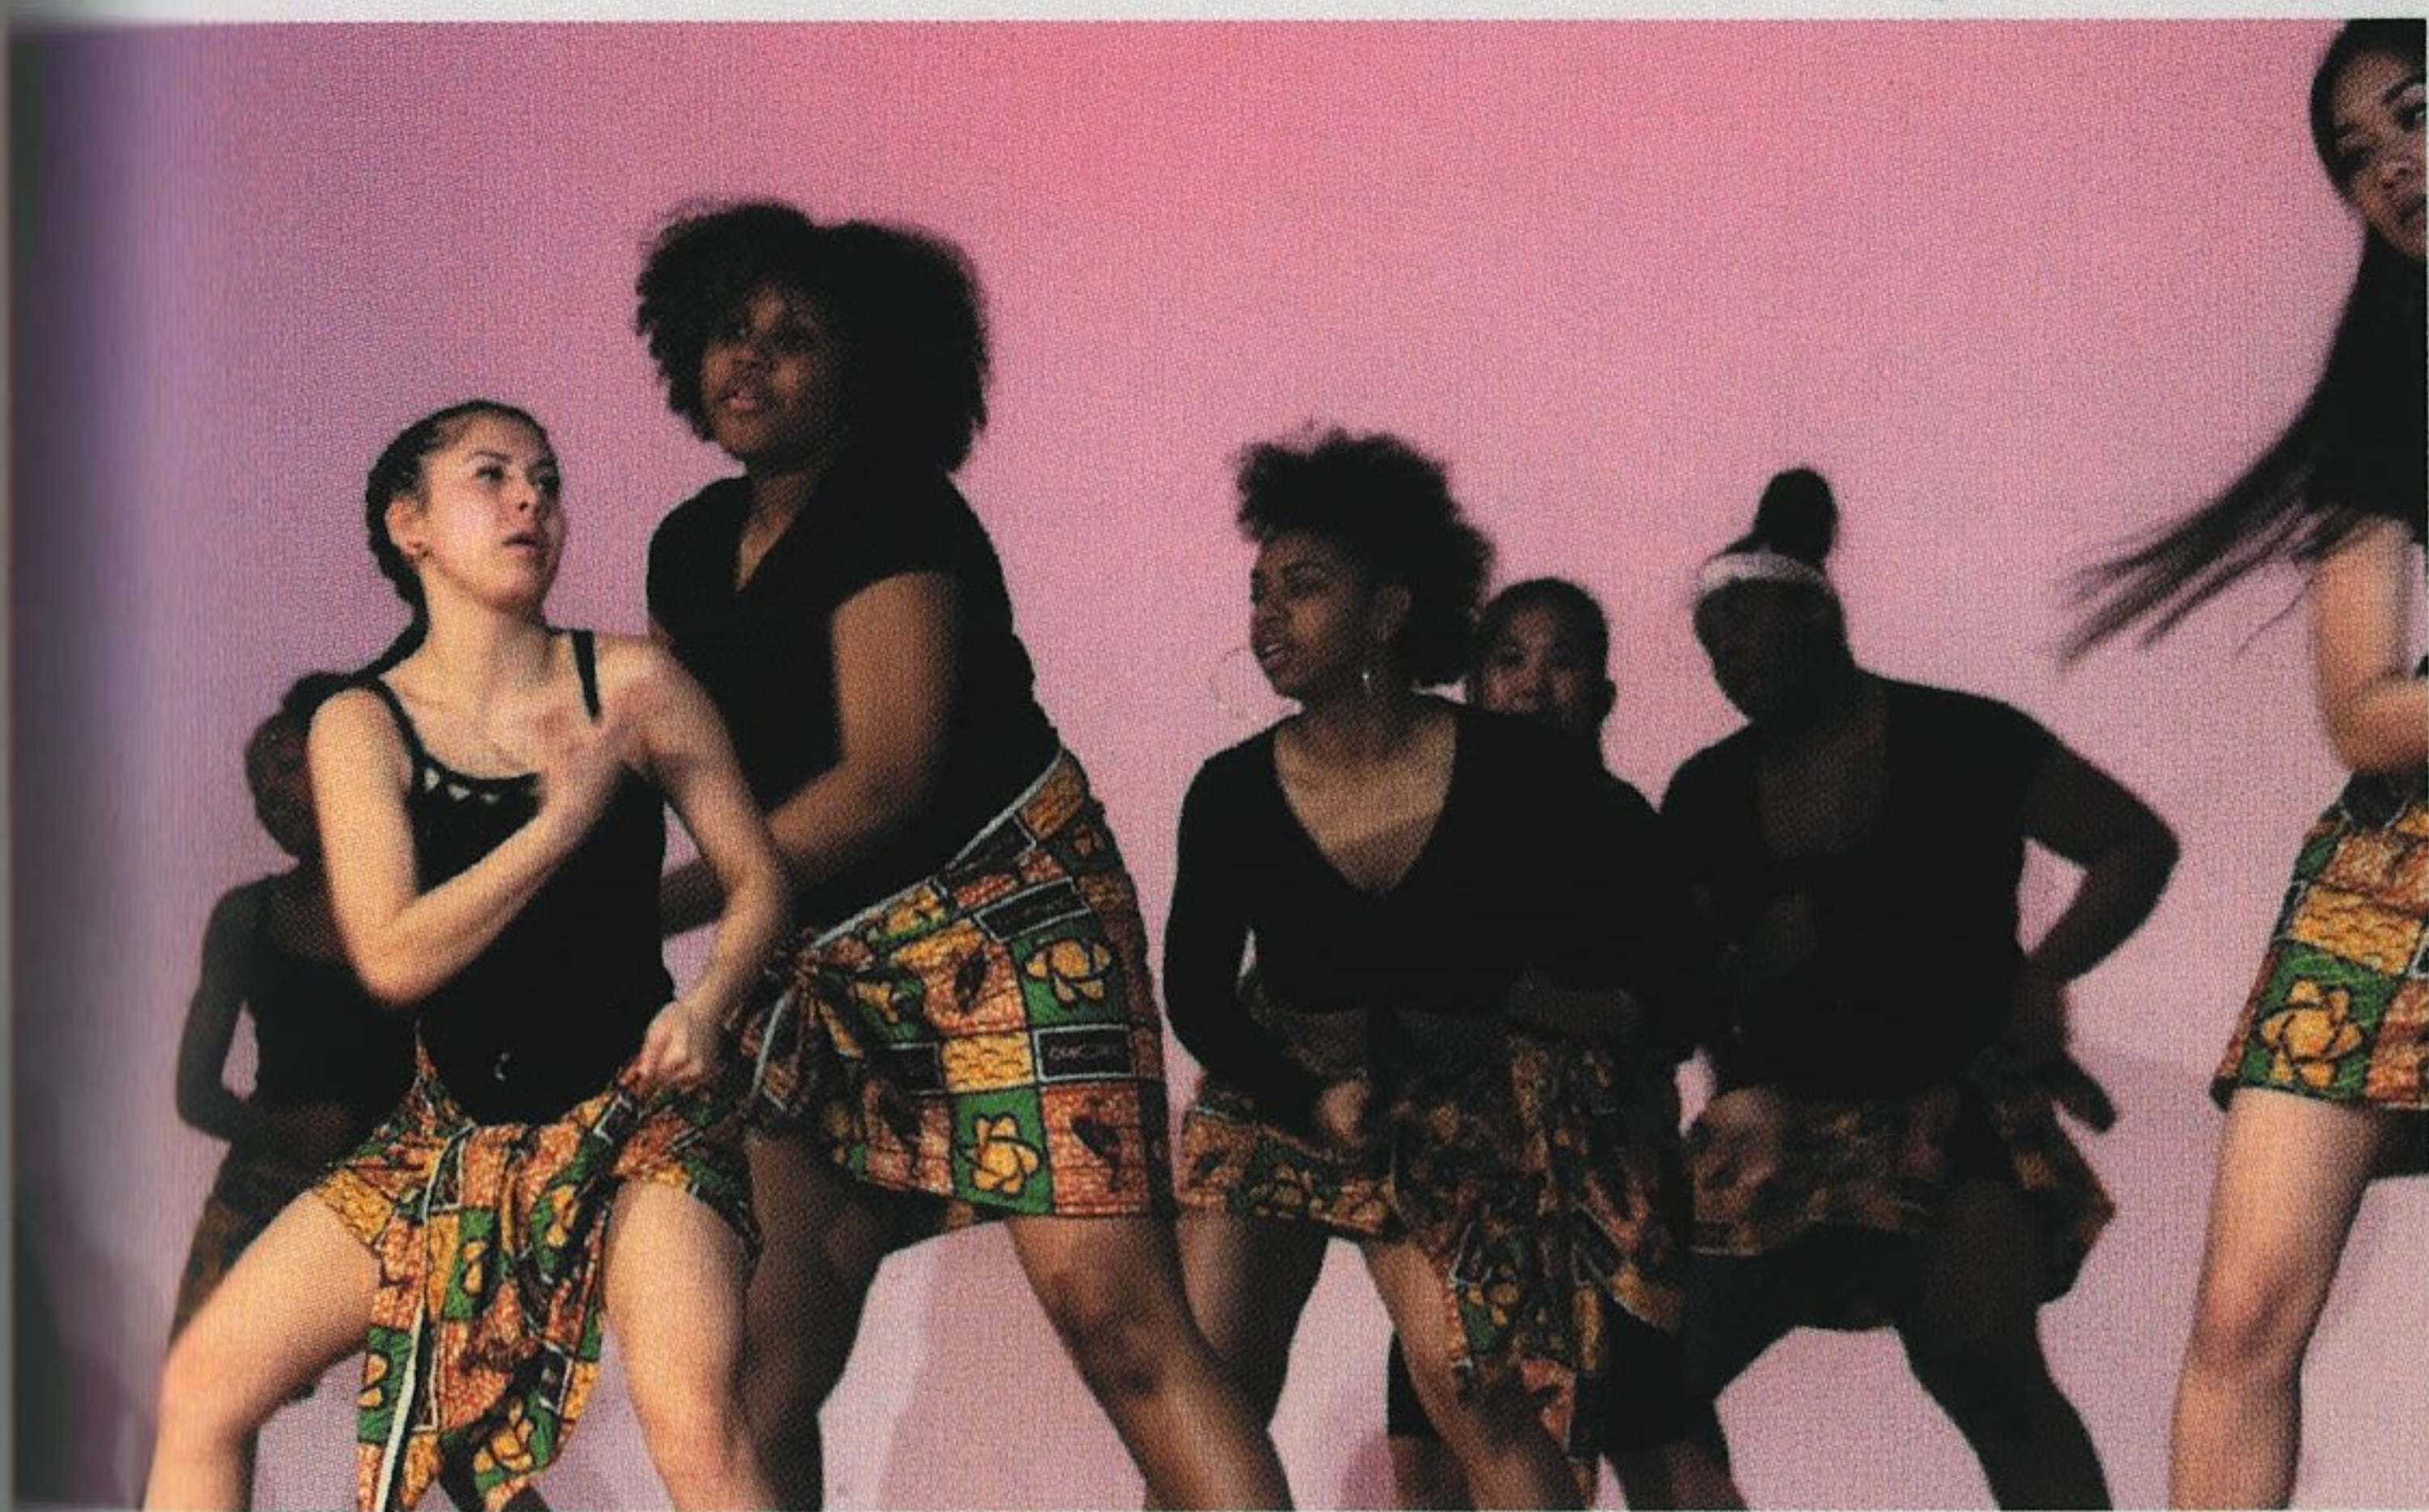

African Heritage Month is widely celebrated throughout the Toronto District School Board and Westview is no exception. Our talented students never fail to deliver outstanding performances. One of the highlights of this year's assembly was a surprise visit by the Etobicoke School of the Arts, whose students took the stage to perform spoken word pieces and expressive dances. Westview students also were able to bring their own artistic interpretations, with many varied performances. This year's assembly was not only educational but also very entertaining and fun for everyone participating, performers and audience members alike.

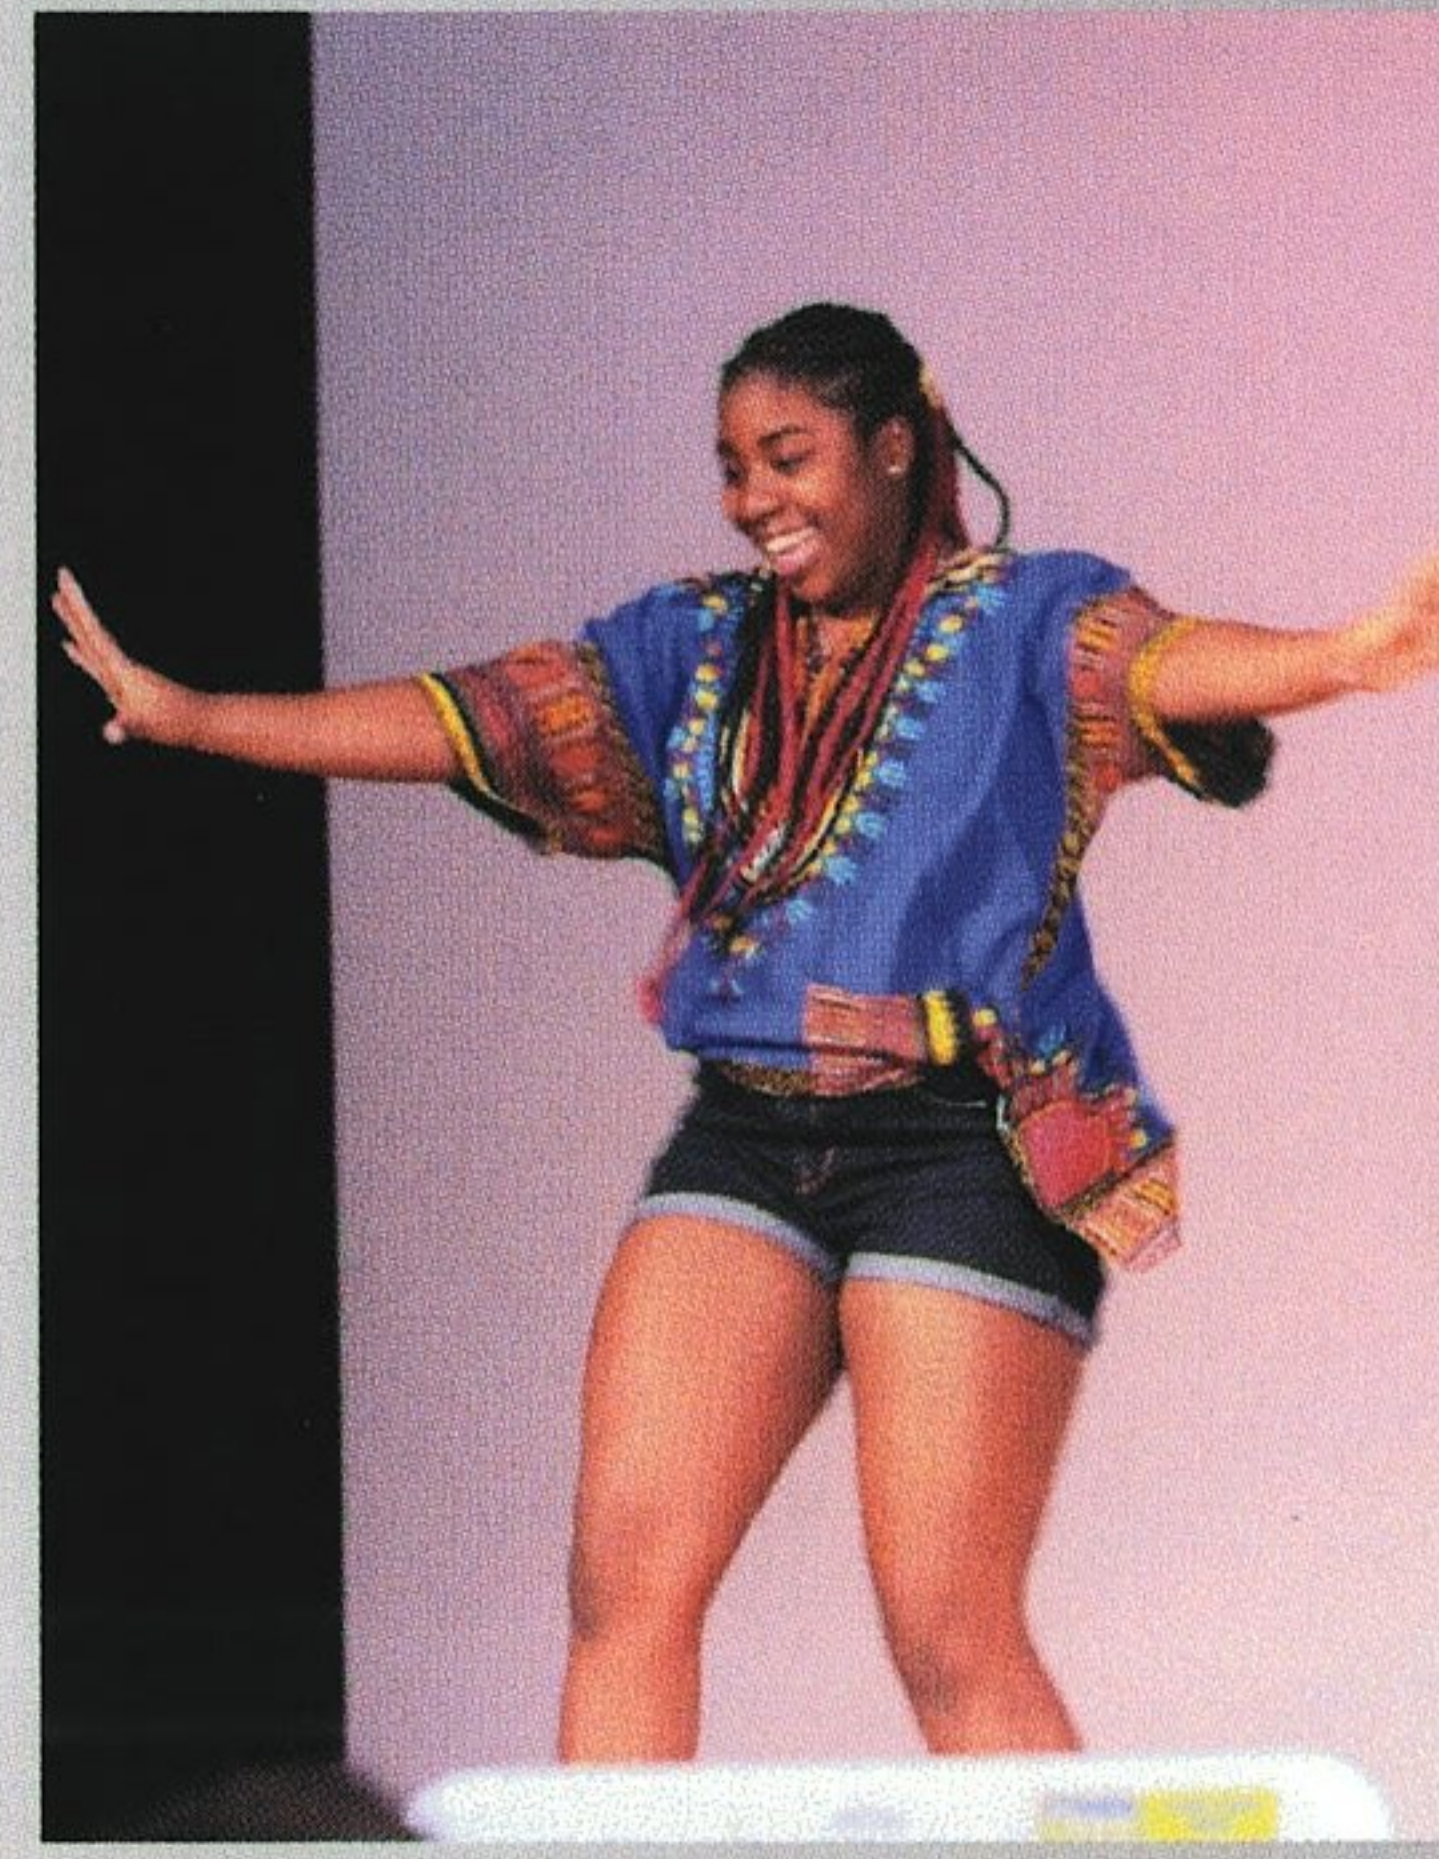

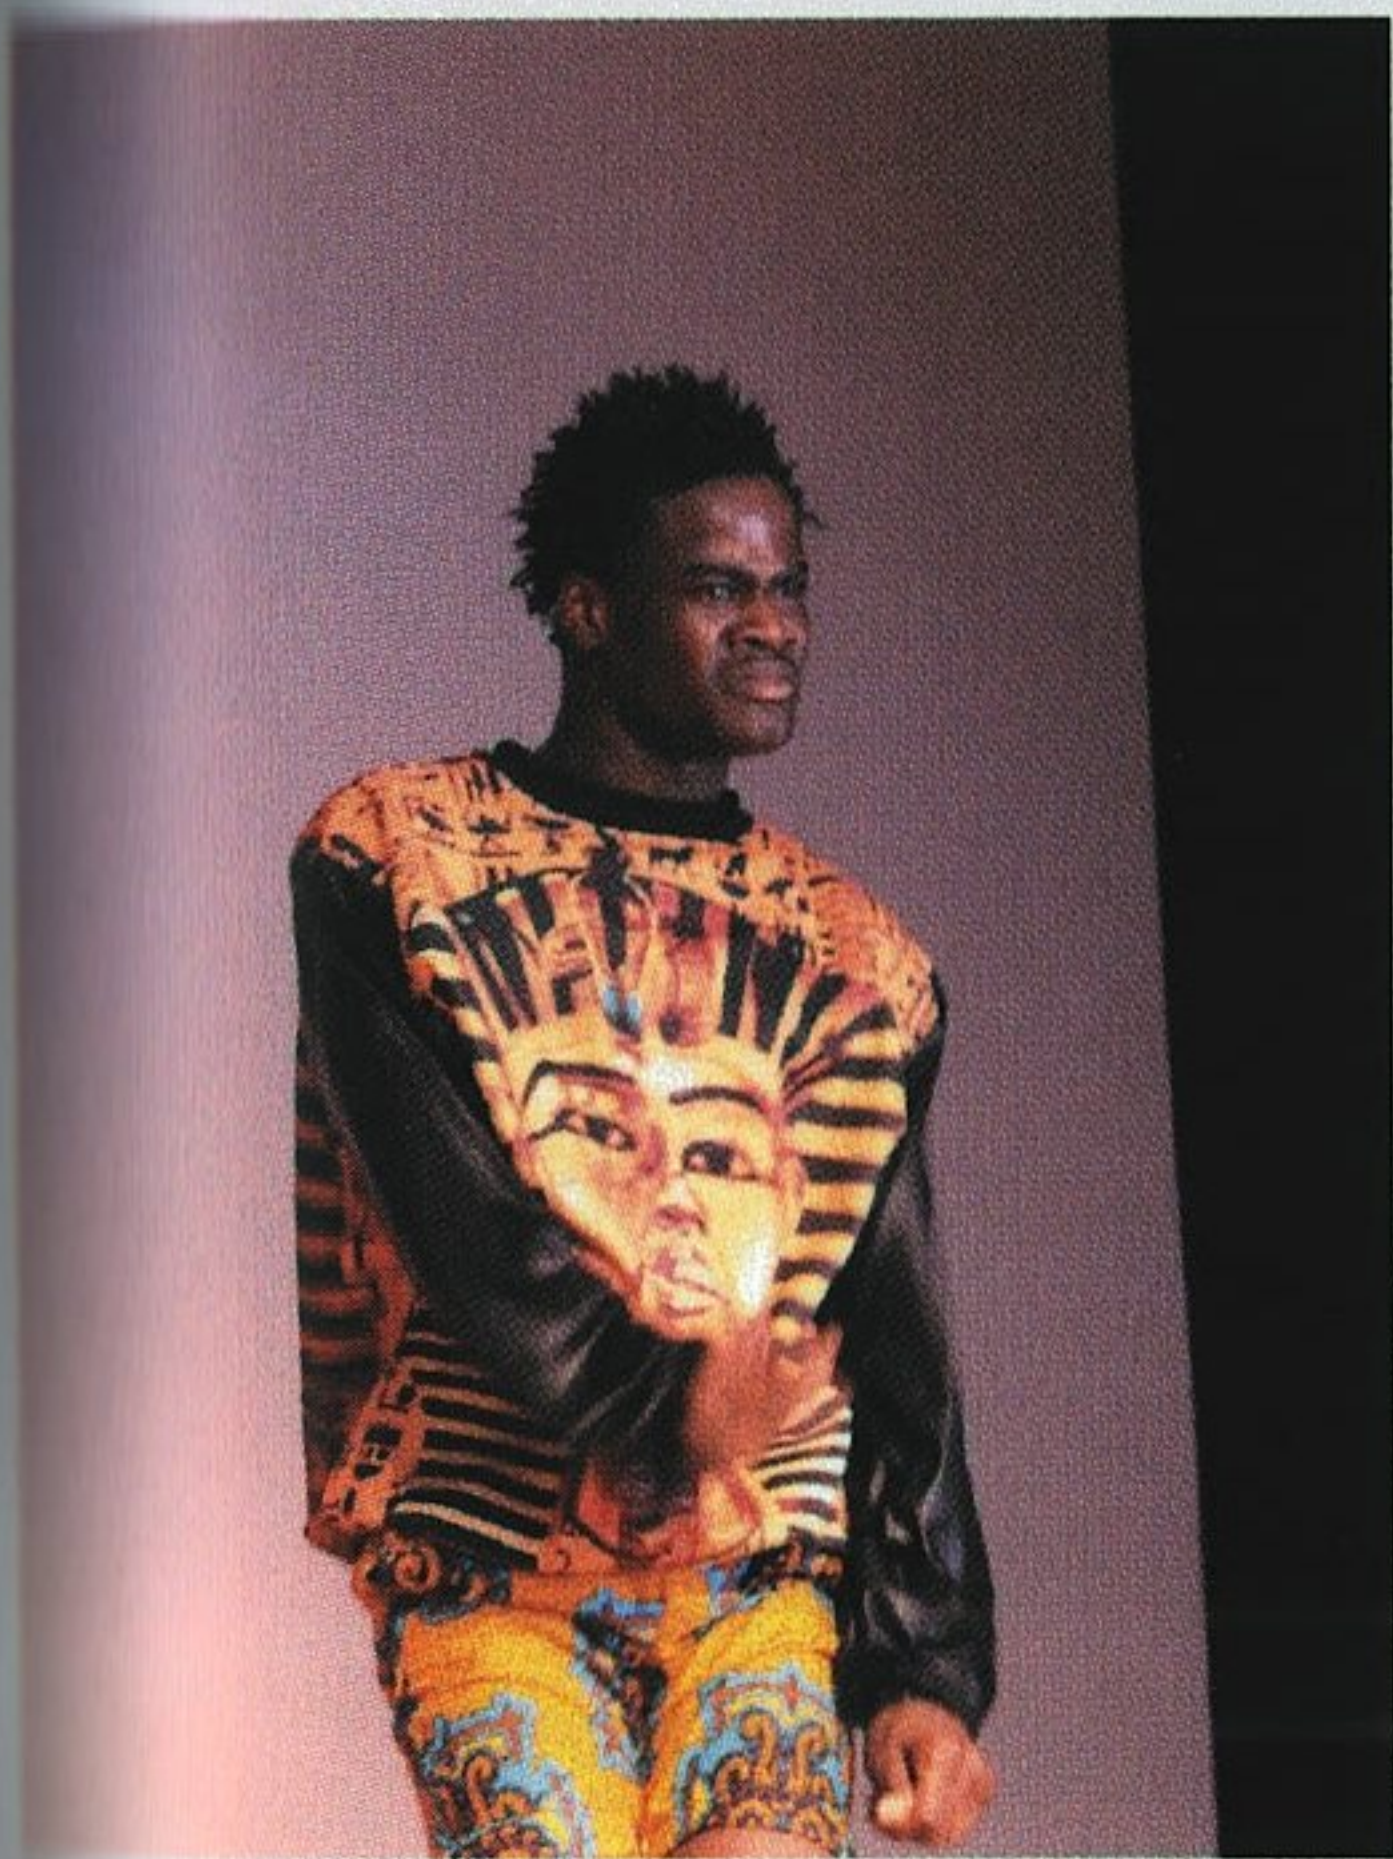

This amazing singing trio from Etobicoke School of the Arts left students and staff in shock at their "Destiny's Child" like performances.

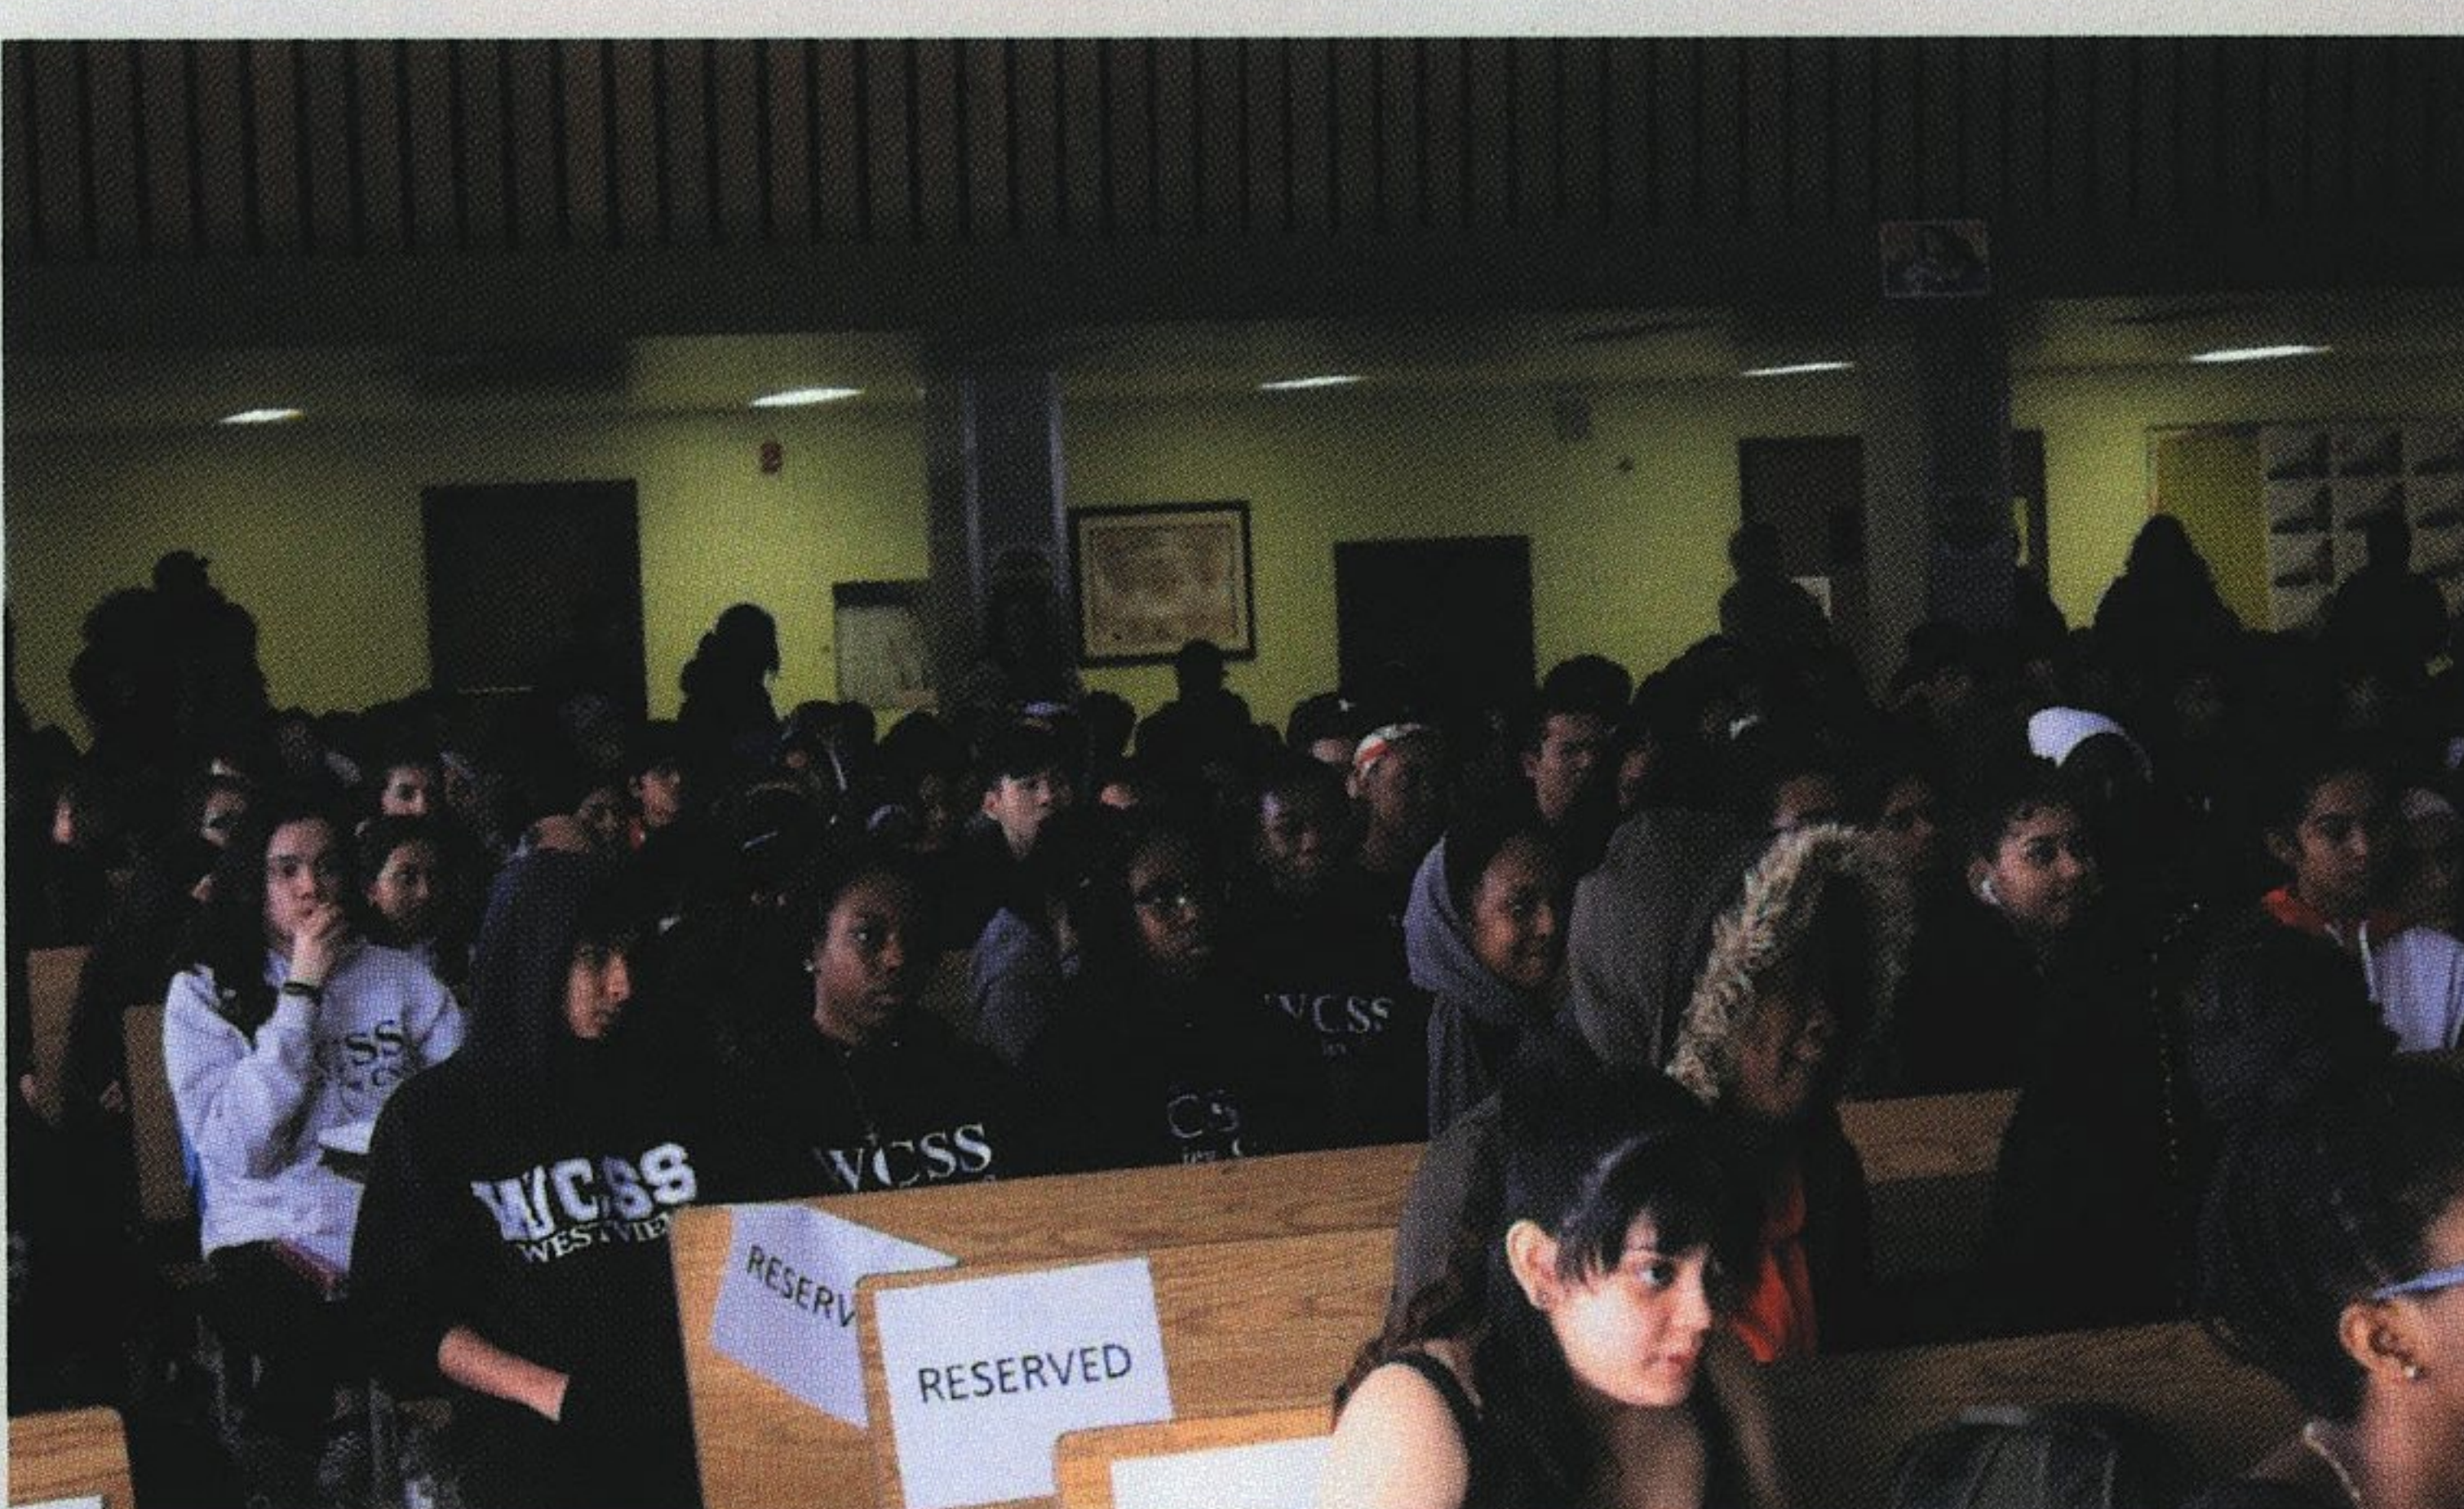

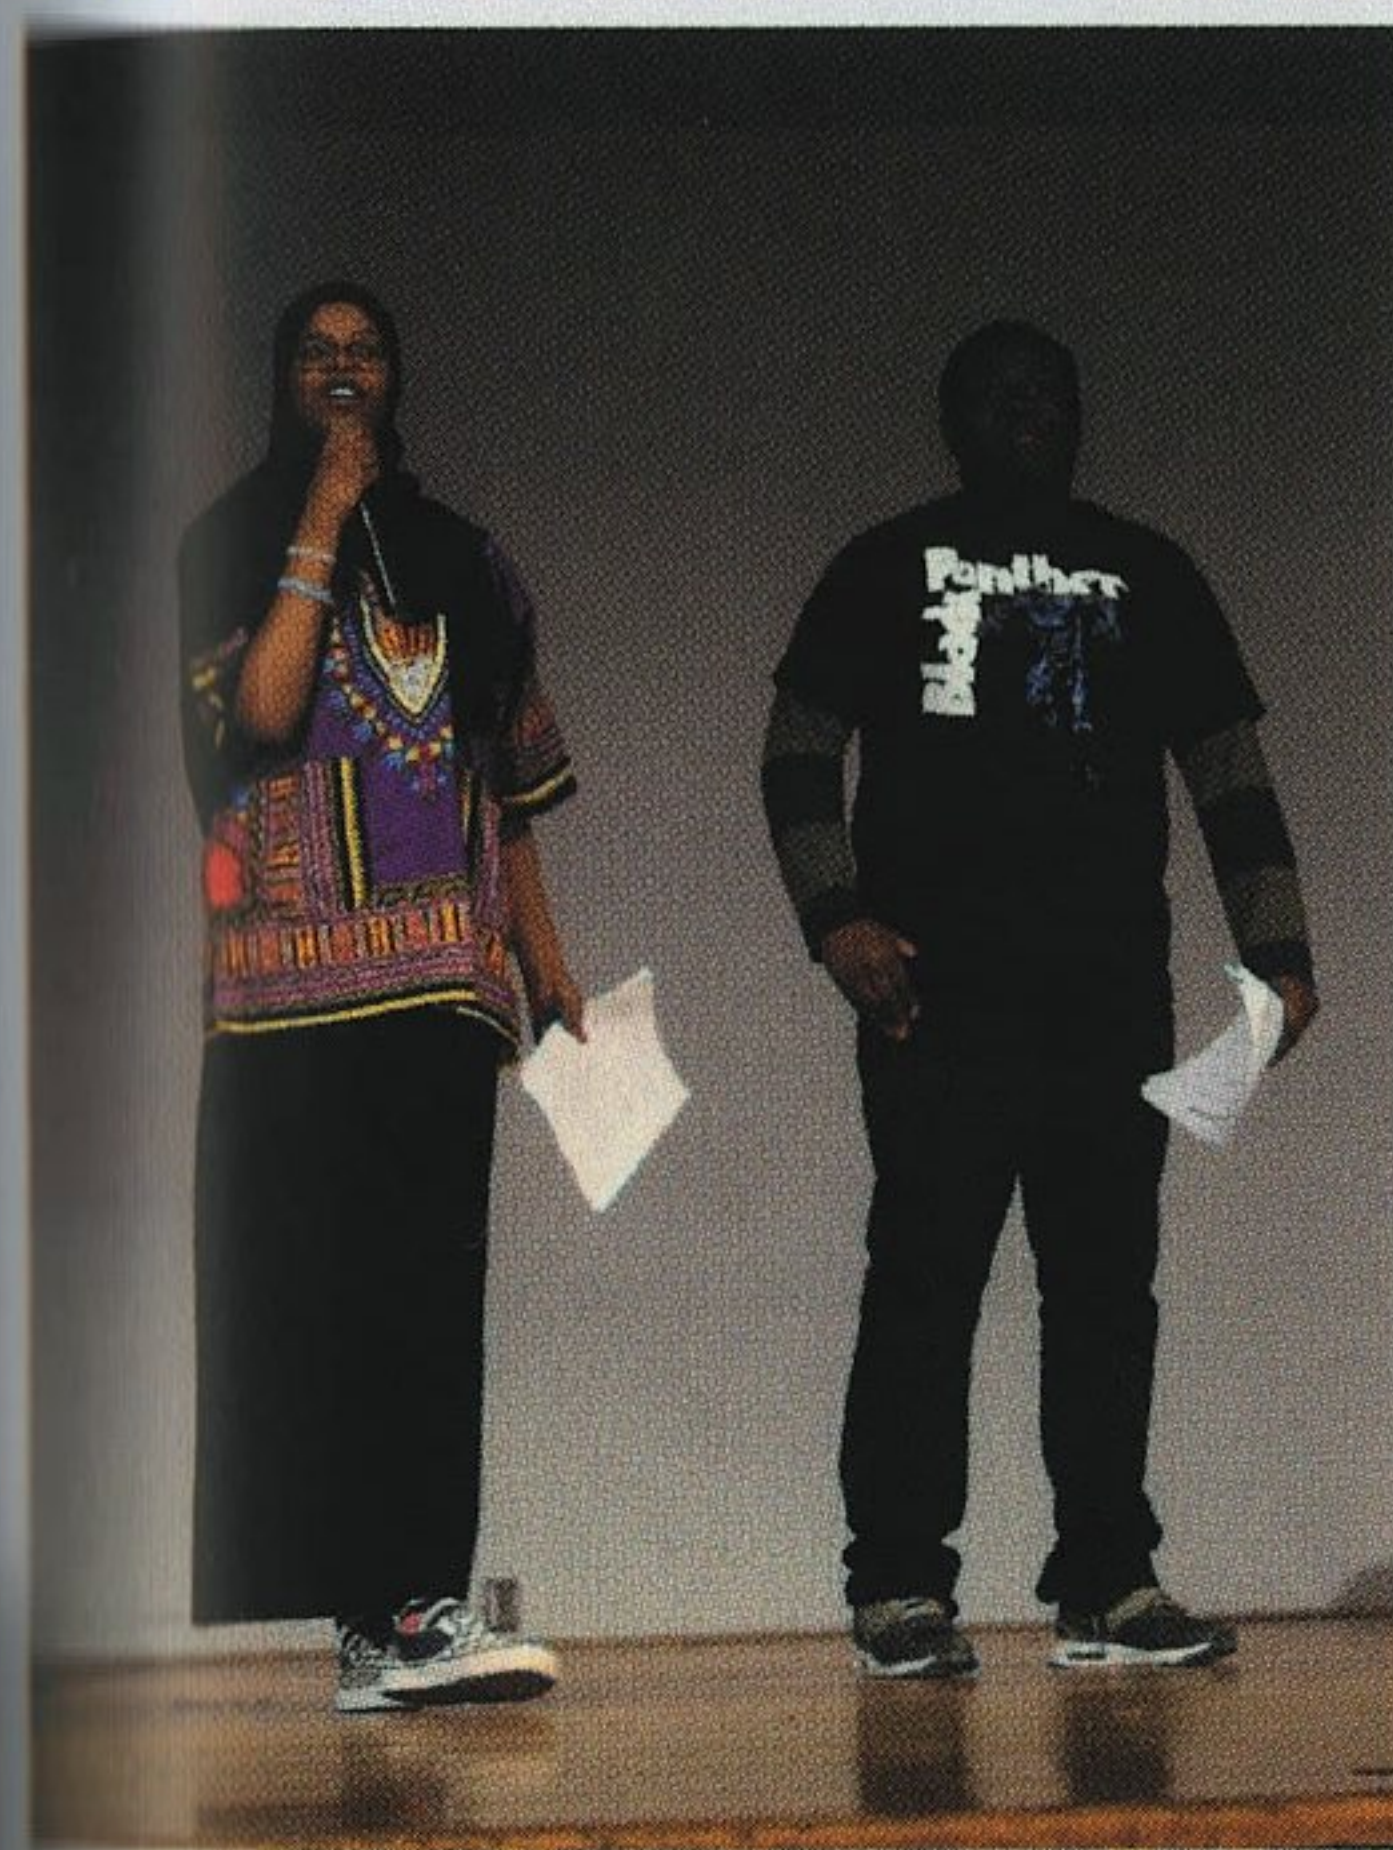

This group of (ESA) students preformed a play to raise awareness of racism.

Ms. Engesser-Chung's dance class perform Xango and impress the audience with their coordination and rhythm.

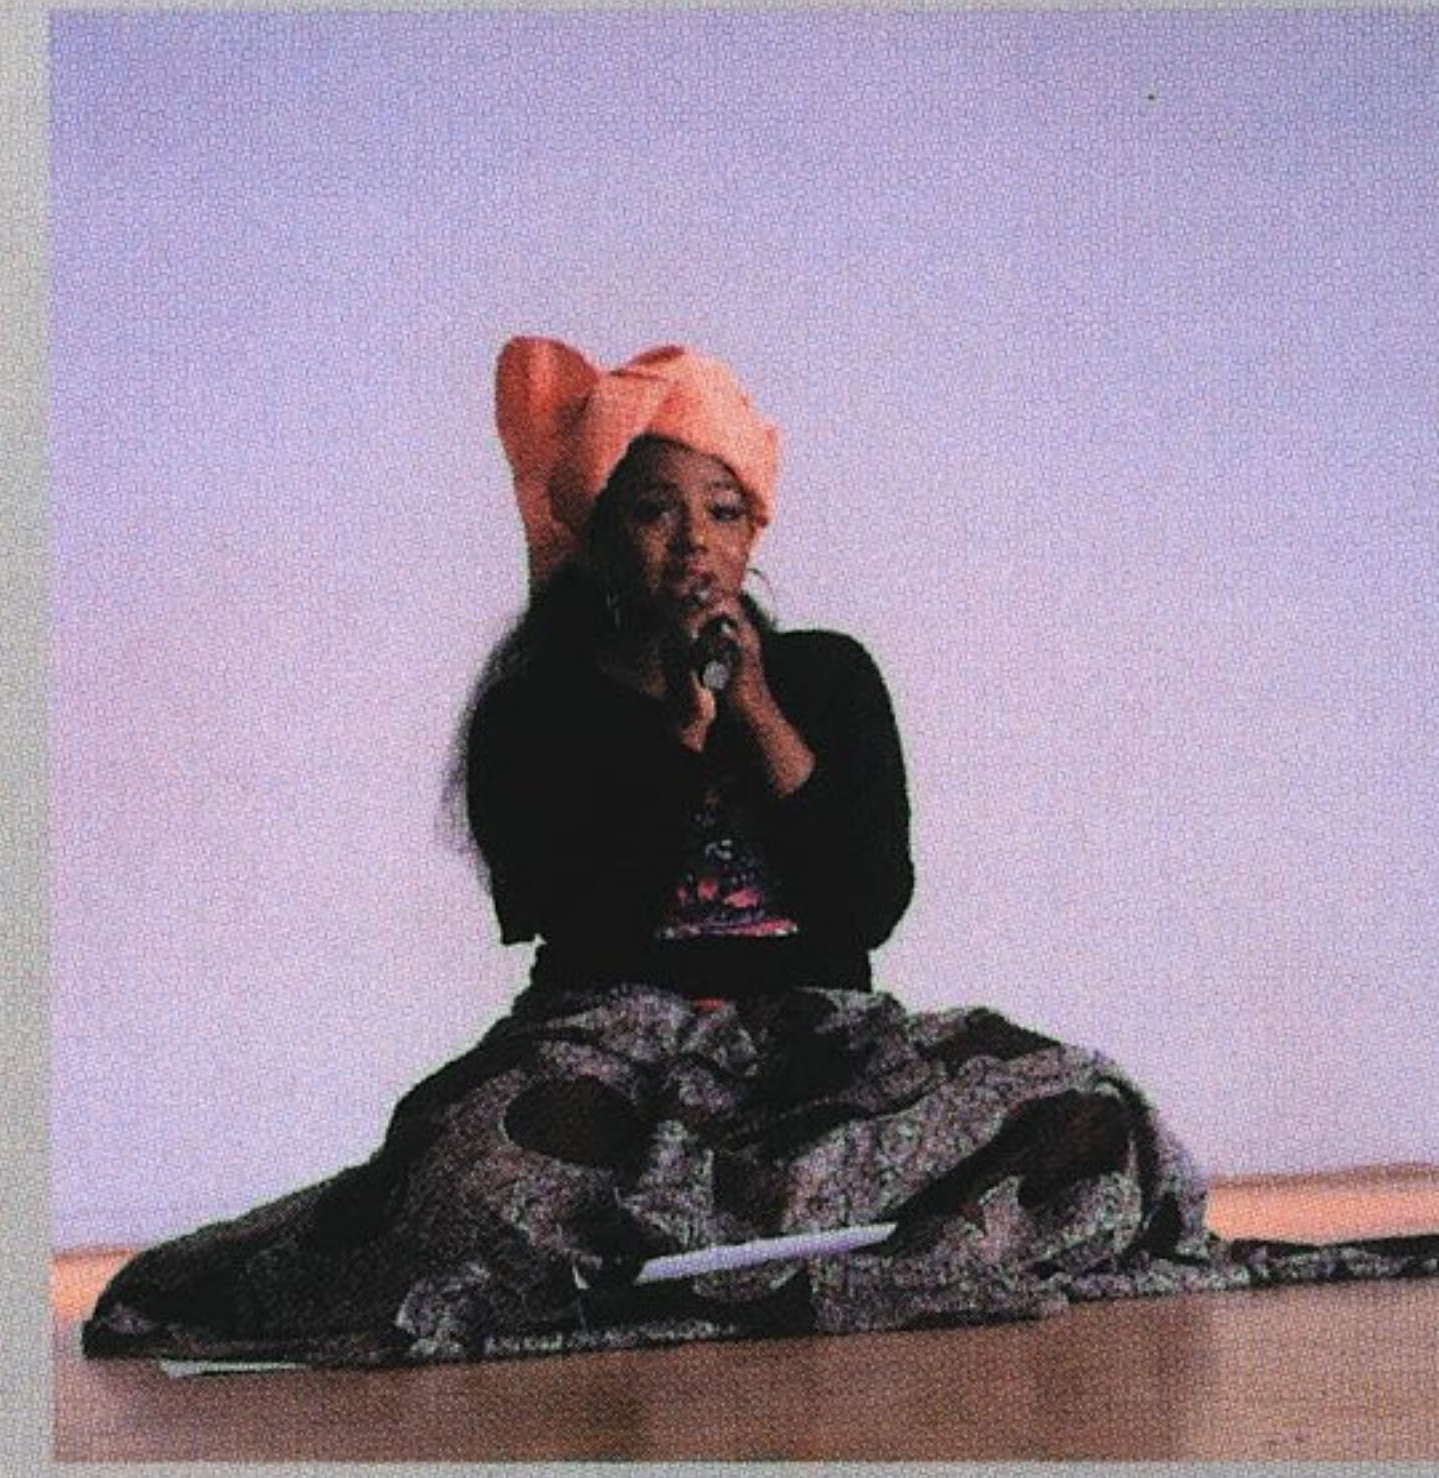

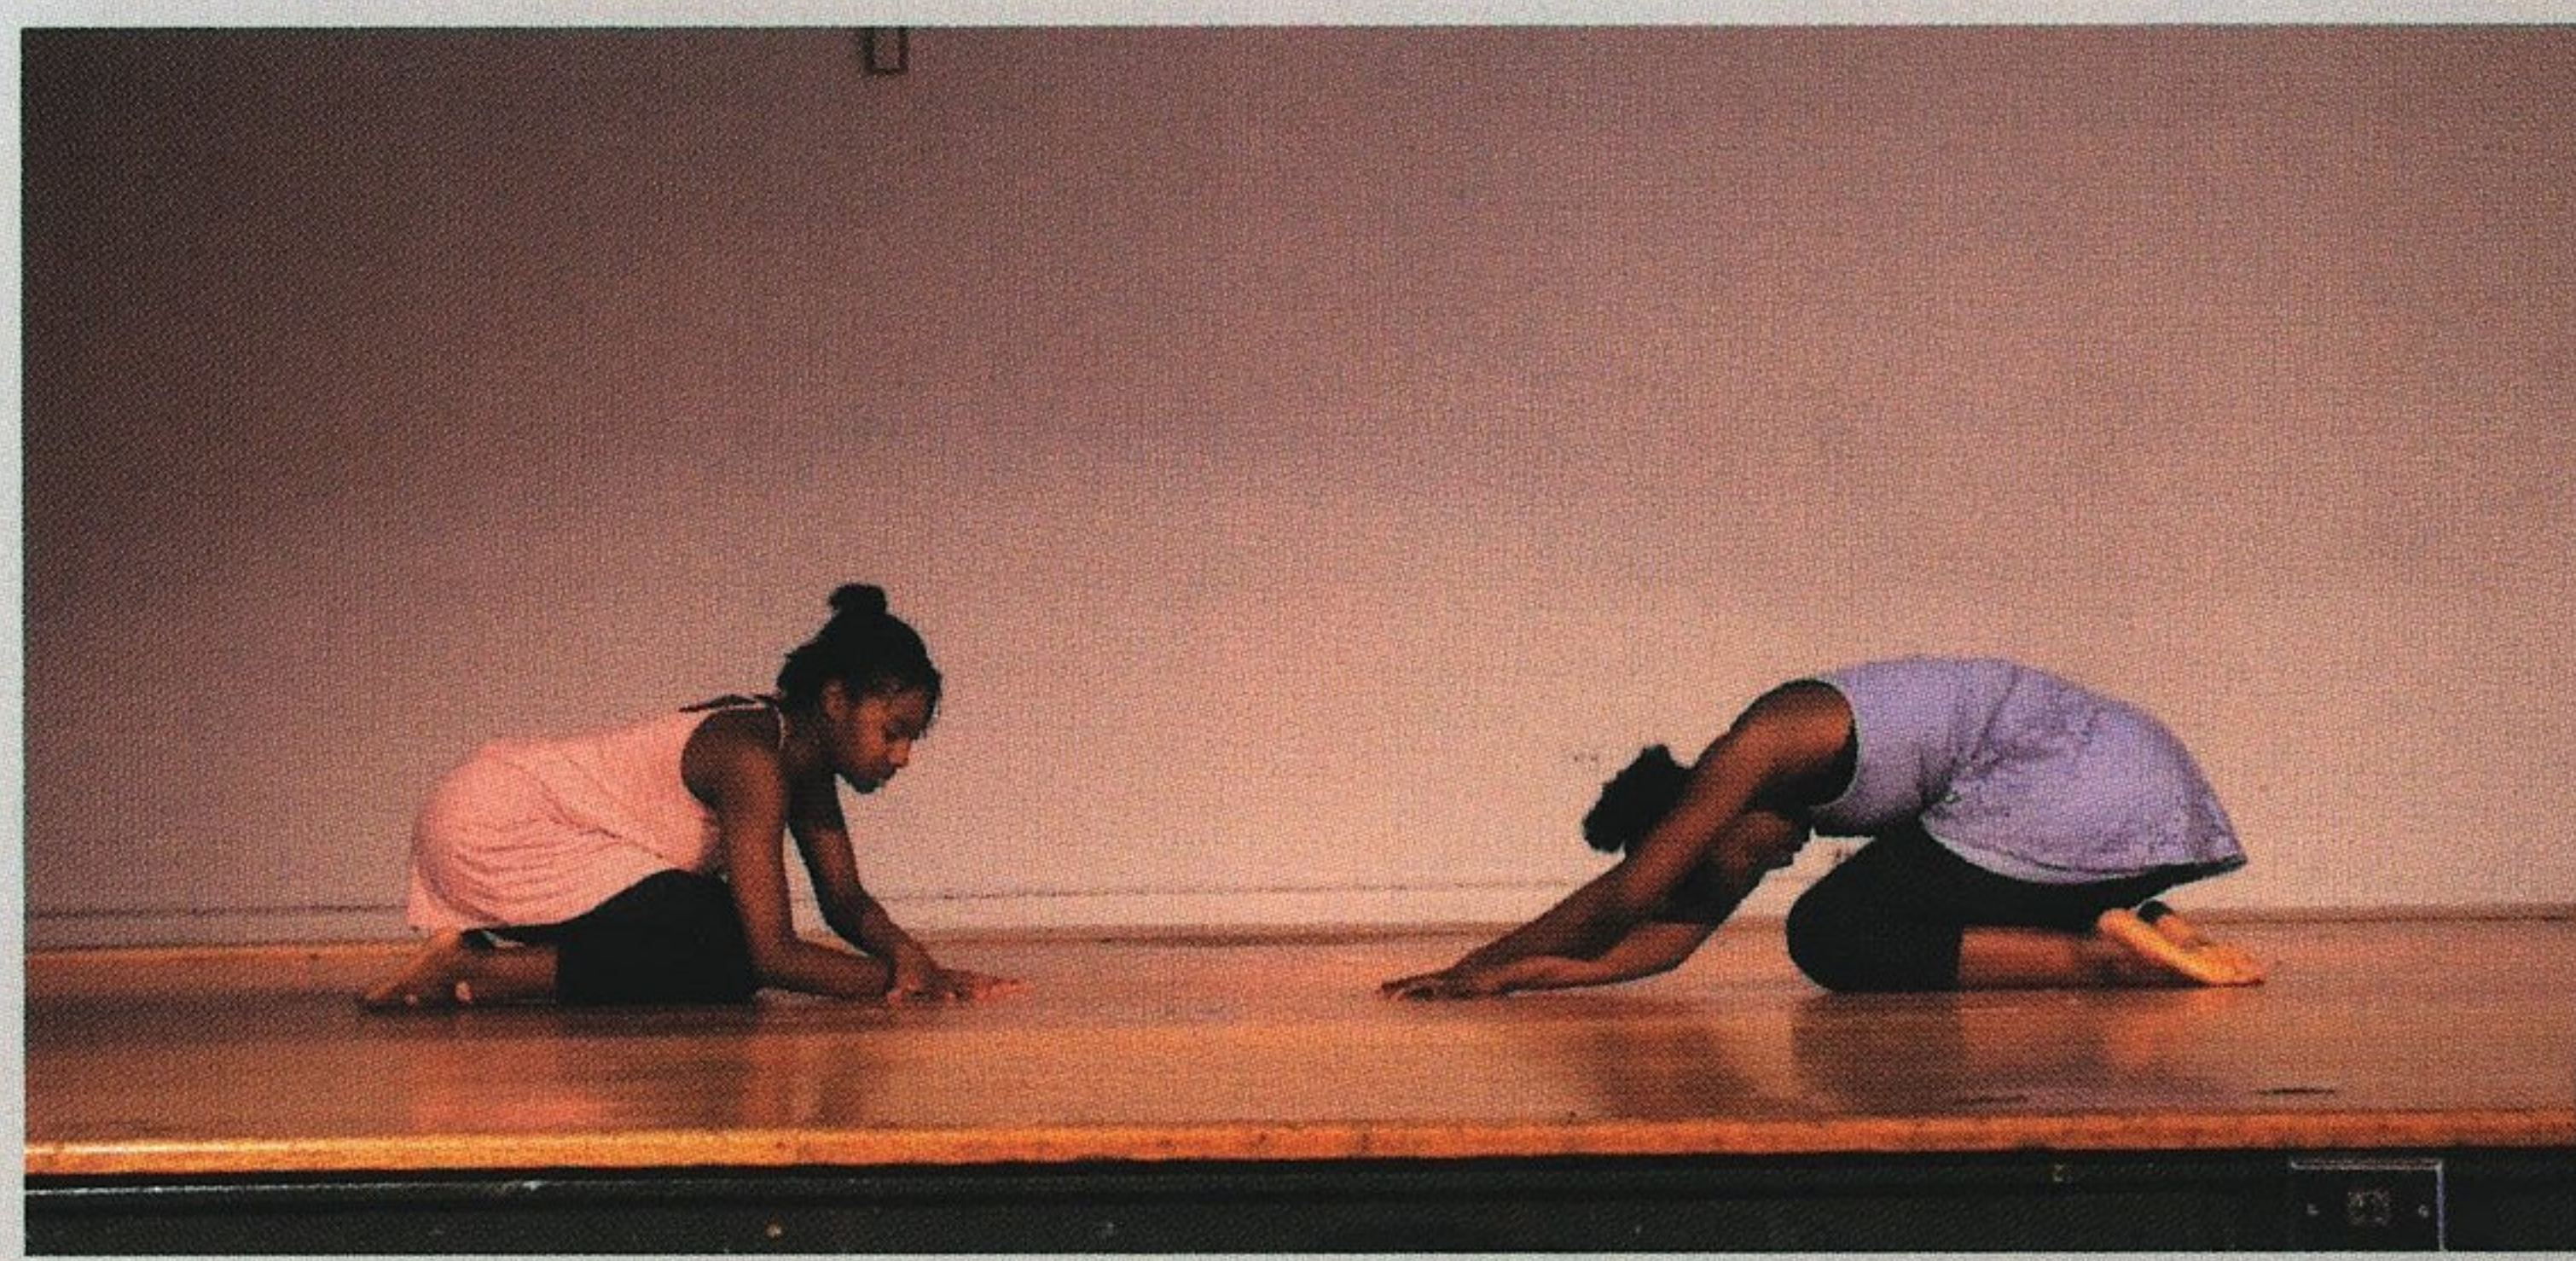

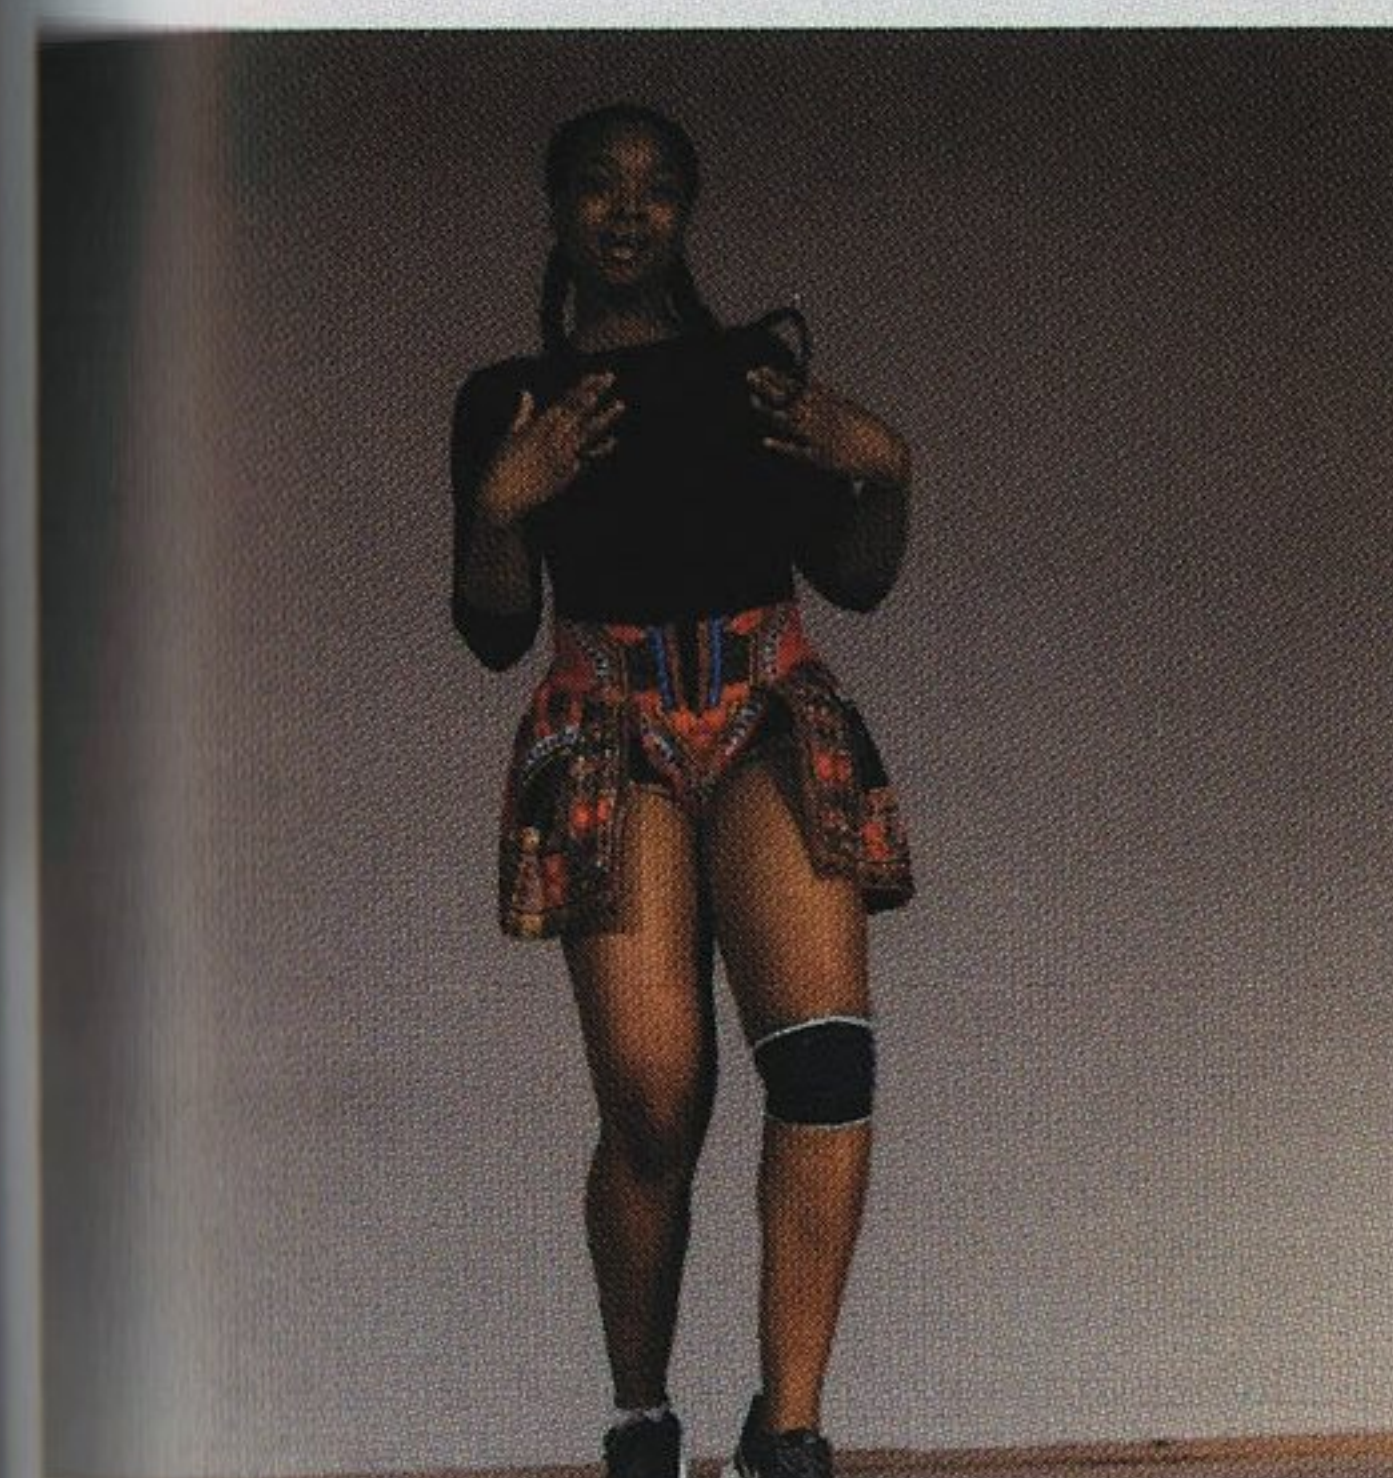

In addition to the dance numbers, two of the many outstanding performances were spoken word pieces done by Asmaa Mohamud (centre left) and Lorraine Romuar (centre right).

Samia Asir and Omari Buri emcee the assembly.

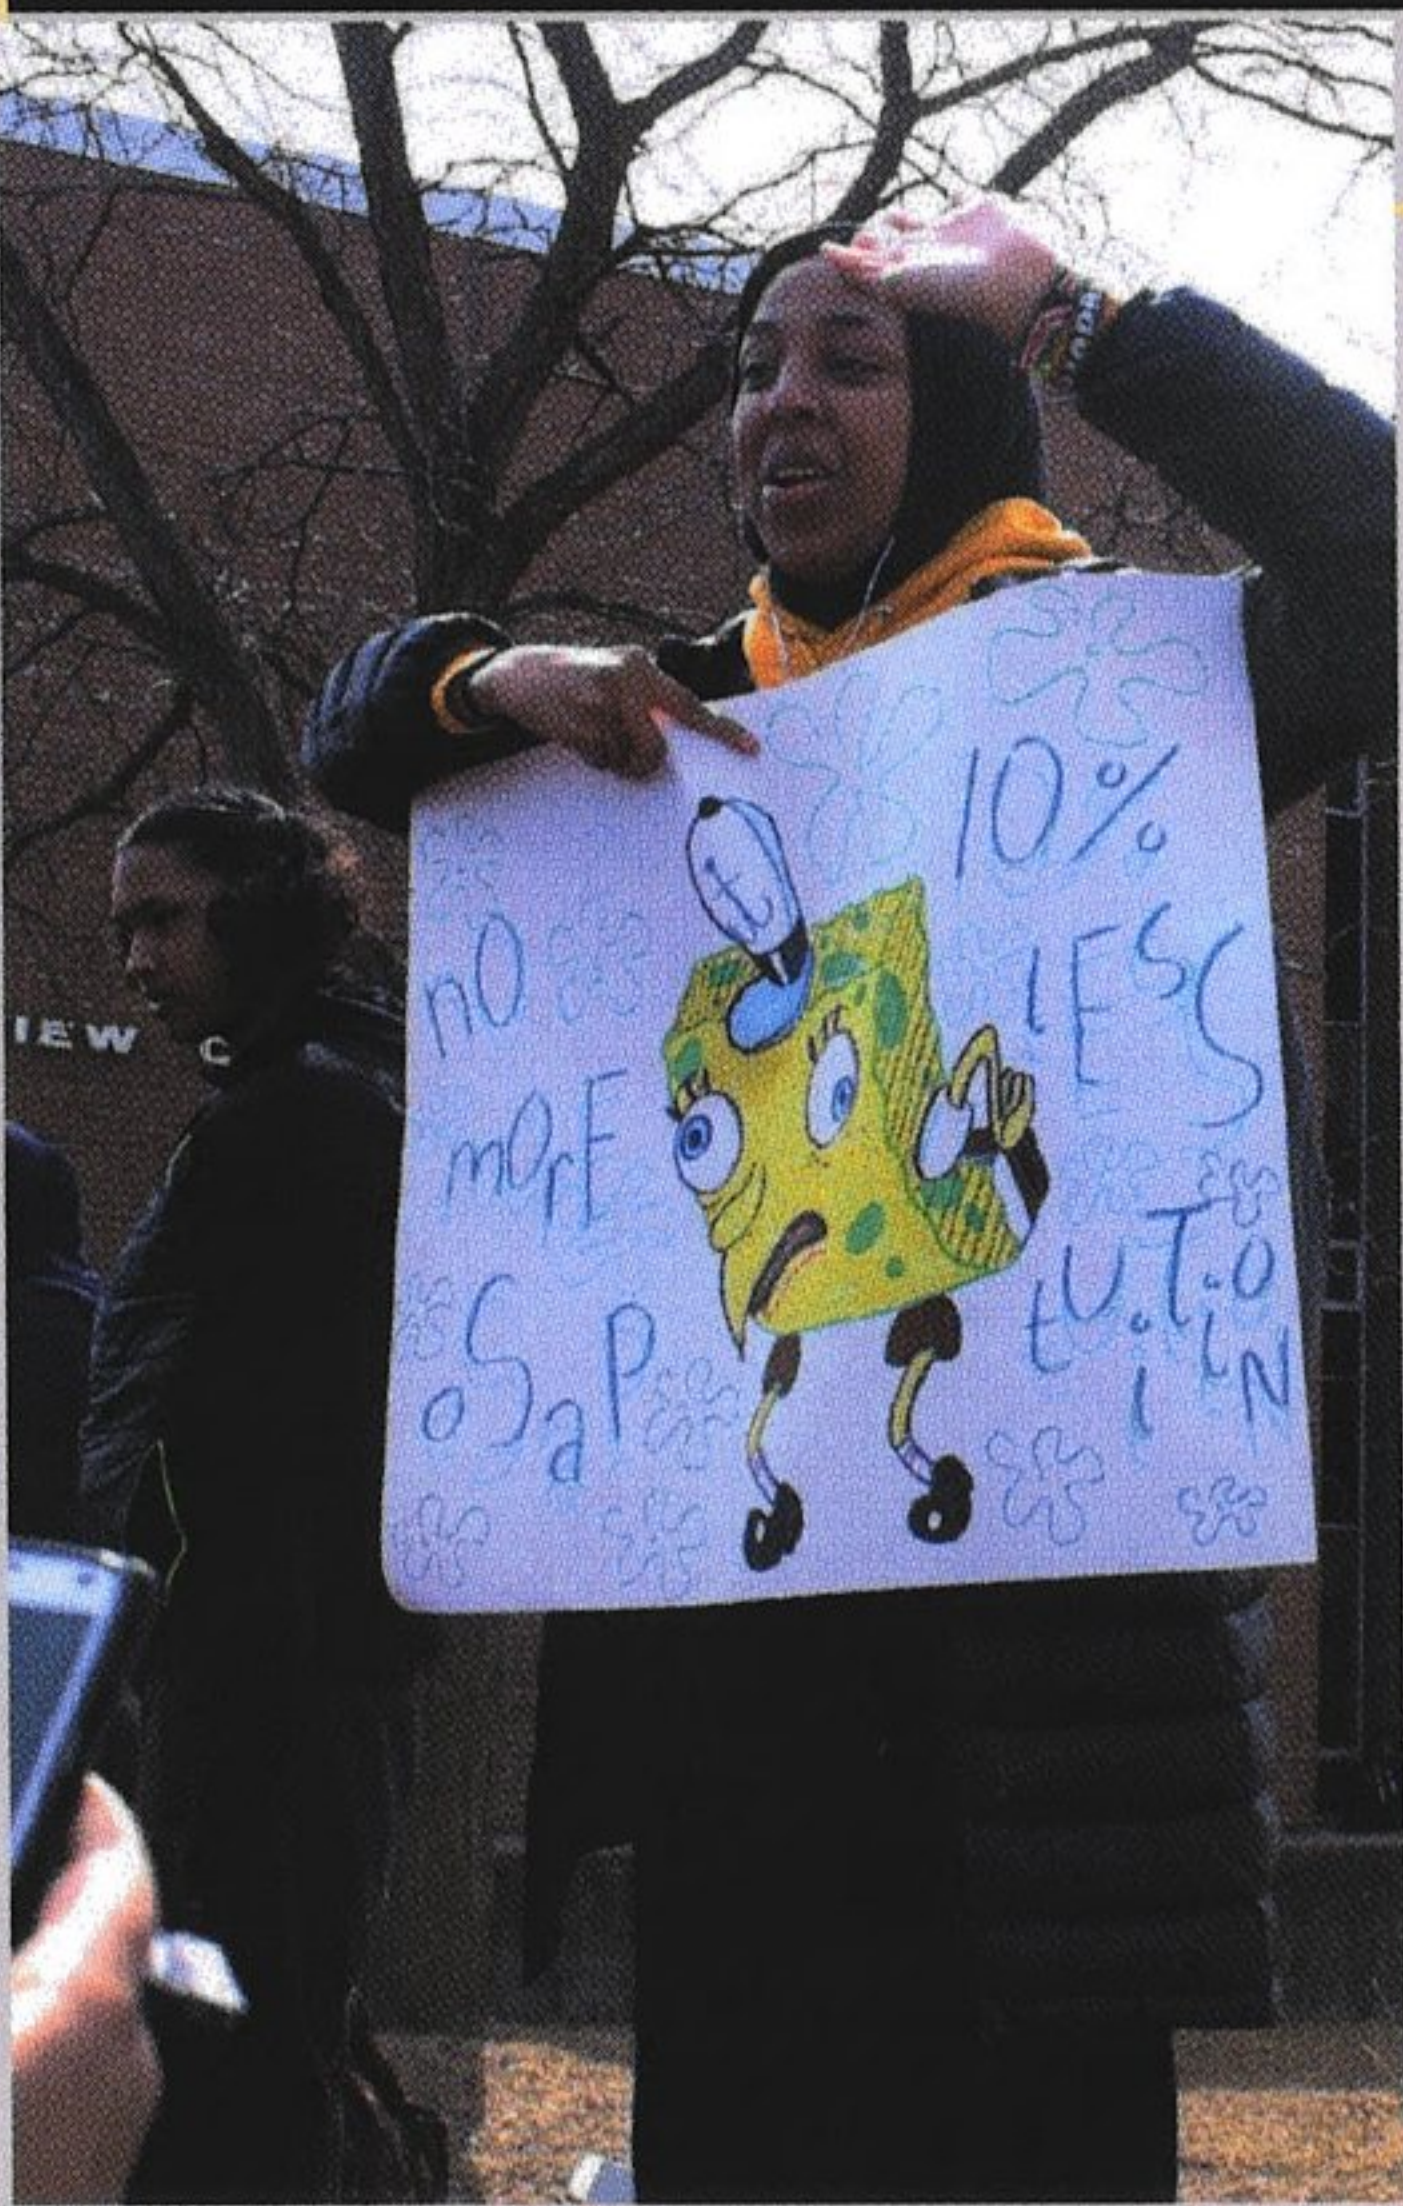

A captive audience waits with anticipation.

No Cuts to Education

Students exercise their democratic right to protest

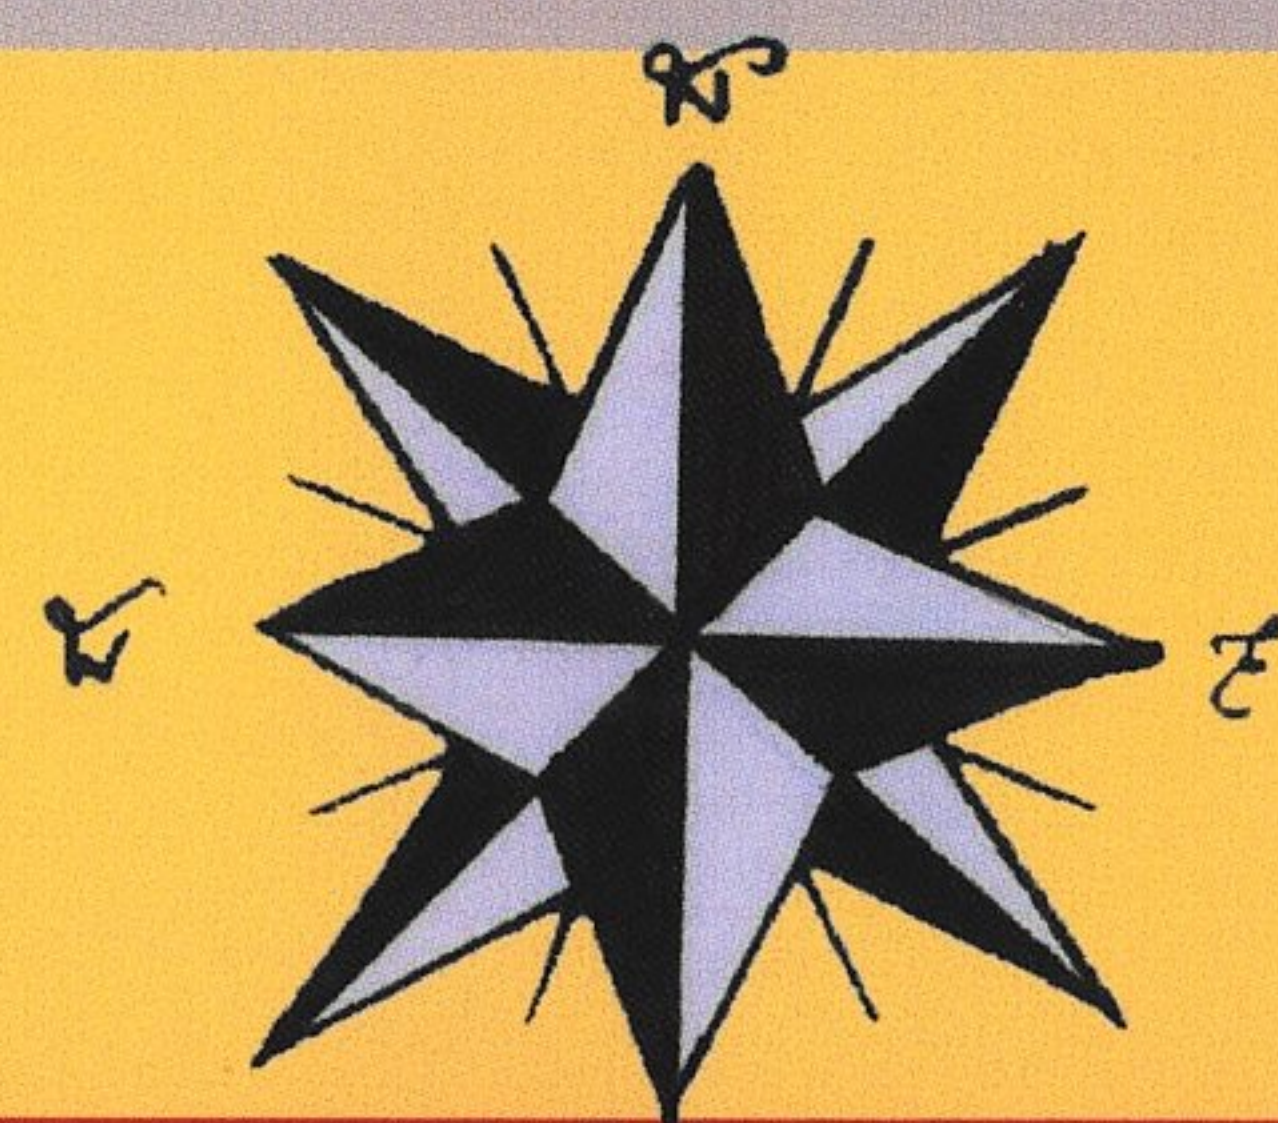

Westview students took to the streets on Thursday, April 4th. Students walked *en masse* to the corner of Jane and Finch then continued eastbound along Eddystone Avenue and northbound on Oakdale Road.

Westview was among the 700 schools that participated in the province wide walkout to protest planned education cuts by the Ontario Government. The proposed increases in class size ratios from 22:1 to 28:1 could result in a class size increase of 30%. With fewer teachers in schools we are afraid that option courses will be cut resulting in fewer courses available.

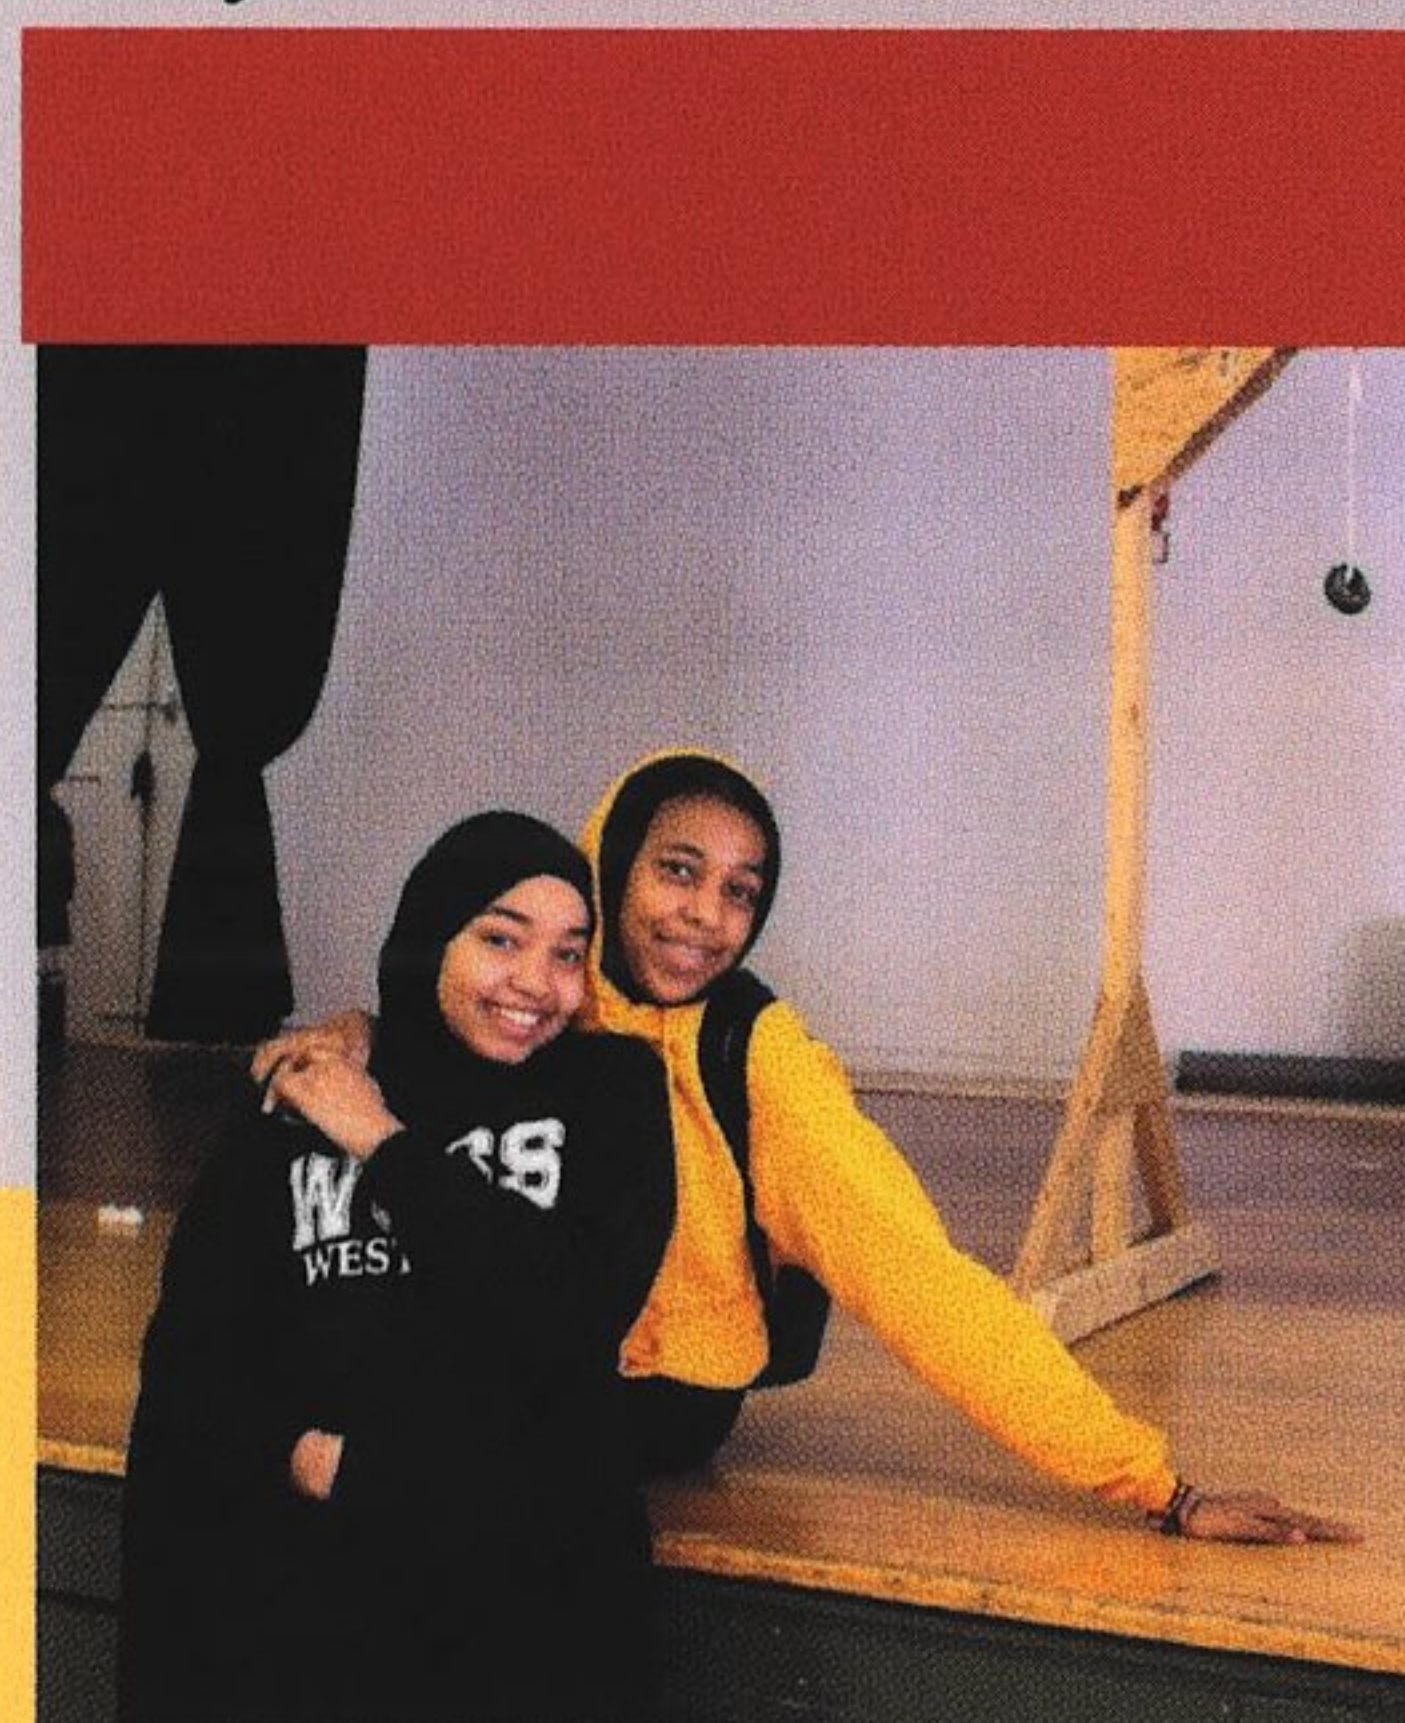

PROM COMMITTEE PRESENTS:

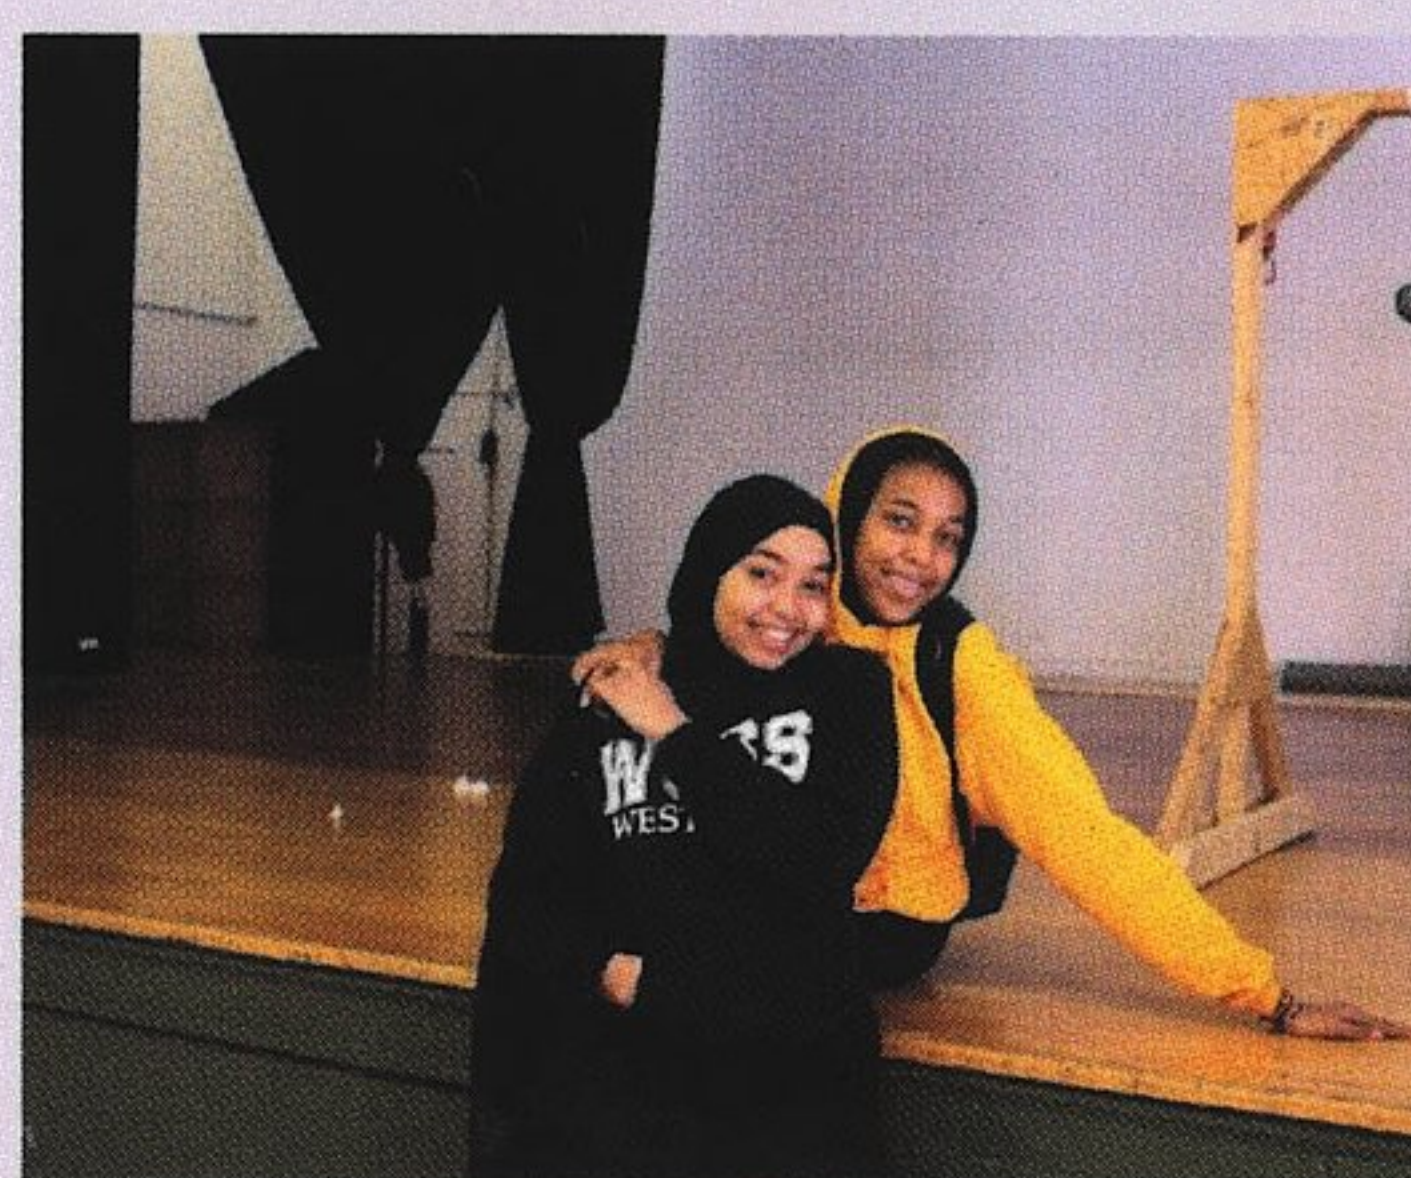

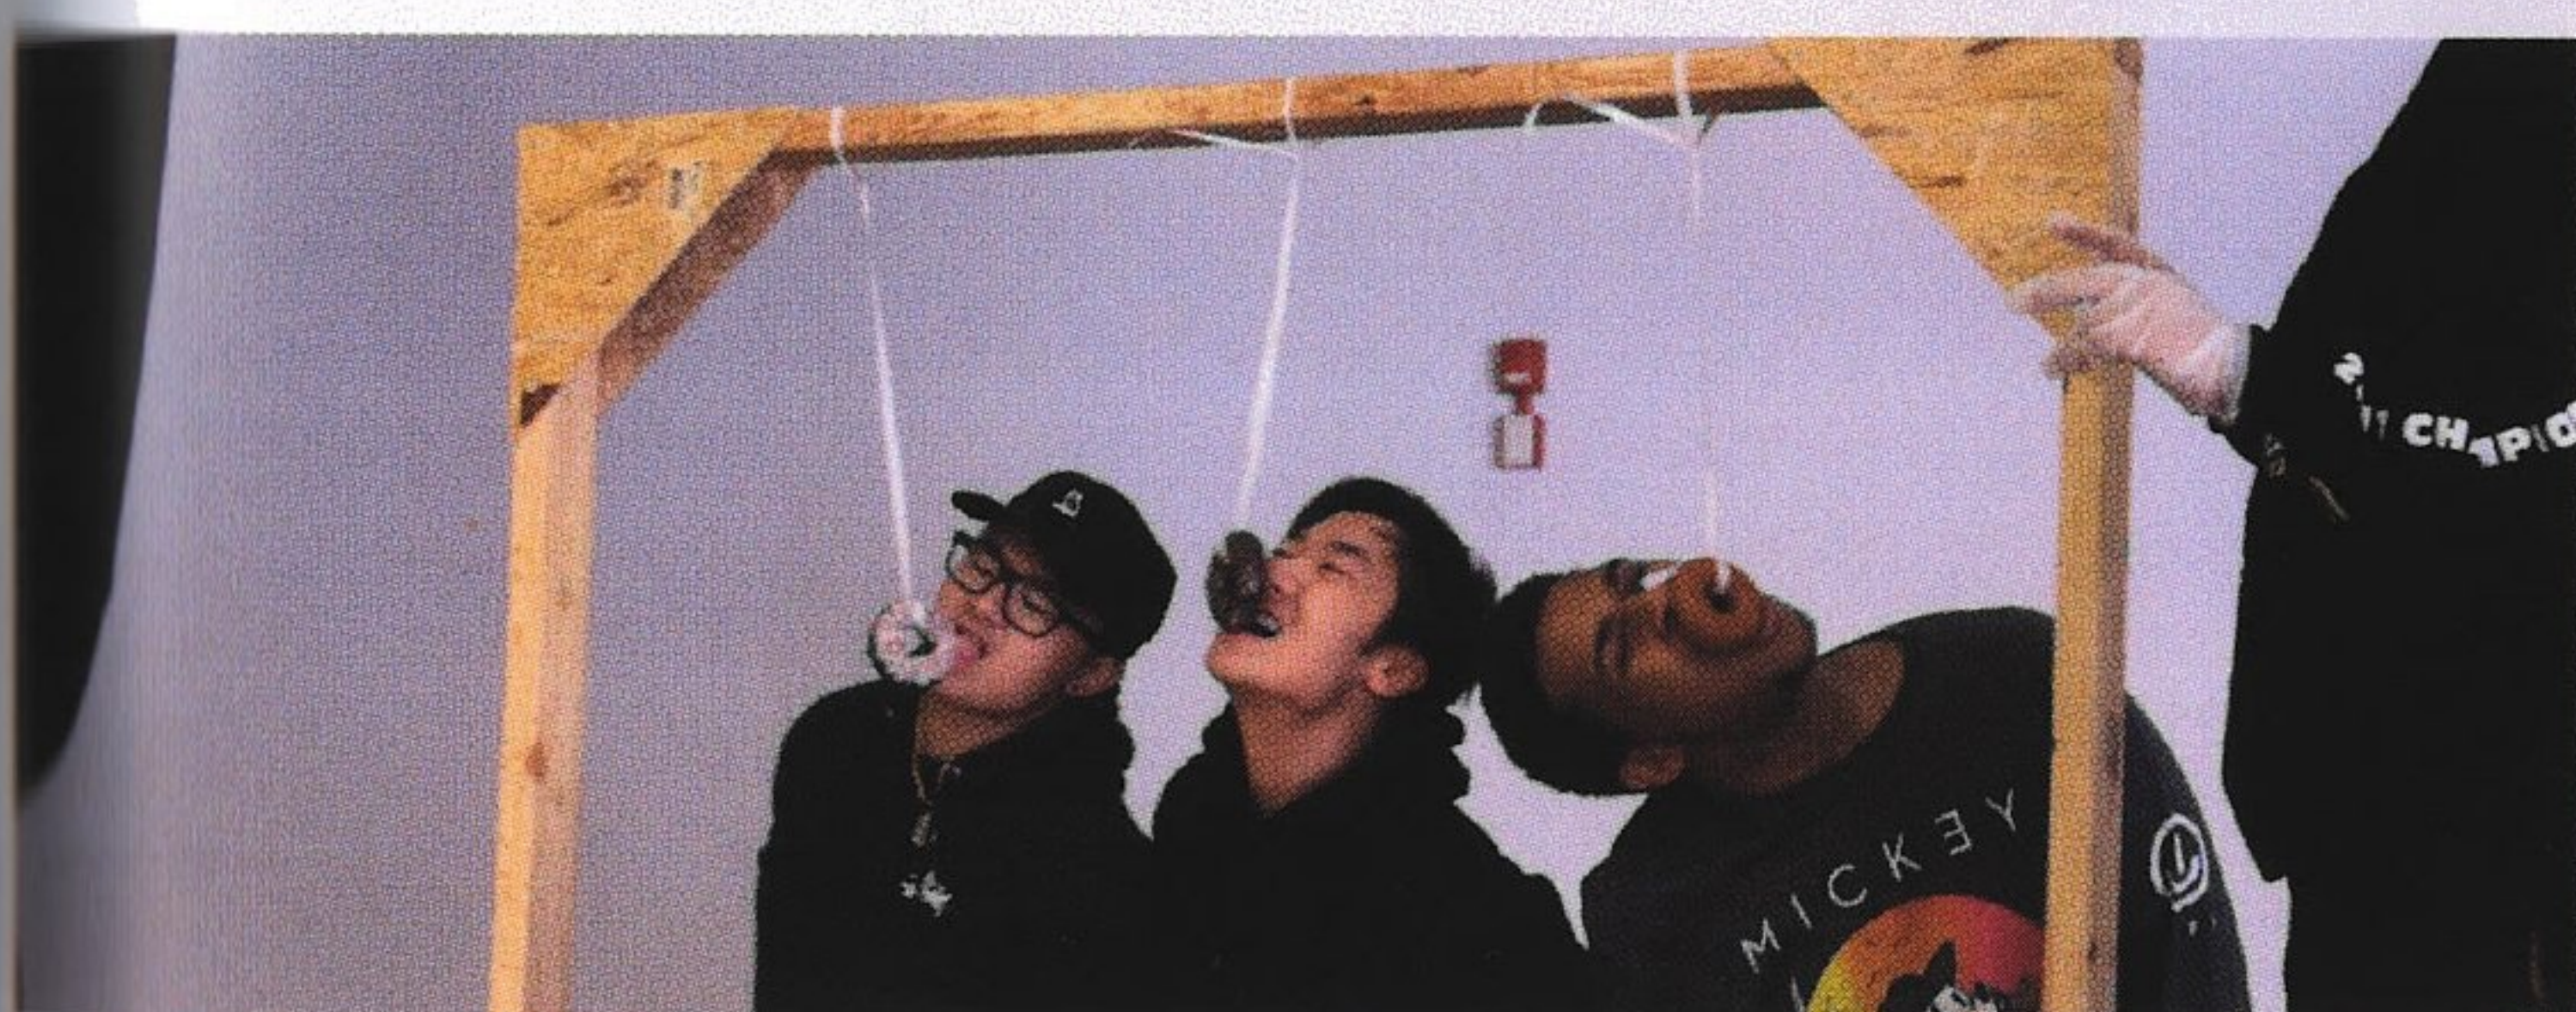

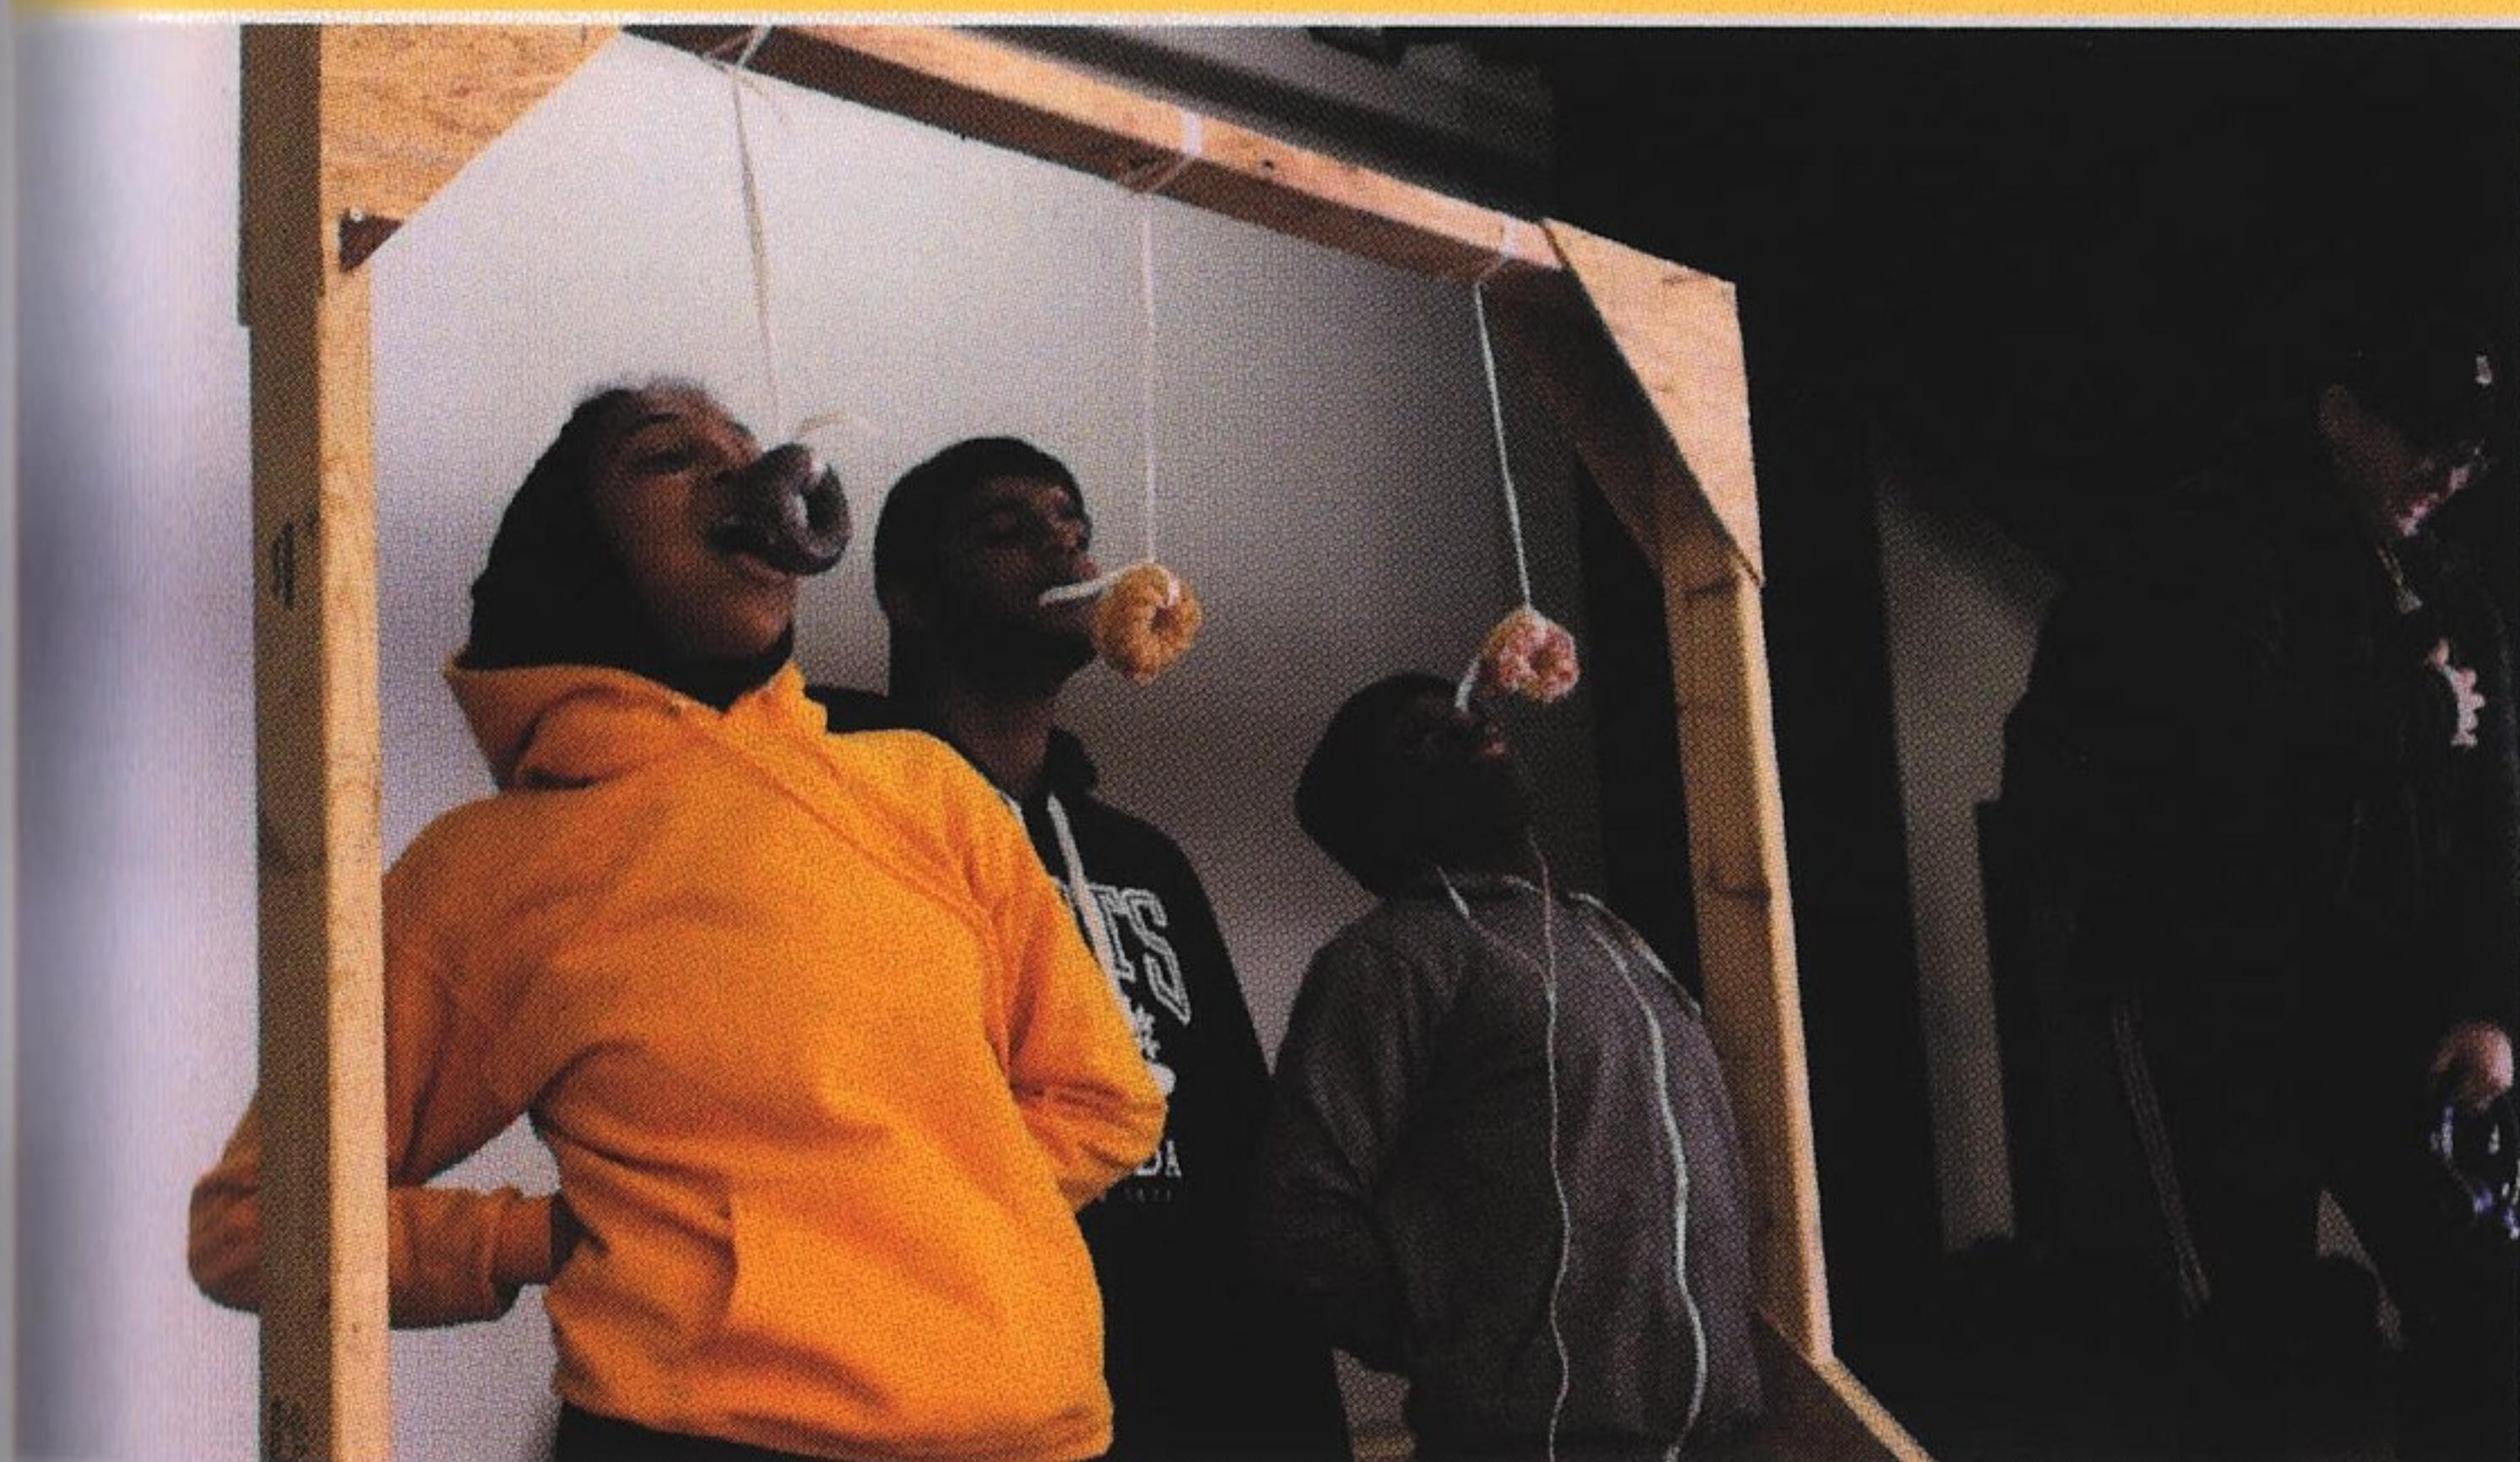

DONUT EATING CONTEST

Prom Committee was back at it with another "fun-raising" idea. In order to decrease the cost of prom tickets, a donut eating contest was held at lunch in the cafenadium. Many students came out to see if they could *stomach* it!

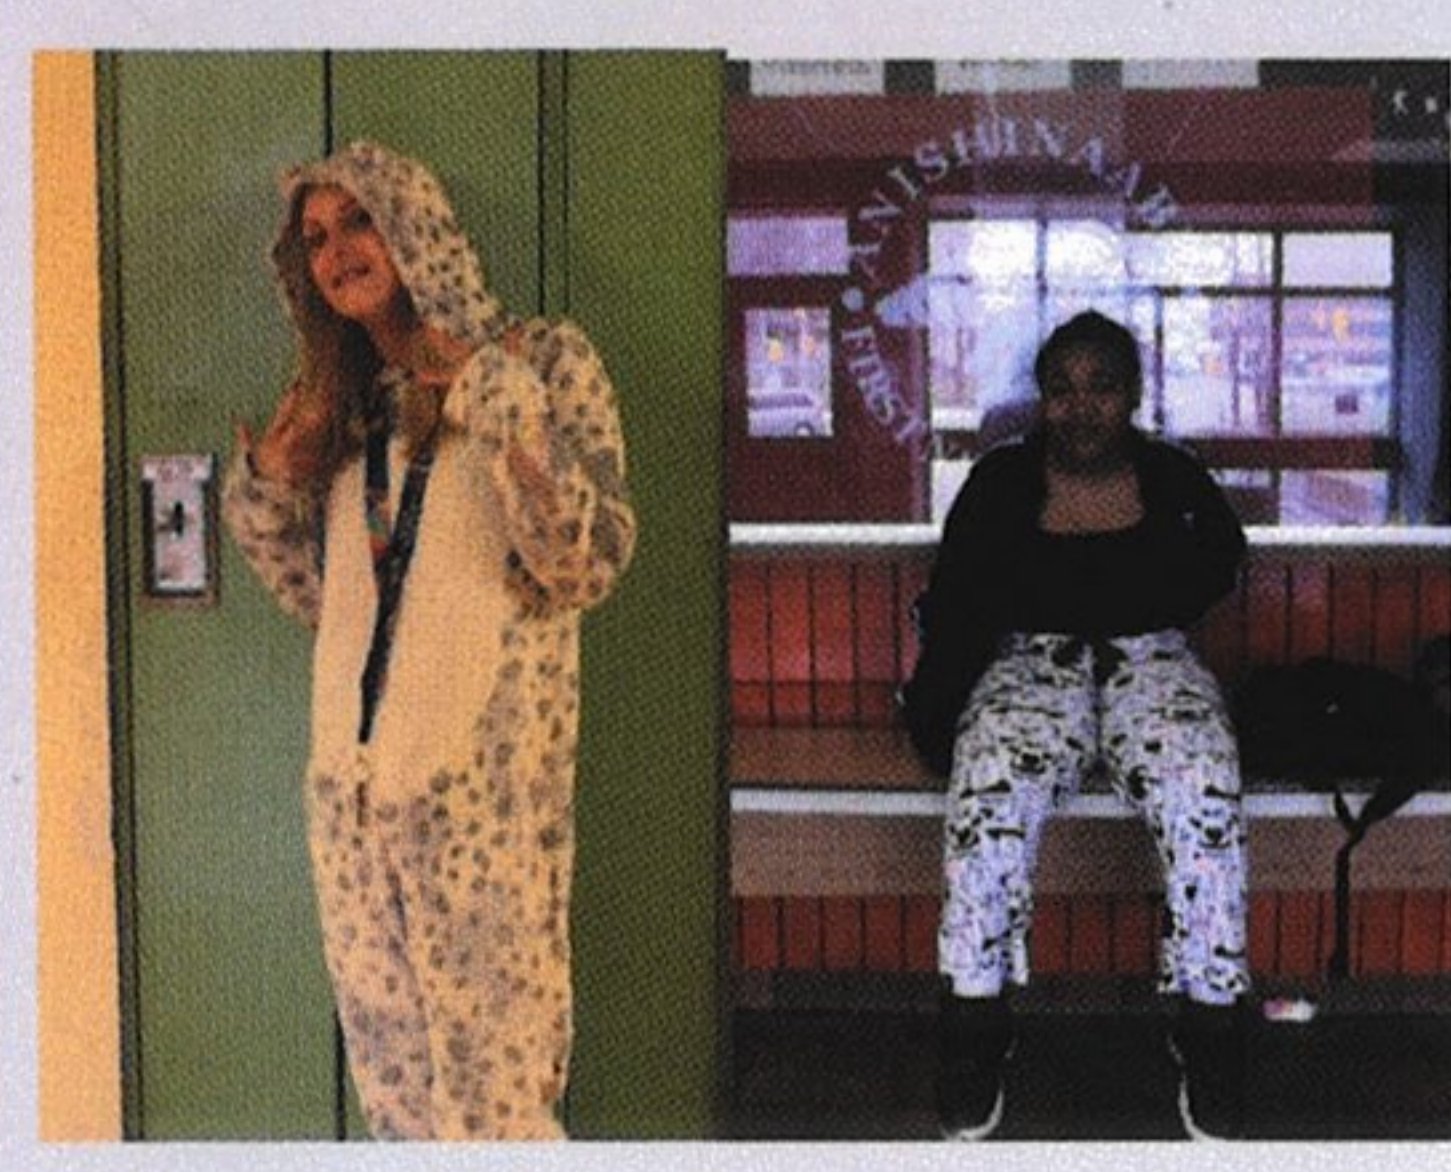

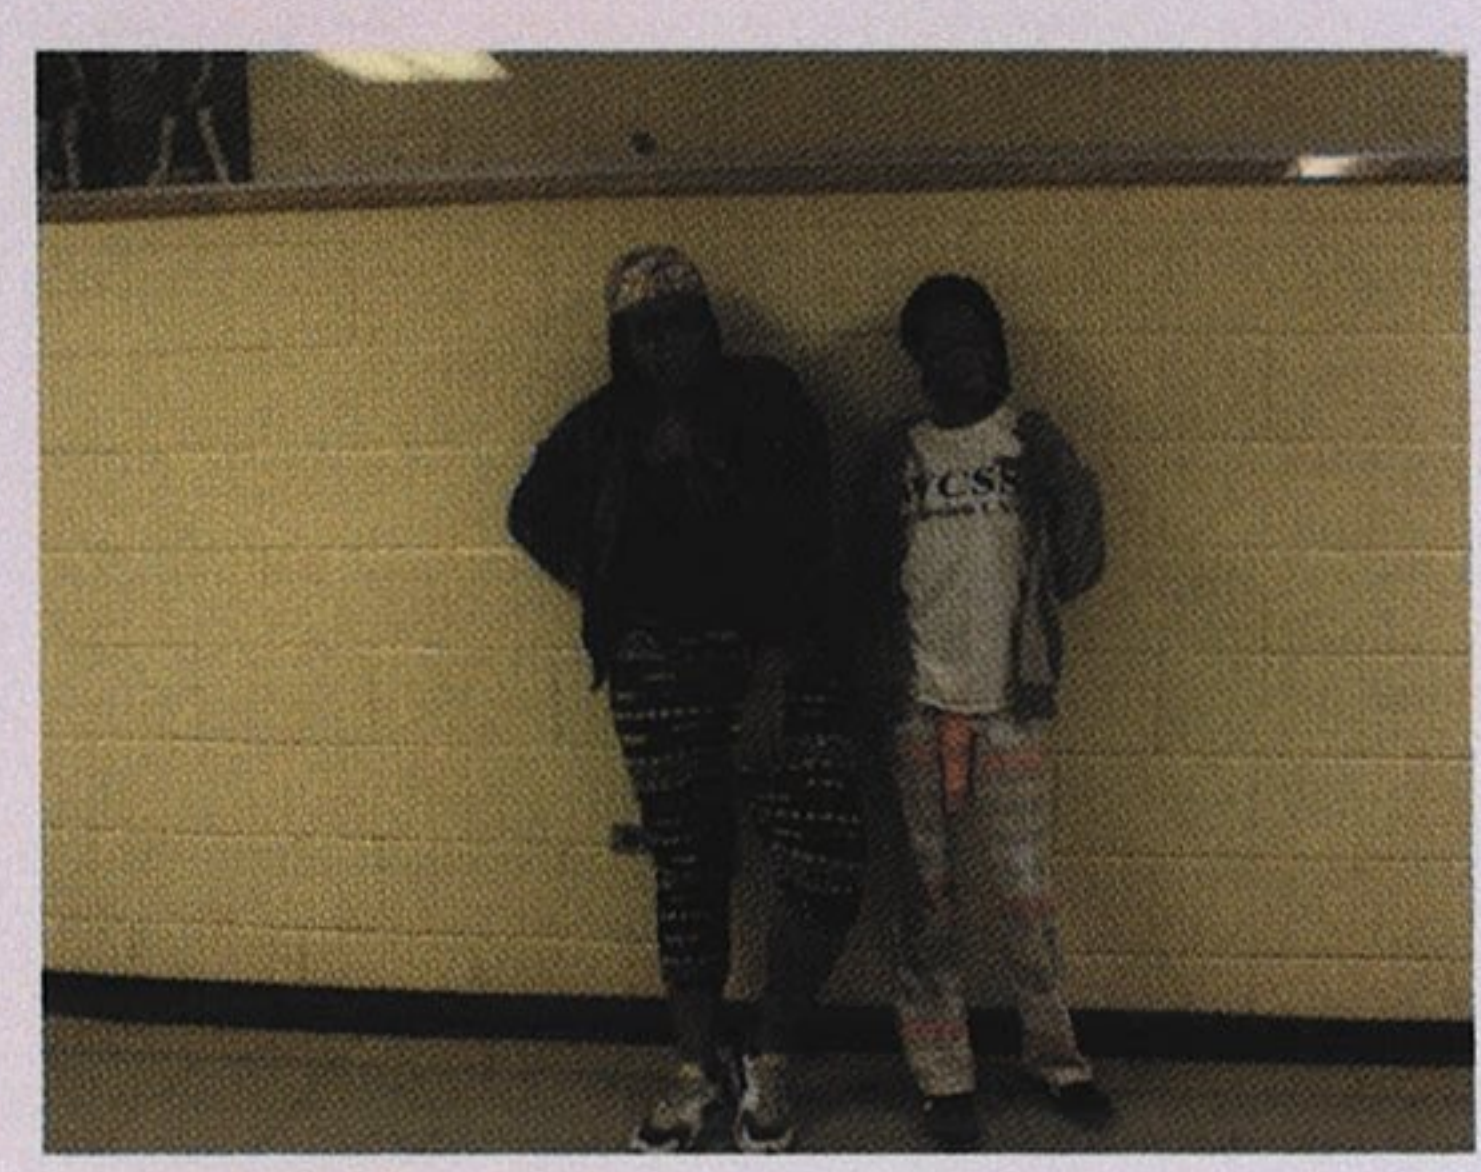

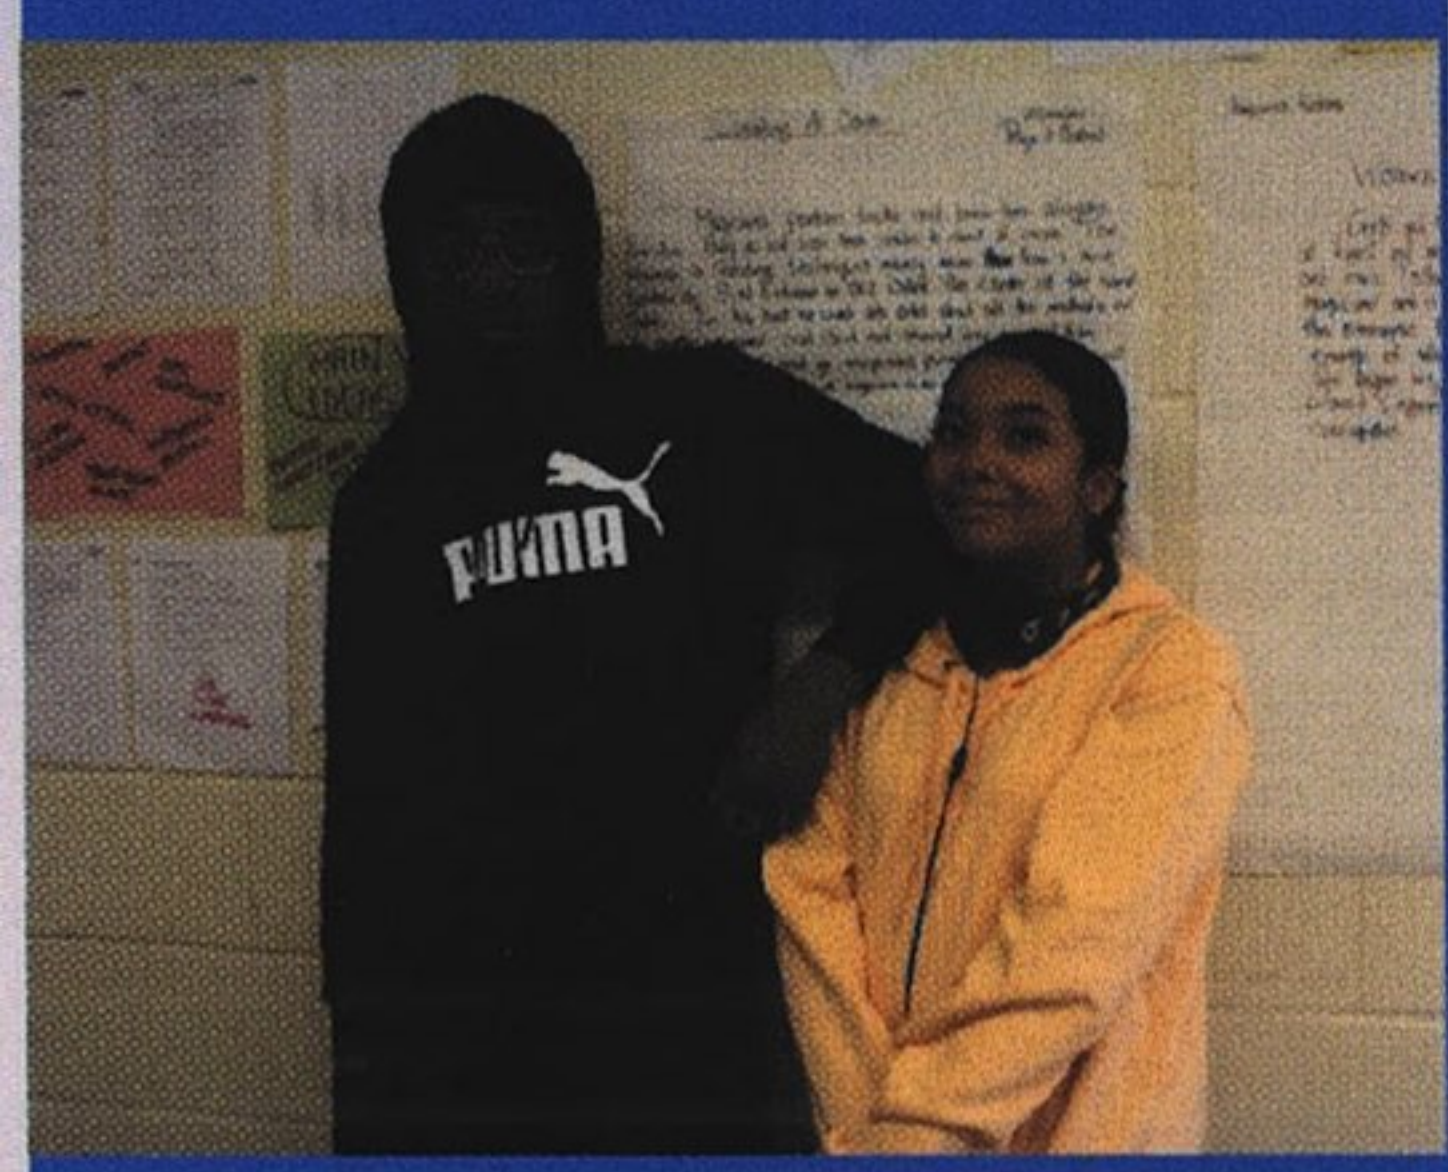

The members of Prom Committee explain the rules of the donut eating contest. Participants hope to win a prize if they survive to round three!

SPORT WEEK

PAJAMA DAY: "TODAY I SWEAR I'M NOT DOING ANYTHING"

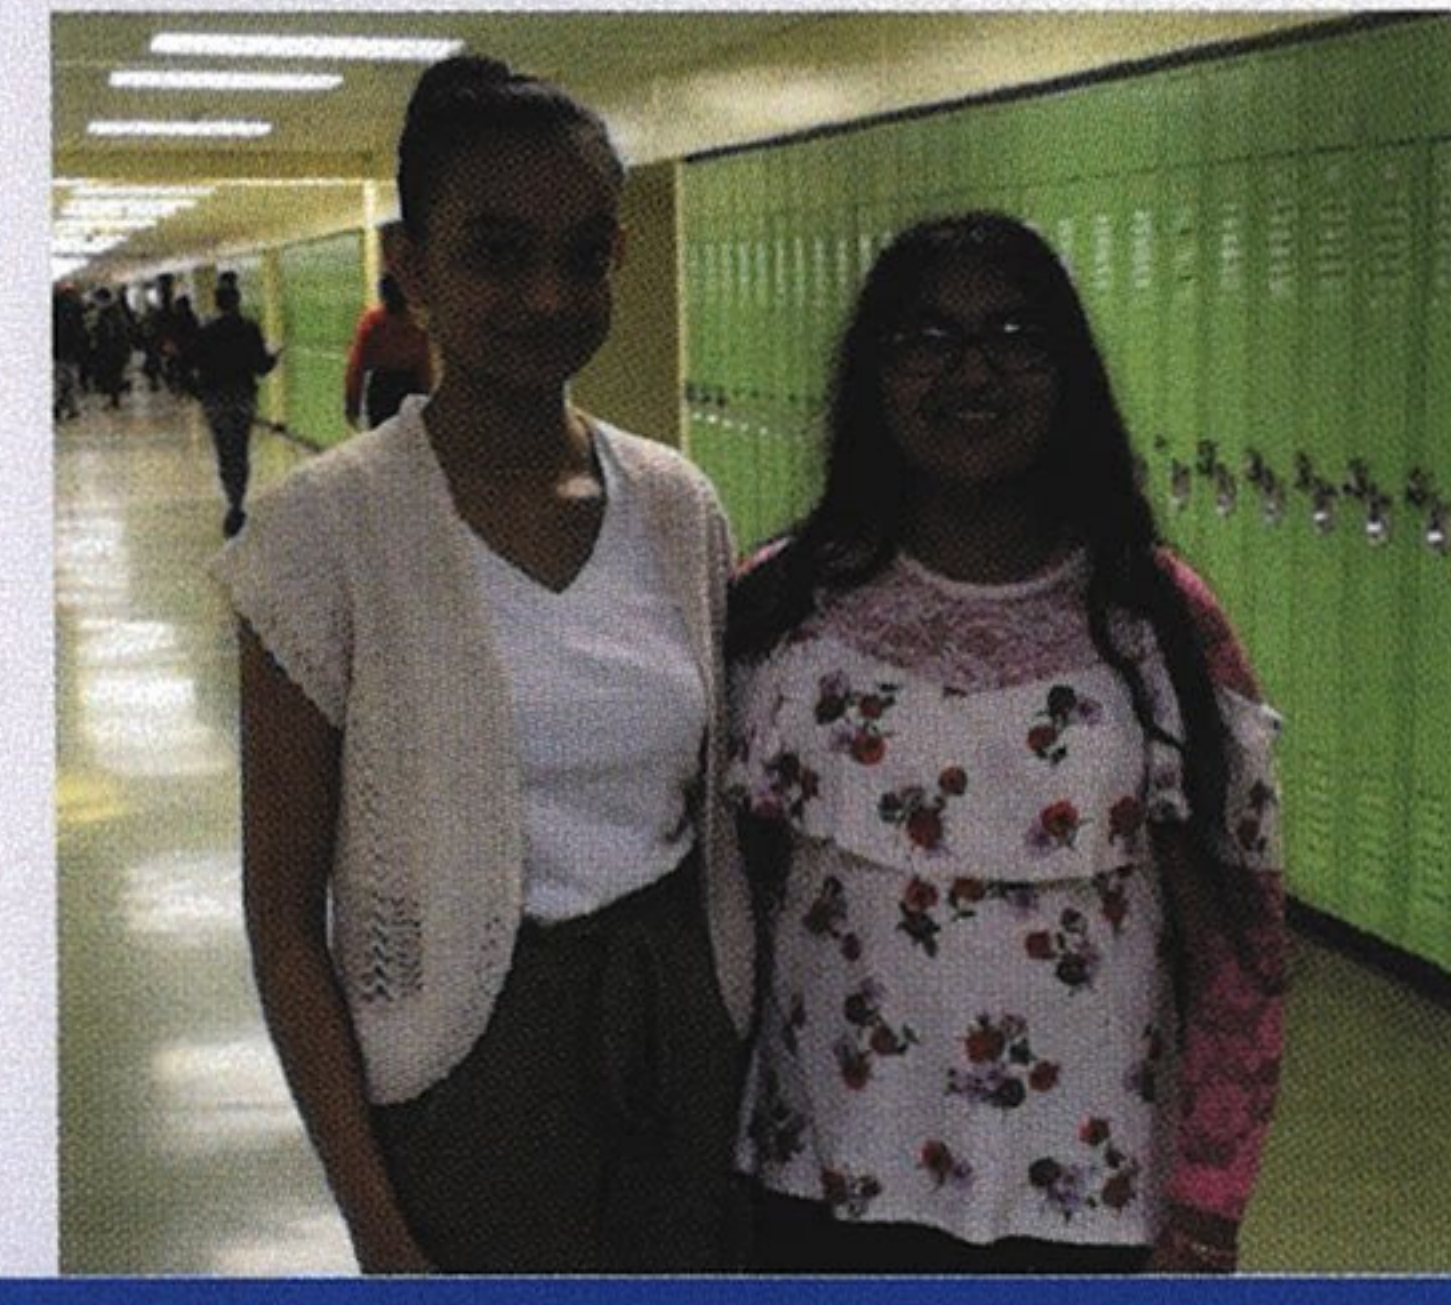

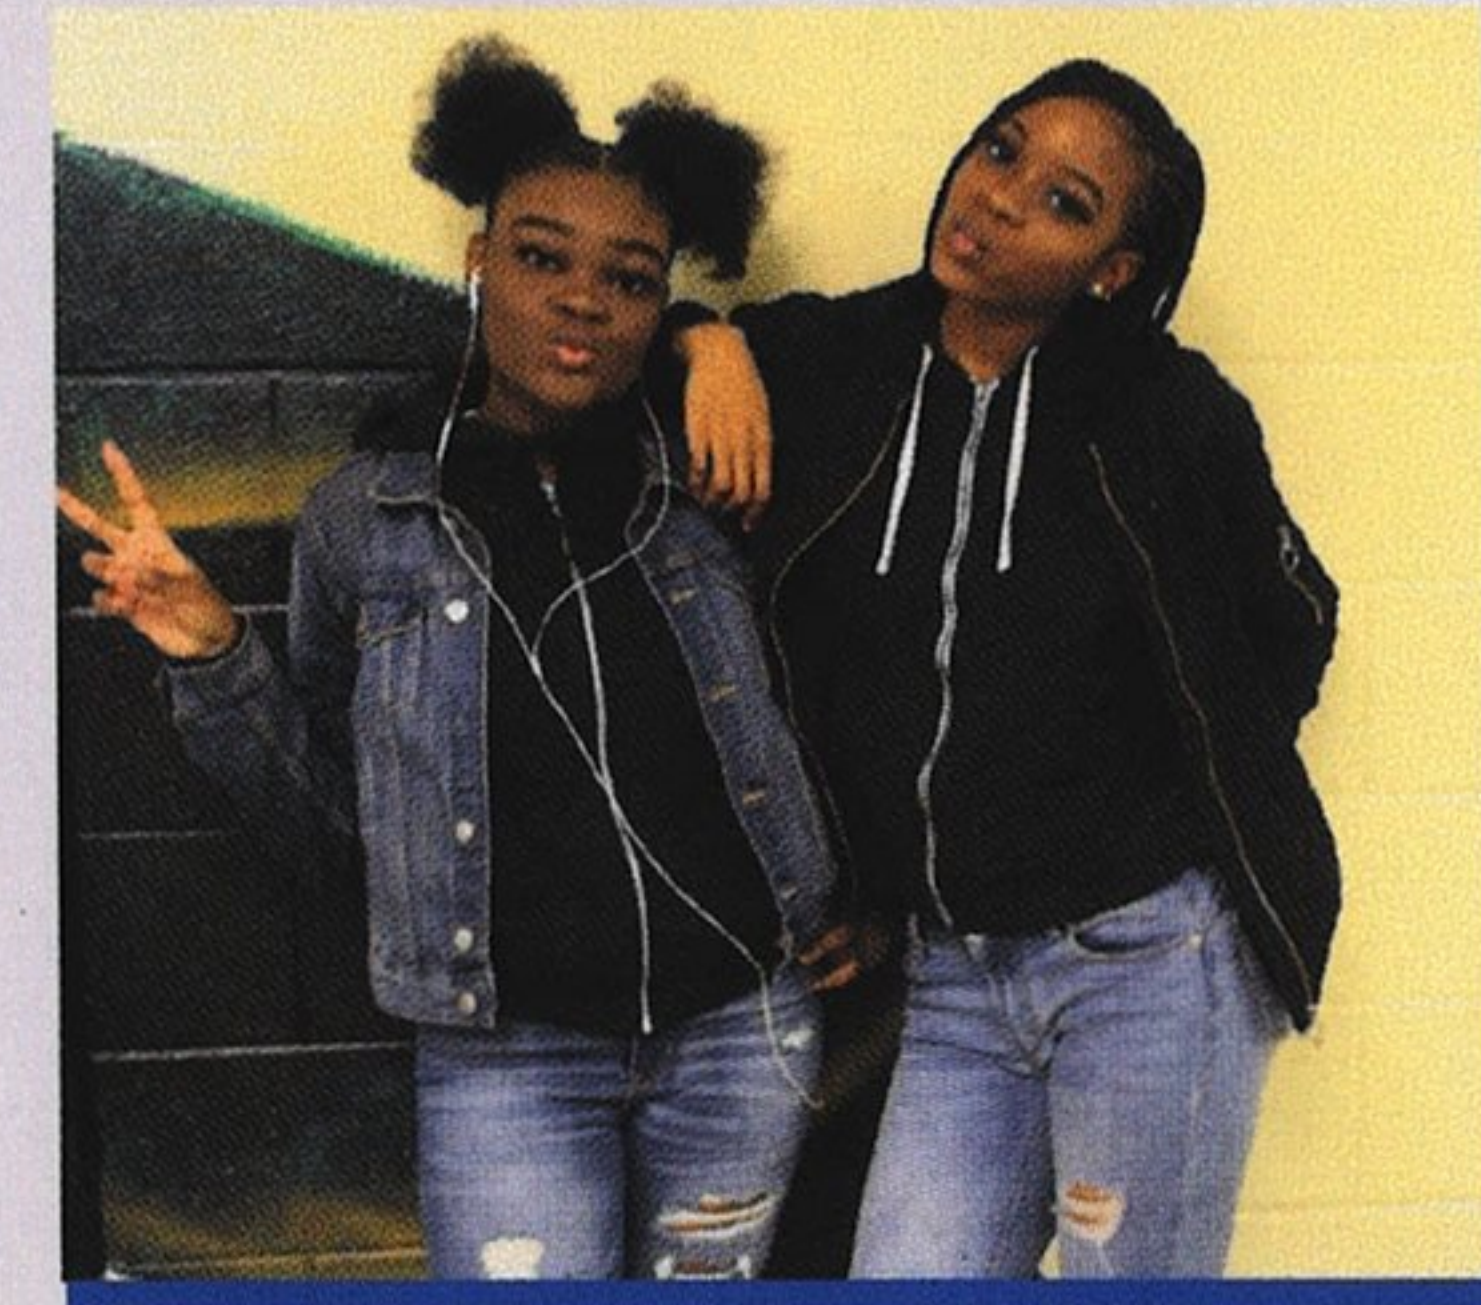

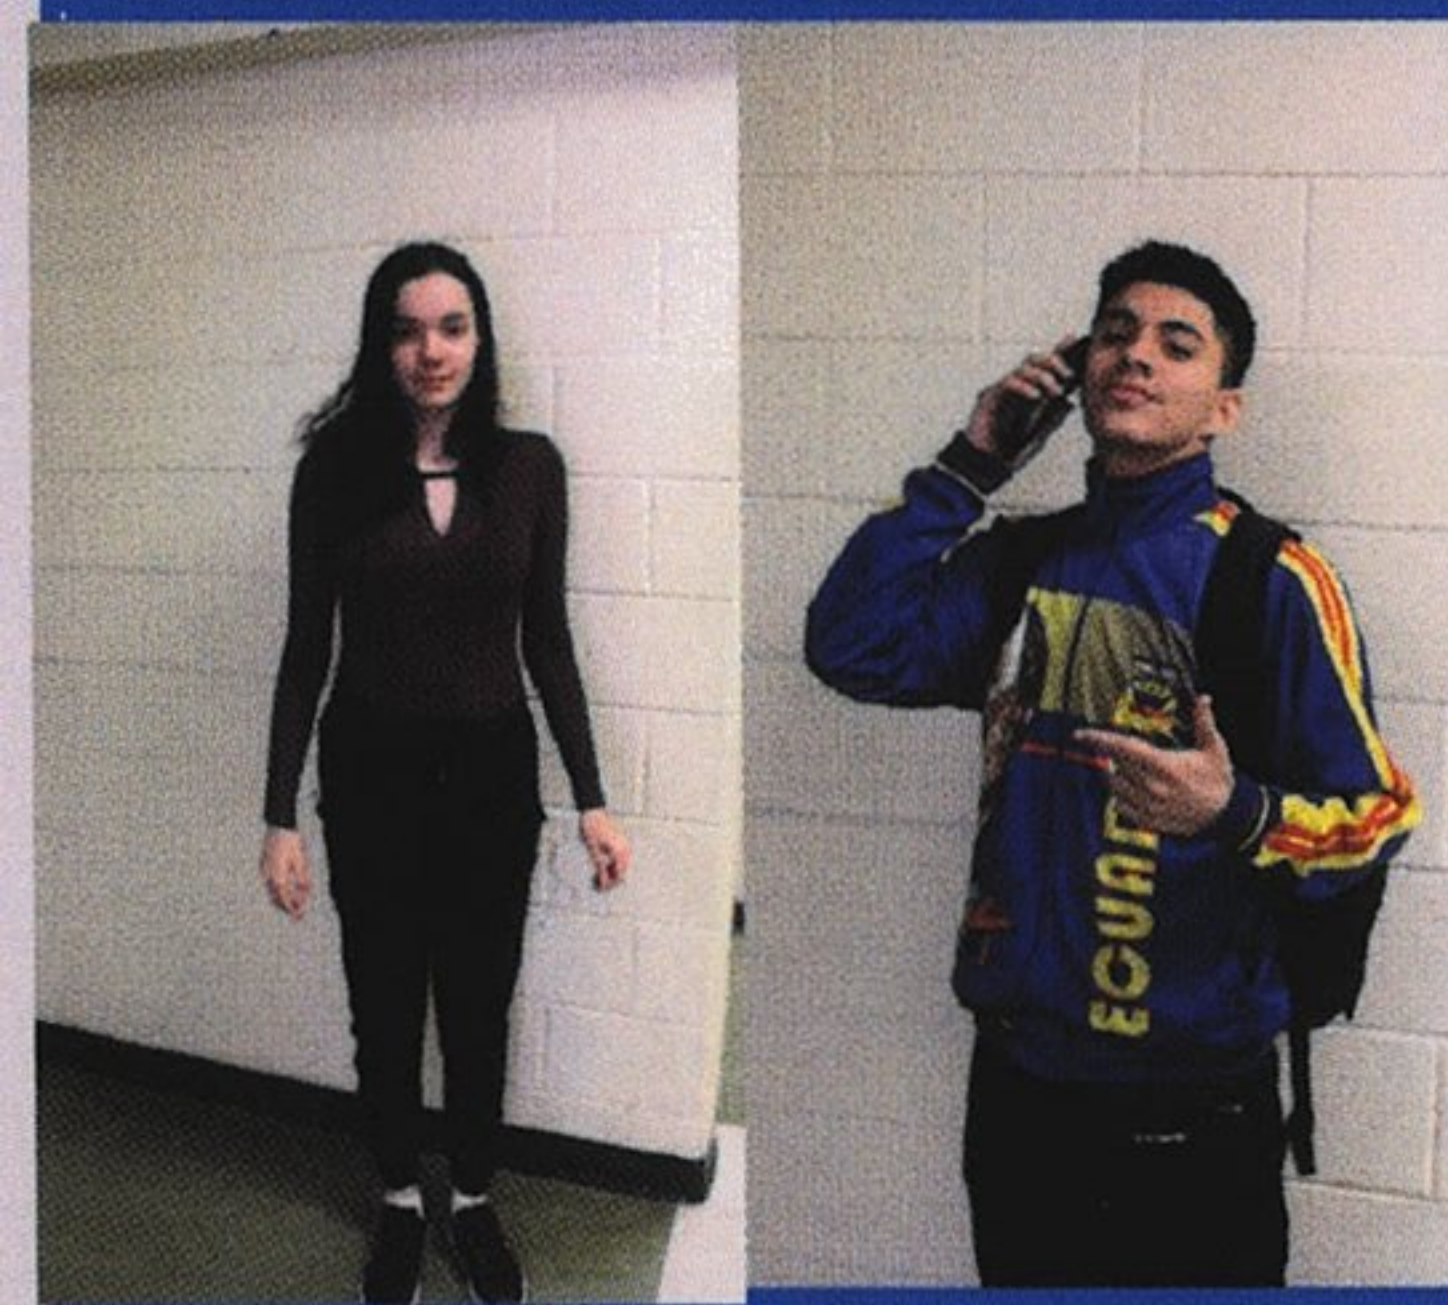

In the words of Bruno Mars, "nothing at all, oh oh oh, nothing at all", Pajama day was a great way to start of the much anticipated week before Easter break. Participating students are dressed in many different forms of sleep wear such as onesies, full pj's, tops and bottoms with sleeping caps, and matching top and bottoms.

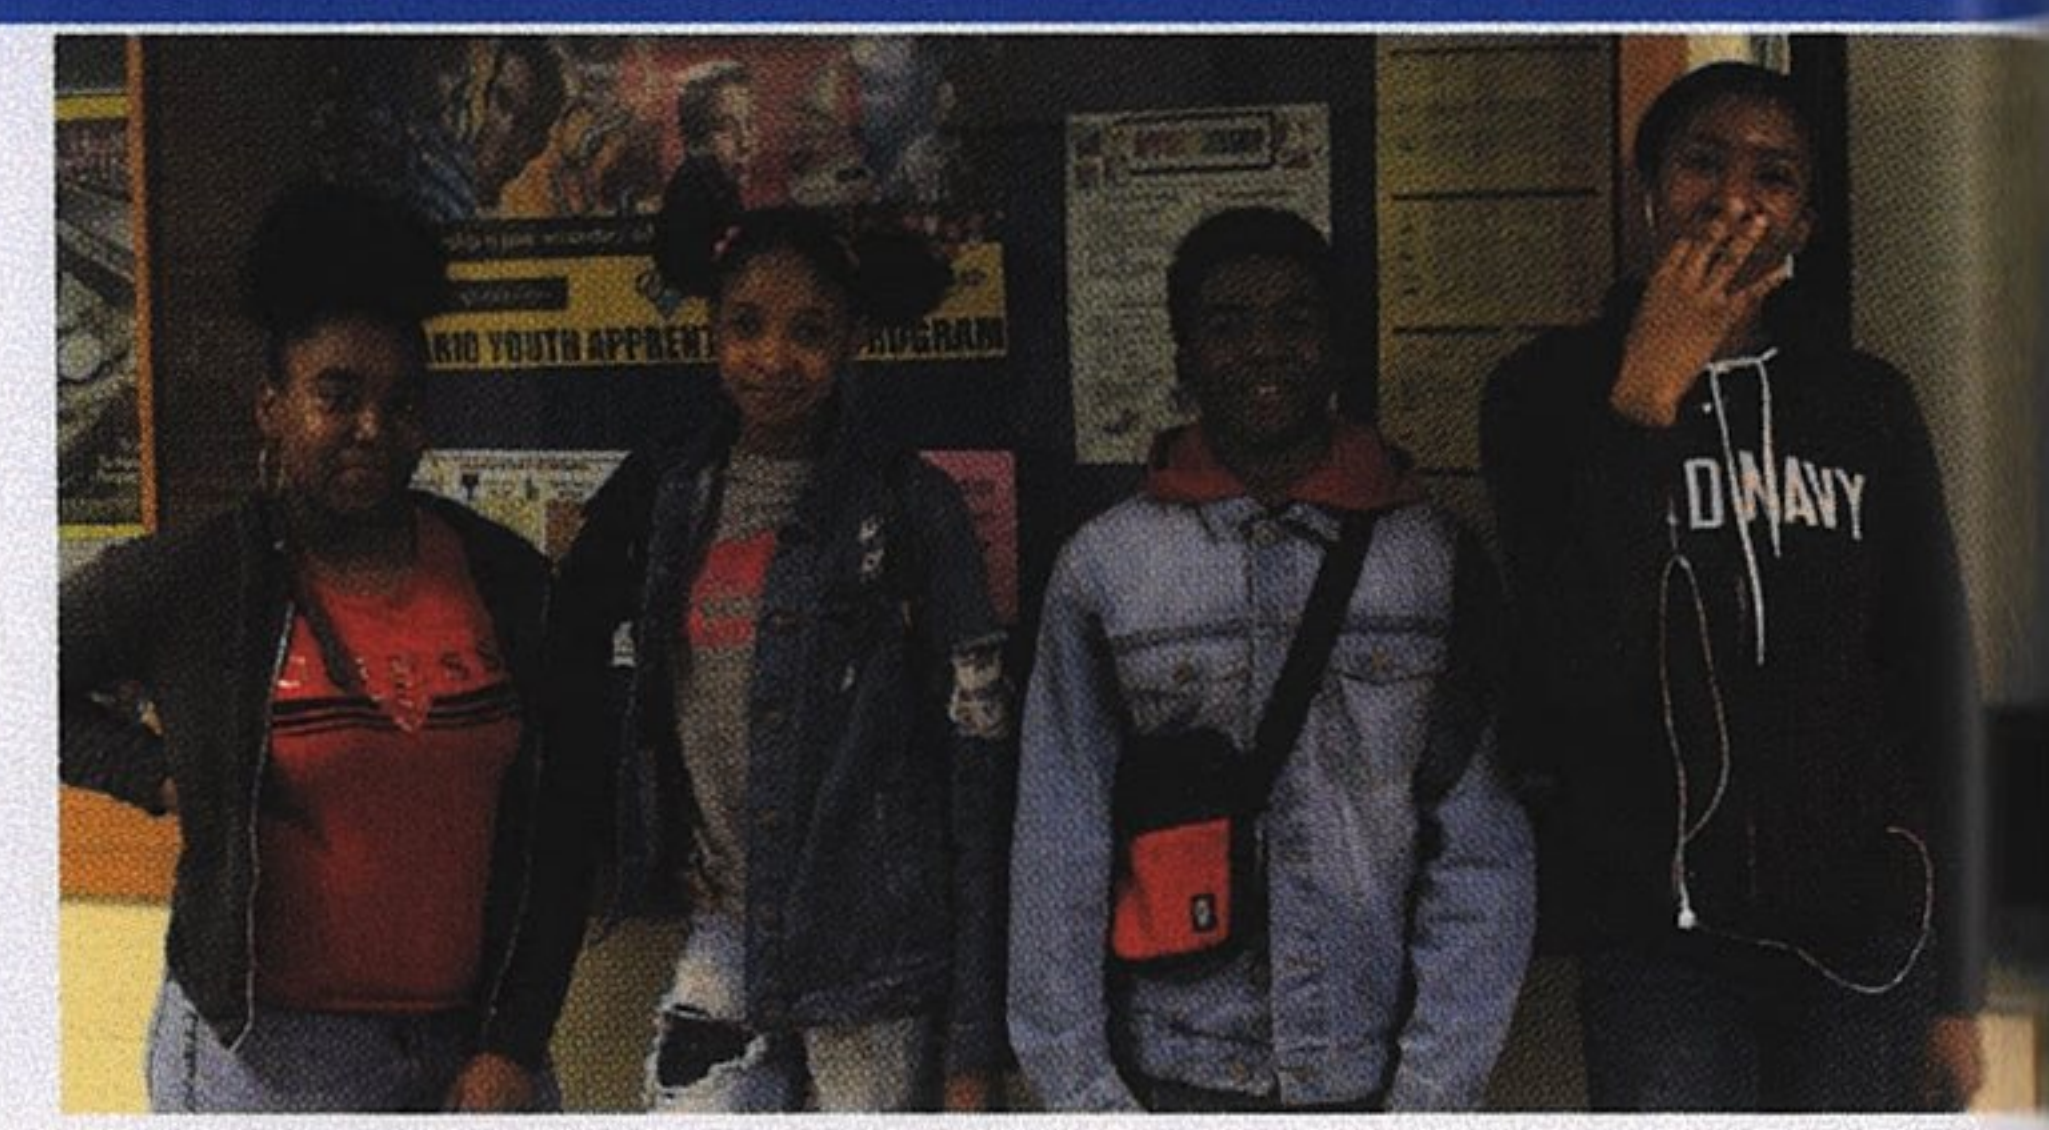

DRESSDOWN DAY: DRESSED TO THE 9S

TRACK SUIT DAY: ROCK YOUR GEAR LIKE A BOSS

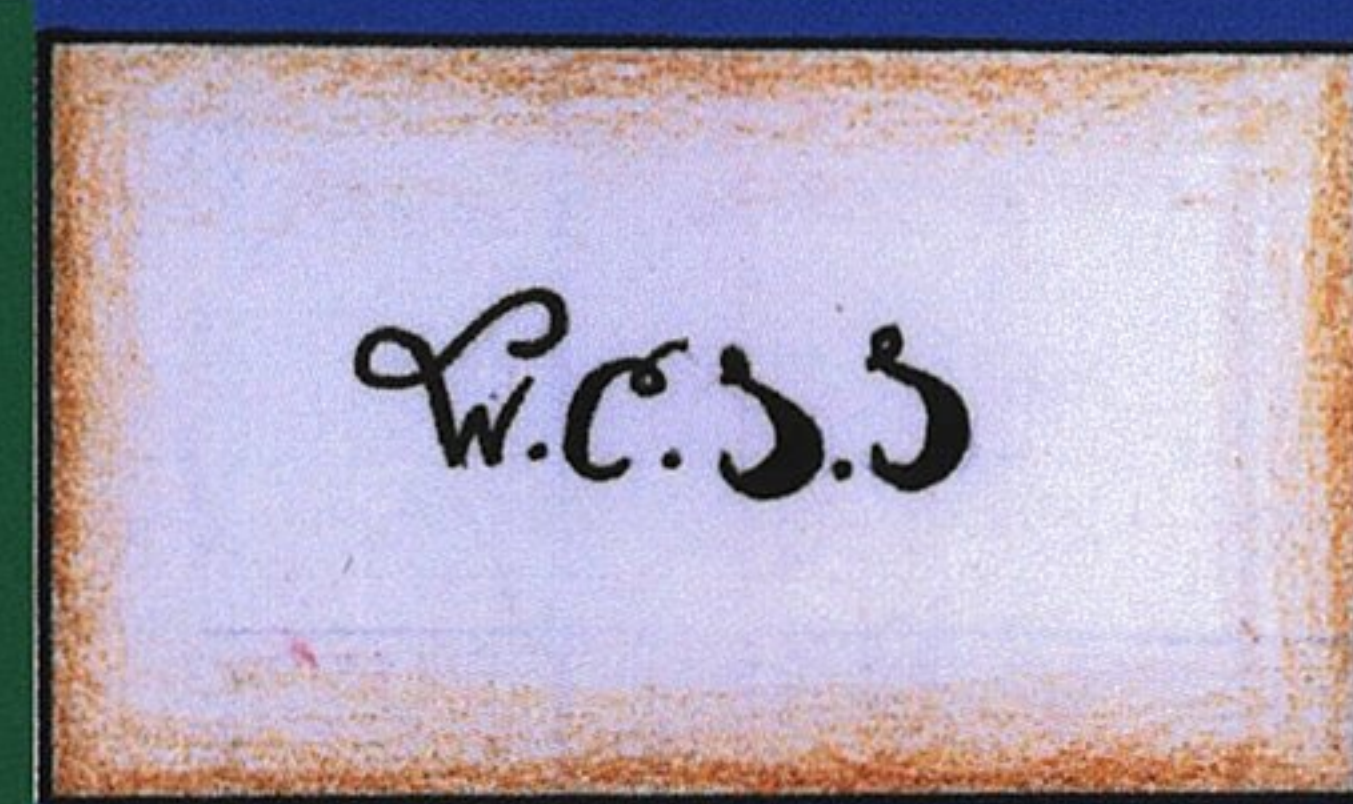

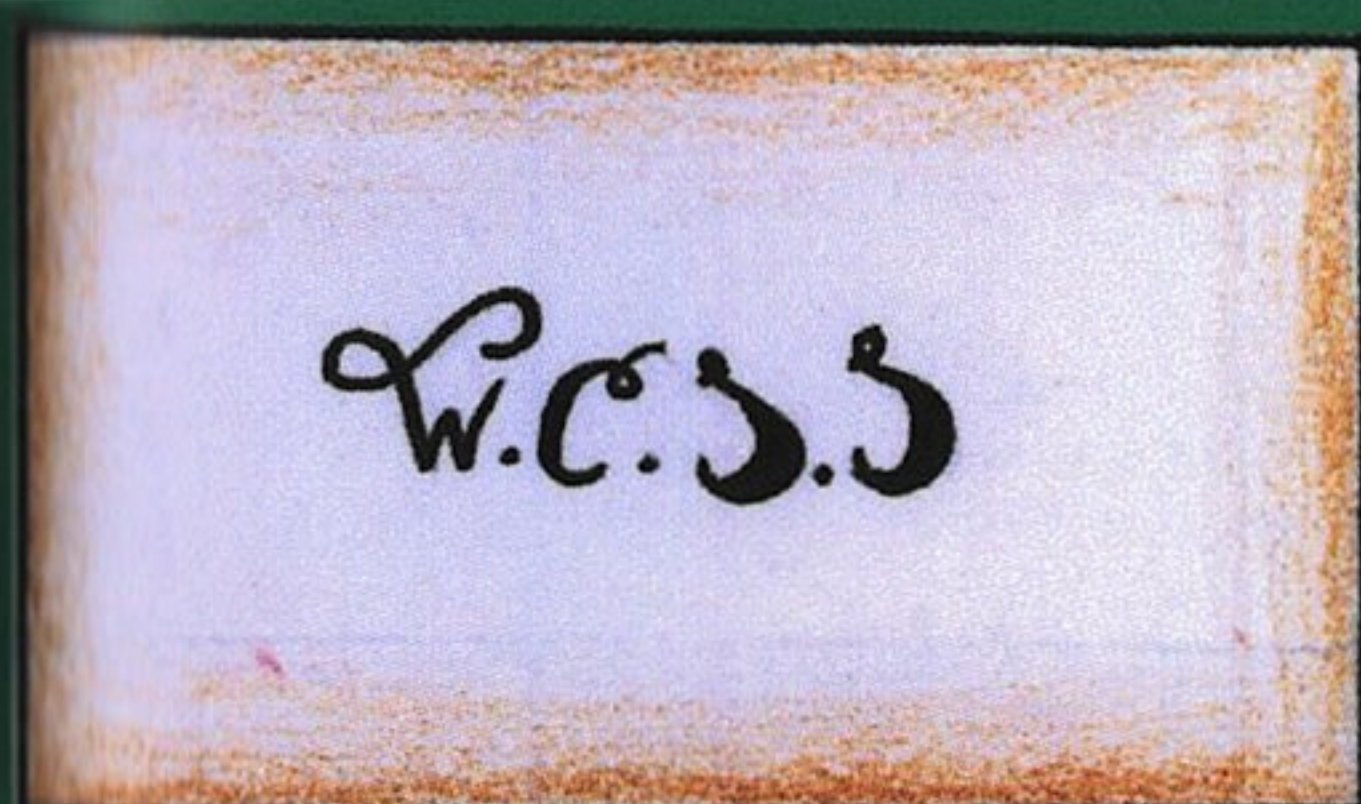

The newest edition to Spirit week "track suit day", was a success with students and even teachers. Students embraced this day with open arms, because who doesn't like to lounge around school in a comfortable Roots tracksuit? This will definitely be a repeat for next year.

Earth Day Clean Up

Students make a clean sweep and fill a dumpster to honour Earth Day

It was a chilly and windy wednesday towards the end of April that found students and teachers outside during period two. Mr. Taborek organized our annual clean up in honour of Earth Day. Westview's grounds were divided into zones and teachers signed up their willing classes to tackle the designated areas. The field and the courtyard were attacked with great effort. In spite of the weather students left the grounds pristine!

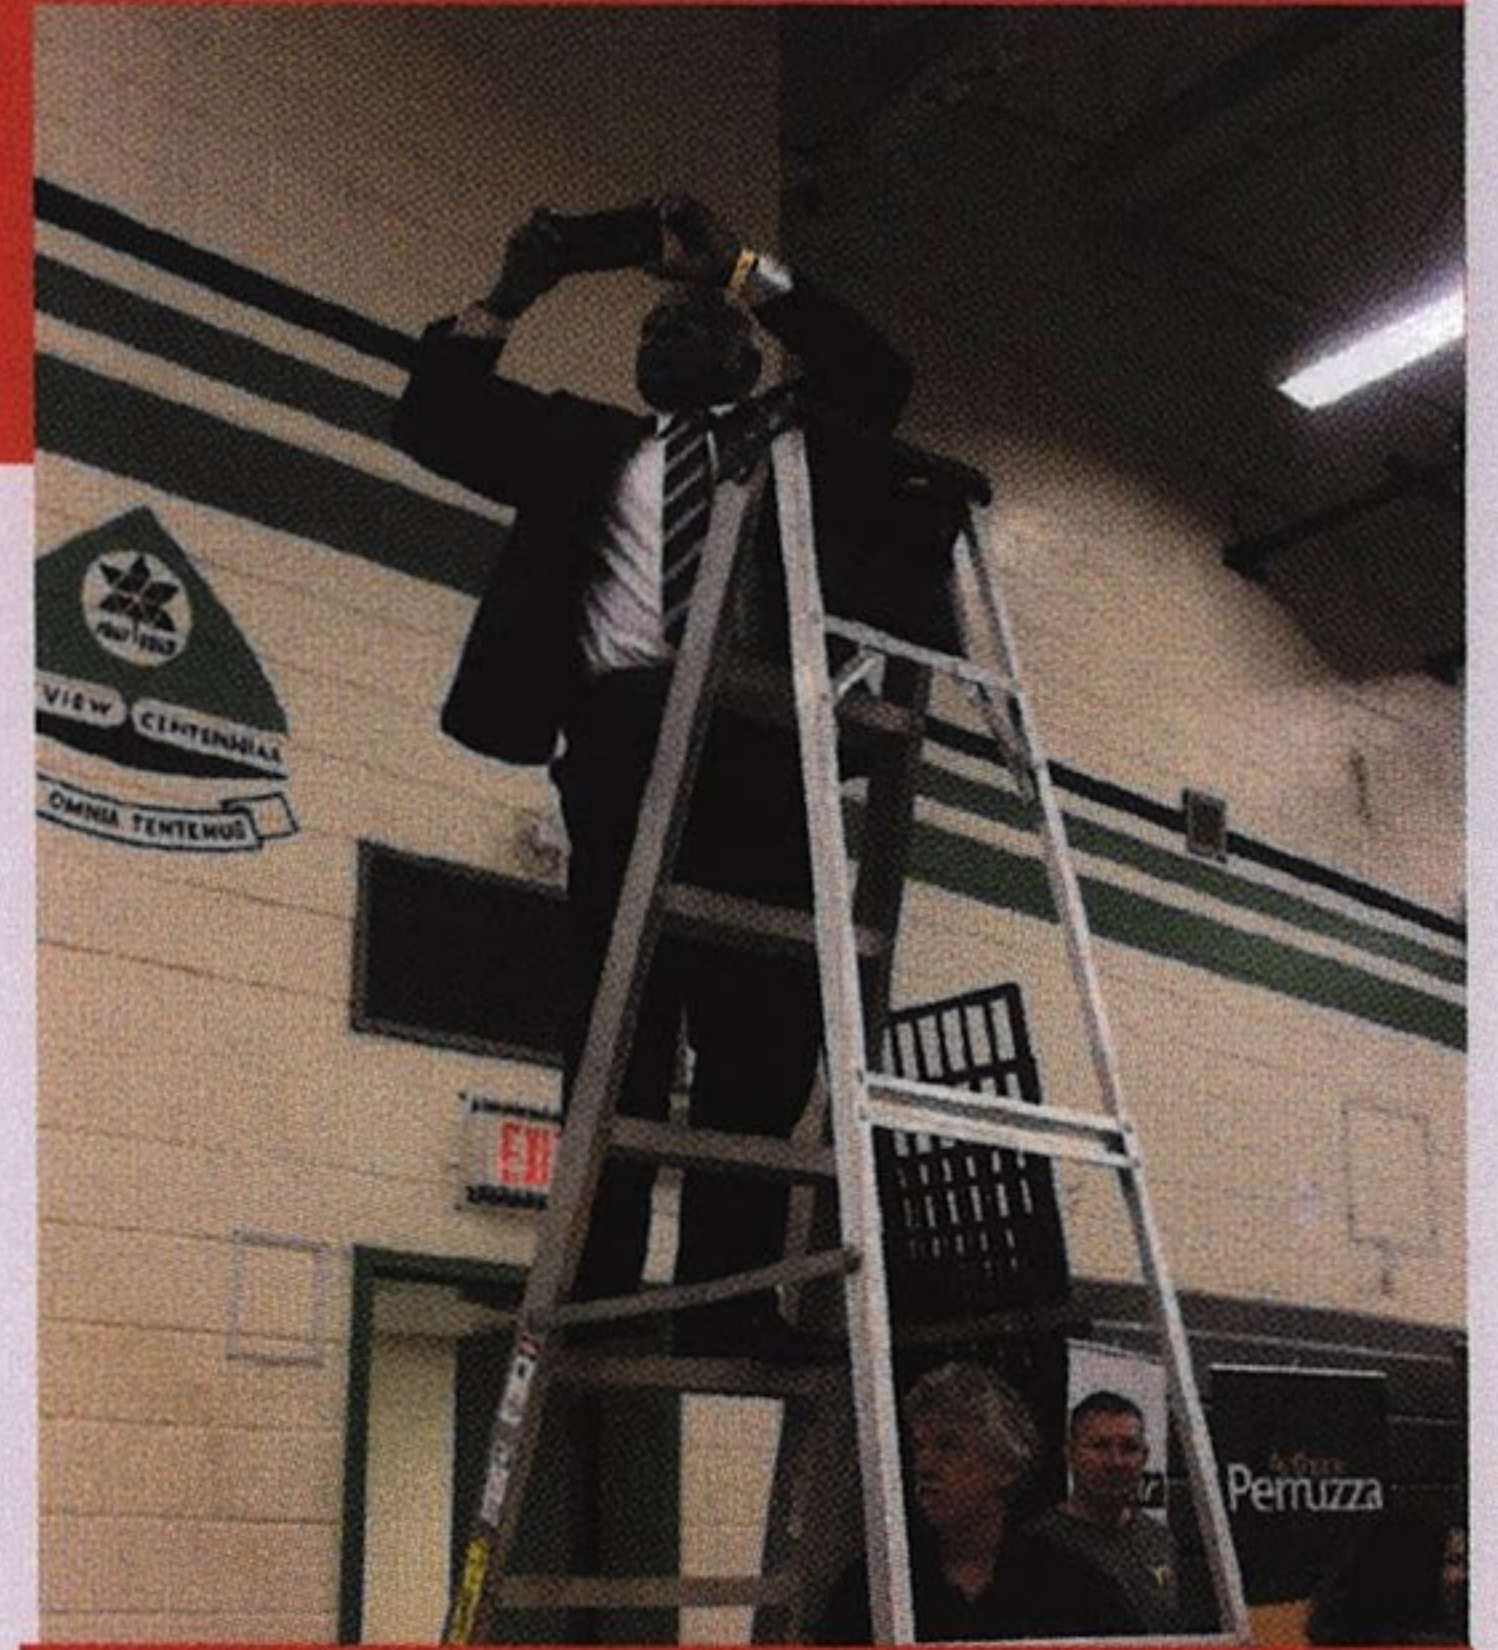

Did you know? According to www.earthday.org, "Earth Day is now a global event each year, and we believe that more than 1 billion people in 192 countries now take part in what is the largest civic-focused day of action in the world".

Leadership trip to Mono Cliffs Outdoor Education Centre

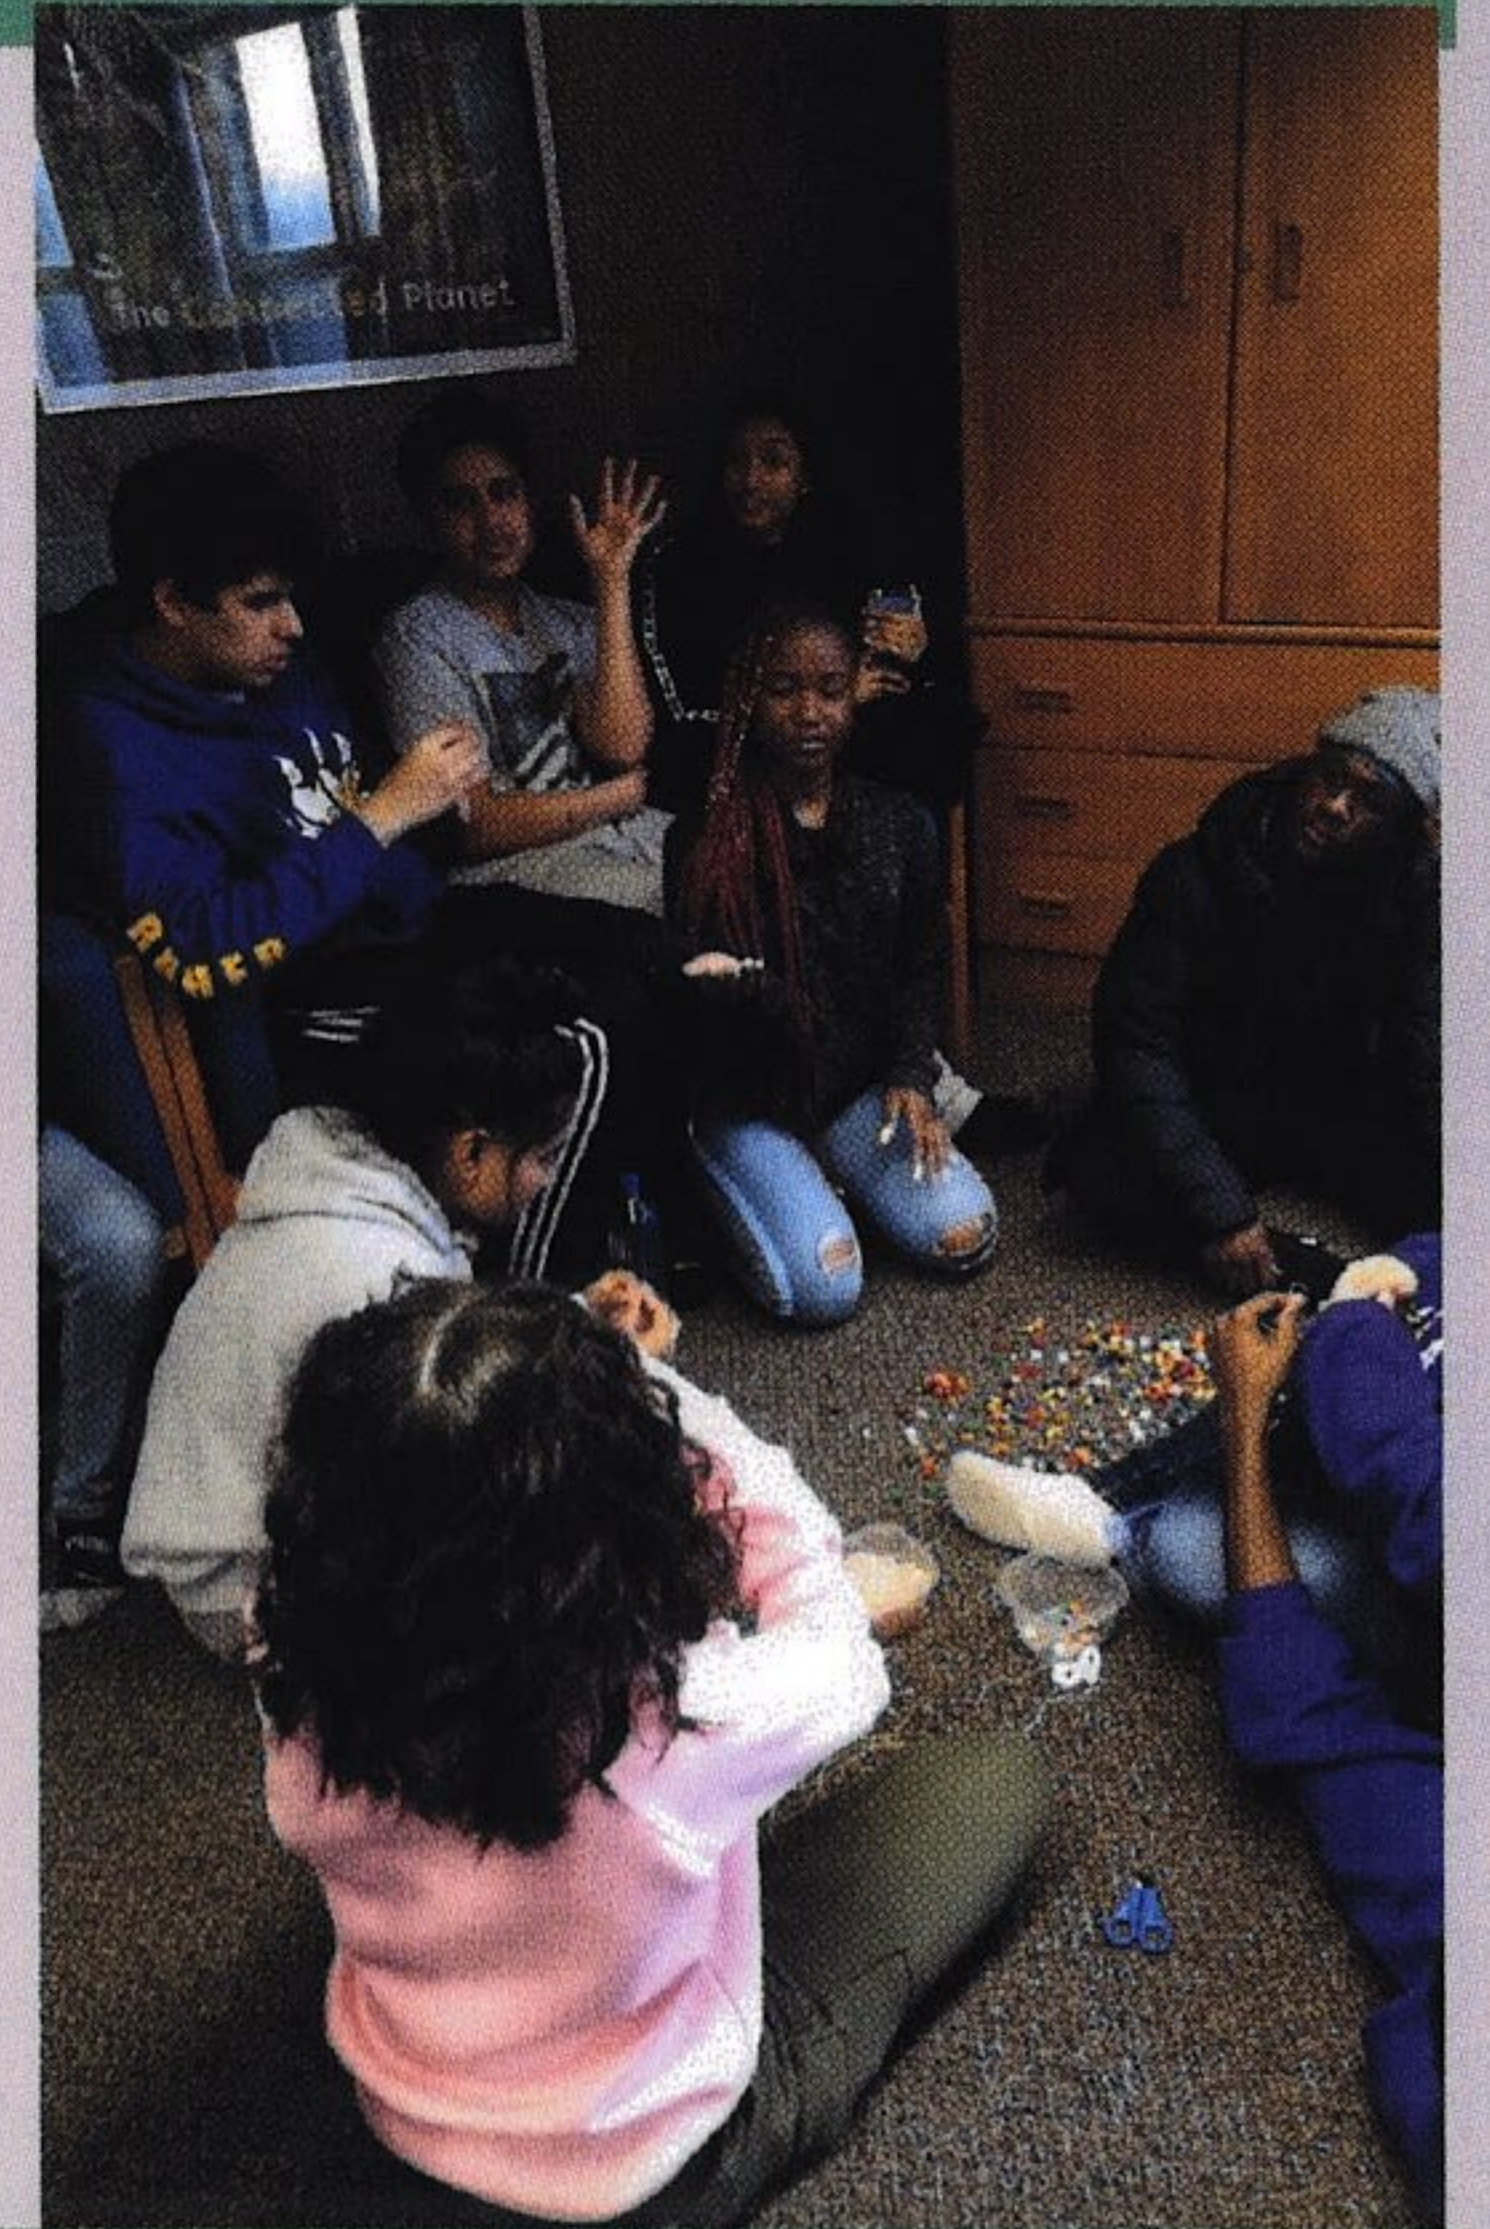

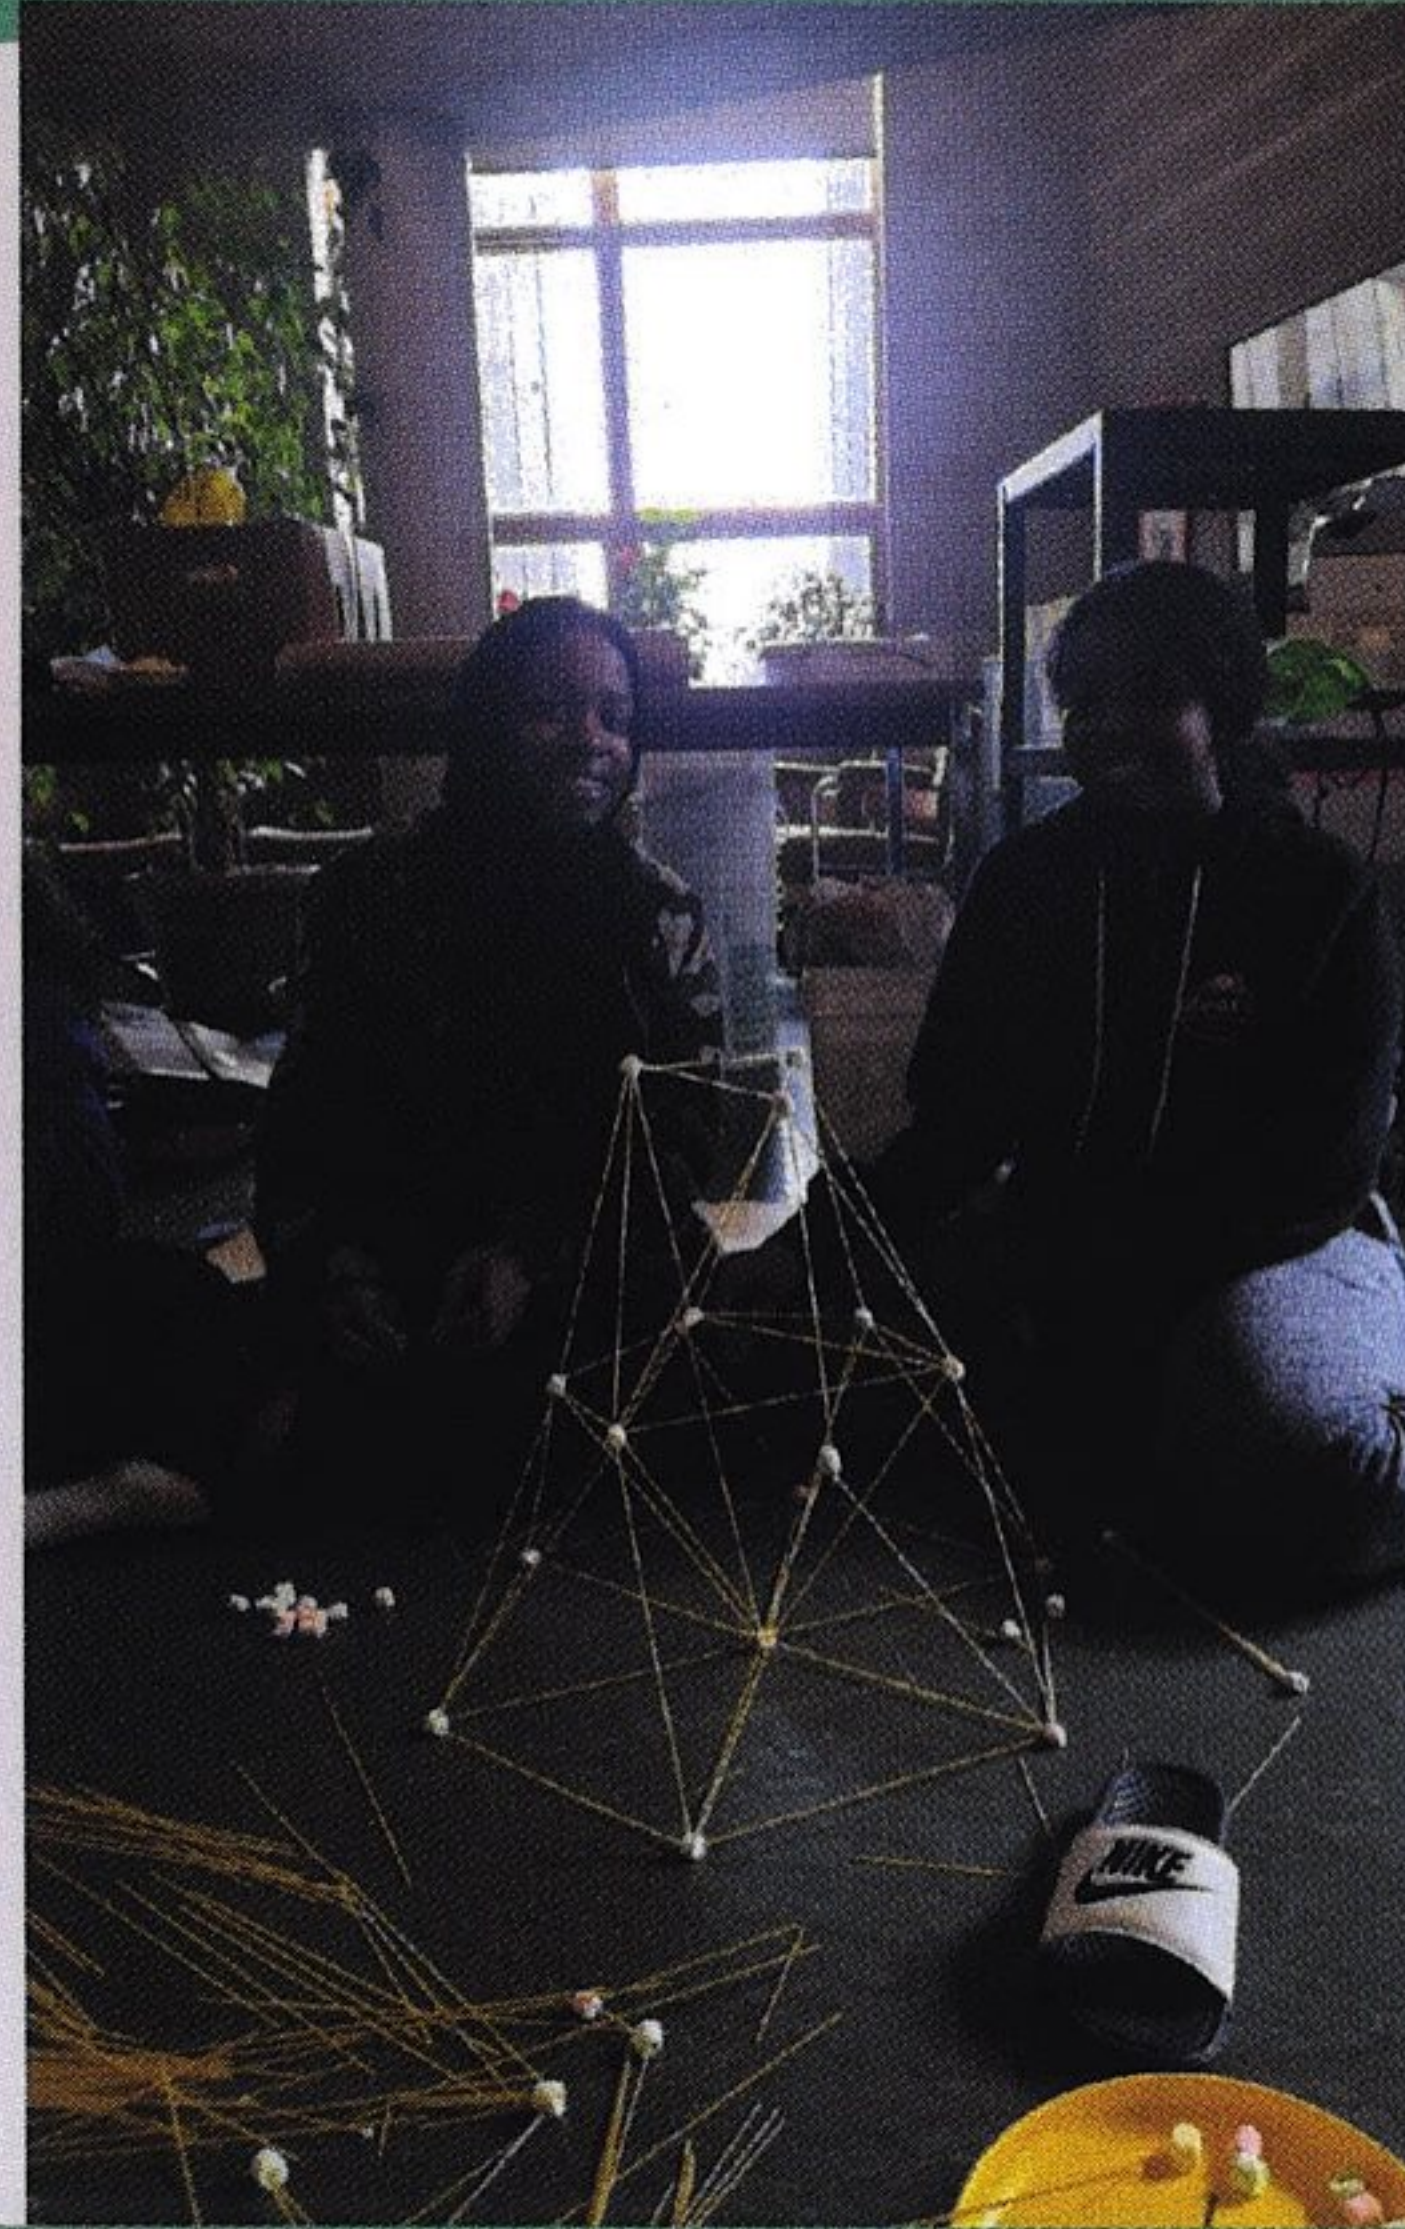

At Westview we invest in building student leadership capacity by empowering student voice and agency among our student body. The leadership trip to Mono Cliffs Outdoor Education Centre is focused on investing student leaders in the school by engaging them in a three day leadership training workshop. The workshop is specifically designed to meet the needs of our Westview students who are aspiring to leadership in our community. Student leaders from grades 10,11 and 12 organize, and program the events for the three day weekend trip for students in the junior classes (grade 9 and 10) over the span of the school year.

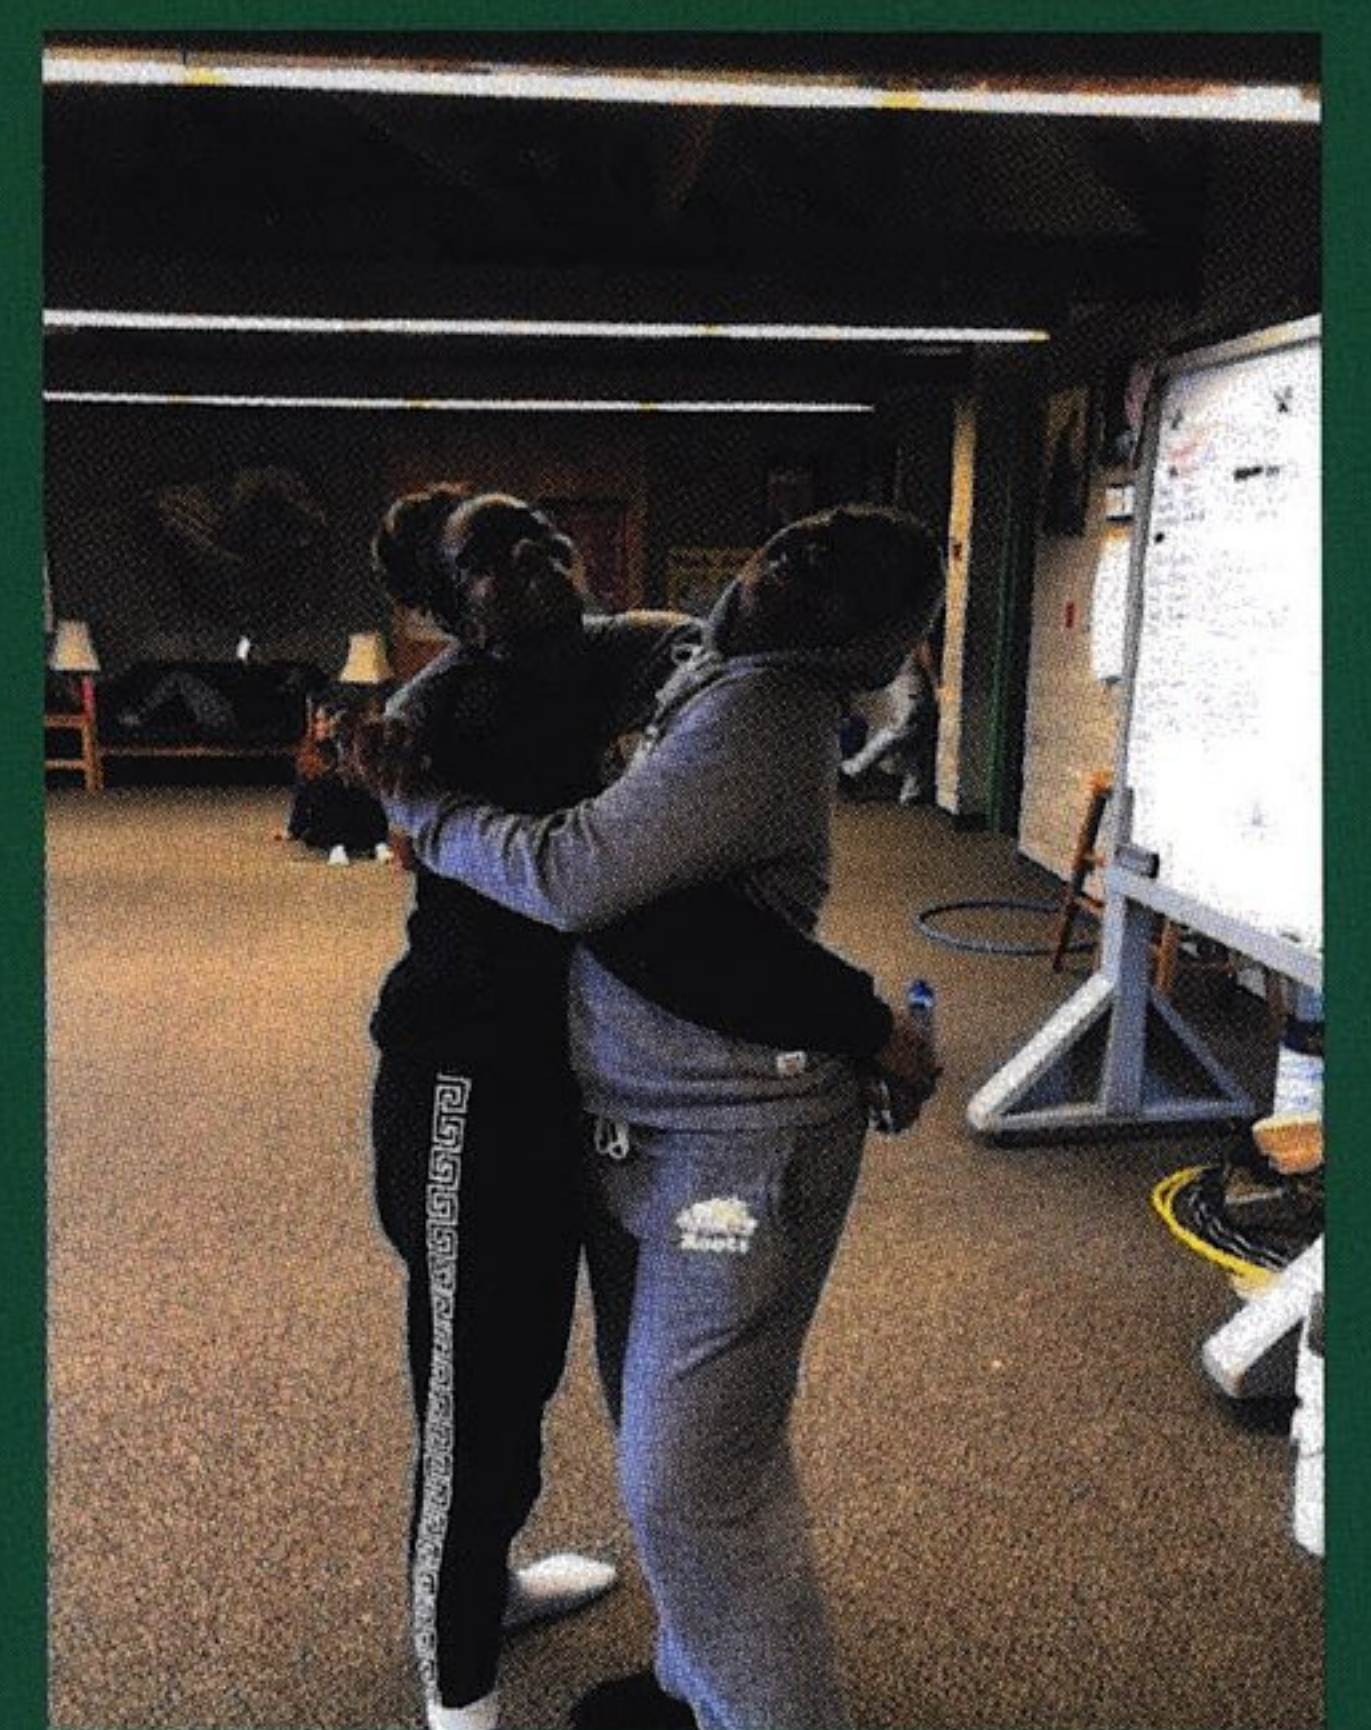

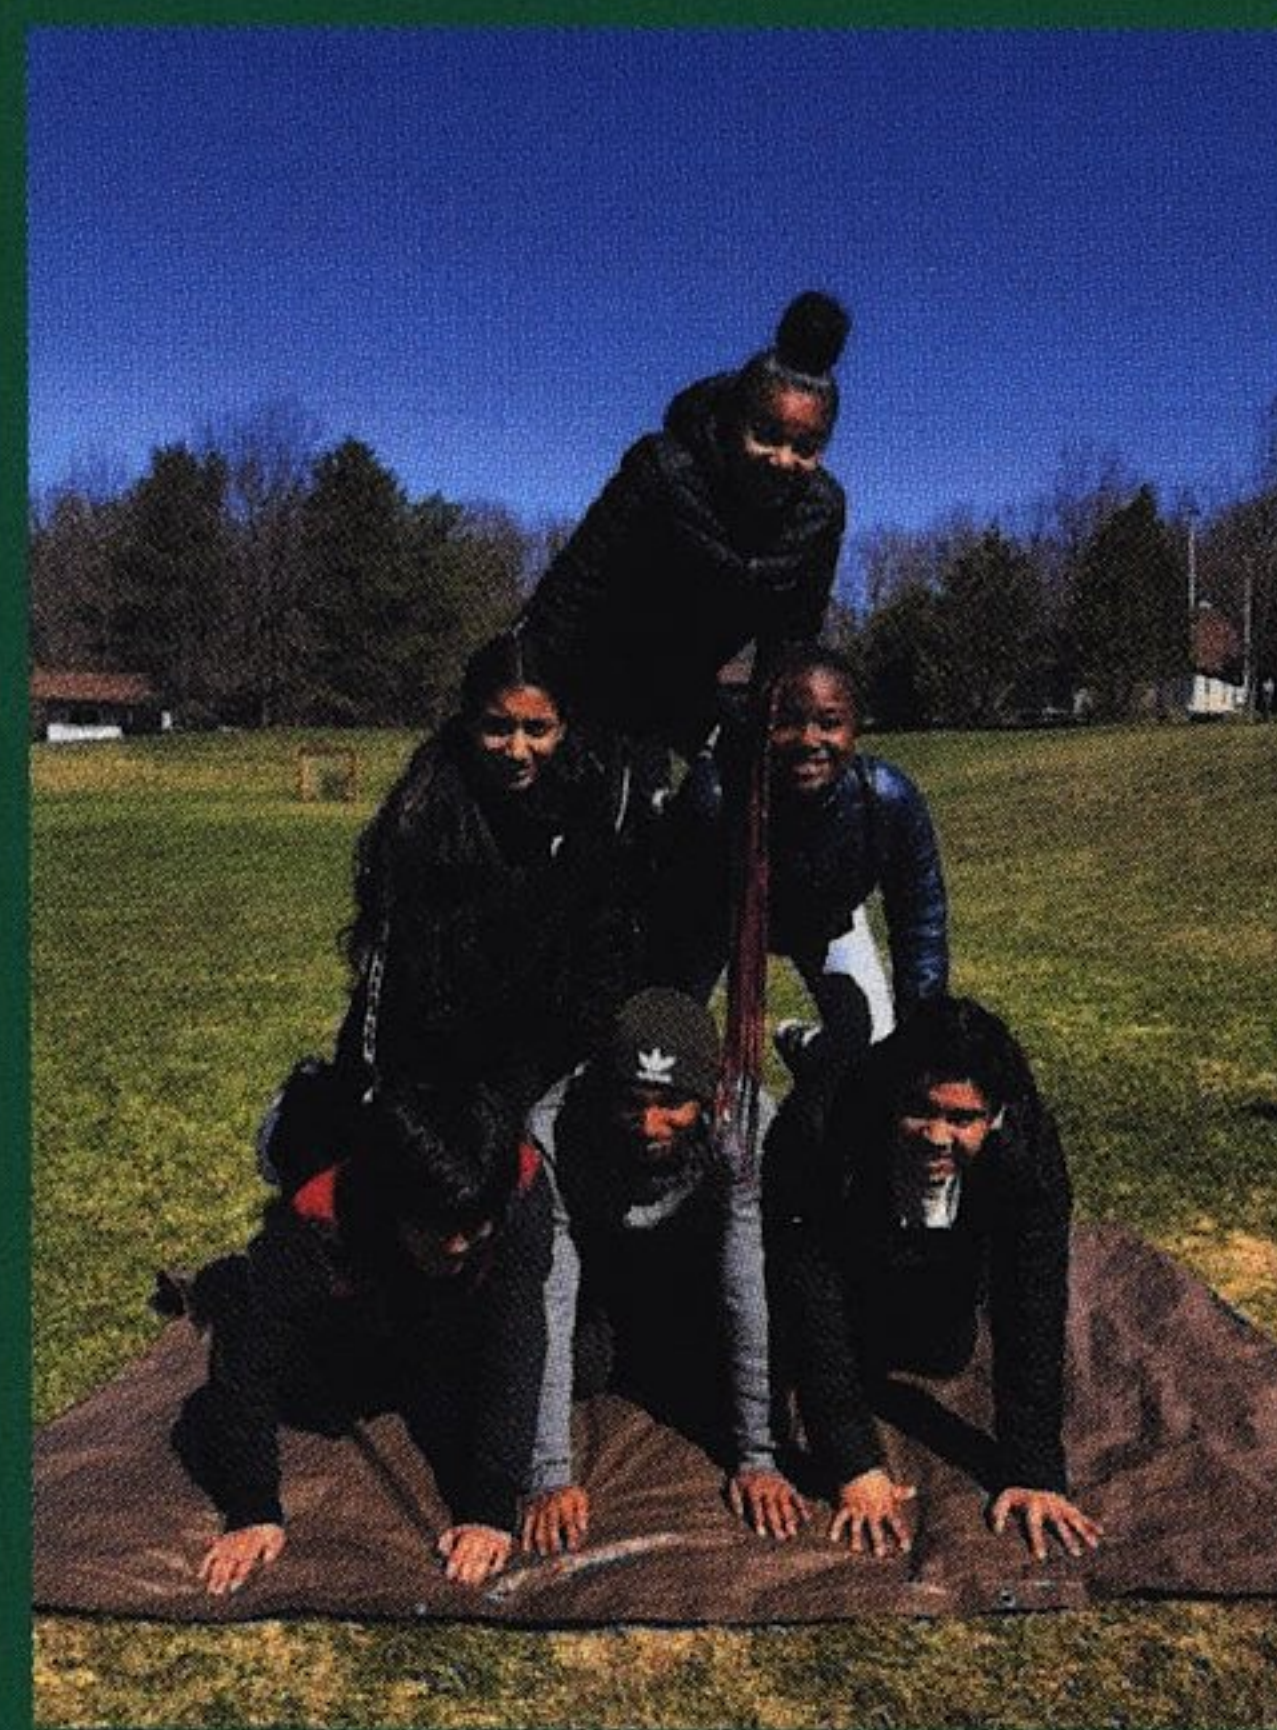

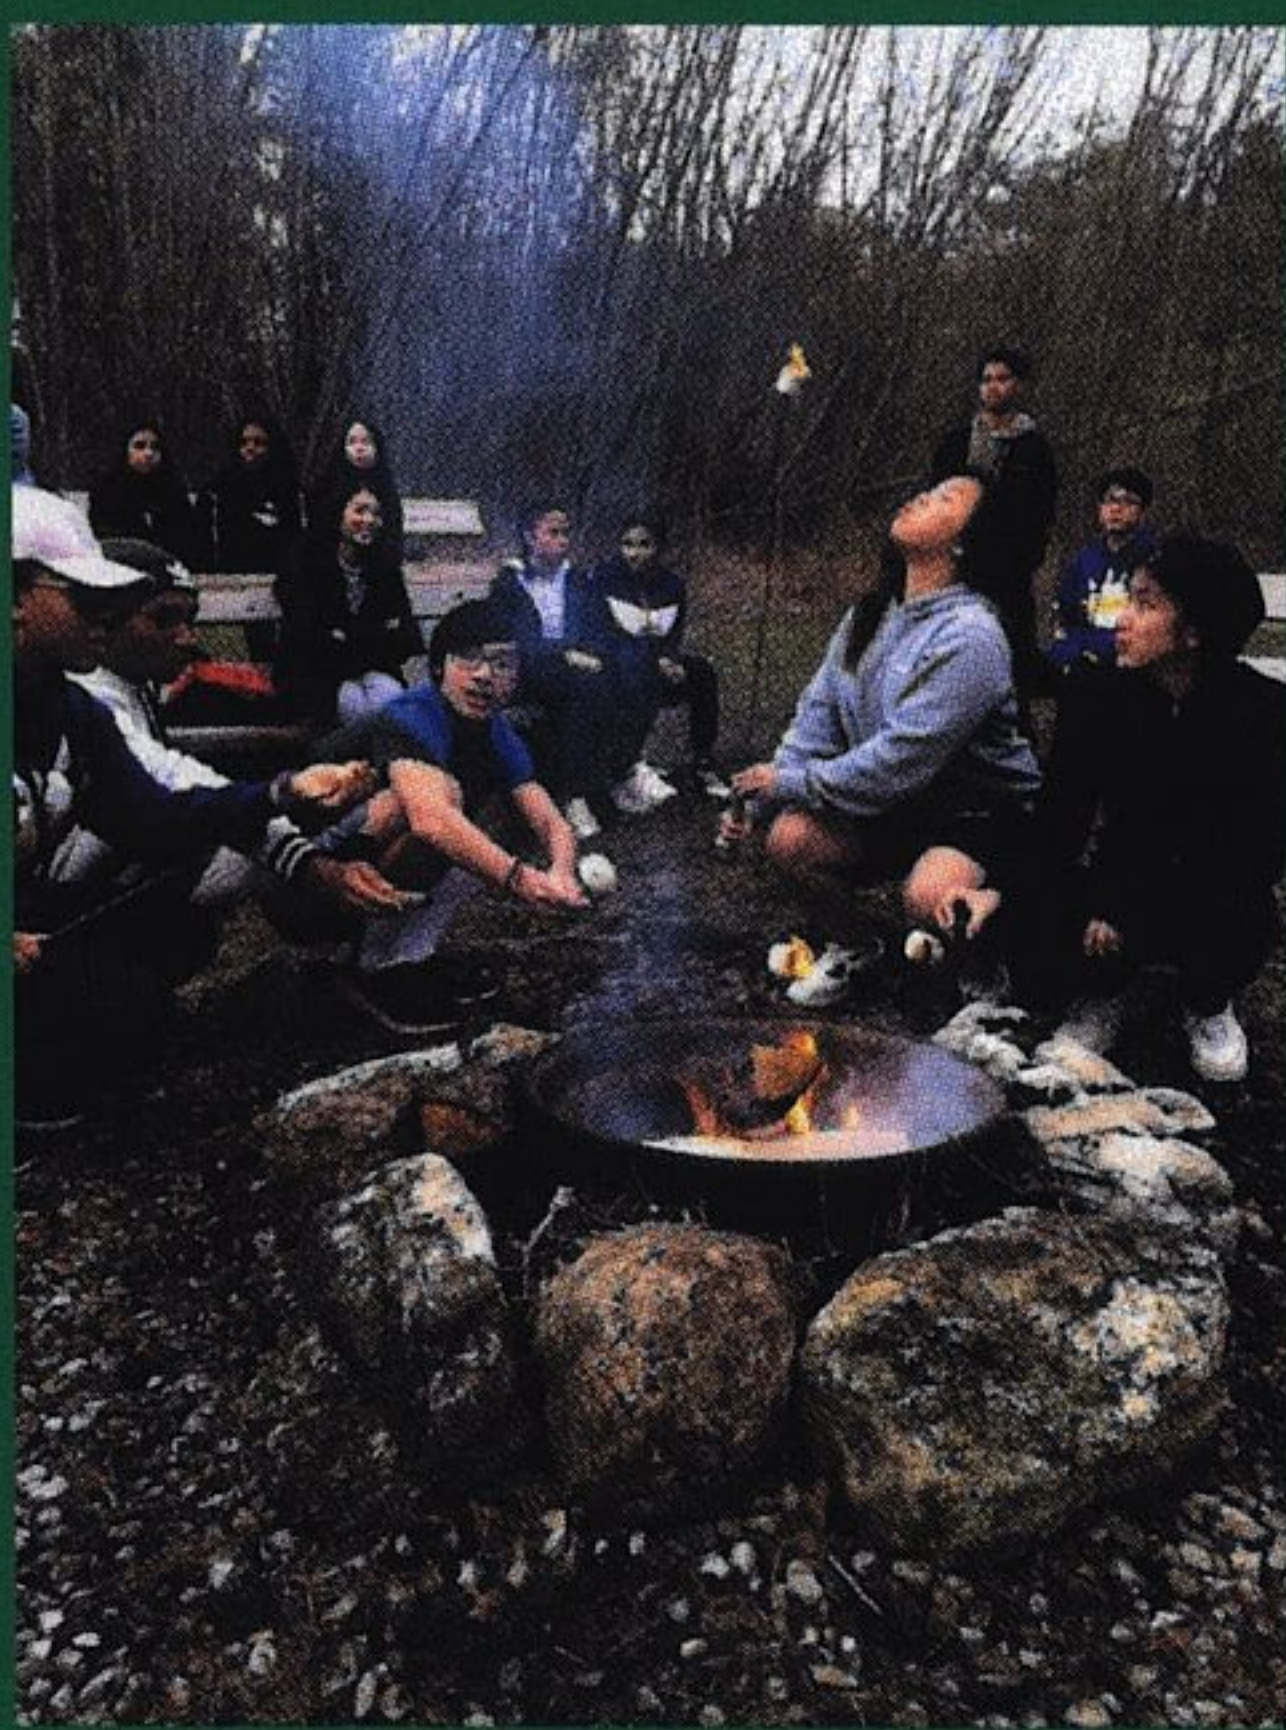

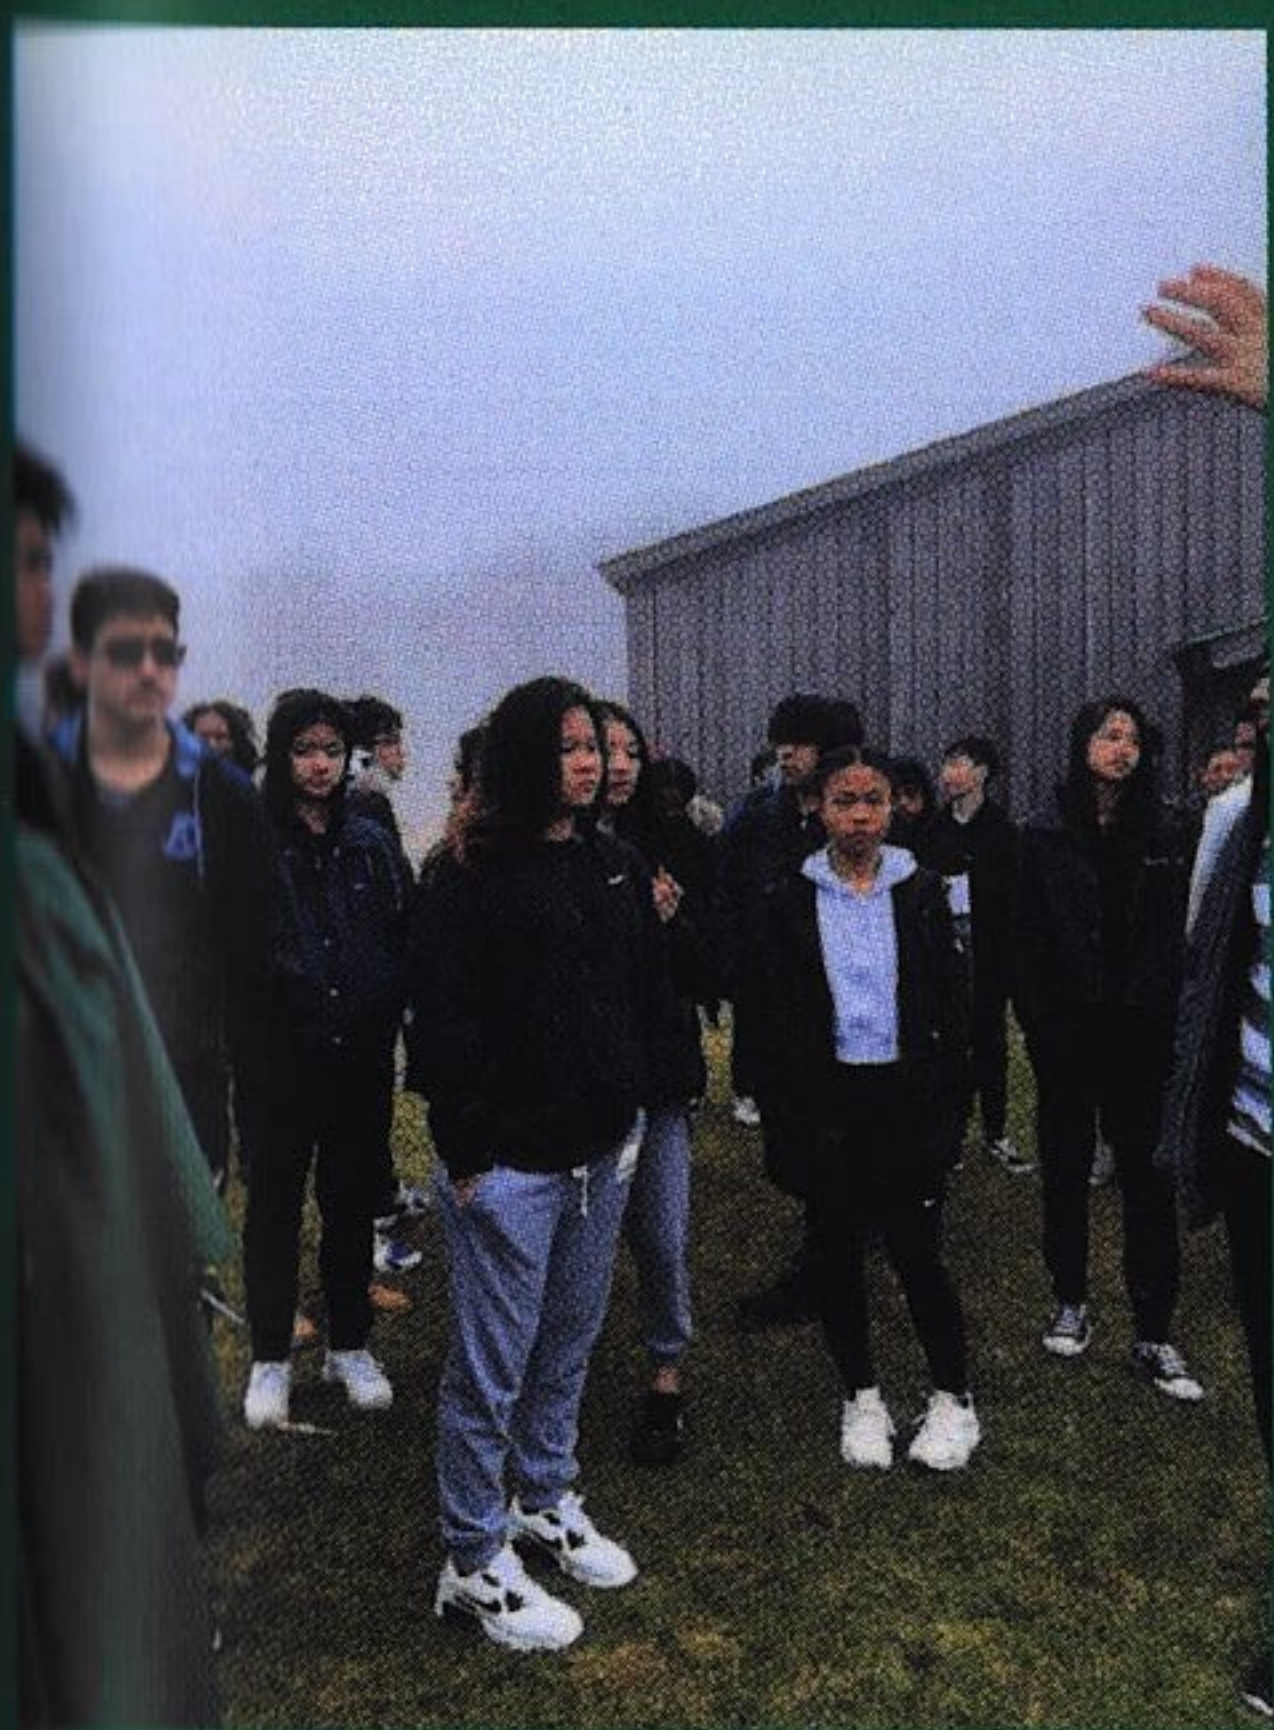

Teamwork makes the dream work

The leadership workshop engages students in various leadership/team building activities both indoors and outdoors. The lessons learned at these workshops will continue to empower our students in the school space and will teach them how to self-advocate for a transformative future.

Go Wildcats

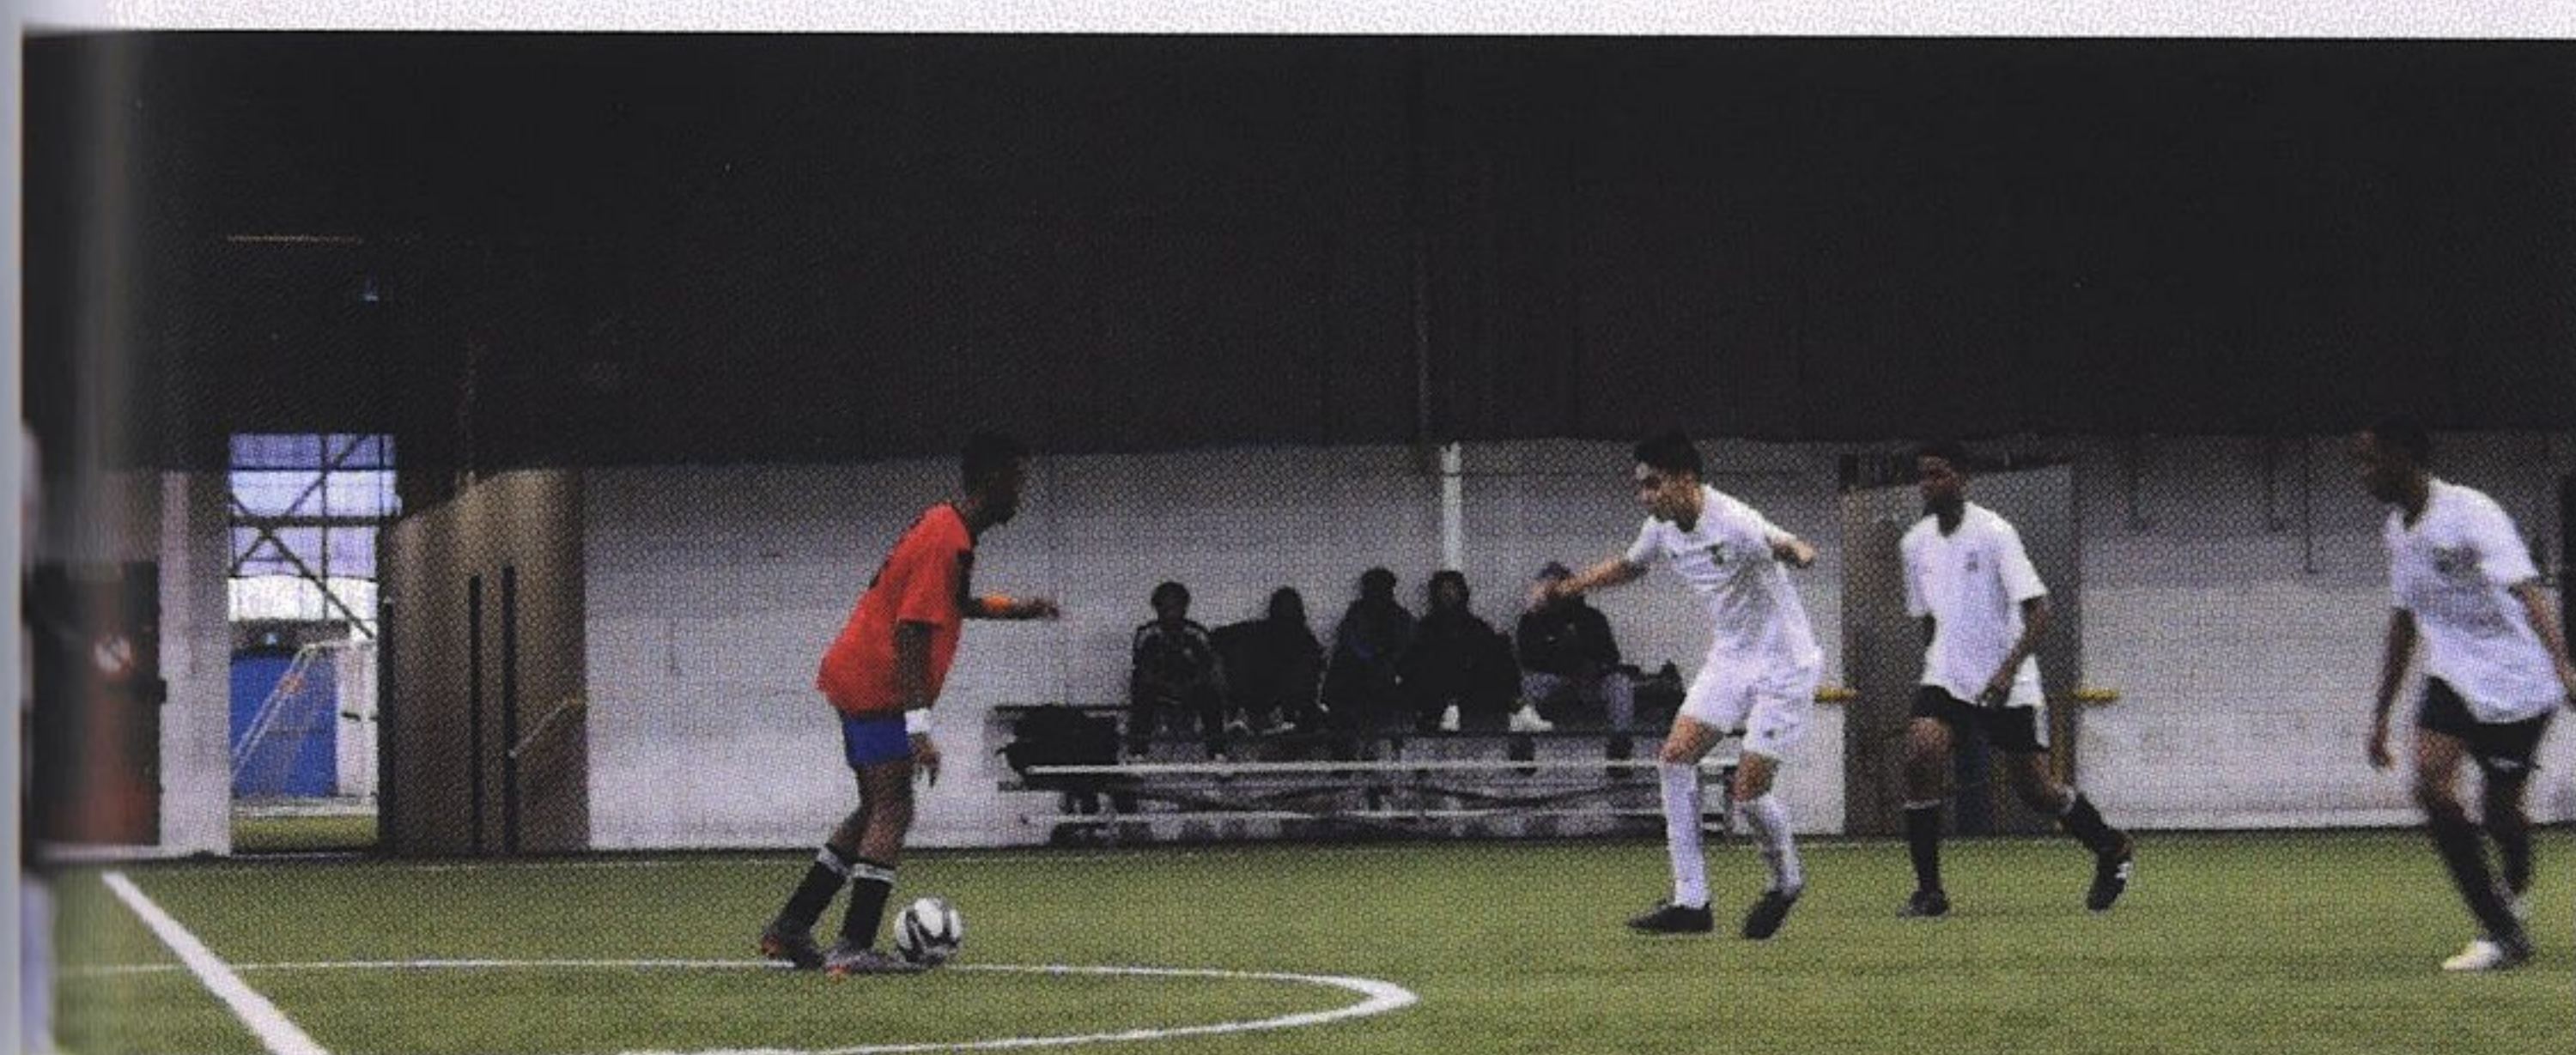

Shoot and Score the GOAL!

This year, the Westview Indoor Boys Soccer Season was like no other. Not only did they dominate their season, but they were great leaders on and off the field. Even though the boys ended in defeat in the City Finals, they had an extremely successful season and grew closer as a team. As Mr. Quach tells the boys: "When we play as a team, we win".

The team started the indoor soccer season with a 4-2 victory over Emery. However, in their second game, Westview was defeated by Downsview by a score of 6-2. Nevertheless, after this defeat, the team won nine straight games and avenged their loss to Downsview in the TDSSAA North Region Finals by a score of 2-1.

We were very proud to bring home the silver medal from a competition that has only been around for three years. The boys truly dominated this season. They played together as a team to become Champions of the Toronto North Region and Silver Medalists in the City Championship.

After this win, the Wildcats qualified for the City Finals. In the City semifinals, our team played against East York and won by a score of 3-1. In the finals, the boys played against West Humber. However, Westview lost by one goal with a final score of 3-2.

Middle School Basketball

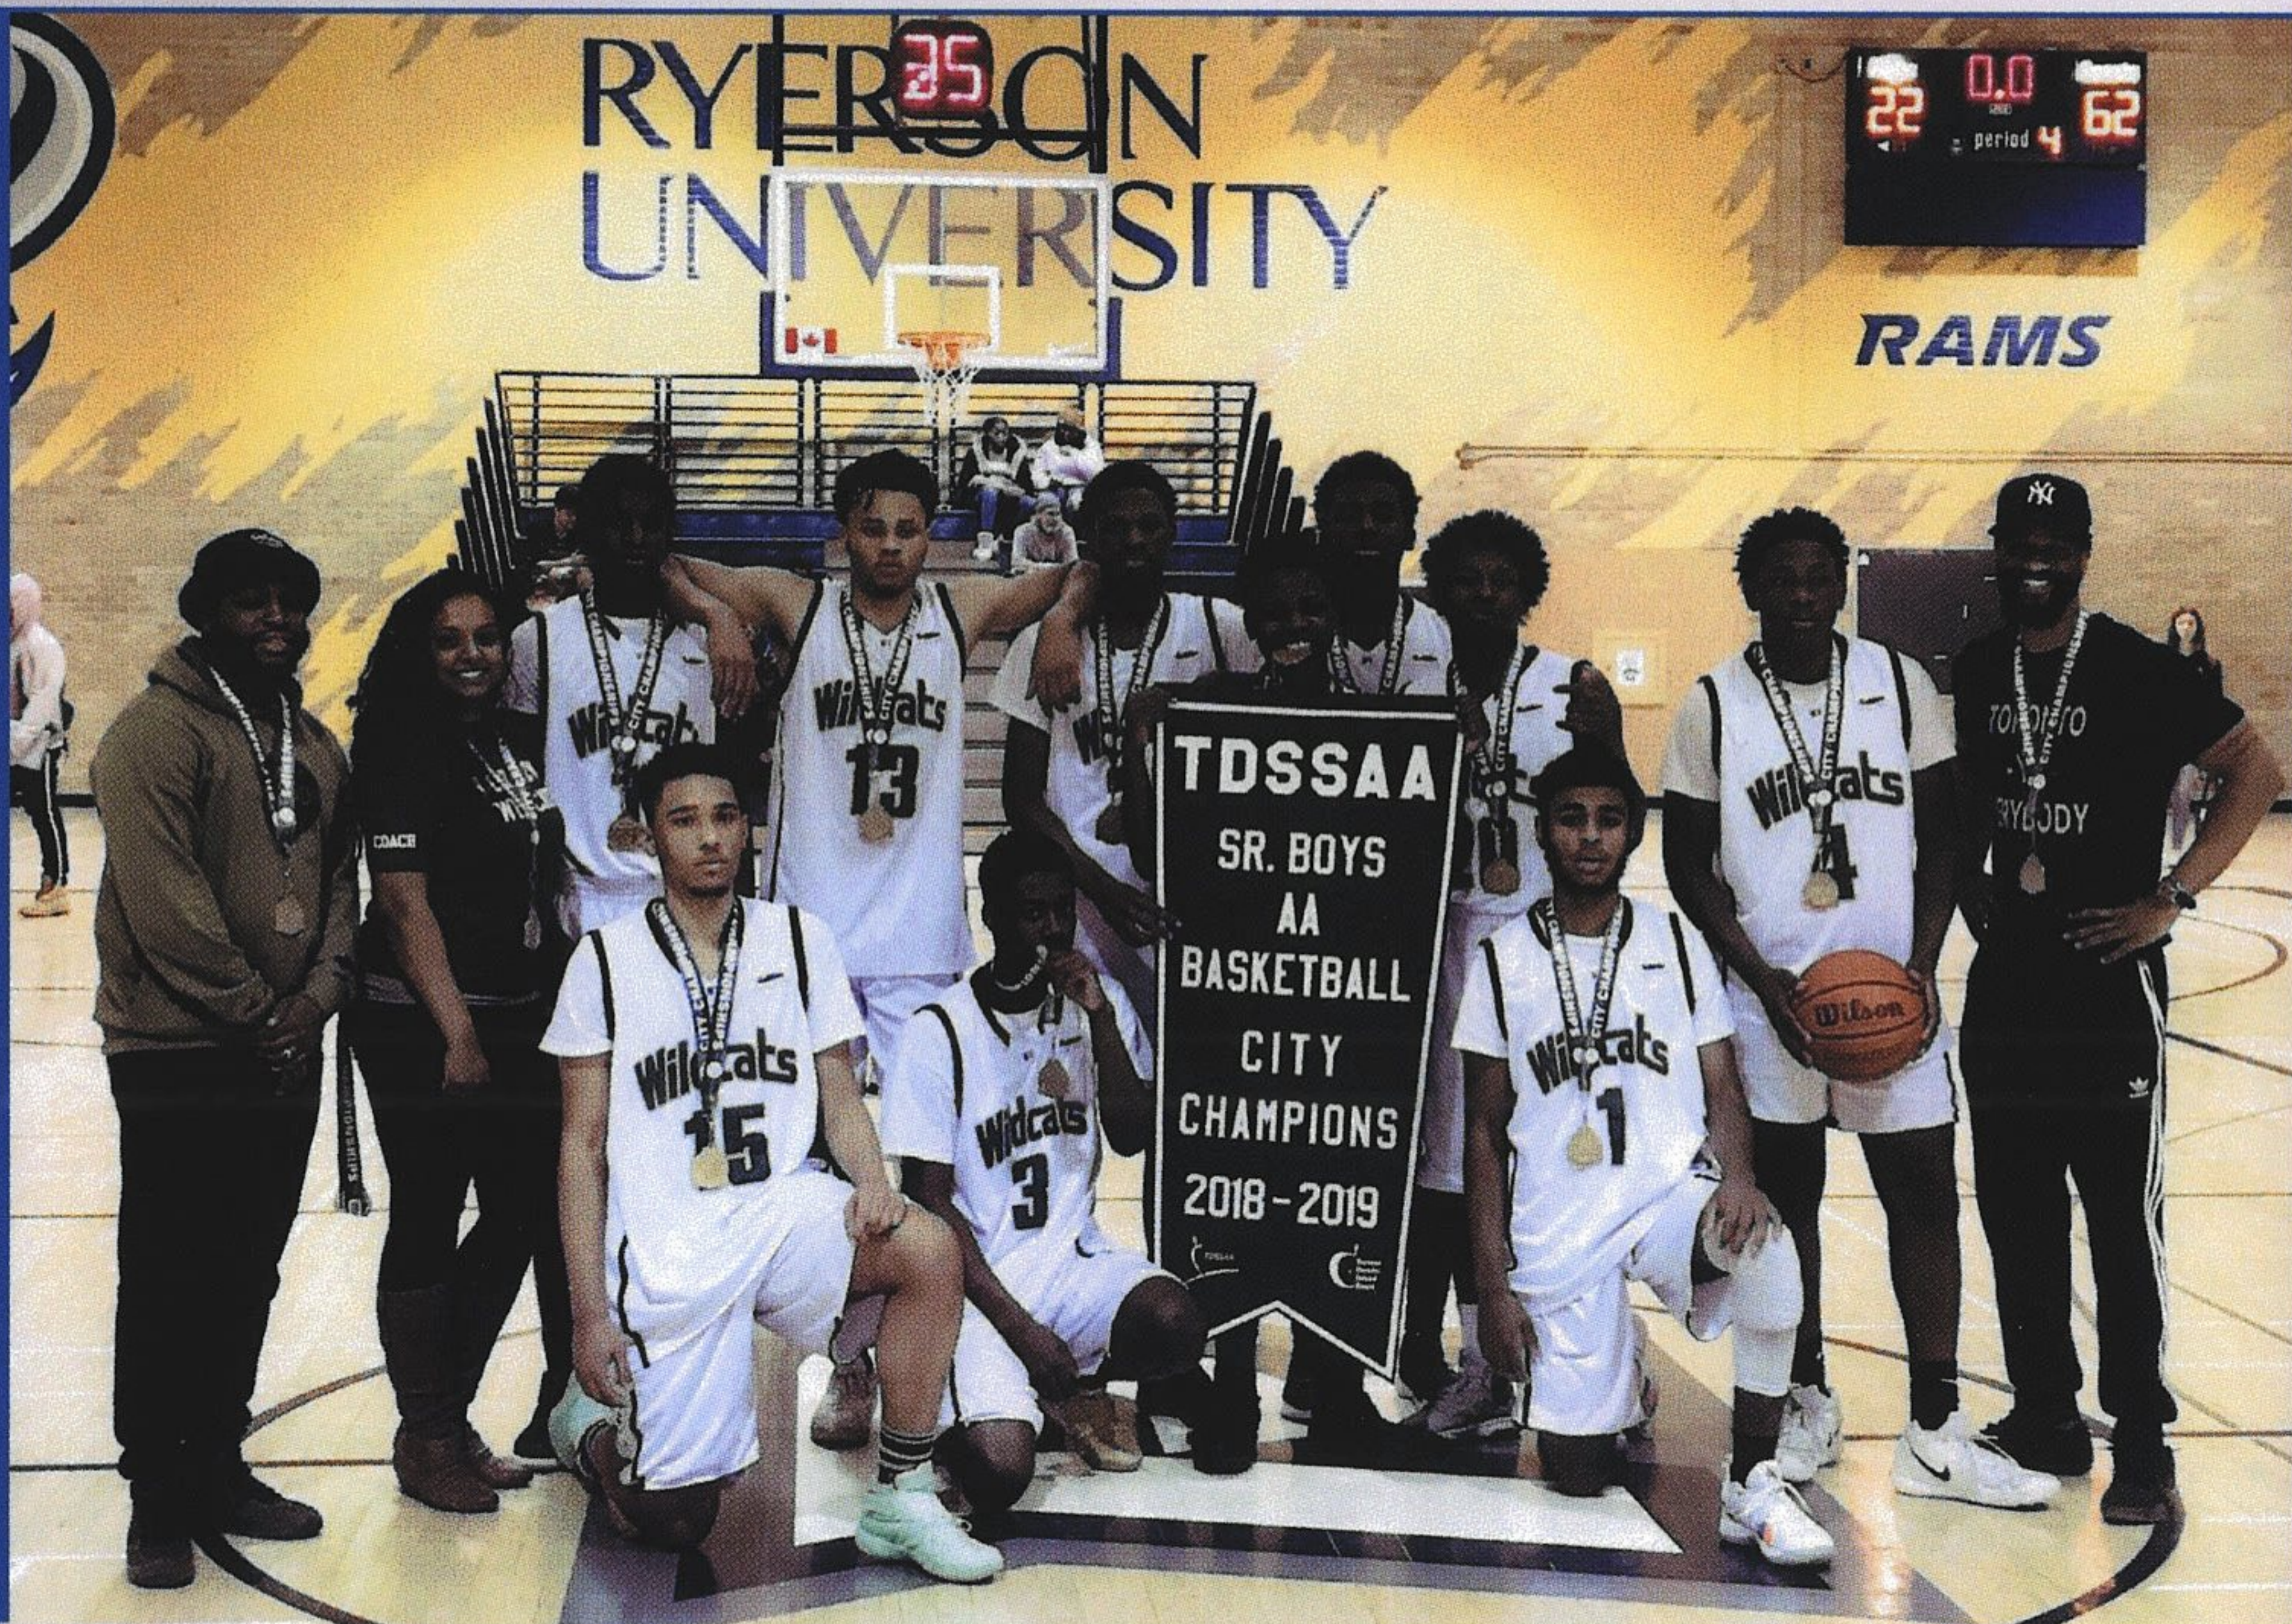

In March, Westview hosted a middle school basketball tournament with five schools from the surrounding area. Carleton Village and Elia middle school competed in the finals resulting in Carleton winning the championship.

To OFFSA We Went...

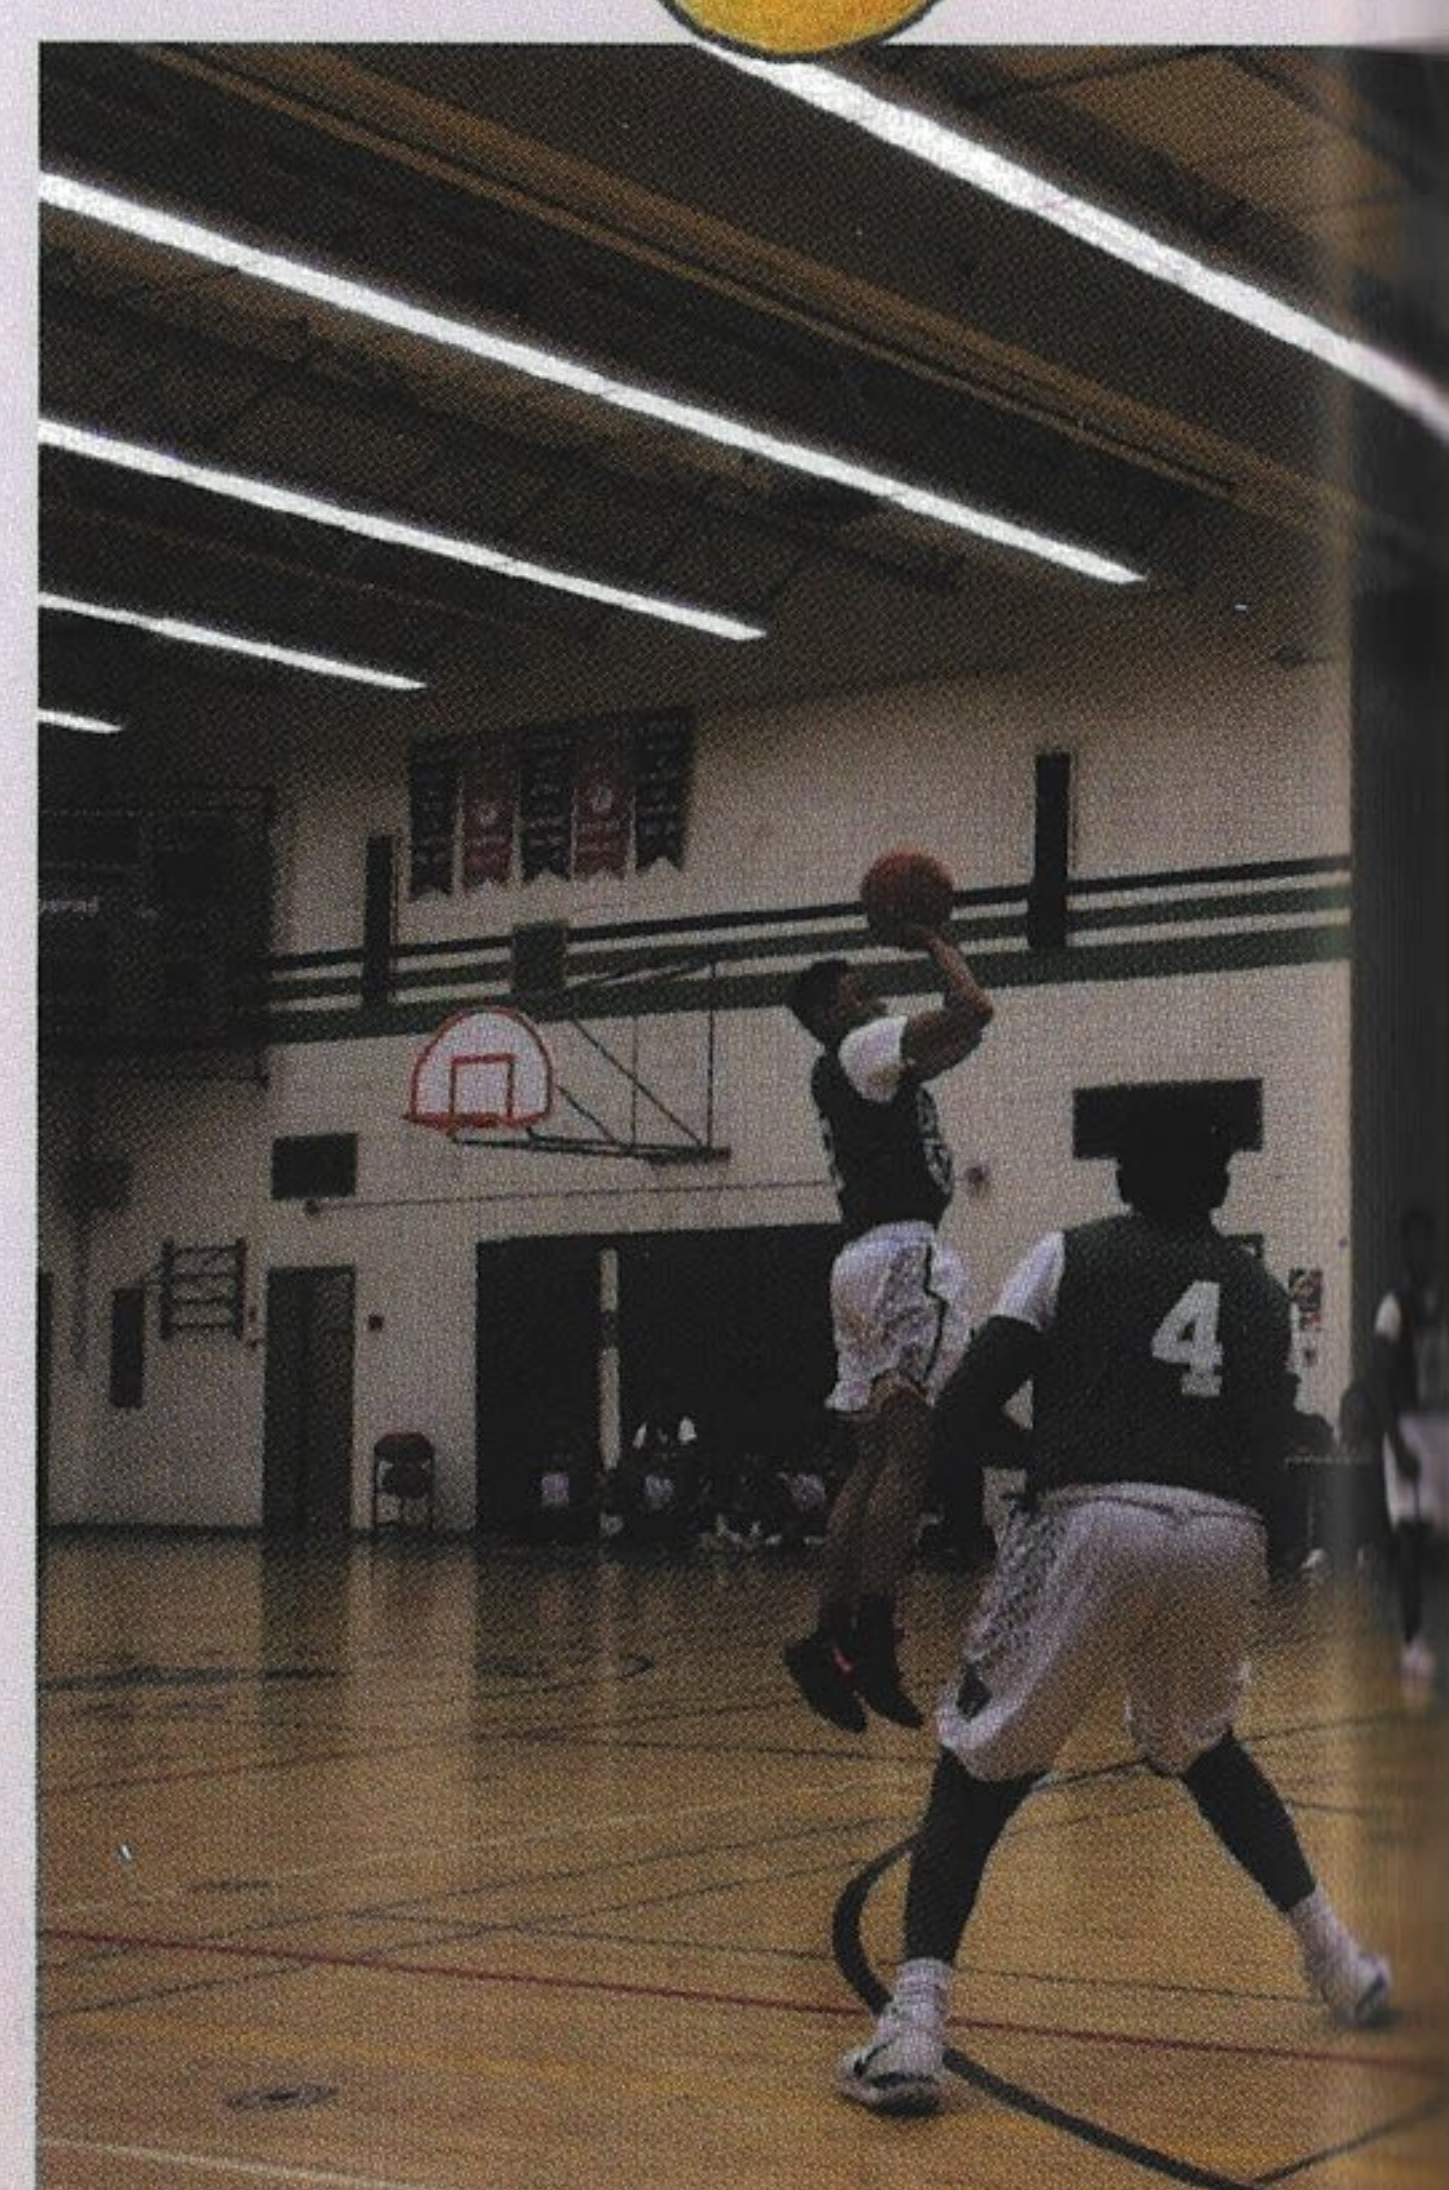

The Season: 12 wins, 0 losses!

The Senior Boys' Basketball Team made it look easy all season, going undefeated in their season all the way through to the City Finals. Our City Championship Game speaks for itself - we won 62-22. #WeAreWestview

A big piece of our basketball program is our focus on pathways and academics. The team continues to strive towards success both in the sport and on their social and academic journeys. The boys have earned more credits this year than in past years!

Throughout our basketball journey, we were recognized for multiple reasons including being the team to beat and the team to watch... We are known as the charismatic group who spreads hilarity and kindness everywhere we go. And generally speaking... the good guys. We have built community everywhere we've gone - Kingston, Hamilton, all over Toronto, Timmins - sport can build pathways and bonds that can last a lifetime.

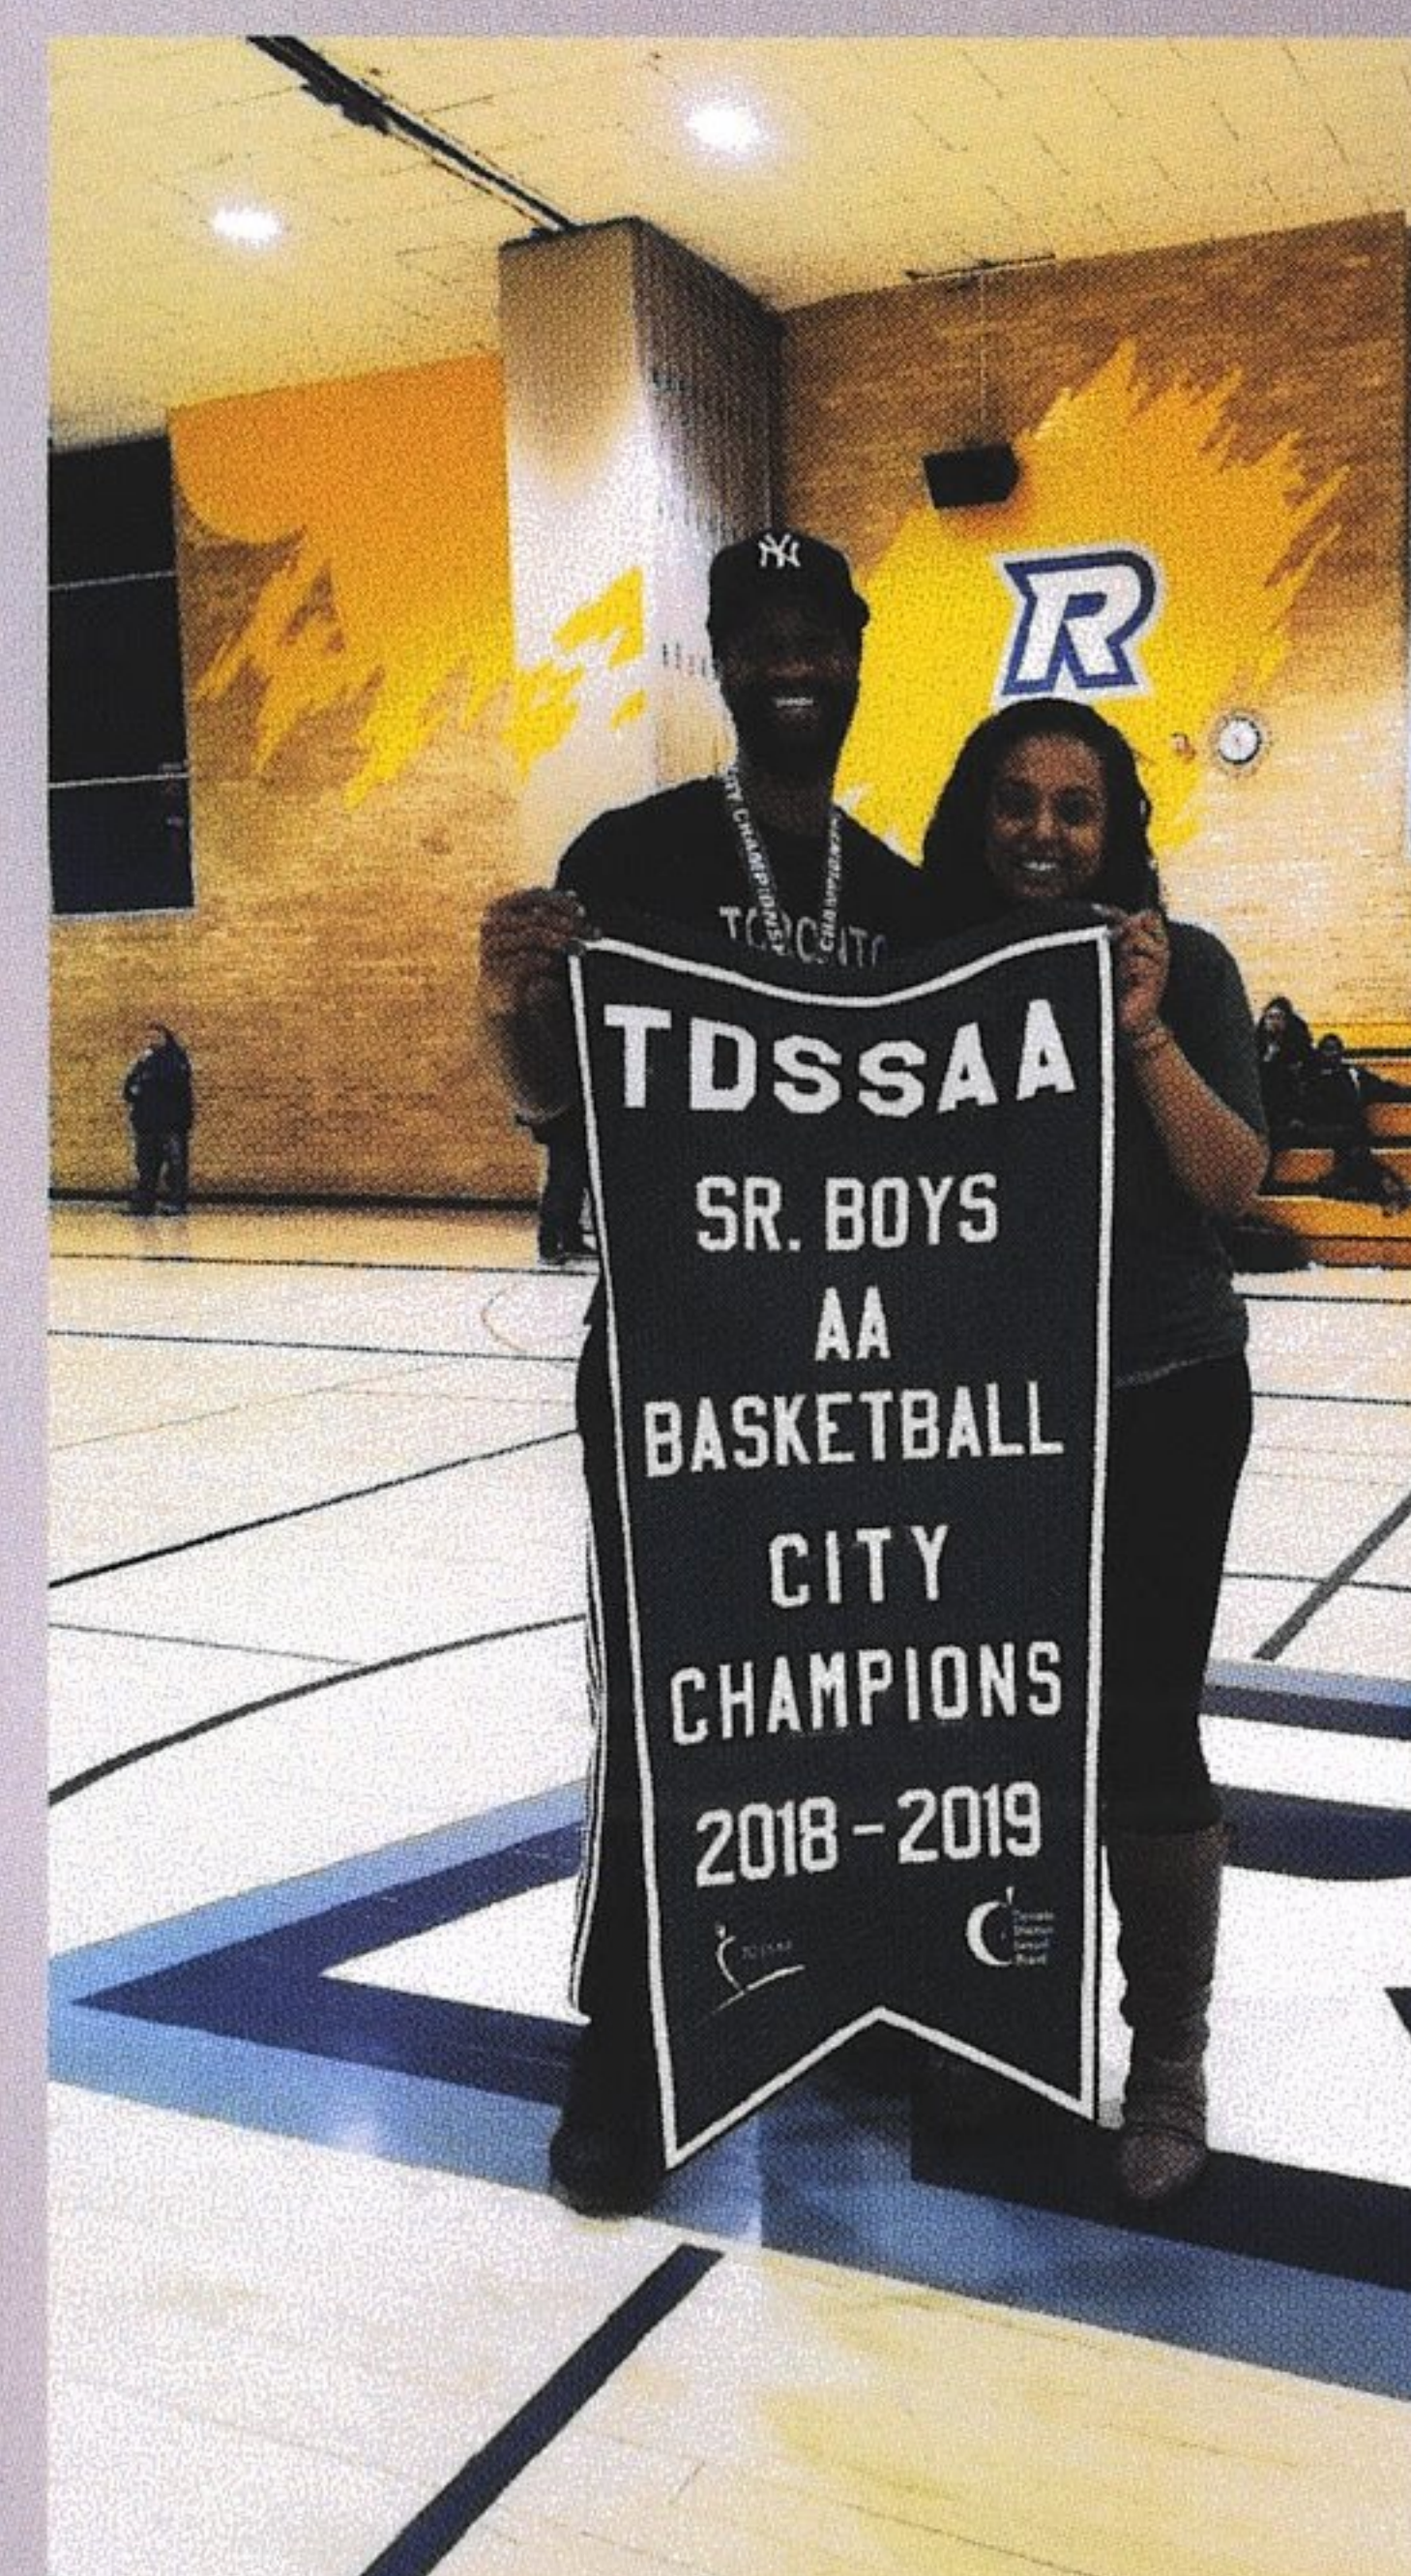

Second, We Placed!!!

Overall Season: 36 wins - 6 losses!

The Senior Boys' Basketball Team made it all the way to Timmins for OFSAA. They beat heavy competitors to end up in the championship game against TL Kennedy, from Windsor. Kennedy went on to beat Westview by just 5 points. We walked away with our heads held high and a provincial Silver medal!

On April 18th Westview held an Alumni vs. Senior Boys Basket ball game organized by WAC and the Prom Committee. Ten former alumni came back and played. They were coached by our former Principal Ms. Scobie and Ms. Rajeswaran. It was a tight game until half time, then the Alumni team stepped up their game and impressed the crowd with their slam dunks and three balls.

Did you know that over \$200.00 was raised for this year's prom? Way to go Westview!
